

REMOTE MEETING INSTRUCTIONS FOR THE ART COMMISSION MEETING ON June 15, 2021

No physical location will be set up to view or participate in the Meeting.

- You can provide input/public comment for this meeting by emailing your comments to Kim Snyder (kim.snyder@greeleygov.com), or by calling Kim Snyder, (970) 350-9450, to provide your comments. Comments received before and throughout the meeting will be read into the record at the appropriate time.
- To view the meeting and/or participate in real-time, email Kim Snyder (kim.snyder@greeleygov.com) to receive the log-in credentials. Instructions on how to access and participate in the remote meeting will be provided at that time.

Agenda
Greeley Art Commission
June 15, 2021 4:00pm Meeting via Zoom

REMOTE ZOOM MEETING

(See instructions on the previous page regarding how to view/participate in this remote meeting.)

Members: Ed Rogers, Dik Munson, Louisa Anderson, Tom Devore, Michelle Lieser-Booren, Danyelle Butler, Caitlin Alexander, Robb Casseday, Sandy Magnuson, Tony Miller, Rachel Freeman, Eddie Mirick
Committee Scope: 1% for Art Projects, Maintenance & Repairs, Deaccessions
Public/Stakeholders: N/A

1. **Call to order.** This meeting may be recorded for the documentation of the official Minutes.
2. **April Minutes for approval;** see pages 4-5 of this Agenda.
3. **Announcements – N/A**
4. **Additions to the Agenda**
5. **Public Comment**
6. **New Business and Action Items:**
 - a. Geometry of Flight Deaccession – Staff and the RAMP committee recommend approving the second and final vote to deaccession the ‘Geometry in Flight’ sculpture by AJ Davis that is located Near 1130 8th Ave. The metal sculpture was installed in 2016. The entire foundation will need to move to the South ten feet when new construction commences at that location and the curb and the sidewalk are redesigned; this could take several years to complete. The falcons have been down for over a year waiting for repair and the metal tubing that is wrapped around the pole has rust showing. City staff is working with the artist to consider if the falcons can be placed elsewhere in the City and agree that the sculpture as a whole no longer exist. Staff has concluded the artwork is damaged to an extent where repair is unreasonable or impractical. ACTION: Vote to complete the deaccession process.

Non-Action items below on page 3: Please read before the meeting.
These items will only be addressed if you have questions, request more information or if the committee chair would like to share updates:

7. Project Reports:

- a. Arts Picnic Booth – No Changes
- b. Traffic Cabinet Vinyl Wraps – Five approved artists are actively submitting designs to Raven Signs for printing, including one student from Franklin Middle School. The sixth artist that we had approved whose design was designated for the cabinet on 18th St and 1st Ave did not respond to the contractual offer. Because we are looking for an artist with ties to the community that the cabinet is located and no other artists in this round fit, we will put this cabinet in the next round of wraps to be juried.
- c. Glenmere Park Art – The project is moving forward. The compass rose with decorative concrete has been installed; two kinetic sculptures will be installed on October 1, 2021.
- d. Art Commission Q2 Inspections – All Q2 inspections should be in; if not please make sure they are submitted in the next week. Q3 inspections will begin in July. Please let Kim know if you have questions or concerns.
- e. InStall Art –Raven Signs is scheduled to install the week of June 21.
- f. Winds of Change II – The sculpture has been poured at the artists' studio in Pueblo CO. Art is scheduled to be installed on July 14, 2021.
- g. East Greeley Park Art/Chair Danyelle – No changes. Art installations for Balsam Park and the Natural Area are projected for September/October 2021. Wes is happy with the park design and sees lots of opportunities to incorporate his artwork. Wes has been given the 'go ahead' by the committee to create his art 'in the field' as he goes. His ideas will be fluid, yet they will stay true to the concepts we have approved
- h. Fire Station #6 – No changes. The model has begun the casting stage. Installation will be pushed out beyond July; no date has been given yet.
- i. IG Trailhead Marker Art – No changes - conversations have begun with artist Marjorie Leggitt for botanical drawings that might be placed at the new Island Grove Poudre trailhead.
- j. Excel Energy Utility Cabinets – No changes - we had request from Xcel asking for box locations for their tech's to check for live/dead fronts; we are hopeful that we can wrap additional boxes this Fall or in the Spring 2022.

8. Maintenance & Repair

- a. 'Blue Gramma' located on Reservoir Road near 21st Ave had a tack weld come loose last month during a storm. The weld has been repaired and an additional ring was added for extra strength.
- b. Skateparks/Peakview and 23rd Ave – Sculptures at both Parks have had graffiti that needed to be removed. The process is to sand down the metal and add chemicals to encourage new rust to form. We will know next week if we need to apply more chemicals, otherwise the maintenance is complete.
- c. Base for 'When Champions Meet' at Island Grove –One of the large 24inx24in tiles had fallen off the base. The concrete contractor that was working at Glenmere Park reinstalled the tile for us; he will also add grout all around to prevent more tile from falling.
- d. 'The History of Greeley Transportation' - Repairs to be made to at the Transit Center have been rescheduled for September 2021. Artist Kirk Seese did bring a new 'Feather' sculpture for us consider purchasing; it is at the NE corner of 9th Ave and 8th Street.

Adjournment

Next meeting scheduled for July 20, 2021
