

Greeley City Council Agenda

Regular Meeting

Tuesday, June 17, 2025 at 6:00 PM

City Council Chambers at City Center South, 1001 11th Avenue, Greeley, CO 80631

via Zoom at: <https://greeleygov.zoom.us/j/83017855833>

NOTICE:

City Council Meetings are held on the 1st and 3rd Tuesdays of each month in the City Council Chambers. Meetings are conducted in a hybrid format, with a Zoom webinar in addition to the in-person meeting in Council Chambers.

City Council members may participate in this meeting via electronic means pursuant to their adopted policies and protocol.

Members of the public are also invited to choose how to participate in Council meetings in the manner that works best for them.

Watch Meetings:

Meetings are open to the public and can be attended in person by anyone.

Meetings are televised live on GTV8 on cable television.

Meetings are livestreamed on the City's Meeting Portal <https://greeleyco.portal.civicclerk.com/>

Comment in Real Time:

During the public input portion of the meeting and public hearings:

In person attendees can address the Council in the Chambers.

The public can join the Zoom Webinar and comment from the remote meeting.

Submit Written Comments:

Email comments about any item on the agenda before Noon on the day of the meeting to cityclerks@greeleygov.com.

Written comments can be mailed or dropped off at the City Clerk's office at City Hall, at 1100 10th Street Greeley, CO 80631. Any comments received prior to 12 p.m. on the day of the meeting, will be sent to Council and published in the agenda packet post meeting.

For more information about this meeting, to request reasonable accommodations for accessibility purposes in an alternative format, or for meeting agendas, minutes, and archived videos, please contact the City Clerk's Office at cityclerks@greeleygov.com or 970-350-9740.

Introduction and first reading ordinance making assessments against the lots and lands included within Local Improvement (LID) No. 346590 to recover the approved maximum costs of construction of a Non-Potable Irrigation Pump Station in Greeley, Colorado (Westgate Non-Potable Irrigation Pump Station)

End of Consent Agenda

16. Pulled Consent Agenda Items
17. Public hearing and second reading regarding of an ordinance providing for the issuance by the City of Greeley, Colorado, acting by and through its water enterprise, of its water revenue bonds, series 2025, in a principal amount not to exceed \$39,500,000, for the purpose of financing improvements, betterments, extensions and expansions of the City's water system; providing for the delegation to city officers of authority in connection with the competitive sale of the Series 2025 Bonds; providing for the payment of the Series 2025 Bonds from net revenues of the city's water system and pledging such net revenues therefore; providing for the form and terms of such Series 2025 Bonds, setting forth covenants and provisions concerning such Series 2025 Bonds, net revenues, and water system, and providing for other details in connection therewith; and ratifying prior actions relating to the foregoing (Water Revenue Bonds)
18. Public hearing and second reading of an ordinance authorizing the issuance and sale by the City of Greeley, Colorado, acting by and through its sanitary water enterprise, of First-Lien Sewer Improvement Revenue Bonds, Series 2025, in an aggregate principal amount not to exceed \$44,000,000, for the purpose of financing, in whole or in part, the cost of additions and improvements to the sewer system operated by the sanitary water enterprise, pledging certain funds and revenues of the enterprise to the payment of such bonds, prescribing the form of such bonds, and providing other details in connection therewith (First-Lien Sewer Improvement Revenue Bonds)
19. Public hearing and second reading of an ordinance amending Title 8, Chapter 11 of the Greeley Municipal Code Relating to Refuse Service Providers
20. Public hearing and second reading of an ordinance to amend the Development Code to rename the General Improvement District (GID) zoning overlay to Downtown Overlay District, adjust the

boundaries to include properties with proximity to 8th Avenue from 11th Street to 17th Street, as well as from 5th Street to 6th Street, and clarify the standards, file number CU2024-0004

21. Appointments to Boards and Commissions - Commission on Disabilities, Construction Trades Advisory and Appeals Board, Downtown Development Authority, Union Colony Civic Center Advisory Board and Water and Sewer Board
22. Motion authorizing the City Attorney to prepare any required resolutions, agreements, and ordinances to reflect action taken by the City Council at this meeting and any previous meetings, and authorizing the Mayor and City Clerk to sign all such resolutions, agreements, and ordinances
23. Scheduling of Meetings, Other Events
24. Adjournment

Council Agenda Summary

Item: 5.

Title:

Recognitions and Proclamations

Summary:

Mayor Gates will present the following proclamations:

- Honoring Dr. Jacquie Bowen
- Juneteenth Independence Day
- Greeley Stampede
- Pride Month

Mayor Pro-tem Hall will present the *What's Great about Greeley* Report.

Attachments:

Honoring Dr. Jacquie Bowen Proclamation
Juneteenth Independence Day Proclamation
Greeley Stampede Proclamation
Pride Month Proclamation
Item 5 – Presentation

Honoring Dr. Jacquie Bowen

WHEREAS, Dr. Jacquie Bowen received her Doctor of Optometry degree from Southern California College of Optometry in 1992 and started a solo practice soon thereafter in Greeley; and

WHEREAS, Dr. Bowen grew her optometry practice into 4 Doctor's and 24 staff members and continues to oversee a thriving practice over 30 years later; and

WHEREAS, Dr. Bowen was named the Colorado Young Optometrist of the Year in 2000, the Colorado Optometrist of the Year in 2012, received the Colorado Distinguished Service Award in 2023 and was named one of the "Most Influential Women in Optical" in 2024; and

WHEREAS, Dr. Bowen was the President of the Colorado Optometric Association from 2002-2005; and

WHEREAS, Dr. Bowen has been a member of the American Optometric Association since 1988 and was elected to their Board of Trustees in 2016; and

WHEREAS, Dr. Jacquie Bowen was recently elected by her peers as the President-Elect of the American Optometric Association. Dr. Bowen will take over as President of the AOA at their annual meeting in Minneapolis next week; and

WHEREAS, in spite of her professional accolades and accomplishments, Dr. Bowen is very active in the community; to include being a long-standing member of the Greeley Chorale, a member of P.E.O., the Greeley Women's Network, a volunteer for the 9 News Health Fair for 25 years, and elected as president of the American Optometric Association, an esteemed honor.

NOW, THEREFORE, I, Mayor Gates, by virtue of the authority vested in me as Mayor of the City of Greeley, Colorado, do hereby proclaim June 17, 2025, as a day honoring ***Dr. Jacquie Bowen*** in the City of Greeley.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the official seal of the City of Greeley on this 17th day of June 2025.

John Gates
Mayor

Juneteenth Independence Day

WHEREAS, President Abraham Lincoln’s Emancipation Proclamation was issued January 1, 1863; and

WHEREAS, on June 19, 1865, Union soldiers, led by Major General Gordon Granger, arrived in Galveston, Texas, with news that the Civil War had ended and that the enslaved were free; and

WHEREAS, African Americans who had been slaves in the Southwest celebrated June 19, commonly known as “Juneteenth Independence Day”, as inspiration and encouragement for future generations; and

WHEREAS, the City of Greeley acknowledges the historical significance of Juneteenth Independence Day to the United States and recognizes that the end of slavery is an important part of the history and heritage of the United States; and

WHEREAS, Juneteenth Independence Day provides an opportunity for the people of the United States to learn more about the past and to better understand the experiences that have shaped the United States; and

WHEREAS, the City of Greeley encourages all residents to commit themselves to the work of equity, equality, and justice.

THEREFORE, I, John Gates, by virtue of the authority vested in me as Mayor of the City of Greeley, do hereby proclaim June 19, 2025, as Juneteenth Independence Day in the City of Greeley.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the official seal of the City of Greeley, Colorado, this 17th day of June 2025.

John Gates
Mayor

GREELEY STAMPEDE DAYS JUNE 25 – JULY 6, 2025

WHEREAS, the Greeley Stampede is rich in tradition and heritage dating back to the late 1800s. The first official event in 1922 was called the Greeley Spud Rodeo to honor the local potato farmers. The community celebration has grown into an internationally acclaimed festival attracting over 250,000 people annually to our community; and

WHEREAS, the Greeley Stampede strengthens our community by making a positive financial impact through donations, park improvements and tourism; and

WHEREAS, the City of Greeley is a sponsor of the Greeley Stampede and provides a great deal of support to the Greeley Stampede, including staff, equipment and facilities; and

WHEREAS, we extend our thanks to the individuals, businesses, sponsors and hundreds of volunteers who have made the Stampede Greeley's largest community event.

NOW THEREFORE, I, John Gates, by virtue of the authority vested in me as Mayor of the City of Greeley, on behalf of the City Council and all our residents, do hereby proclaim that June 25 through July 6, 2025, shall be known as Greeley Stampede Days.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the official seal of the City of Greeley, this 17th day of June 2025.

John Gates
Mayor

Pride Month

WHEREAS, the month of June is recognized as Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) “Pride Month” across the country; and

WHEREAS, all human beings are born free and equal in dignity and rights. LGBTQ individuals have had immeasurable impact to the cultural, civic, and economic successes of our country; and

WHEREAS, the City of Greeley is committed to supporting visibility, dignity and equality for LGBTQ people in our diverse community; and

WHEREAS, this nation was founded on the principle that every individual has infinite dignity and worth, and it is called upon of the people of this community to embrace this principle and work to eliminate prejudice everywhere it exists; and

WHEREAS, celebrating Pride Month promotes awareness and provides support for Greeley’s LGBTQ community, and is an opportunity to act and engage in dialogue to strengthen alliances, build acceptance and advance equal rights.

NOW, THEREFORE, I, Mayor Gates, by virtue of the authority vested in me as Mayor of the City of Greeley, Colorado, do hereby proclaim the month of June 2025, as ***Pride Month*** in the City of Greeley in support of the LGBTQ community.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the official seal of the City of Greeley on this 17th day of June 2025.

Semifinalist**

Council Agenda Summary

Title

Citizen Input

Summary

During this portion of the meeting, anyone may address the city council on any item of city business that is not already listed on tonight's agenda as a public hearing.

Comments should be statements, not questions. Public comment is not a question-and-answer session, unless the presiding officer thinks some clarification is warranted.

Please be considerate of fellow speakers. There should be no applause, booing, or other audible disruption to the proceedings. Your city council desires respect, dignity and a welcoming environment.

Please limit your comments to three minutes and provide your name and city of residence for the record. When you see the yellow light coming on the display, please begin to wrap up your comments. When the red light comes on, your three minutes is up.

As this meeting is being conducted in a hybrid format, citizen input will be accepted first from those in the City Council Chambers, and then from the virtual meeting audience via the meeting's webinar.

Item: 7.

Council Agenda Summary

Title

Reports from Mayor and Councilmembers

Summary

During this portion of the meeting any Councilmember may offer announcements or reports on recent events and happenings. These reports should be a summary of the Councilmember's attendance at assigned board/commission meetings and should include key highlights and points that may require additional decision and discussion by the full Council at a future time.

Item: 8.

Council Agenda Summary

Title

Initiatives from Mayor and Councilmembers

Summary

During this portion of the meeting any Councilmember may bring before the Council any business that the member feels should be deliberated upon by the Council. These matters need not be specifically listed on the Agenda, but formal action on such matters shall be deferred until a subsequent Council meeting.

Initiatives will generally fall into three categories:

1. A policy item for Council deliberation and direction for a future Worksession, Committee meeting, or regular/special Council meeting;
2. A request to the City Manager for information or research;
3. A request involving administrative processes or procedures.

At the close of this portion of the meeting, the Mayor will confirm Council's consensus that the individual requests be pursued.

City of Greeley, Colorado
CITY COUNCIL MEETING
May 20, 2025

1. Call to Order

Mayor Gates called the meeting to order at 6 p.m. in the City Council Chambers at 1001 11th Ave, Greeley, Colorado, with hybrid participation available via the City's Zoom platform.

2. Pledge of Allegiance

Mayor Gates led the Pledge of Allegiance.

3. Roll Call

Senior Assistant City Clerk Naomi Gonzales called the roll.

The following were present:

Councilmember Tommy Butler

Councilmember Deb DeBoutez

Mayor Pro Tem Dale Hall

Councilmember Brett Payton

Councilmember Johnny Olson

Councilmember Melissa McDonald

Mayor John Gates

4. Approval of the Agenda

None.

5. Recognitions and Proclamation

Mayor Gates read the Mental Health Month Proclamation at 6:01 p.m. Chief Executive Officer of North Range Behavioral Health Kim Collins was present to accept.

Mayor Gates read the Public Works Week Proclamation at 6:05 p.m. Managing Director Paul Trombino, Deputy Infrastructure Services Superintendent Leroy Baca, and Public Works staff were present to accept.

Councilmember McDonald presented What's Great about Greeley? report at 6:09 p.m.

6. Citizen Input

1. Steve Teets spoke about taxes.
2. Bill Gillard spoke about Council and their ability to approve contracts.
3. Mary Monahan spoke about the downtown needs and the homelessness.
4. Connie Garcia spoke against camping bans.

7. Reports from Mayor and Councilmembers

Mayor Pro Tem Hall presented the proclamation for Armed Forces Day at Bittersweet Park.

Councilmember McDonald attended the Frontier House Breakfast supporting mental health, Armed Forces Day, and the groundbreaking ceremony at AIMS Community College for the health and wellness center.

Councilmember DeBoutez spoke about an incident where visitors attending the Jazz Festival last month lost their wallet. It was returned to them with everything accounted for. She commented that this was a true example of what is great about Greeley.

Councilmember Butler attended the Historic Preservation Awards along with Councilmember DeBoutez at the new Northern Colorado Boys and Girls Club. He was enjoyed the facility.

8. Initiatives from Mayor and Councilmembers

Mayor Pro Tem Hall requested a report on the new photo radar vans, including how they are set up and the criteria being used to issue tickets. He had received several texts with concerns from citizens. Council gave consensus to move forward on this initiative.

Councilmember Olson requested an executive committee be set up to report monthly or bimonthly on the MERGE project. Council gave consensus to move forward with this initiative.

Councilmember DeBoutez requested that staff monitor the redistricting effort in Weld County and report out with the potential effects for residents. Council gave consensus to move forward with this initiative.

Consent Agenda

9. Motion to approve the City Council Proceedings of April 15, 2025, and City Council Work Session Proceedings of April 22, 2025

10. Resolution of the City of Greeley, Colorado regarding the Civic Campus Master Plan Project in Downtown Greeley

11. Introduction and first reading of an ordinance repealing and re-enacting Chapter 12 of Title 6 of the Greeley Municipal Code regarding the Business Development Incentive Plan and repealing and amending other related Code provisions

End of Consent Agenda

Councilmember Butler requested Item 10 be pulled from the consent agenda.

Councilmember Butler moved to approve the Consent Agenda Items 9 and 11. Councilmember Olson seconded the motion. The motion passed 7-0 at 6:34 p.m.

12. Pulled Consent Agenda Items

Item 10 - Resolution of the City of Greeley, Colorado regarding the Civic Campus Master Plan Project in Downtown Greeley

Council did not have any questions and emphasized that they were committed to this project. Mayor Gates requested Councilmember Butler read the resolution for the record.

Councilmember Butler moved to approve the resolution. Councilmember Olson seconded the motion. The motion passed 7-0 at 6:40 p.m.

13. Introduction and first reading of an ordinance adding Chapter 16 to Title 14 of the Greeley Municipal Code relating to unauthorized camping and outdoor storage

Police Chief Adam Turk introduced the item at 6:40 p.m.

Chief Turk shared the presentation including initial discussions that started in October 2023 and later paused due to legal concerns. Following the June 2024 *Grants Pass* Supreme Court decision that reversed previous rulings, staff resumed work on the ordinance. Community engagement and input was gathered at a February 2025 meeting survey, with over 350 responses.

The ordinance intent was to address safety, environmental, and infrastructure concerns tied to homeless encampments. Enforcement by the police would prioritize education, outreach, and verbal compliance, escalating only when necessary to citations and arrests. The ordinance prohibited camping on public or private property without explicit city authorization, with limited exceptions, and identifies violations as unclassified misdemeanors. It also prohibited the storage of personal items on public property unless authorized.

Staff emphasized this was one part of broader efforts, with future initiatives to address unauthorized shopping cart possession and unlawful conduct on public property. The recommendation was to approve the ordinance on first reading and schedule the second reading and public hearing for June 3, 2025.

Councilmember Payton questioned why the enforcement process was not being codified. Chief Turk explained that instead of codification, a policy was being created for enforcement. Councilmember Payton asked how it would be communicated. Chief Turk emphasized that the proposed ordinance would follow a similar process to other ordinances enacted. Steps were to implement an initial moratorium process, education

process, and a warning phase process. All this requires collaboration across multiple city departments.

Councilmember Butler asked when the ordinance would be effective and was concerned that it was a short amount of time to communicate the change. City Attorney Aurzada said it would go into effect essentially 10 days after it was passed. Chief Turk acknowledged that transparency and outreach were components of implementation and explained that they would work closely with the Communications and Engagement Director, the Public Information Officer, and utilize social media to address anticipated public questions. Additionally, while the police department will play a major role in leading these efforts, it was noted that successful communication will require a collaborative, team-based approach with support from other city resources.

Councilmember Butler noted that the ordinance did not outline a process for how legal camping would be managed, especially in locations like Island Grove, where camping is sometimes permitted for events. He suggested a need for clearer guidelines to address these scenarios. In response, Chief Turk stated that discussions are already underway regarding the authorization of camping in specific public areas, such as Island Grove. Ms. Aurzada spoke with Community Development Director Brian McBroom about the possibility of using existing processes within the development code. Councilmember Butler asked that more information be provided before the second reading.

Councilmember Olson asked what the cost was for cleaning up encampments over the past five years. Deputy Public Works Director Will Jones said they have spent approximately \$155,000 over the past two years on cleanup efforts, primarily along the river and waterways, removing roughly 1400 cubic yards of trash. Councilmember Olson felt there were even more policies that needed to be developed in response to the problem.

Councilmember DeBoutez asked for clarification on the distinction between camping and living outside. Chief Turk responded by explaining that the ordinance was intended as a tool to address issues related to safety, infrastructure, and public health, particularly in areas meant for specific public use. While the ordinance includes a formal definition, Chief Turk emphasized the importance of applying it practically and consistently. He noted that enforcement must be equitable across the entire city and not focused on specific areas, such as public parks, to ensure fairness and clarity in implementation.

Councilmember DeBoutez asked whether there was a legal distinction between camping and living outdoors. Ms. Aurzada explained that for the purposes of the ordinance, there is no practical difference—camping is broadly defined to include activities associated with living outdoors, such as erecting shelter, storing belongings, and even using a vehicle.

Councilmember DeBoutez raised a concern about the ordinance language under Section 14-482, which makes it unlawful to "keep, store, leave, discard, or abandon" personal belongings on public property. Ms. Aurzada responded that the term was intentionally

included to cover a range of scenarios but agreed to review it before the second reading. Councilmember DeBoutez concluded by stating that she would not support the ordinance.

Councilmember McDonald asked about direct communication with individuals currently occupying public spaces and how they would be informed of the law. Chief Turk explained that it would be part of both officer and broader community education efforts. The communication strategy would be integrated into the verbal deterrence and warning phases.

Councilmember Butler concluded by emphasizing that the issue addressed by the ordinance is part of a broader systemic problem that cannot be solved through a simple legislative measure. He aligned with Councilmember DeBoutez' s concerns, stressing to fund a year-round homeless shelter before implementing enforcement-based policies. He acknowledged the hard work of staff in developing the ordinance and navigating its complexities, but ultimately stated that he could not support it at this time.

Mayor Gates acknowledged the complexity of the situation and requested that Chief Turk provide the research referenced during the second reading, emphasizing the importance of understanding the outcomes in similar jurisdictions. He concluded that the information would help shape his final decision for adoption.

Councilmember McDonald expressed alignment with both Mayor Gates and Councilmember Butler, affirming strong support for establishing a 24/7/365 shelter. She emphasized that backing the ordinance does not equate to being against people experiencing homelessness. Instead, she shared the difficult realities faced by residents impacted by safety concerns. She clarified that while most unhoused individuals are not criminals, some pose challenges. She thanked the outreach team for their work.

Councilmember Payton moved to introduce the ordinance and schedule the public hearing and second reading for June 3, 2025. Councilmember Olson seconded the motion. The motion passed 5-2 at 7:03 p.m. with Councilmember Butler and DeBoutez voting “nay”.

14. Public hearing and second reading of a corrected ordinance to annex a total of 300.672 acres of land to the City of Greeley. The properties are bounded by Weld County Road 56 to the north, State Highway 257 to the east, and County Road 54 to the south. (Case number ANX2023-0001, L&T Annexation)

Director of Community Development Brian McBroom introduced this item at 7:04 p.m.

Mr. McBroom introduced two corrected ordinances related to a previously approved annexation and zoning of approximately 300 acres west of Highway 257, between Weld County Roads 54 and 56. He explained that minor typographical errors were discovered in the legal descriptions used in the original ordinances. After evaluating alternatives, staff determined that bringing corrected ordinances back to Council was the most appropriate course of action.

The property, informally referred to as “Delantero South,” was adjacent to the Delantero development and involved no changes to the previously approved combination of three residential zoning districts.

Mayor Gates opened the public hearing at 7:06 p.m.

1. Steve Teets spoke against annexing more land into the city.
2. Bill Gillard spoke against adding more housing instead of industrial.

With no further speakers, the public hearing closed at 7:09 p.m.

Councilmember Olson moved to adopt the ordinance and publish with reference to title only. Councilmember DeBoutez seconded the motion. The motion passed 7-0 at 7:10 p.m.

15. Public hearing and second reading of a corrected ordinance to establish zoning on a total of 300.672 acres of land in the City of Greeley. The properties are bounded by Weld County Road 56 to the north, State Highway 257 to the east, and County Road 54 to the south. (Case number ZON2023-0002, L&T Zoning)

Director of Community Development Brian McBroom noted that the presentation earlier was for both Item 14 and 15.

Council did not have any questions for staff.

Mayor Gates opened the public hearing at 7:11 p.m.

With no speakers, the public hearing closed at 7:11 p.m.

Councilmember Olson moved to adopt the ordinance and publish with reference to title only. Mayor Pro Tem Hall seconded the motion. The motion passed 7-0 at 7:12 p.m.

16. Appointments to Boards and Commissions Civil Service Commission, Construction Trades Advisory and Appeals Board, Housing Authority, Housing for All Advisory Board and Human Relations Commission

Senior Assistant City Clerk Naomi Gonzales announced the appointments for the following boards and commissions:

- Civil Service Commission – Linda Cannon – 6-Year Term
- Construction Trades Advisory and Appeals Board – Recruit for Additional Applicants
- Housing Authority – Rachel M Flynn – 2-Year Term
- Housing For All Advisory Board – Cinque J Mason – 1-Year Term
- Human Relations Commission – Terry Anderson – 3-Year Term

- 17. A motion authorizing the City Attorney to prepare any required resolutions, agreements, and ordinances to reflect action taken by the City Council at this meeting and any previous meetings, and authorizing the Mayor and City Clerk to sign all such resolutions, agreements, and ordinances**

Councilmember Payton moved to approve the motion. Councilmember Butler seconded the motion. The motion passed by voice vote of 7-0 at 7:13 p.m.

18. Scheduling of Meetings, Other Events

None.

19. Adjournment

With no further business to come before the Council, Mayor Gates adjourned the meeting at 7:13 p.m.

City Clerk

City of Greeley, Colorado
CITY COUNCIL WORK SESSION
MAY 27, 2025

1. Call to Order

Mayor Gates called the meeting to order at 6 p.m. in the City Council Chambers at 1001 11th Ave, Greeley, Colorado, with hybrid participation available via the City's Zoom platform.

2. Pledge of Allegiance

Mayor Gates led the Pledge of Allegiance.

3. Roll Call

City Clerk Heid Leatherwood called the roll.

The following were present:

Councilmember Tommy Butler
Councilmember Deb DeBoutez
Mayor Pro Tem Dale Hall
Councilmember Brett Payton
Councilmember Johnny Olson
Councilmember Melissa McDonald
Mayor John Gates

4. Reports from Mayor and Councilmembers

Councilmember McDonald attended the “Meet the Fleet” event at Island Grove Regional Park, May 22, 2025, and noted that it was well attended.

5. Civic Campus Funding

Deputy City Manager, Allena Portis, Assistant City Manager, Kelli Johnson, Interim Budget and Policy Director, Kalen Myers, introduced the item at 6:01 p.m.

Ms. Johnson began with an overview of objectives:

- to revisit and reinforce ongoing downtown investments,
- provide background on the Civic Campus Project,
- discuss estimated costs, and
- review potential funding sources.

The presentation recapped familiar project overview slides particularly in infrastructure such as stormwater improvements. This was followed by a brief history of the Civic Campus Project, which evolved through space planning assessments, facilities updates, and inter-agency collaborations dating back to 2020. Key milestones included a master plan update in March 2025.

The collaborative initiative began in fall of 2024 with the city, county, and school district. This partnership explored shared facility needs and identified strategic opportunities to maximize downtown space, support business and residential development, and increase taxable property. Notable project concepts include a boutique hotel, private office spaces, a reimagined Lincoln Park, and new downtown City Hall facilities.

Ms. Portis delivered a comprehensive financial presentation outlining potential funding strategies for the proposed Civic Campus, with an emphasis on how the project could be financed without introducing a new revenue source, such as a property tax. She presented two primary cost estimates for the project. The first option, totaling \$120 million, included construction of a new City Hall, land acquisition and demolition (including the Methodist Church, Willer properties, and the Public Works building), as well as a 352-space parking garage and a \$10 million contribution to the county parking garage. Utility infrastructure costs for water, sewer, and stormwater would be funded separately through the enterprise fund. Additionally, incentive funding was available for the boutique hotel and apartment components.

The second option, referred to as the "value engineered" version, would reduce overall costs by eliminating 200 parking spaces, downgrading finishes, and cutting associated fees. This option resulted in a savings of \$7.7 million but would require an additional \$2.6 million to build a surface parking lot. Ms. Portis explained that there are a few options for acquiring the new City Hall facility, including direct purchase, leasing, or entering into a lease-to-own agreement through a public-private partnership.

Three financing mechanisms were outlined:

- Certificates of Participation (COPs), which do not require voter approval and have a 20-year term;
- General Obligation (GO) bonds, which do require voter approval and offer a 30-year repayment term; and
- Leasing through a private developer at a standard lease rate.

Ms. Portis identified potential revenue sources, including general fund allocations, federal and state grants, land sales, and special tax initiatives such as a new capital facilities fee. Special taxes, like the Food Tax and the Quality-of-Life Tax currently fund existing capital maintenance, replacements, and park projects, and are already fully programmed for the 2026–2030 period. Redirecting these funds to the Civic Campus would require deferring or eliminating current commitments, including roof and HVAC replacements, playground upgrades, and other infrastructure needs.

To provide context, Ms. Portis reviewed how other Colorado municipalities funded similar projects. Northglenn used a combination of a sales tax and a marijuana tax to fund its \$33.7 million City Hall. Golden financed their \$77 million facility with general fund reserves and COPs. Steamboat Springs combined a small COP, grant funding, and

reserves to cover their \$37.6 million municipal complex. These examples highlighted the diversity of funding approaches and the importance of using multiple sources.

In summary, the estimated cost for the City Hall component alone ranges from \$80 million to \$92 million, with annual debt service between \$6.7 million and \$7.7 million under a COP structure. Funding sources could include the Food Tax, Quality of Life Tax, general fund, and a potential future public facilities impact fee. However, any use of existing resources would come with an opportunity cost, requiring the City to defer or reduce other services or projects.

Councilmembers raised questions and concerns about the proposed downtown redevelopment project, with a particular focus on its financial feasibility, scale, and timeline.

Councilmember DeBoutez asked if there was projected tax revenue from private developments such as Richmark's hotel and retail projects, and if those revenues could help service debt for the civic campus. Both DeBoutez and Olson emphasized the need for a financial model like the one used for West Greeley to better understand revenue impacts and financing options.

Councilmembers also discussed the potential use of public facilities fees or development impact fees to support the project, though staff noted this would depend on the outcome of ongoing fee studies and future Council direction.

Councilmembers questioned the size and cost of the proposed City Hall building, particularly the 96,000-square-foot footprint, and noted that comparable facilities in other cities are significantly smaller and less expensive. Council also suggested staff explore phased construction, such as postponing or eliminating parking garages and deferring Lincoln Park improvements. There was discussion about the financial and strategic benefits of a public-private partnership or lease-to-own model, with the possibility of delaying major investments until new revenue streams.

Council also discussed partner engagement and revenue-sharing strategies. Questions were raised about the level of commitment or involvement from entities like Richmark, Weld County, and School District 6. Councilmembers expressed interest in using tools such as TIFs, PIFs, and special district taxes to support redevelopment and create incentives for private investment, particularly for housing and retail uses downtown.

Overall, Councilmembers expressed support for continuing to plan and explore options but stressed the importance of cost containment, comprehensive modeling, and strategic phasing to ensure long-term financial sustainability and downtown revitalization.

Adam Frazier and Tyler Richardson with Richmark were available for Council questions. Mr. Richardson addressed the Council, expressing appreciation for the work done on the civic campus project and willingness to partner.

During follow-up comments, Councilmember Olson questioned whether current City-occupied properties would be involved in land swaps if Weld County commit to remaining downtown. Staff responded that while the parties interested in various parcels are known, consensus on specific parcels has not yet been reached.

Council reached consensus on pursuing Options 1 and 2, modifying service plans to ensure coverage of annual debt service, and reviewing a Public Facility Impact Fee.

Mayor Gates thanked everyone for the information.

6. Overview and Discussion of the Small Business Land Use Center Program

Director of Community Development, Brian McBroom, Deputy Director of Community Development, Don Threewitt, Planner, Katelyn Puga, and Civil Engineer Tina Close introduced the item at 7:05 p.m.

The purpose of the presentation was threefold:

- to provide an update on the Small Business Land Use Center,
- to answer council questions, and
- to solicit feedback on the pilot program.

Mr. McBroom noted that the Small Business Land Use Center aimed to address these issues by offering individualized customer service, better education on city requirements, and facilitated assistance through planning and engineering review processes. Key program goals included preparing applicants for success, emphasizing the importance of hiring qualified professionals, and removing barriers to development. The center would function as a central point of contact and coordinating with other departments.

To be eligible for support, businesses must be independently owned, located or considering a location within Greeley, and have a viable project concept. The program would include an intake questionnaire to help assess project readiness. Options such as a grant program to help cover upfront costs for hiring those services would be available. These grants would not cover full expenses but would support early-stage planning to improve project feasibility and approval chances.

Mr. McBroom stated that the Land Use Center was still in its pilot phase and staff have informally worked with six small businesses. The "one-stop shop" model is central to the program, aiming to consolidate and simplify interactions with multiple departments while still preserving necessary collaboration across city divisions.

City Council expressed support for the Small Business Land Use Center and commended the program's "one-stop shop" approach with the high level of personalized customer service offered. Several members emphasized the importance of early engagement and proactive education. They suggested stronger outreach to commercial realtors and prospective business owners to prevent situations where property was purchased without full understanding of zoning restrictions, change-of-use implications, or necessary upgrades to meet code—particularly in older buildings downtown.

Councilmembers recommended formalizing communication channels with the real estate community, possibly through the local Realtors Association, and exploring ways to strengthen disclosure requirements. They also encouraged adjustments to the grant structure. They noted that while the grant amounts are helpful, they may fall short for projects in historic or aging buildings that often require significant upgrades, such as sprinkler systems or new utility infrastructure. Several members recommended factoring building age and location (such as the downtown district) into grant eligibility or award levels.

Lastly, Council discussed staffing impacts, expressing interest in how the program could scale. Staff affirmed they are currently equipped to manage the pilot program but acknowledged that increased participation could necessitate additional resources—an outcome they would welcome as a sign of success.

Mayor Gates thanked staff for the information.

7. Scheduling of Meetings, Other Events

None.

8. Motion to go into Executive Session to discuss the potential purchase, acquisition or lease of real property

A motion go into executive session to discuss the potential purchase, acquisition, or lease of property for City services, and to receive instructions regarding negotiations, as provided for in C.R.S §24-6-402(4)(a) and §24-6-402(4)(e)(I) and Greeley Municipal Code §2-151 (a)(1) and §2-151(a)(5); and if necessary to receive advice from the City Attorney related to these matters as provided for in C.R.S. §24-6-402(4)(b) and Greeley Municipal Code §2-151(a)(2)

Councilmember Olson moved to approve the motion. Councilmember McDonald seconded the motion. The motion passed 7-0 at 7:27 p.m.

9. Adjournment

With no further business to come before the Council, Mayor Gates adjourned the meeting at 7:27 p.m.

8. Executive Session to discuss the potential purchase, acquisition, or lease of property for City Services

Mayor Gates started the Executive Session at 7:37 p.m. in the Colorado Room of City Center South. The meeting was electronically recorded as required by Colorado Open Meetings Law.

All Councilmembers, City Manager Raymond Lee, City Attorney Stacey Aurzada, Chief Financial Officer Allena Portis, Assistant City Manager Kelli Johnson, Deputy City Attorney Moses Garcia, Deputy City Manager Rachel Flynn, and Consultant John Hall were present.

The executive session was for the purpose of discussing to determine positions, develop strategy, and instruct negotiators regarding to discuss the potential purchase of property and the negotiation of economic development incentives as provided for under C.R.S. Sections 24-5-402(4)(a) and 24-5-402(4)(e)(I) and Greeley Municipal Code Sections 2-151(a)(1) and 2-151(a)(S); and to receive legal advice related to these matters as provided for under C.R.S. Section 24-6-402(4)(b) and Greeley Municipal Code Section 2-151(a)(2).

Mayor Gates cautioned each participant in this executive session to confine discussion to the stated purpose, and reminded everyone that no formal action may occur in the executive session. He asked if at any point in the executive session any participant believes that the discussion was going outside the proper scope of the executive session, to please interrupt the discussion and raise an objection.

The Executive Session concluded at 8:22 p.m.

The recording of this executive session will be retained as provided in the City's records retention policy and in conformity with Colorado Open Meetings Law for a period of 90 days.

Title:

Motion to cancel the July 8, 2025, City Council Work Session

Summary:

The City Council approved its 2025 meeting schedule at the end of 2024, which included a Work Session on Tuesday, July 8, 2025. Since that time, a Budget Retreat has been requested and scheduled for July 8 at 3:00 p.m. in Council Chambers. The purpose of the retreat is to brief the Council on current budget projections for the 2026 Budget. In order to accommodate the retreat, Council action is required to formally cancel the previously scheduled Work Session for that date.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

No Impact:

Legal Issues:

Consideration of this matter is a legislative process

Other issues and Considerations:

Strategic Focus Area:

High-Performance Government

Decision Options:

1. Approve the motion as presented; or
2. Amend the motion and approve as amended; or
3. Deny the motion; or

Title:

Resolution adopting a Three Mile Plan for the City of Greeley, Colorado

Summary:

To meet Colorado State Statute, the City of Greeley is executing a Three Mile Plan to advance the health, safety, and welfare of the City of Greeley. This specific iteration of the City of Greeley Three Mile Plan focuses on two properties, commonly referred to as the “Hankins Farm Site” and “Carestream” (see attachments for exact property location).

This City of Greeley Three Mile Plan would also provide the legal ability to annex other land outside of Long Range Expected Growth Area (“LREGA”), but no more than three miles from the current municipal boundary. Colorado State Statute, C.R.S § 31-12-105(e), limits municipal annexations to no more than three miles outside of their current growth boundary, such as LREGA. The Three Mile Plan shall serve as the annexation master plan for municipalities as required by state statute. If a municipality has an updated comprehensive or master plan, that plan shall serve as the Three Mile Plan.

Fiscal Impact:

No Impact on Budget

Legal Issues:

Consideration of this matter is a legislative process.

Other issues and Considerations:

Strategic Focus Area:

Community Vitality

Decision Options:

1. Adopt the resolution as presented; or
2. Amend the resolution and adopt as amended; or
3. Deny the resolution; or
4. Continue consideration of the resolution to a date certain.

Council’s Recommended Action:

Adopt the resolution.

CITY OF GREELEY, COLORADO

RESOLUTION NO. 23, 2025

RESOLUTION ADOPTING A THREE MILE PLAN FOR THE CITY OF GREELEY, COLORADO

WHEREAS, The City of Greeley, Colorado (the “City”) is a Colorado home rule municipality, duly organized and existing under the laws of the State of Colorado and the City’s Home Rule Charter; and

WHEREAS, Imagine Greeley: The City of Greeley Comprehensive Plan (2018) (the “Comprehensive Plan”) was last updated, approved and adopted by City Council on February 6, 2018, pursuant to Ordinance No. 4, 2018; and

WHEREAS, The City’s Long Range Expected Growth Area (“LREGA”) as set forth in the Comprehensive Plan has served and currently serves as the City’s Three-Mile Plan; and

WHEREAS, Section 31-12-105 (1)(e), provides that, for purpose of annexation, each municipality shall annually prepare a plan for the geographic area within three miles in any direction from the municipality’s borders generally describing the proposed location, character, and extent of streets, subways, bridges, waterways, waterfronts, parkways, playgrounds, squares, parks, aviation fields, other public ways, grounds, open spaces, public utilities, and terminals for water, light, sanitation, transportation, and power to be provided by the municipality and the proposed land uses for the area (“Three-Mile Plan”); and

WHEREAS, The City of Greeley is updating its Three Mile Plan to satisfy statutory requirements for the annexation of new lands beyond the City’s LREGA, but no further than three miles beyond the current municipal limits, generally describing the infrastructure, parks, transportation and land uses for such lands; and

WHEREAS, The 2025 City of Greeley Three Mile Plan includes without limitation a focus on two property areas: “Hankins Farm Site”; and the “Carestream Property”. The “Hankins Farm Site” is located generally west of State Highway 257 and north of Weld County Road 56. The “Carestream Property” is located generally east of State Highway 257 and south of Eastman Park Drive, both areas are more particularly described in the attached **Exhibit A**; and

WHEREAS, to comply with the statutory directive, City Council desires to adopt the 2025 City of Greeley Three-Mile Plan.

NOW THEREFORE, BE IT RESOLVED BY THE GREELEY CITY COUNCIL OF THE CITY OF GREELEY, COLORADO, THAT the 2025 City of Greeley Three-Mile Plan, attached hereto and incorporated herein by reference as Exhibit A, is hereby approved and adopted.

This Resolution shall become effective immediately upon its passage.

PASSED, AND ADOPTED, SIGNED AND APPROVED THIS _ DAY OF _____ 2025.

Introduction

Purpose of the Three Mile Plan:

The City of Greeley Three Mile Plan is a reference document of approved plans and policies describing the infrastructure, land use, and provision of services for areas of potential annexation. Pursuant to state law, the City must have in place a Three Mile Plan that generally describes infrastructure development expectations for the land including the proposed land uses (see, C.R.S. § 31-12-105(1)(e)(I)).

The Three Mile Plan must generally describe the proposed location, character, and extent of streets, subways, bridges, waterways, waterfronts, parkways, playgrounds, squares, parks, aviation fields, other public ways, grounds, open spaces, public utilities and terminals for water, light, sanitation, transportation and power to be provided by the municipality, as applicable, and the proposed land uses for the area.

The Three Mile Plan takes a much broader approach to the annexation and development of land than a specific annexation impact report and ensures proposed annexations are consistent with the City's comprehensive plan and other annexation and land development policies. Upon adoption, updates to the Three-Mile Plan are routine and occur on an annual basis.

Description of the Three Mile Plan Areas:

The City of Greeley Three Mile Plan references and illustrates adopted plans, policies, maps, and other documents adopted by the City of Greeley which generally describe the locations, character, and extent of land uses, transportation facilities, and infrastructure required by State Statute Section 31-12-105. The City of Greeley Three Mile Plan is organized into the following categories:

Proposed Land Uses:

Parks, Natural Areas, and Open Lands:

Transportation:

Utilities and Infrastructure:

The Three Mile Plan may also refer to other plans and policies adopted by neighboring jurisdictions or organizations that provide contextual guidance as they overlap with the City of Greeley Three-Mile Plan study area.

CITY COUNCIL SUMMARY

ITEM: City of Greeley Three Mile Plan

FILE NUMBER: Three Mile Plan (File Number Not Applicable)

PROJECT: Three Mile Plan

APPLICANT: City of Greeley, Community Development Department

CASE PLANNER: Michael Franke, AICP | Planner III

CITY COUNCIL HEARING DATE: June 17, 2025

CITY COUNCIL FUNCTION:

Review the proposed City of Greeley Three Mile Plan Resolution and make decision to approve or deny the proposal.

EXECUTIVE SUMMARY

The City of Greeley Three Mile Plan is a reference document of approved plans and policies describing the infrastructure, land use, and provision of services for areas of potential annexation. Pursuant to state law, the city must have in place a Three Mile Plan that generally describes infrastructure development expectations for the land including the proposed land uses (C.R.S. § 31-12-105(1)(e)(I)).

A Three Mile Plan takes a much broader approach to the annexation and development of land than a specific annexation impact report and ensures proposed annexations are consistent with the City's Comprehensive Plan and other annexation and land development policies. Upon adoption, updates to a Three Mile Plan are routine and occur on an annual basis.

A. REQUEST

The Community Development Department requests approval from the City Council for a resolution for the City of Greeley Three Mile Plan.

B. STAFF RECOMMENDATION

Approval

C. BACKGROUND

To meet Colorado State Statute, the City of Greeley is executing a Three Mile Plan to advance the health, safety, and welfare of the City of Greeley. This specific iteration of the City of Greeley Three Mile Plan focuses on two properties, commonly referred to as the "Hankins Farm Site" and "Carestream" (see attachments for exact property location). This City of Greeley Three Mile Plan would also provide the legal ability to annex other land

outside of LREGA, but no more than three miles from the current municipal boundary. Colorado State Statute, C.R.S § 31-12-105(e), limits municipal annexations to no more than three miles outside of their current growth boundary, such as LREGA. This legislation also requires municipalities to adopt an annexation master plan, commonly known as the Three Mile Plan, prior to the completion of any annexation outside of the municipality's growth area within three miles of the current municipal boundary. If the municipality's master or comprehensive plan covers the elements required for a three mile plan, it will suffice as the Three Mile Plan.

According to Statute, the Three Mile Plan shall “*generally describes* the proposed location, character, and extent of streets, subways, bridges, waterways, waterfronts, parkways, playgrounds, squares, parks, aviation fields, other public ways, grounds, open spaces, public utilities, and terminals for water, light, sanitation, transportation, and power to be provided by the municipality and the proposed land uses for the area” (C.R.S § 31-12-105). These elements are applied to a municipality as applicable. Since legislation requires these services to be “generally described”, the proposed services and land uses stated in the Three Mile Plan shall be overridden by any other formally adopted plan prescribing services and land uses to the land areas within the Three Mile Plan. A Three Mile Plan is not a plan in and of itself but rather a document that identifies all the plans the city has conducted regarding the services identified in §31-12-105 for the Three Mile Plan area. This also includes plans other jurisdictions and entities have implemented as applicable to the geography of the Three Mile Plan.

When adopted, the 2018 Imagine Greeley Comprehensive Plan (Comprehensive Plan) satisfied the City's Three Mile Plan obligations in 2018, since it included the proposed services required per §31-12-105 for Three Mile Plan criteria. The Comprehensive Plan has not undergone amendment since adoption and the LREGA established in the Comprehensive Plan does not include the Hankins Farm Site or Carestream properties. Given the City of Greeley's initiatives to create sub-area plans to capture the expected growth and needs of specific areas of the city, staff will not be pursuing an entire Comprehensive Plan update at this time. The City of Greeley Three Mile Plan will provide the opportunity for the city to annex land outside of the LREGA, but no more than three miles from the current municipal boundary, to advance the vitality of the community.

According to the Department of Local Affairs (DOLA), “The failure to have a plan prior to the completion of an annexation could open a municipality up to litigation. Colorado law limits those who have a right to challenge annexations to property owners within the annexed area, the county(ies) in which the land is located and neighboring municipalities within one mile. The City of Greeley wants to ensure any effort to annex land into the City holds upright against any local, state, and federal legislation regarding annexation of property.

The City of Greeley Three Mile Plan references and illustrates plans, policies, maps, and other documents adopted by the City of Greeley which generally describe the locations, character, and extent of transportation facilities, parks, infrastructure and proposed land uses required by State Statute Section 31-12-105. The City of Greeley Three Mile Plan is organized into the following categories:

Proposed Land Uses;
Parks, Natural Areas, and Open Lands;
Transportation; and
Utilities and Infrastructure.

The Three Mile Plan may also refer to other plans and policies adopted by neighboring jurisdictions or organizations that provide contextual guidance as they overlap with the City of Greeley Three Mile Plan study area.

D. REVIEW CRITERIA

The Commission shall consider comments from reviewing agencies and offices, staff recommendation, public comments, and the following criteria in making a recommendation to City Council.

- 1. Per State Statute C.R.S § 31-12-105, a Three Mile Plan requires generally describes the proposed location, character and extent of future public utilities and infrastructure (e.g., streets, bridges, parks, playgrounds, aviation fields, waterways, open spaces and other public grounds) as well as proposed land uses for the area.**

Staff Comment: The City of Greeley Three Mile Plan directly addresses the requirements of the three mile plan according to state statute. For both “Hankins Farm Site” and “Carestream” area, the City of Greeley Planning Division, Water & Sewer Department, Public Works Department, Parks Department, and Natural Areas & Trails Department have provided generally described services and land uses. The city departments have collaborated to establish land use, transportation/mobility services, water services, sewer services, green spaces, parks, and natural areas for the three mile boundary including both desired annexation sites as required by statute. Beyond creating generally described infrastructure, services, and land use for each site, the City of Greeley Three Mile Plan also includes various adopted plans and studies from other municipalities, agencies, and jurisdictions that touch upon the Greeley Three Mile Plan. These efforts by City staff uphold the requirements for three mile plans as according to Colorado State Statute 31-12-105.

This request complies with this criterion.

- 2. A Three Mile Plan is a reference document of approved plans and policies describing the infrastructure, land use, and provision of services for areas of potential annexation.**

Staff Comments: The City of Greeley Three Mile Plan utilizes approved plans and policies describing the infrastructure, land use, and provision of services for area of potential annexation. These reference documents contain areas within the City of Greeley LREGA and

outside of the LREGA but within three miles of the existing municipal boundary. A few of the reference agencies and jurisdictions include Bellevue Pipeline Project, Chimney Hollow Reservoir, City of Evans, City of Loveland, City of Greeley, Colorado Department of Transportation, Downtown Development Authority, State of Colorado, Town of Eaton, Town of Johnstown, Town of Kersey, Town of Johnstown, Town of Windsor, Stormwater Drainage Basin Criteria, Weld County, Xcel Energy, etc. Each of these referenced documents within the plan directly describes infrastructure, land use, and provisions of potential annexation areas.

This request complies with this criterion.

OTHER GENERAL CONSIDERATIONS

3. The Three Mile Plan promotes the public safety, health and general welfare of the citizens of Greeley.

Staff Comments:

This Three Mile Plan provides opportunity for the City of Greeley to expand to meet goals of economic development, infrastructure, and natural amenities that directly work to advance the health, safety, and welfare of the citizens of Greeley. The economic opportunity for these sites strengthens the tax base of Greeley, allowing the city to expand services and continue to provide services for citizens held to specific standard. This plan promotes the ability to offer additional green space for residents and capture land adjacent to the Cache La Poudre River Corridor. Access to green space amenities provides a direct benefit for citizens to advance community health and welfare. The flexibility of the infrastructure, prescribed services and land uses for the Three Mile Plan provides an opportunity for the City to address growth pressures in a focused manner that tailors the scale and type of development to the needs of the citizens. The “Hankins Farm Site” and “Carestream” area both offer opportunity for the city to advance growth initiatives to maintain and foster a community where people desire to live, work, and recreate.

The request complies with this criterion.

E. PUBLIC NOTICE AND COMMENT

Notice was published on the City of Greeley’s website on April 9, 2025, pursuant to the City’s notification requirements for resolutions. No objection or support has been received by staff from the citizens of Greeley. The Three Mile Plan was also sent to Town of Johnstown, Town of Windsor, and Weld County for referral review and comments on April 7, 2025. City

staff received comments from the Town of Johnstown, the Town of Windsor and Weld County.

Weld County does not oppose the City of Greeley Three Mile Plan and provided minor advisory comments related to the subject properties, such as existing land use approvals and the county road network.

The Town of Windsor provided comments on the proposed Three Mile Plan. Windsor expressed concerns with the proposed “Carestream” area as shown in the Three Mile Plan. Its main concern was the contiguity disparity between the Town of Windsor and City of Greeley. Additionally, Windsor expressed concern with the “Carestream” area being within its Growth Management Area. This is mainly due to the location of such property and the Town’s own interest in annexing the property in the future. The extension of the City of Greeley Three Mile Plan to the northwest is consistent with the city’s current efforts to annex the Arroyos del Sol property for new natural area development and interest expressed by various property owners and businesses within the “Carestream” area to annex into the City of Greeley. City departments are working with property owners and businesses to provide adequate services to their sites upon annexation that satisfies requirements for annexations including contiguity.

The Town of Johnstown made comments regarding the Three Mile Plan. They noted the “Hankins Farm Site” has been within their Growth Management Area since 2006 and is included in the Town of Johnstown Three Mile Plan, adopted in January 2025. They expressed concern with potential overlap of the “Hankins Farm Site”, included in Johnstown’s Three Mile Plan, Johnstown’s Comprehensive Plan, and City of Greeley Three Mile Plan (if adopted), in relation to regional long range planning efforts within Weld County. This is mainly due to the location of such property and the Town’s own interest in annexing the property in the future. The City of Greeley has been approached by the property owner of the “Hankins Farm Site” who desired future annexation into the City of Greeley once appropriate timing. The City of Greeley is working with the property owner to put their best effort forward, as appropriate, with helping the property owner achieve this future goal.

On May 13th, 2025, the City of Greeley Planning Commission held a Public Hearing in which the City of Greeley Three Mile Plan was presented. The Planning Commission ultimately voted 5-1 recommending approval to City Council for the City of Greeley Three Mile Plan resolution as submitted.

F. CITY COUNCIL MOTIONS

Recommended (Approval)

Based on the preceding analysis, the City Council finds that the proposed City of Greeley Three Mile Plan Resolution is consistent with Colorado State Statute 31-12-105(e), meeting statutory requirements related to infrastructure, parks, transportation, and land uses that will allow the City to annex future properties within its three mile boundary, and therefore approves the City of Greeley Three Mile Plan Resolution as submitted.

Alternative (Denial)

Based on the preceding analysis, the City Council finds that the proposed City of Greeley Three Mile Plan Resolution is not consistent with Colorado State Statute 31-12-105(e), not meeting statutory requirements related to infrastructure, parks, transportation, and land uses that will allow the City to annex future properties within its three mile boundary, and therefore denies the City of Greeley Three Mile Plan Resolution as submitted.

April 18, 2025

Michael Franke, AICP, Planner III
City of Greeley Community Development
1100 10th Street
Greeley, CO 80631

Subject: City of Greeley Three Mile Plan referral 2025

Dear Mr. Franke,

Thank you for the opportunity to provide comments regarding the City of Greeley's proposed Three Mile Plan. As you may be aware, the proposed Plan includes areas of overlap with Windsor's Growth Management Area and several other adopted plans and agreements outlined as follows:

Growth Management Area

The area labeled as "Carestream Site" in the proposed Plan has been within the Town of Windsor's Growth Management Area (GMA) for more than 25 years, and the Town has worked cooperatively with the surrounding property owners to plan and develop the Great Western Industrial Park and future mixed-use development in the area. The land within the GMA is anticipated to be served with municipal services and infrastructure to support future development. Areas in the GMA are anticipated to be annexed into the Town in the future. The subject area is adjacent to Windsor utilities and transportation network (please see attached).

NFRWQPA Section 208 Boundary

The Areawide Water Quality Management Plan (Regional Plan) adopted by the North Front Range Water Quality Planning Association (NFRWQPA) details the regional considerations for the protection of water quality. In so doing, it projects growth and development trends in the area and establishes a rational plan for accommodating growth. A plan objective is to avoid unacceptable adverse environmental impacts, which might be caused by allowing wastewater services to be provided through numerous entities for facilities in an uncoordinated fashion. (https://www.nfrwqpa.org/208-plan-amendment-process?utm_source=chatgpt.com)

NFRWQPA identifies the "Carestream Site" as part of the Town of Windsor's 208 Plan Boundary and excludes the site from Greeley's 208 Plan Boundary (please see attached).

Windsor-Greeley Intergovernmental Agreement

The Town of Windsor and City of Greeley have a long history of cooperation regarding land use planning, having entered into multiple intergovernmental agreements over the past 25 years. However, the area labeled as "Carestream Area" was not even identified as part of the Cooperative Planning Area as defined in the Windsor-Greeley intergovernmental agreement as

the property is for all intents and purposes an enclave surrounded by Windsor's incorporated boundary.

Colorado Statutes Regarding Annexation

The legislative intent of a three mile planning area is to promote orderly growth and logical land use patterns and to discourage practices such as "flagpole" annexations. The area labeled as "Carestream Site" in the proposed plan is surrounded on all sides by the Town of Windsor's incorporated limits having over 99% contiguity with Windsor and less than 1% contiguity with Greeley. The proposed plan would essentially create an extreme example of a flagpole annexation that is inconsistent with annexation statutes (please see attached).

The proposed Three Mile Plan specifically contradicts the following legislative declarations:

31-12-102. Legislative declaration.

(1) The general assembly hereby declares that the policies and procedures in this part 1 are necessary and desirable for the orderly growth of urban communities in the state of Colorado, and to these ends this part 1 shall be liberally construed. The general assembly further declares that it is the purpose of this part 1:

(a) **To encourage natural and well-ordered development of municipalities of the state;** (emphasis added)

(b) **To distribute fairly and equitably the costs of municipal services among those persons who benefit therefrom;** (emphasis added)

(c) **To extend municipal government, services, and facilities to eligible areas which form a part of the whole community;** (emphasis added)

(d) **To simplify governmental structure in urban areas;** (emphasis added)

(e) **To provide an orderly system for extending municipal regulations to newly annexed areas;** (emphasis added)

(f) **To reduce friction among contiguous or neighboring municipalities;** (emphasis added)

(g) **To increase the ability of municipalities in urban areas to provide their citizens with the services they require;** (emphasis added)

Furthermore, the proposed "Carestream Area" described in the Three Mile Plan is currently eligible for annexation to Windsor with as the property boundary is more than 99% contiguous with Windsor's incorporated boundary. The "Carestream Area" is not contiguous with Greeley.

31-12-104. Eligibility for annexation.

(1) No unincorporated area may be annexed to a municipality unless one of the conditions set forth in section 30 (1) of article II of the state constitution first has been met. An area is eligible for annexation if the provisions of section 30 of article II of the state constitution have been complied with and the governing body, at a hearing as provided in section 31-12-109, finds and determines:

(a) That not less than one-sixth of the perimeter of the area proposed to be annexed is contiguous with the annexing municipality. Contiguity shall not be affected by the existence of a platted street or alley, a public or private right-of-way, a public or private transportation right-of-way or area, public lands, whether owned by the state, the United States, or an agency thereof, except county-owned open space, or a lake, reservoir, stream, or other natural or artificial waterway between the annexing municipality and the land proposed to be annexed. Subject to the requirements imposed by section 31-12-105 (1)(e), contiguity may be established by the annexation of one or more parcels in a series, which annexations may be completed simultaneously and considered together for the purposes of the public hearing required by

sections 31-12-108 and 31-12-109 and the annexation impact report required by section 31-12-108.5.

(b) That a community of interest exists between the area proposed to be annexed and the annexing municipality; that said area is urban or will be urbanized in the near future; and that said area is integrated with or is capable of being integrated with the annexing municipality. (emphasis added)

(2)(a) The contiguity required by paragraph (a) of subsection (1) of this section may not be established by use of any boundary of an area which was previously annexed to the annexing municipality if the area, at the time of its annexation, was not contiguous at any point with the boundary of the annexing municipality, was not otherwise in compliance with paragraph (a) of subsection (1) of this section, and was located more than three miles from the nearest boundary of the annexing municipality, nor may such contiguity be established by use of any boundary of territory which is subsequently annexed directly to, or which is indirectly connected through subsequent annexations to, such an area.

(b) Because the creation or expansion of disconnected municipal satellites, which are sought to be prohibited by this subsection (emphasis added) (2), violates both the purposes of this article as expressed in section 31-12-102 and the limitations of this article, any annexation which uses any boundary in violation of this subsection (2) may be declared by a court of competent jurisdiction to be void ab initio in addition to other remedies which may be provided. The provisions of section 31-12-116 (2) and (4) and section 31-12-117 shall not apply to such an annexation. Judicial review of such an annexation may be sought by any municipality having a plan in place pursuant to section 31-12-105 (1)(e) directly affected by such annexation, in addition to those described in section 31-12-116 (1). Such review may be, but need not be, instituted prior to the effective date of the annexing ordinance and may include injunctive relief. Such review shall be brought no later than sixty days after the effective date of the annexing ordinance or shall forever be barred.

(c) Contiguity is hereby declared to be a fundamental element in any annexation, and this subsection (2) shall not in any way be construed as having the effect of legitimizing in any way any noncontiguous annexation.

Windsor-Weld County Coordinated Planning Agreement

The proposed Three Mile Plan is inconsistent with the Coordinated Planning Agreement (CPA) between Windsor and Weld County and the Three (3) Mile Area as described therein. The CPA is intended to be a Comprehensive Development Plan adopted and implemented pursuant to applicable Colorado Revised Statutes (please see attached).

Summary

The City of Greeley's proposed Three Mile Plan is inconsistent with numerous planning documents and statutes and conflicts with numerous adopted plans; therefore, Windsor recommends that Greeley remove the "Carestream Area" from the proposed plan.

Colorado Statutes Regarding Annexation

31-12-102. Legislative declaration.

(1) The general assembly hereby declares that the policies and procedures in this part 1 are necessary and desirable for the orderly growth of urban communities in the state of Colorado, and to these ends this part 1 shall be liberally construed. The general assembly further declares that it is the purpose of this part 1:

- (a) To encourage natural and well-ordered development of municipalities of the state;
- (b) To distribute fairly and equitably the costs of municipal services among those persons who benefit therefrom;
- (c) To extend municipal government, services, and facilities to eligible areas which form a part of the whole community;
- (d) To simplify governmental structure in urban areas;
- (e) To provide an orderly system for extending municipal regulations to newly annexed areas;
- (f) To reduce friction among contiguous or neighboring municipalities;
- (g) To increase the ability of municipalities in urban areas to provide their citizens with the services they require; and
- (h) To respect the sovereignty of federally recognized Indian tribes with lands within the exterior boundaries of a federally recognized Indian reservation and within the exterior boundaries of the state, to reduce the jurisdictional complexities that arise when municipalities annex Indian reservation land, and to ensure cooperation and collaboration by municipalities with tribal governments.

(2) The general assembly further declares that:

- (a) Section 30 of article II of the state constitution was added to the state constitution as a voter-approved ballot measure in 1980;
- (b) Since its adoption, section 30 of article II of the state constitution has been in lawful force and effect. As part of the state constitution, all annexations since its enactment have been or should have been undertaken subject to its terms.
- (c) By enacting House Bill 10-1259, enacted in 2010, which amends various provisions of this part 1, the general assembly does not intend to change the law governing annexations in the state but rather to better harmonize the provisions of this part 1 with those of section 30 of article II of the state constitution.

31-12-104. Eligibility for annexation.

(1) No unincorporated area may be annexed to a municipality unless one of the conditions set forth in section 30 (1) of article II of the state constitution first has been met. An area is eligible for annexation if the provisions of section 30 of article II of the state constitution have been complied with and the governing body, at a hearing as provided in section 31-12-109, finds and determines:

- (a) That not less than one-sixth of the perimeter of the area proposed to be annexed is contiguous with the annexing municipality. Contiguity shall not be affected by the existence of a platted street or alley, a public or private right-of-way, a public or private transportation right-of-way or area, public lands, whether owned by the state, the United States, or an agency thereof, except county-owned open space, or a lake, reservoir, stream, or other natural or artificial waterway between the annexing municipality and the land proposed to be annexed. Subject to the requirements imposed by section 31-12-105 (1)(e), contiguity may be established by the annexation of one or more parcels in a series, which annexations may be completed simultaneously and considered together for the purposes of the public hearing required by

sections 31-12-108 and 31-12-109 and the annexation impact report required by section 31-12-108.5.

(b) That a community of interest exists between the area proposed to be annexed and the annexing municipality; that said area is urban or will be urbanized in the near future; and that said area is integrated with or is capable of being integrated with the annexing municipality. The fact that the area proposed to be annexed has the contiguity with the annexing municipality required by paragraph (a) of this subsection (1) shall be a basis for a finding of compliance with these requirements unless the governing body, upon the basis of competent evidence presented at the hearing provided for in section 31-12-109, finds that at least two of the following are shown to exist:

(I) Less than fifty percent of the adult residents of the area proposed to be annexed make use of part or all of the following types of facilities of the annexing municipality: Recreational, civic, social, religious, industrial, or commercial; and less than twenty-five percent of said area's adult residents are employed in the annexing municipality. If there are no adult residents at the time of the hearing, this standard shall not apply.

(II) One-half or more of the land in the area proposed to be annexed (including streets) is agricultural, and the landowners of such agricultural land, under oath, express an intention to devote the land to such agricultural use for a period of not less than five years.

(III) It is not physically practicable to extend to the area proposed to be annexed those urban services which the annexing municipality provides in common to all of its citizens on the same terms and conditions as such services are made available to such citizens. This standard shall not apply to the extent that any portion of an area proposed to be annexed is provided or will within the reasonably near future be provided with any service by or through a quasi-municipal corporation.

(2)

(a) The contiguity required by paragraph (a) of subsection (1) of this section may not be established by use of any boundary of an area which was previously annexed to the annexing municipality if the area, at the time of its annexation, was not contiguous at any point with the boundary of the annexing municipality, was not otherwise in compliance with paragraph (a) of subsection (1) of this section, and was located more than three miles from the nearest boundary of the annexing municipality, nor may such contiguity be established by use of any boundary of territory which is subsequently annexed directly to, or which is indirectly connected through subsequent annexations to, such an area.

(b) Because the creation or expansion of disconnected municipal satellites, which are sought to be prohibited by this subsection (2), violates both the purposes of this article as expressed in section 31-12-102 and the limitations of this article, any annexation which uses any boundary in violation of this subsection (2) may be declared by a court of competent jurisdiction to be void ab initio in addition to other remedies which may be provided. The provisions of section 31-12-116 (2) and (4) and section 31-12-117 shall not apply to such an annexation. Judicial review of such an annexation may be sought by any municipality having a plan in place pursuant to section 31-12-105 (1)(e) directly affected by such annexation, in addition to those described in section 31-12-116 (1). Such review may be, but need not be, instituted prior to the effective date of the annexing ordinance and may include injunctive relief. Such review shall be brought no later than sixty days after the effective date of the annexing ordinance or shall forever be barred.

(c) Contiguity is hereby declared to be a fundamental element in any annexation, and this subsection (2) shall not in any way be construed as having the effect of legitimizing in any way any noncontiguous annexation.

**WELD COUNTY
CODE ORDINANCE 2015-15**

**IN THE MATTER OF REPEALING AND REENACTING, WITH AMENDMENTS, CHAPTER 19
COORDINATED PLANNING AGREEMENTS, OF THE WELD COUNTY CODE**

**BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF
WELD, STATE OF COLORADO:**

WHEREAS, the Board of County Commissioners of the County of Weld, State of Colorado, pursuant to Colorado statute and the Weld County Home Rule Charter, is vested with the authority of administering the affairs of Weld County, Colorado, and

WHEREAS, the Board of County Commissioners, on December 28, 2000, adopted Weld County Code Ordinance 2000-1, enacting a comprehensive Code for the County of Weld, including the codification of all previously adopted ordinances of a general and permanent nature enacted on or before said date of adoption, and

WHEREAS, the Weld County Code is in need of revision and clarification with regard to procedures, terms, and requirements therein.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of the County of Weld, State of Colorado, that certain existing Chapters of the Weld County Code be, and hereby are, repealed and re-enacted, with amendments, and the various Chapters are revised to read as follows.

**CHAPTER 19
COORDINATED PLANNING AGREEMENTS**

**ARTICLE VI
Windsor Plan**

Sec. 19-6-10. Introduction.

This Coordinated Planning Agreement ("CPA") is made and entered into effective as of the 2nd day of November, 2015, A.D., between the Board of County Commissioners of the County of Weld, State of Colorado, whose address is 1150 O Street, Greeley, CO 80631, hereinafter called the "COUNTY," and the Town of Windsor, a Colorado municipal corporation, whose address is 301 Walnut Street, Windsor, CO 80550, hereinafter called the "MUNICIPALITY." The COUNTY and MUNICIPALITY are hereinafter sometimes referred to individually as "party" and collectively as "the parties."

Sec. 19-6-20. Recitals.

A. The COUNTY exercises governmental authority regulating land use, growth and development within the unincorporated areas of Weld County, Colorado, which areas include lands surrounding the MUNICIPALITY; and

PAGE 1

*cc: FI; Acct; CTB; R
1-20-16*

2015-3379
ORD2015-15

B. The MUNICIPALITY exercises governmental authority with respect to land use, growth, and development within its municipal boundaries and regarding its annexations, and has demonstrated the capability of providing municipal services and facilities (including water and sewer services based on the municipality's code and/or other municipal service policies) within the THREE (3) MILE AREA, as defined herein; and

C. Title 29, Article 20 of the Colorado Revised Statutes, grants broad authority to local governments to plan for and regulate development and the use of land within their respective jurisdictions, accomplishing such activities through public processes that respect, protect, and promote private property rights; and

D. Title 29, Article 20 of the Colorado Revised Statutes, authorizes and encourages local governments to cooperate and contract with each other for the purpose of planning and regulating the development of land by the joint and coordinated exercise of planning, zoning, subdivisions, building, and related regulatory powers; and

E. Pressures for growth and development in the MUNICIPALITY and COUNTY indicate that the joint and coordinated exercise by the COUNTY and MUNICIPALITY of their respective planning, zoning, subdivision, building and related regulatory powers in such areas will best promote the objectives stated in this CPA; and

F. This CPA adheres to the objectives and Policies of the Weld County Comprehensive Plan, set forth in Section 22-2-40 of the Weld County Code and, in particular, UD.Goal 2., which encourages the establishment of intergovernmental agreements concerning growth areas with each municipality in Weld County.

Sec. 19-6-30. Purposes and Objectives.

The purpose of this CPA is to establish procedures and standards pursuant to which the parties will move toward greater coordination in the exercise of their land use and related regulatory powers within unincorporated areas surrounding the MUNICIPALITY. The objectives of such efforts are to accomplish the type of development in such areas which best protects the health, safety, prosperity, and general welfare of the inhabitants of the parties and to achieve maximum efficiency and economy in the process of development. However, any action taken pursuant to this CPA that pertains to any land within the MUNICIPALITY, for incorporated areas, and within the COUNTY, for unincorporated areas, is subject to exclusive final approval by the governing body of the MUNICIPALITY or COUNTY, respectively.

Sec. 19-6-40. Definitions.

For the purposes of this CPA the following terms shall be defined as set forth herein:

Development. Any land use requiring regulatory approval by the elected governing body of the applicable party in the THREE (3) MILE AREA, except for an amendment to a plat or a down-zoning, neither of which creates any additional lots, and except for a Recorded Exemption or Subdivision Exemption. Existing agricultural uses, which are lawful uses, either as Uses-by-Right under the Weld County Code, or as legally existing non-conforming uses, are also exempt from the definition of *Development*.

Three (3) Mile Area. The area as defined by Colorado Revised Statutes, C.R.S. 31-12-105.1.E.

Sec. 19-6-50. Planning Coordination.

This CPA is intended to be a Comprehensive Development Plan adopted and implemented pursuant to Section 29-20-105(2) C.R.S. Following the execution of this CPA by both parties, applications to the COUNTY for DEVELOPMENT within the THREE (3) MILE AREA shall be processed and determined in accordance with the following:

A. Referral. The COUNTY shall refer all proposals for DEVELOPMENT within the THREE (3) MILE AREA to the MUNICIPALITY for its review and recommendation. Such referral shall include at least a copy of the written DEVELOPMENT proposal and preliminary COUNTY staff summary of the case. The COUNTY shall allow not less than twenty-one (21) days for the MUNICIPALITY to review the referral and furnish its recommendations to the COUNTY staff prior to formulation of the COUNTY staff recommendation. If the MUNICIPALITY does not respond within such time, the COUNTY staff may proceed with its recommendation, but any comment or recommendation from the MUNICIPALITY received on or before the Thursday immediately preceding the meeting of the Board of County Commissioners or Planning Commission when the matter shall be considered shall be transmitted to the Board or Commission. If the MUNICIPALITY submits no comment or recommendation, the COUNTY may assume it has no objection to the proposal. If the MUNICIPALITY submits recommendations, the COUNTY shall either include within its written decision the reasons for any action taken contrary to the same or furnish such reasons to the MUNICIPALITY by a separate writing. The MUNICIPALITY shall be given notice of, and may appear and be heard at any hearing or other proceeding at which the COUNTY shall consider a DEVELOPMENT subject to the foregoing referral process.

B. Development within THREE (3) MILE AREA. Upon receipt of any proposal for DEVELOPMENT within the THREE (3) MILE AREA then currently eligible for voluntary annexation to the MUNICIPALITY, the COUNTY shall, in writing, at time of a pre-application with the Department of Planning Services, notify the proponent of the opportunity for annexation. The Director of Planning Services shall, in writing, notify the MUNICIPALITY's Mayor and Town Manager. The MUNICIPALITY shall have twenty-one (21) days following contact by the proponent, which shall be documented, in writing, (with a copy of the COUNTY), to notify the COUNTY, in writing, that the MUNICIPALITY and the applicant have agreed to the terms of a pre-annexation agreement. The COUNTY shall not process any application until the completion of said twenty-one (21) days, or until the COUNTY receives notification from the MUNICIPALITY that a pre-annexation agreement between the MUNICIPALITY and the applicant will not be pursued, whichever occurs sooner. If no such notification is received by the COUNTY during said twenty-one (21) days, processing of the application shall continue by the COUNTY to completion.

C. Mutuality of Impact Consideration. The parties recognize that decisions by one party regarding development may impact property outside of its jurisdiction. The parties agree that jurisdictional boundaries shall not be the basis for giving any greater or lesser weight to those impacts during the course of deliberations.

D. Referrals to the County. The MUNICIPALITY shall refer proposals for DEVELOPMENT which lie within five hundred (500) feet of any property in unincorporated Weld County to the COUNTY for its review and recommendation. Such referral shall include at least a copy of the written DEVELOPMENT proposal. The MUNICIPALITY shall allow not less than twenty-one (21) days for the COUNTY to review same and furnish its recommendations to the MUNICIPALITY. If the COUNTY submits no comment or recommendation, the MUNICIPALITY may assume it has no objection to the proposal. If the COUNTY submits recommendations, the MUNICIPALITY shall either include within its written decision the reasons for any action taken contrary to the same or furnish such reasons to the COUNTY by a separate writing. Where the DEVELOPMENT is proposed as part of an annexation of more than ten (10) acres, the provisions of this section shall be deemed satisfied by compliance by the MUNICIPALITY with the notice and impact report provisions of the most current version of the Municipal Annexation Act then in effect. The COUNTY shall be given notice of, and may appear and be heard at, any hearing or other proceeding at which the MUNICIPALITY shall consider a DEVELOPMENT subject to the foregoing referral process.

Sec. 19-6-60. Implementation of CPA.

Following the mutual execution of this CPA, each party shall promptly enact and implement such amendments to its existing regulations as may be necessary to give effect to the provisions of Section 19-6-50. Each party shall have sole and exclusive discretion to determine such measures and any new ones enabling it to perform this CPA. Each party's land use regulations as referred to herein are ordinances whose amendment requires certain formalities, including notice and public hearings. The mutual covenants in this section and elsewhere to implement this CPA promptly are given and received with mutual recognition and understanding of the legislative processes involved, and such covenants shall be liberally construed in light thereof.

Sec. 19-6-70. Establishment of Common Development Standards.

The MUNICIPALITY and COUNTY shall, within one (1) year of the effective date of this CPA, attempt to agree to establish common development standards within designated areas, which may include areas within the MUNICIPALITY's boundaries and/or within the THREE (3) MILE AREA. Common development standards should include, but not be limited to, roadways (types, widths, horizontal design, access and spacing) and drainage (on-site, off-site, discharge, easements, and regional facilities).

Sec. 19-6-80. Miscellaneous Provisions.

A. Severability. Should any one or more sections or paragraphs of this CPA be judicially determined invalid or unenforceable, such judgment shall not affect, impair or invalidate the remaining provisions of this CPA, the intention being that the various sections and paragraphs are severable; provided, however, that the parties shall then review the remaining provisions to determine if the CPA should continue, as modified, or if the CPA should be terminated.

B. Termination. This CPA shall continue in effect for a period of one year from the date first written above, and shall be renewed automatically thereafter for successive one (1) year periods. Notwithstanding the foregoing, however, either party may terminate this CPA by giving at least twelve (12) months' written notice thereof to the other party.

C. Amendment. This CPA may be amended only by a writing executed by the parties and adopted according to the same procedures as the original adoption (requiring the written consent of the amendment by both parties and compliance with the procedures detailed in Sections D and E, below).

D. Adoption by the MUNICIPALITY. The MUNICIPALITY shall at public hearing(s) consider this CPA for adoption upon published notification. The MUNICIPALITY shall provide a complete record of such public hearing(s) to the COUNTY for review prior to the start of the COUNTY's adoption process detailed in Section E, below.

E. Adoption by the COUNTY. The COUNTY shall, upon published notification consider this CPA for adoption and amendment to Chapter 19 of the Weld County Code. In the course of such adoption process, the COUNTY shall review the complete record of the public hearing(s) held by the MUNICIPALITY wherein it considered this CPA for adoption. The effective date of this CPA shall be its effective date of amendment to the Weld County Code.

F. Reserved Rights. Nothing herein shall be construed to limit any procedural or substantive rights afforded a party under law respecting the matters that are the subject of this CPA, including without limitation any rights of referral, participation or judicial review related to any land use or development procedure or approval of the other party, which rights are hereby reserved to each party.

G. Enforcement. Either party may enforce this CPA by an action for specific performance, declaratory and/or injunctive relief, or other equitable relief. The parties agree the remedies for enforcement hereof are limited to non-monetary relief, and each party hereby waives any right to seek damages for any violation of this CPA. No other person or entity shall have any right to enforce the provisions of this CPA.

BE IT FURTHER ORDAINED by the Board that the Clerk to the Board be, and hereby is, directed to arrange for Colorado Code Publishing to supplement the Weld County Code with the amendments contained herein, to coincide with chapters, articles, divisions, sections, and subsections as they currently exist within said Code; and to resolve any inconsistencies regarding capitalization, grammar, and numbering or placement of chapters, articles, divisions, sections, and subsections in said Code.

BE IT FURTHER ORDAINED by the Board, if any section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is for any reason held or decided to be unconstitutional, such decision shall not affect the validity of the remaining portions hereof. The Board of County Commissioners hereby declares that it would have enacted this Ordinance in each and every section, subsection, paragraph, sentence, clause, and phrase thereof irrespective of the fact that any one or more sections, subsections, paragraphs, sentences, clauses, or phrases might be declared to be unconstitutional or invalid.

The above and foregoing Ordinance Number 2015-15 was, on motion duly made and seconded, adopted by the following vote on the 19th day of October, A.D., 2015.

Windsor Plan

This Coordinated Planning Agreement ("CPA") is made and entered into effective as of the 10th day of August, 2015, between the Board of County Commissioners of the County of Weld, State of Colorado, whose address is 1150 O Street, Greeley, CO 80631, hereinafter called the "COUNTY," and the Town of Windsor, a Colorado home rule municipal corporation, whose address is 301 Walnut Street, Windsor, Colorado 80550, hereinafter called the "MUNICIPALITY." The COUNTY and MUNICIPALITY are hereinafter sometimes referred to individually as "party" and collectively as "the parties."

RECITALS

A. COUNTY exercises governmental authority regulating land use, growth and development within the unincorporated areas of Weld County, Colorado, which areas include lands surrounding MUNICIPALITY; and

B. MUNICIPALITY exercises governmental authority with respect to land use, growth, and development within its municipal boundaries and regarding its annexations, and has demonstrated the capability of providing municipal services and facilities (including water and sewer services based on the municipality's code and/or other municipal service policies) within the THREE (3) MILE AREA, as defined herein; and

C. Title 29, Article 20 of the Colorado Revised Statutes, grants broad authority to local governments to plan for and regulate development and the use of land within their respective jurisdictions, accomplishing such activities through public processes that respect, protect, and promote private property rights; and

D. Title 29, Article 20 of the Colorado Revised Statutes, authorizes and encourages local governments to cooperate and contract with each other for the purpose of planning and regulating the development of land by the joint and coordinated exercise of planning, zoning, subdivisions, building, and related regulatory powers; and

E. Pressures for growth and development in MUNICIPALITY and COUNTY indicate that the joint and coordinated exercise by COUNTY and MUNICIPALITY of their respective planning, zoning, subdivision, building and related regulatory powers in such areas will best promote the objectives stated in this CPA; and

F. This CPA adheres to the objectives and Policies of the Weld County Comprehensive Plan, set forth in Section 22-2-40 of the Weld County Code and, in particular, UD.Goal 2., which encourages the establishment of intergovernmental agreements concerning growth areas with each municipality in Weld County.

NOW THEREFORE, for and in consideration of the mutual promises and undertakings herein set forth, the parties agree as follows:

1. **PURPOSES AND OBJECTIVES.** The purpose of this CPA is to establish procedures and standards pursuant to which the parties will move toward greater coordination in the exercise of their land use and related regulatory powers within unincorporated areas surrounding MUNICIPALITY. The objectives of such efforts are to accomplish the type of development in such areas which best protects the health, safety, prosperity, and general welfare of the inhabitants of the parties and to achieve maximum efficiency and economy in the process of development. However, any action taken pursuant to this CPA that pertains to any land within MUNICIPALITY, for incorporated areas, and within COUNTY, for unincorporated areas, is subject to exclusive final approval by the governing body of MUNICIPALITY or COUNTY, respectively.

2. **DEFINITIONS.** For the purposes of this CPA the following terms shall be defined as set forth herein:

2.1 **DEVELOPMENT.** Any land use requiring regulatory approval by the elected governing body of the applicable party in the THREE (3) MILE AREA, except for an amendment to a plat or a down-zoning, neither of which creates any additional lots, and except for a Recorded Exemption or Subdivision Exemption. Existing agricultural uses, which are lawful uses, either as uses-by-right under the Weld County Code, or as legally existing non-conforming uses, are also exempt from the definition of "DEVELOPMENT."

2.2. **THREE (3) MILE AREA.** The area as defined by Colorado Revised Statutes, C.R.S. 31-12-105.1.E.

3. **PLANNING COORDINATION.** This CPA is intended to be a Comprehensive Development Plan adopted and implemented pursuant to C.R.S. § 29-20-105(2). Following the execution of this CPA by both parties, applications to COUNTY for DEVELOPMENT within the THREE (3) MILE AREA shall be processed and determined in accordance with the following:

3.1 **REFERRAL.** COUNTY shall refer all proposals for DEVELOPMENT within the THREE (3) MILE AREA to MUNICIPALITY for its review and recommendation. Such referral shall include at least a copy of the written DEVELOPMENT proposal and preliminary COUNTY staff summary of the case. COUNTY shall allow not less than twenty-one (21) days for MUNICIPALITY to review the referral and furnish its recommendations to COUNTY staff prior to formulation of the COUNTY staff recommendation. If the MUNICIPALITY does not respond within such time, COUNTY staff may proceed with its recommendation, but any comment or recommendation from MUNICIPALITY received on or before the Thursday immediately preceding the meeting of the Board of County Commissioners or Planning Commission when the matter shall be considered shall be transmitted to the Board or Commission. If the MUNICIPALITY submits no comment or recommendation, COUNTY may assume it has no objection to the proposal. If MUNICIPALITY submits recommendations, COUNTY shall either include within its written decision the reasons for any action taken contrary to the same or furnish such reasons to MUNICIPALITY by a separate writing. MUNICIPALITY shall be given notice of, and may appear and be heard at any hearing or other

proceeding at which COUNTY shall consider a DEVELOPMENT subject to the foregoing referral process.

3.2 DEVELOPMENT WITHIN THREE (3) MILE AREA. Upon receipt of any proposal for DEVELOPMENT within the THREE (3) MILE AREA then currently eligible for voluntary annexation to MUNICIPALITY, COUNTY shall, in writing, at time of a pre-application with the Department of Planning Services, notify the proponent of the opportunity for annexation. The Director of Planning Services shall, in writing, notify MUNICIPALITY's mayor and Town Manager. MUNICIPALITY shall have twenty-one (21) days following contact by the proponent, which shall be documented in writing (with a copy of COUNTY), to notify COUNTY in writing that MUNICIPALITY and the applicant have agreed to the terms of a pre-annexation agreement. COUNTY shall not process any application until the completion of said twenty-one (21) days, or until COUNTY receives notification from the MUNICIPALITY that a pre-annexation agreement between MUNICIPALITY and the applicant will not be pursued, whichever occurs sooner. If no such notification is received by COUNTY during said twenty-one (21) days, processing of the application shall continue by COUNTY to completion.

3.3 MUTUALITY OF IMPACT CONSIDERATION. The parties recognize that decisions by one party regarding development may impact property outside of its jurisdiction. The parties agree that jurisdictional boundaries shall not be the basis for giving any greater or lesser weight to those impacts during the course of deliberations.

3.4 REFERRALS TO COUNTY. MUNICIPALITY shall refer proposals for DEVELOPMENT which lie within 500 feet of any property in unincorporated Weld County to COUNTY for its review and recommendation. Such referral shall include at least a copy of the written DEVELOPMENT proposal. MUNICIPALITY shall allow not less than twenty-one (21) days for COUNTY to review same and furnish its recommendations to MUNICIPALITY. If COUNTY submits no comment or recommendation MUNICIPALITY may assume it has no objection to the proposal. If COUNTY submits recommendations, MUNICIPALITY shall either include within its written decision the reasons for any action taken contrary to the same or furnish such reasons to COUNTY by a separate writing. Where the DEVELOPMENT is proposed as part of an annexation of more than 10 acres, the provisions of this section shall be deemed satisfied by compliance by MUNICIPALITY with the notice and impact report provisions of the most current version of the Municipal Annexation Act then in effect. COUNTY shall be given notice of, and may appear and be heard at any hearing or other proceeding at which MUNICIPALITY shall consider a DEVELOPMENT subject to the foregoing referral process.

4. IMPLEMENTATION OF CPA. Following the mutual execution of this CPA, each party shall promptly enact and implement such amendments to its existing regulations as may be necessary to give effect to the provisions of Section 3. Each party shall have sole and exclusive discretion to determine such measures and any new ones enabling it to perform this CPA. Each party's land use regulations as referred to herein are ordinances whose amendment requires certain formalities, including notice and public hearings. The mutual covenants in this section and elsewhere to implement this CPA promptly are given and received with mutual recognition

and understanding of the legislative processes involved, and such covenants shall be liberally construed in light thereof.

5. ESTABLISHMENT OF COMMON DEVELOPMENT STANDARDS.

MUNICIPALITY and COUNTY shall, within one (1) year of the effective date of this CPA, attempt to agree to establish common development standards within designated areas, which may include areas within MUNICIPALITY's boundaries and/or within the THREE (3) MILE AREA. Common development standards should include, but not be limited to, roadways (types, widths, horizontal design, access and spacing) and drainage (on-site, off-site, discharge, easements, and regional facilities).

6. MISCELLANEOUS PROVISIONS.

6.1 Severability. Should any one or more sections or paragraphs of this CPA be judicially determined invalid or unenforceable, such judgment shall not affect, impair or invalidate the remaining provisions of this CPA, the intention being that the various sections and paragraphs are severable; provided, however, that the parties shall then review the remaining provisions to determine if the CPA should continue, as modified, or if the CPA should be terminated.

6.2 Termination. This CPA shall continue in effect for a period of one year from the date first written above, and shall be renewed automatically thereafter for successive one (1) year periods. Notwithstanding the foregoing, however, either party may terminate this CPA by giving at least twelve (12) months' written notice thereof to the other party.

6.3 Amendment. This CPA may be amended only by a writing executed by the parties and adopted according to the same procedures as the original adoption (requiring the written consent of the amendment by both parties and compliance with the procedures detailed in Sections 6.4 and 6.5 of this CPA).

6.4 Adoption by MUNICIPALITY. MUNICIPALITY shall at public hearing(s) consider this CPA for adoption upon published notification. MUNICIPALITY shall provide a complete record of such public hearing(s) to COUNTY for review prior to the start of COUNTY's adoption process detailed in Section 6.5, below.

6.5 Adoption by COUNTY. COUNTY shall, upon published notification consider this CPA for adoption and amendment to Chapter 19 of the Weld County Code. In the course of such adoption process, COUNTY shall review the complete record of the public hearing(s) held by MUNICIPALITY wherein it considered this CPA for adoption. The effective date of this CPA shall be its effective date of amendment to the Weld County Code.

6.6 Reserved Rights. Nothing herein shall be construed to limit any procedural or substantive rights afforded a party under law respecting the matters that are the subject of this CPA, including without limitation any rights of referral, participation or judicial review related to any land use or development procedure or approval of the other party, which rights are hereby reserved to each party.

6.7 Enforcement. Either party may enforce this CPA by an action for specific performance, declaratory and/or injunctive relief, or other equitable relief. The parties agree the remedies for enforcement hereof are limited to non-monetary relief, and each party hereby waives any right to seek damages for any violation of this CPA. No other person or entity shall have any right to enforce the provisions of this CPA.

IN WITNESS WHEREOF, the parties have executed this CPA effective as of the date first above written.

Re: City of Greeley Three Mile Plan

Dear Michael:

Thank you for the opportunity to comment on this proposal. The Weld County Departments of Planning Services and Public Works have reviewed this proposal and submit the following comments for your consideration.

An approved, amended Site Plan Review (SPR) is in place for the Carestream property, 3AMSPR19-99-293, recorded under reception number 4555316 on January 2, 2020, attached.

The Hankins property (parcel 095717000016) does not have any SPR, Use by Special Review (USR), or zoning permits in place. The property immediately south (parcels 095720100006, 095720100011, and 095720400010), also owned by Hankins Farm, LLC, has an approved USR for a recreational facility (USR14-0033). Parcel 095720100005, owned by David Hankins, contains a USR approved in 1984 for a natural gas facility (USR-585), which appears to have been removed sometime prior to 1998.

The enclaved Alter Trading Corporation (Iron Ridge) property (095709000009) is located approximately one-half mile east of the Hankins property. This property has a USR for a salvage yard (USR-486) and is also listed in our records as a legal, nonconforming use (NCU-28). Weld County recommends enclaved properties be annexed as soon as practicable.

More information is available online on the Weld County Property Portal at <https://maps.weld.gov/propertyportal/>.

There is no County commitment to upgrade County roads and bridges to accommodate municipal developments.

Sincerely,

Jim Flesher, AICP

Re: City of Greeley Three Mile Plan Referral 2025

Dear Mr. Franke,

Thank you for the opportunity to provide comments on the City of Greeley's proposed Three Mile Plan. The Town of Johnstown understands the importance of long-range planning and working collaboratively with our regional partners and stakeholders on these issues.

GROWTH MANAGEMENT AREA AND THREE MILE PLAN

The area labeled as Hankins Farm Site has been in the Town of Johnstown's Growth Management Area (GMA) since 2006, as evidenced in the Land Use Framework Plan that was included in the Town's adopted 2006 Comprehensive Plan (Attachment No. 1). Also attached is the Future Land Use map from the Town's adopted 2021 Comprehensive Plan (Attachment No. 2). The Hankins Farm Site is also in the Town of Johnstown's Three Mile Plan, as adopted by the Town Council on January 22, 2025 by Resolution 2025-03 (Attachment No. 3). There is no evidence that the Hankins Farm Site has ever been included in the City of Greeley's GMA, Three Mile Plan, or any other long-range planning documents. In fact, the City of Greeley's Land Use Plan for **2060** (Attachment No. 4) does not even include the Hankins Farm Site. The City of Greeley's proposed Three Mile Plan, if adopted, would create an overlap area with the Town of Johnstown's GMA boundaries and its Three Mile Plan.

Pursuant to CRS § 31-12-102 (Municipal Annexation Act of 1965),

The general assembly hereby declares that the policies and procedures in this part 1 are necessary and desirable for the orderly growth of urban communities in the state of Colorado, and to these ends this part 1 shall be liberally construed. The general assembly further declares that it is the purpose of this part 1:

- a. To encourage natural and well-ordered development of municipalities of the state;
- b. To distribute fairly and equitably the costs of municipal services among those persons who benefit therefrom;

The Community that Cares

- c. To extend municipal government, services, and facilities to eligible areas which form a part of the whole community;
- d. To simplify governmental structure in urban areas;
- e. To provide an orderly system for extending municipal regulations to newly annexed areas;
- f. To reduce friction among contiguous or neighboring municipalities; **and**
- g. To increase the ability of municipalities in urban areas to provide their citizens with the services they require.

The purposeful and intentional creation of overlap areas within GMA boundaries does not promote “orderly growth” or “reduce friction among contiguous or neighboring municipalities;” rather, it does the complete opposite. It also fails to simplify governmental structure in urban areas by adding more regulatory oversight and procedure. Uncoordinated overlaps are a deviation from the spirit of the law, which promotes intergovernmental coordination.

Redundancy – Duplication of Services

Creating overlapping planning areas leads to duplicative infrastructure and long-range planning efforts, requiring multiple jurisdictions to invest in studies and master plans for the same service area. This can be a costly exercise and completely avoidable if overlapping planning areas are prevented. In addition, it makes it difficult to adequately plan capital improvement projects and the systematic extension of infrastructure because the overlap area creates uncertainty.

Contradiction of Countywide and Regional Planning Principles

Weld County’s comprehensive plan is designed to coordinate growth regionally. Creating overlap in the absence of a joint agreement is contrary to the County’s own guiding principles, one of which is to promote economic growth and stability. The purposeful and intentional creation of overlap areas will only decrease stability in the area.

Uncertainty in Annexation Proceedings

CRS § 31-12-114 deals entirely with conflicting annexation claims of two or more municipalities, or where GMA boundaries overlap. The Hankins Farm Site is firmly located in the Town of Johnstown’s Three Mile Plan area and is not currently located in the City of Greeley’s Three Mile Plan area. The proposed expansion of the City of Greeley’s Three Mile Plan will create an overlap area which could lead to excessive and contentious annexation proceedings, where none currently exist.

Failure to Cooperate

Pursuant to CRS § 29-20-105 (Intergovernmental Cooperation), “local governments are authorized and **encouraged** to cooperate or contract with other units of government pursuant to part 2 of article 1 of this title for the purpose of planning or regulating the development of land including, but not limited to, the joint exercise of planning, zoning, subdivision, building, and related regulations.” Moving to purposely and intentionally create an overlap without first pursuing good-faith cooperation and/or Intergovernmental Agreement (IGA) negotiations violates the spirit of this statute.

The Town of Johnstown (Town) has been an active participant and cooperating partner in the 1601 process discussions for the major improvements planned at the intersection of Highway 34 and County Road 17. The Town has been a willing participant because the southwest corner of said intersection is located in the Town's GMA. The Town has dedicated staff time and resources to this regionally significant project because of the GMA boundaries and long-range planning goals. Again, an expansion of the City of Greeley's growth boundaries will create an overlap that will ultimately complicate these discussions by adding another layer of regulation and ambiguity.

SUMMARY

The City of Greeley's proposed Three Mile Plan is inconsistent with the intent and spirit of several Colorado Revised Statutes, undermines long-range planning efforts undertaken and adopted by the Town of Johnstown, and has been prepared with the complete absence of good-faith cooperation; therefore, the Town of Johnstown respectfully requests that the City of Greeley remove the Hankins Farm Site from the proposed plan.

Sincerely,

Jeremy Gleim, AICP
Planning & Development Director
Town of Johnstown

**TOWN OF JOHNSTOWN, COLORADO
RESOLUTION NO. 2025-03**

ADOPTING THE 2025 THREE MILE PLAN

WHEREAS, the Town of Johnstown, Colorado (the “Town”) is a Colorado home rule municipality, duly organized and existing under the laws of the State of Colorado and the Town’s Home Rule Charter; and

WHEREAS, the Town Council is vested with authority to administer the affairs of the Town; and

WHEREAS, Section 31-12-105(1)(e), C.R.S., provides that, for purposes of annexation, each municipality shall annually prepare a plan for the geographic area within three miles in any direction from the municipality’s borders generally describing the proposed location, character, and extent of streets, subways, bridges, waterways, waterfronts, parkways, playgrounds, squares, parks, aviation fields, other public ways, grounds, open spaces, public utilities, and terminals for water, light, sanitation, transportation, and power to be provided by the municipality and the proposed land uses for the area (“Three-Mile Plan”); and

WHEREAS, to comply with the statutory directive, the Town Council desires to adopt the 2025 Three-Mile Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF JOHNSTOWN, COLORADO, THAT the 2025 Three-Mile Plan, attached hereto and incorporated herein by reference as Exhibit A, is hereby approved and adopted.

PASSED, SIGNED, APPROVED, AND ADOPTED THIS 22nd day of January, 2025.

Three-Mile Plan Overview (/three-mile-plan-overview)

2018 Planning for Hazards Webinar Series (/2018-planning-for-hazards-webinar-series)

Background

In 1987, the Colorado legislature made substantial changes to the state's annexation law. One of the more significant changes limited municipal annexations to no more than three-miles beyond a current boundary line in any given year, except under special circumstances. The legislature also required that a municipality adopt an annexation master plan for the three-mile area (or three-mile plan, as they are commonly known) prior to the completion of any annexation. In 2024, the Colorado legislature required Three Mile Plans to be included in municipal comprehensive plans. The same legislation required regional comprehensive plans to include three-mile plans for each municipality that is part of the regional planning commission and a description of how each jurisdiction will integrate that plan into the comprehensive plan.

Before You Annex

Prior to the final adoption of an annexation ordinance within the three-mile area, the municipality must have in place a three-mile plan. This plan must be updated at least once a year.

What Is A Three-Mile Plan?

The three-mile plan is a long range planning opportunity for municipalities to consider where they want to annex, how they will provide service in the newly annexed areas, and how they will sustain adequate levels of service throughout the rest of the municipality. It ensures that the municipality will annex land only when it is consistent with pre-existing plans for the surrounding area.

The failure to plan specifically for the physical growth of a municipality can result in haphazard annexations that prove expensive to the municipality annexing the land, the county in which the land is located and the neighboring communities.

The statute requires a three-mile plan to generally describe the proposed location, character and extent of future public utilities and infrastructure (e.g., streets, bridges, parks, playgrounds, aviation fields, waterways, open spaces and other public grounds) as well as proposed land uses for the area. The master or comprehensive plan takes into account all land that is functionally related to the growth of the municipality, not just land within three miles of the municipal boundary. If the master or comprehensive plan covers these elements required for a three-mile plan, it will suffice as the three-mile plan, and many municipalities have adopted it as such. As noted above, the three-mile plan must be reviewed and updated annually.

In contrast to an annexation impact report, which is site specific to individual annexations, the three-mile plan takes a broader approach to the annexation and development of land. No plat of a subdivision of land within such an area may be filed or recorded until approved by the municipal planning commission. A proposed annexation should be consistent with the municipality's master plan and three-mile plan, in addition to other policies.

On a separate, more political point, when residents hear the term "three-mile plan," some may jump to the conclusion that the municipality is intending to force everyone within three miles to annex. It is important to educate the residents of the municipality but also the residents in the county on this point. Generally speaking, municipalities cannot force landowners to annex, nor can landowners force municipalities to annex them.

What If We Don't Have An Updated Three-Mile Plan?

The failure to have a plan prior to the completion of an annexation could open a municipality up to litigation. Colorado law limits those who have a right to challenge annexations to property owners within the annexed area, the county(ies) in which the land is located and neighboring municipalities within one mile. In areas with growth pressures, it is increasingly likely that these three groups will use the lack of a plan as grounds for invalidating the annexation.

State law does not specifically state that an annexation must be in compliance or conformity with a municipality's three-mile plan, though it is likely that a court would require a legislative finding that such compliance or conformity exists. If the annexation is accompanied by a proposed planned unit development, the PUD must be in general conformity with the municipality's master plan, irrespective of the three-mile plan (CRS 24-67-104(1)(f)). Neighbors of the project have the right to challenge the PUD, even though they might, in turn, challenge the annexation.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Adam Turk, Police Chief

Title:

Resolution authorizing the City of Greeley to enter into a grant agreement between the City of Greeley and the State of Colorado, Division of Local Affairs, regarding receipt of grant funding provided by the Peace Officer Behavioral Health Support and Community Partnership Grant Program

Summary:

The Colorado Department of Local Affairs (DOLA) has a grant opportunity to provide financial assistance annually to local law enforcement agencies, peace officer organizations, and public safety agencies that employ peace officers for purposes listed below.

- Co-responder community responses;
- Community-based alternative responses;
- Counseling services for peace officers and their immediate family members;
- Assistance for development and implementation of policies to support peace officers who are involved in shootings or fatal use of force;
- Training and education programs that teach peace officers and their immediate family members the symptoms of job-related mental trauma and how to prevent and treat such trauma;
- Peer support programs for peace officers.
- Hiring, contracting, or developing a remote network to provide behavioral health counseling, therapy or other related support services to peace officers involved in job-related traumatic situations.

The award amount is not decided until after application. DOLA determines the award based on funding availability and jurisdiction size.

The grant deadline is June 30, 2025.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

No Impact.

Is there grant funding for this item? Yes

Does this action have potential long-term fiscal implications? No

Legal Issues:

Consideration of this matter is a legislative process

Other issues and Considerations:

Strategic Focus Area:

Safe and Secure Communities

Decision Options:

1. Adopt the resolution as presented; or
2. Amend the resolution and adopt as amended; or
3. Deny the resolution; or
4. Continue consideration of the resolution to a date certain.

Council's Recommended Action:

Adopt the resolution.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Robert Miller, Division Treasurer, Tyra Litzau, Finance Director, Allena Portis, Deputy City Manager/Chief Financial Officer

Title:

Resolution concerning the proposed City of Greeley, Colorado, Water Revenue Bonds, Series 2025; authorizing the receipt of competitive bids for the Series 2025 Bonds, including the use of an electronic bidding system therefor; and prescribing certain details concerning such public sale of the Series 2025 Bonds

Summary:

The resolution for City Council consideration is to authorize the receipt of competitive bids for the water revenue bonds, Series 2025, in an aggregate principal amount not to exceed \$39,500,000, bearing interest at the rates and maturing on the dates in the amounts to be set forth in the final terms certificate, and on the terms and conditions provided in the bond ordinance. A portion of the net proceeds of the Series 2025 Bonds are to be used to reimburse the City for various previously paid costs and for future costs associated with the construction of various improvements and additions to the System, which generally include the following: replacement and expansion of the transmission and distribution systems, replacement and rehabilitation of water storage infrastructure, construction of infrastructure to access the Terry Ranch aquifer, and the purchases of blocks of water rights to meet the City's future water demand. These projects will need to be partially funded through bond revenues.

The resolution states that the City of Greeley authorizes the receipt of competitive bids for the issuance of the Series 2025 Water Revenue bonds, recognizing that the issuance of these bonds will impact the Water Fund's debt service payments and the rates required to support those payments. Water and Sewer Department Staff, in partnership with the Finance Department and the City's Financial Advisor, have reviewed and approved the debt service requirements of the proposed bond issuance in alignment with the rate structure approved by City Council. The proposed issuance of these bonds also maintains an appropriate bonding capacity of the Water Enterprise fund for future bond issuances in accordance with the approved Water and Sewer Capital Improvement Plan. The Water and Sewer Board has also approved the issuance of these bonds at their May 21, 2025 meeting.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

Positive Impact: What is the onetime and/or ongoing amount? Onetime bond proceeds not to exceed \$39.5 million.

- Is it budgeted? Yes.
- Does it require a new appropriation? No.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Negative Impact: What is the onetime and/or ongoing amount? Estimated ongoing debt service payment up to \$3 million annually.

- Is it budgeted? Yes, the 2025 budget identified approved expenditures using the bond proceeds.
- If yes, what source and fund will be used? Rates and Fees in the Water Fund.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Is there grant funding for this item? Not Applicable.

Does this action have potential long-term fiscal implications? Estimated annual debt service payments for the duration of the debt for \$3 million.

Legal Issues:

None. Kutak Rock LLP is serving as bond counsel. Consideration of this matter is a legislative process.

Other issues and Considerations:

The bonds are expected to be marketed in August for a closing on the sale of the bonds on August 26.

Strategic Focus Area:

Infrastructure and Mobility

Decision Options:

1. Adopt the resolution as presented; or
2. Amend the resolution and adopt as amended; or
3. Deny the resolution; or
4. Continue consideration of the resolution to a date certain.

Council's Recommended Action:

Adopt the resolution.

Attachments:

1. Resolution No. 25, 2025 with Appendix A & B

RESOLUTION NO. 25, 2025

A RESOLUTION CONCERNING THE PROPOSED CITY OF GREELEY, COLORADO, WATER REVENUE BONDS, SERIES 2025; AUTHORIZING THE RECEIPT OF COMPETITIVE BIDS FOR THE SERIES 2025 BONDS, INCLUDING THE USE OF AN ELECTRONIC BIDDING SYSTEM THEREFOR; AND PRESCRIBING CERTAIN DETAILS CONCERNING SUCH PUBLIC SALE OF THE SERIES 2025 BONDS

WHEREAS, the City Council (the “Council”) of the City of Greeley, Colorado, acting by and through the Enterprise (as defined below) (the “City”), has determined, and hereby determines, that it is advantageous and favorable to the City that the City’s Water Revenue Bonds, Series 2025 (the “Series 2025 Bonds”) be sold and issued for the purpose of defraying, in whole or in part, the cost of additions and improvements to the municipal water system of the City (the “System”) operated by its Water Enterprise (the “Enterprise”); and

WHEREAS, pursuant to Section 5-23(c) of the Charter of the City (the “Charter”), the Series 2025 Bonds are to be sold based upon competitive bids to be received by the City, upon due notice as herein provided;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF GREELEY, COLORADO:

Section 1. The Series 2025 Bonds shall be sold based upon competitive bids to be received by the City on or about August 12, 2025; provided, however, that the Council hereby delegates to the Finance Officer, as the Financial Officer and ex-officio City Treasurer, or his or her designee, including without limitation, the Division Treasurer of Finance (the “Finance Officer”) the authority to change the date or time of the public sale of the Series 2025 Bonds to a later date or time (but not later than 180 days after final passage of the ordinance authorizing the Series 2025 Bonds (the “Bond Ordinance”)), if the Finance Officer determines that such delay of the sale will maximize the likelihood of marketing the Series 2025 Bonds when market conditions are relatively favorable, or that it is necessary or desirable to provide additional time to finalize information or documentation relating to the Series 2025 Bonds. If there is such a change in sale date or time, appropriate changes may be made to the sale notice forms set forth herein (or such changes may be posted electronically as described in such sale notice forms); and corresponding changes may also be made in dated dates of the Series 2025 Bonds and other documents and instruments referred to herein. Bids for the Series 2025 Bonds must be submitted electronically by means of the i-Deal Parity system (“Parity”), in the manner described below. No other method of submitting bids will be accepted. The Finance Officer and the City Clerk of the City are hereby authorized and directed to cause to be published in the Greeley Daily Tribune, a newspaper published and of general circulation in the City, at least once at least five days prior to the date of receiving bids, a notice of bond sale in substantially the following form, with such completions and changes as may be approved by the Finance Officer as further provided in Section 5 hereof:

(Form of Notice of Bond Sale for Publication)

NOTICE OF BOND SALE
CITY OF GREELEY, COLORADO,
ACTING BY AND THROUGH ITS
WATER ENTERPRISE,
WATER REVENUE BONDS
SERIES 2025—\$[_____]*

PUBLIC NOTICE IS HEREBY GIVEN that the City of Greeley, Colorado, acting by and through its Water Enterprise (the “City”), will on Tuesday, August [12], 2025 at the hour of 9:30 a.m., Greeley time, receive competitive bids for the purchase of the “City of Greeley, Colorado, acting by and through its Water Enterprise, Water Revenue Bonds, Series 2025” (the “Series 2025 Bonds”) in the aggregate principal amount of \$[_____] ,* by means of the i-Deal Parity electronic bidding system (“Parity”). The date and time of the sale may be changed at the discretion of the City, and the City also reserves the right to make other changes to the provisions of this notice (and the below-described Official Notice) prior to the date and time of the sale. Any such changes may be posted through Parity; prospective bidders are advised to check for such Parity postings prior to the stated sale time. Bids must be submitted via Parity by the date and hour specified above (or other date and time specified through Parity).

This publication is a condensation of the City’s Official Notice of Sale (the “Official Notice”), authorized by the City Council of the City on June [___], 2025, and the information contained herein is subject in all respects to the Official Notice. The Official Notice, the Preliminary Official Statement relating to the Series 2025 Bonds (the “Preliminary Official Statement”), and other information concerning the City and the Series 2025 Bonds may be obtained from Allena Portis, Finance Officer, ex-officio City Treasurer, City Center North, 1100 10th Street, Greeley, Colorado 80631 (telephone: (970) 350-9867; facsimile: (970)-350-9736; e-mail: Allena.Portis@greeleygov.com), or from the City’s Financial Advisor, Hilltop Securities Inc., Attention: Jason Simmons, 8055 E. Tufts Avenue, Suite 500, Denver, Colorado 80237, (telephone: (303) 771-0217; e-mail: Jason.Simmons@hilltopsecurities.com). Reference is made to the Preliminary Official Statement for information as to the authorization and purpose of the Series 2025 Bonds; security for the Series 2025 Bonds; the book-entry system, transfer, exchange, and place of payment of the Series 2025 Bonds; the City’s continuing disclosure undertaking and other information relating to the Series 2025 Bonds and the City. Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

The Series 2025 Bonds will be dated the date of their delivery and will be issued as fully registered bonds, in denominations of \$5,000 and integral multiples thereof, by means of a book-entry system with no physical distribution of bond certificates to the public. Interest on the Series 2025 Bonds will be payable on February 1 and August 1 of each year commencing on [February 1,

* Preliminary; subject to adjustment as hereinafter permitted.

2026]. The Series 2025 Bonds will mature on August 1 in the years and in the amounts of principal designated below:

Maturity Date	Principal Amount ¹
----------------------	--------------------------------------

August 1, 2026	\$
August 1, 2027	
August 1, 2028	
August 1, 2029	
August 1, 2030	
August 1, 2031	
August 1, 2032	
August 1, 2033	
August 1, 2034	
August 1, 2035	
August 1, 2036	
August 1, 2037	
August 1, 2038	
August 1, 2039	
August 1, 2040	
August 1, 2041	
August 1, 2042	
August 1, 2043	
August 1, 2044	
August 1, 2045	

¹ Preliminary; subject to adjustment as provided below.

The aggregate principal amount of the Series 2025 Bonds, the principal amount of each maturity of the Series 2025 Bonds set forth above, and any premium specified in the winning bid are subject to adjustment by the City after determination of the winning bid, all as provided in the Official Notice. Any such adjustment will not change the interest rates specified by the successful bidder. The successful bidder may not withdraw its bid as a result of any such adjustment in principal amount of the Series 2025 Bonds.

A bidder has the option to specify that the Series 2025 Bonds maturing on and after August 1, 20[] be included in one or two (but not more than two) term maturities, subject to certain conditions and limitations provided in the Official Notice.

The Series 2025 Bonds maturing on and after August 1, 20[] are subject to prior redemption at the option of the City, in whole or in part, on August 1, 20[] or at any time thereafter (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity in such manner as the Registrar, initially Zions Bancorporation, National Association, shall determine), at a redemption price equal to the principal amounts so redeemed plus accrued interest thereon to the redemption date, without redemption premium.

Any bidder is required to submit an unconditional bid specifying the interest rates and premium, if any, at which the bidder will purchase all of the Series 2025 Bonds. It is not permissible to bid a discount on the sale of the Series 2025 Bonds from the City to the initial

purchaser (however, original issue discount is not precluded so long as the total purchase price paid by the initial purchaser to the City is at least equal to the principal amount of the Series 2025 Bonds). Reference is made to the Official Notice for information as to other limitations on the interest rates that may be bid for the Series 2025 Bonds.

Each bid must be submitted through Parity and the City reserves the right to disregard any bid in any other form. Electronic bids via Parity must be submitted in accordance with Parity's Rules of Participation, as well as the provisions of the Official Notice of Sale. The apparent successful bidder must confirm its bid by signed fax promptly upon instruction by the City. The good faith deposit of the successful bidder must be received by the City by certified check or wire transfer not later than 2:00 p.m., Greeley time, on the next business day following the award, and will be applied (without any interest accruing to the successful bidder) to the purchase price of the Series 2025 Bonds. In the event the successful bidder fails to honor its accepted bid, its good faith deposit and any interest accrued thereon will be retained by the City. Reference is made to the Official Notice for further information, conditions and requirements relating to Parity, bid limitations, basis of award, and good faith deposit.

The City reserves the right (a) to reject any and all bids for the Series 2025 Bonds, (b) to reoffer the Series 2025 Bonds for sale, and (c) to waive any irregularity or informality in any bid. The award of the Series 2025 Bonds will be subject to final passage, effectiveness and expiration of the referendum period with respect to the ordinance authorizing the Series 2025 Bonds and favorable action of the City's Water and Sewer Board.

The successful bidder will be required to make payment of the balance due for the Series 2025 Bonds, in Federal Reserve Funds or other funds acceptable to the City for immediate and unconditional credit to the City, at a bank or trust company designated by the City's Finance Officer. The Series 2025 Bonds will be delivered at the office of The Depository Trust Company in New York, New York, on confirmation by the City of receipt of the purchase price.

The validity and enforceability of the Series 2025 Bonds will be subject to approval by Kutak Rock LLP, whose opinion, together with a transcript of legal proceedings, will be furnished to the initial purchaser without charge.

BY ORDER OF THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO
dated this June __, 2025.

By /s/ _____
Mayor, City of Greeley, Colorado

(End of Form of Notice of Bond
Sale for Publication)

Section 2. The Official Notice of Bond Sale shall be in substantially the following form, with such completions and changes as may be approved by the Finance Officer, as further provided in Section 5 hereof:

(Form of Official Notice of Bond Sale)

OFFICIAL NOTICE OF SALE
CITY OF GREELEY, COLORADO,
ACTING BY AND THROUGH ITS
WATER ENTERPRISE,
WATER REVENUE BONDS
SERIES 2025—\$[_____]*

PUBLIC NOTICE IS HEREBY GIVEN that the City of Greeley, Colorado, acting by and through its Water Enterprise (the “City”), will on Tuesday, August [12], 2025, at the hour of 9:30 a.m., Greeley time, receive competitive bids for the purchase of the Series 2025 Bonds more particularly described below by means of the i-Deal Parity electronic bidding system (“Parity”). No other method of submitting bids will be accepted. The use of Parity shall be at the bidder’s risk and expense, and neither the City, its Financial Advisor nor Bond Counsel shall have any liability with respect thereto. Electronic bids via Parity must be submitted in accordance with Parity’s Rules of Participation, as well as the provisions of this Official Notice of Sale. To the extent that provisions of this Official Notice of Sale conflict with Parity’s Rules of Participation or any instruction or directions set forth by Parity, the provisions of this Official Notice of Sale shall control.

The date and time of the sale may be changed at the discretion of the City, and the City also reserves the right to make other changes to the provisions of this Official Notice prior to the date and time of the sale; any such changes may be posted through Parity. Prospective bidders are advised to check for such Parity postings prior to the stated sale time. Bids must be submitted via Parity by the date and hour specified above (or other date and time specified through Parity) as specified in “Bid Proposal” and “Parity” below.

Issue

The Series 2025 Bonds to be sold are the “City of Greeley, Colorado, acting by and through its Water Enterprise, Water Revenue Bonds, Series 2025” (the “Series 2025 Bonds”) in the aggregate principal amount of \$[_____].* The Series 2025 Bonds will be dated the date of their delivery and will be issued in fully registered form, in denominations of \$5,000 and integral multiples thereof, by means of a book entry system with no physical distribution of bond certificates to the public.

* Preliminary; subject to possible adjustment as described below under the caption “Maturities; Possible Principal Adjustment.”

Information Available From Preliminary Official Statement

This Official Notice of Sale is not to be treated as a complete disclosure of all relevant information with respect to the Series 2025 Bonds. The information set forth herein is subject to the more complete information as to the Series 2025 Bonds and the City set forth in the Preliminary Official Statement (the “Preliminary Official Statement”), and reference is made to the Preliminary Official Statement for information as to the authorization and purpose of the Series 2025 Bonds; security for the Series 2025 Bonds; the City’s rights to issue additional obligations in the future on a parity with or subordinate to the Series 2025 Bonds; the book-entry system, transfer, exchange and place of payment of the Series 2025 Bonds; the City’s continuing disclosure undertaking, and other information relating to the Series 2025 Bonds and the City.

Maturities; Possible Principal Adjustment

The Series 2025 Bonds will mature on August 1 in the years and in the amounts of Series 2025 principal as designated below:

Maturity Date	Principal Amount ¹
August 1, 2026	\$
August 1, 2027	
August 1, 2028	
August 1, 2029	
August 1, 2030	
August 1, 2031	
August 1, 2032	
August 1, 2033	
August 1, 2034	
August 1, 2035	
August 1, 2036	
August 1, 2037	
August 1, 2038	
August 1, 2039	
August 1, 2040	
August 1, 2041	
August 1, 2042	
August 1, 2043	
August 1, 2044	
August 1, 2045	

¹ Preliminary; subject to adjustment as provided below.

The aggregate principal amount of the Series 2025 Bonds and the principal amount of each maturity of the Series 2025 Bonds set forth above are subject to adjustment by the City after determination of the winning bid, to the extent the City deems appropriate in order to generate proceeds consistent with the purpose for which the Series 2025 Bonds are being issued (which

may reflect reductions in the issue size to compensate for the premium specified in the winning bid). Any such principal adjustment will be communicated to the successful bidder by the time of award of the Series 2025 Bonds and will not reduce or increase the aggregate principal amount of Series 2025 Bonds by more than 20% from the total principal amount shown above. The price bid (i.e., par plus any premium bid) by a successful bidder may be changed as described below, but the interest rates specified by the successful bidder for all maturities will not change. The successful bidder may not withdraw its bid as a result of any changes made within these limits. The price bid will be changed so that the percentage net compensation to the successful bidder (i.e., the percentage resulting from dividing (a) the aggregate difference between the offering price of the Series 2025 Bonds to the public and the price to be paid by the bidder to purchase the Series 2025 Bonds, by (b) the principal amount of the Series 2025 Bonds) does not increase or decrease from what it would have been if no adjustment were made to the principal amounts shown in the maturity schedule set forth above.

Bidders may specify that certain Series 2025 Bonds be included in one or two (but not more than two) term maturities as described in “Prior Redemption—Mandatory Sinking Fund Redemption” below.

Prior Redemption

(a) ***Optional Redemption.*** The Series 2025 Bonds maturing on and after August 1, 20[] are subject to redemption prior to their respective maturities at the option of the City, in whole or in part, on August 1, 20[] or at any time thereafter (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity in such manner as the Registrar, initially Zions Bancorporation, National Association, shall determine, giving proportionate weight, if necessary, to Series 2025 Bonds in denominations larger than \$5,000), at a redemption price equal to the principal amount so redeemed plus accrued interest thereon to the redemption date, without redemption premium.

(b) ***Mandatory Sinking Fund Redemption.*** A bidder has the option to specify that Series 2025 Bonds maturing on and after August 1, 20[] be included in one or two (but not more than two) term maturities. Amounts included in a single term maturity must consist of two or more consecutive maturities identified in the serial maturity schedule set forth above, must bear the same rate of interest and must include the entire principal amount for any serial maturity included in the term maturity (i.e., the principal amount maturing in any year may not be divided between a serial maturity and a mandatory sinking fund redemption or between two or more mandatory sinking fund redemptions). Any such Series 2025 term Bonds will be subject to mandatory sinking fund redemption in installments in the same amounts and on the same dates as the Series 2025 Bonds would have matured if they were not included in a term maturity. Series 2025 Bonds redeemed pursuant to the mandatory sinking fund redemption provisions will be redeemed at a redemption price equal to 100% of the principal amount of the Series 2025 Bonds to be redeemed plus accrued interest to the redemption date in the manner and as otherwise provided in the ordinance authorizing the Series 2025 Bonds (the “Bond Ordinance”). Any election to designate Series 2025 Bonds included in a term maturity must be made via Parity (see “Bid Proposal” below).

Interest Rates and Limitations

Interest shall be payable on February 1 and August 1 of each year, commencing on [February 1, 2026], and will be computed on the basis of a 360-day year of twelve 30-day months. There is no limit on the number of rates specified, except that one interest rate only shall be specified for the Series 2025 Bonds of any maturity. Supplemental interest coupons will not be permitted. The rate must be stated in a multiple of 1/8th or 1/20th of 1% per annum. A zero rate of interest may not be named. The maximum differential between the lowest and the highest interest rates stated in the bid may not exceed 3% per annum. The maximum interest rate shall not exceed 5.00%.

City Not to Receive Less Than Par; Original Issue Discount Otherwise Permitted

The Series 2025 Bonds shall not be sold by the City for less than their aggregate principal amount. It is not permissible to bid a discount on the sale of the Series 2025 Bonds from the City to the initial purchaser, and no discount or commission will be allowed or paid on the sale of the Series 2025 Bonds from the City to the initial purchaser. The foregoing shall not preclude original issue discount so long as the total purchase price paid by the initial purchaser to the City is at least equal to the aggregate principal amount of the Series 2025 Bonds.

Bid Proposal

Any bidder is required to submit an unconditional bid specifying the interest rates and premium, if any, at which the bidder will purchase all of the Series 2025 Bonds.

Each bidder must submit its bid electronically by means of Parity, as provided below, and any bid in any other form may be disregarded.

Parity

All bids must be submitted electronically via Parity in accordance with Parity's Rules of Participation in addition to the requirements of this Official Notice of Sale. No other provider of bidding services and no other means of delivery (i.e., telephone, facsimile or physical delivery) will be accepted. To bid, bidders must first register with Parity. Only NASD registered broker-dealers and dealer banks with DTC clearing arrangements will be eligible to bid. Bidders who have previously registered with Parity may call (212) 849-5000 for their ID number or password. In the event of a general malfunction in the electronic bidding process, bidders will be contacted to reschedule bidding. To the extent Parity's Rules of Participation or any instruction or directions set forth by Parity conflict with this Official Notice of Sale, the terms of this Official Notice of Sale shall control. Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

Bids for the Series 2025 Bonds must be electronically submitted via Parity no later than 9:30 a.m., Greeley time on August [12], 2025 (or such later date or time as may be posted via Parity), and no bids will be received after that time. Once the bids are communicated electronically

via Parity, each bid shall constitute an irrevocable offer to purchase the Series 2025 Bonds on the terms therein provided and shall be binding upon the bidder. For all purposes of the Parity electronic bidding process, the time as maintained on Parity shall constitute the official time.

By bidding for the Series 2025 Bonds, each bidder represents and warrants to the City that such bidder's bid for the purchase of the Series 2025 Bonds is submitted for and on behalf of such bidder by an officer or agent who is duly authorized to bind such bidder to a legal, valid and enforceable contract for the purchase of the Series 2025 Bonds. **Each bidder shall be solely responsible for making necessary arrangements to access Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale and Parity's Rules of Participation.** Neither the City, the Financial Advisor, Bond Counsel, nor Parity shall have any duty or obligation to provide or assure such access to any bidder, and neither the City, the Financial Advisor, Bond Counsel, nor Parity shall be responsible for proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the use of Parity. The City is using Parity as a communication mechanism, and not as the City's agent, to conduct the electronic bidding for the Series 2025 Bonds.

The City will notify the apparent successful bidder electronically (via Parity) as soon as possible after the City's receipt of bids, that such bidder's bid appears to be the best conforming bid received for the Series 2025 Bonds, subject to verification by the City and official action to be taken by the City's Finance Officer or his or her designee, including without limitation, the Division Treasurer (the "Finance Officer") as described in "Time of Award" below. Promptly upon such notification, the apparent successful bidder will be required to confirm its bid by providing the City with signed documentation of its bid satisfactory to the City's Finance Officer.

Successful Bidder's Reoffering Prices

At or before 12:00 noon, Greeley time, on the day of sale, the successful bidder for the Series 2025 Bonds must provide to the City's Financial Advisor (see "Information" below), the initial prices and yields to the public (excluding bond houses, brokers, or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of each maturity of the Series 2025 Bonds was sold, in an aggregate dollar amount. The information as to initial offering prices shall be based on the winning bidder's expectations as of the day of sale and not on actual facts after the day of sale. Such initial prices and yields must be confirmed by written certificate in form and substance satisfactory to the City's Bond Counsel on the date of delivery of and payment for the Series 2025 Bonds. The successful bidder for the Series 2025 Bonds must also certify to the City in writing prior to delivery of the Series 2025 Bonds that the Series 2025 Bonds were sold as fixed interest rate Bonds as described in the Final Official Statement.

Good Faith Deposit

The successful bidder will be required to submit its good faith deposit in the amount of \$[] to the City in the form of a cashier's check (or wire transfer as instructed by the City or its Financial Advisor) not later than 2:00 p.m., Greeley time, on the next business day following the award. The good faith deposit will be held by the City pending the delivery of the Series 2025 Bonds to secure the City against any failure of the successful bidder to comply with the terms of its bid, and in the event the successful bidder fails to honor its bid, its good faith deposit and any

interest accrued thereon will be retained by the City. Upon delivery of the Series 2025 Bonds in accordance with the terms of the bid, the good faith deposit of the successful bidder will be applied to the purchase price. No interest on any good faith deposit will accrue to the purchaser or any other bidder. See also “Manner and Time of Delivery” below.

Sale Reservations

The City reserves the right (a) to reject any and all bids for the Series 2025 Bonds, (b) to reoffer the Series 2025 Bonds for sale, and (c) to waive any irregularity or informality in any bid. The City also reserves the right to change the date and time of sale of the Series 2025 Bonds and to make other changes to the provisions of this Official Notice of Bond Sale prior to the date and time of the sale. Any such changes may be announced through Parity. Except as it may be amended by such Parity communication or other means of communication to prospective bidders, this Official Notice of Bond Sale shall remain effective. If bids are not received at the time herein stated or if all bids are rejected, the City may reoffer the Series 2025 Bonds for sale at any time thereafter.

Basis of Award

The Series 2025 Bonds, subject to the reservations and limitations set forth herein, will be sold to the responsible bidder making the best bid therefor. The best bid will be determined by computing the True Interest Cost of the Series 2025 Bonds (i.e., using an actuarial or TIC method) for each bid received and an award will be made (if any is made) to the responsible bidder submitting the bid which results in the lowest True Interest Cost of the Series 2025 Bonds. “True Interest Cost” of the Series 2025 Bonds as used herein means that yield which, if used to compute the present worth of all payments of principal and interest to be made on the Series 2025 Bonds from their date (assuming solely for this purpose that the Series 2025 Bonds will be dated August [21], 2025) to their respective maturity or mandatory sinking fund redemption dates, using the interest rates specified in the bid and the principal amounts maturing as shown in the maturity schedule set forth in “Maturities; Possible Principal Adjustment” above, produces an amount equal to the principal amount of the Series 2025 Bonds plus any premium bid. Such calculation shall be made without reference to the possible optional redemption of any of the Series 2025 Bonds prior to maturity. Such calculation shall be based on a 360-day year and a semiannual compounding interval. If two or more conforming bids have the same True Interest Cost, the first bid submitted, as determined by reference to the time stamp of Parity, shall be the winning bid.

Time of Award

Bids will be received at the time specified. The City has delegated to the City’s Finance Officer the authority to determine the winning bid and to award the Series 2025 Bonds (or to reject all bids). The Finance Officer will take such action within 36 hours after the expiration of the time herein specified for opening bids. Any such award of the Series 2025 Bonds will be subject to expiration of the referendum period with respect to the Bond Ordinance.

Manner and Time of Delivery

The good faith deposit of the successful bidder will be credited to the purchaser at the time of delivery of the Series 2025 Bonds (without accruing interest). If the successful bidder for the

Series 2025 Bonds fails or neglects to complete the purchase of the Series 2025 Bonds when the Series 2025 Bonds are made ready and are tendered for delivery, the amount of this good faith deposit will be forfeited (as liquidated damages for noncompliance with the bid) to the City, except as hereinafter provided. In that event the City may reoffer the Series 2025 Bonds for sale. The purchaser will not be required to accept delivery of any of the Series 2025 Bonds if they are not tendered for delivery within 60 days from the date bids are received; and if the Series 2025 Bonds are not so tendered within said period of time, the good faith deposit will be returned to the purchaser upon its request (without accruing interest). The City contemplates, however, effecting delivery of the Series 2025 Bonds to the purchaser on or about August [26], 2025. Delivery of any Series 2025 Bond is conditioned upon the receipt by the City of a certificate as to their issue price. See “—Establishment of Issue Price” below.

Payment and Place of Delivery

The successful bidder will be required to make payment of the balance due for the Series 2025 Bonds at a bank or trust company designated by the City’s Finance Officer. Payment of the purchase price due at delivery must be made in Federal Reserve Funds or other funds acceptable to the City for immediate and unconditional credit to the City. The Series 2025 Bonds will be delivered at the office of The Depository Trust Company in New York, New York, on confirmation by the City of receipt of the balance of the purchase price.

CUSIP Numbers

CUSIP numbers will be ordered by the Financial Advisor and paid for by the City as a cost of issuance. CUSIP numbers will be printed on the Series 2025 Bonds. If a wrong number is imprinted on any Series 2025 Bond or if a number is not printed thereon, any such error or omission will not constitute cause for the successful bidder to refuse delivery of any Series 2025 Bond.

Official Statement

The City has prepared the Preliminary Official Statement, which is deemed by the City to be a final official statement as of its date for purposes of allowing bidders to comply with Rule 15c2-12 of the Securities and Exchange Commission (the “Rule”), except for the omission of certain information as permitted by the Rule. The Preliminary Official Statement is subject to revision, amendment, and completion in a Final Official Statement, as defined below. The Preliminary Official Statement is available only in electronic form by posting at www.meritos.com and at www.i-dealprospectus.com. Other information concerning the City and the Series 2025 Bonds may be obtained prior to the sale from the sources listed under “Information” below.

The City will, as soon as practicable after the award of the Series 2025 Bonds to the successful bidder, update the information contained in the Preliminary Official Statement to the date of the award, and such updated Preliminary Official Statement will constitute the “Final Official Statement” relating to the Series 2025 Bonds. The City authorizes the successful bidder to distribute the Final Official Statement in connection with the offering of the Series 2025 Bonds; provided that the successful bidder must cooperate in providing the information required to complete the Final Official Statement. The City will provide to the successful bidder not to exceed 150 copies of the Final Official Statement on or before the seventh business day following the date

of the award to the successful bidder. The successful bidder may obtain additional copies of the Final Official Statement at its expense. The City will provide a copy of the Official Statement, including any amendments thereto, in word-searchable PDF format as described in the Municipal Securities Rulemaking Board's ("MSRB") Rule G-32 and shall provide the electronic copy of the word-searchable PDF format of the Official Statement to the successful bidder no later than one business day prior to the Closing Date to enable the successful bidder to comply with MSRB Rule G-32.

For a period beginning on the date of the Final Official Statement and ending 25 days following the "end of the underwriting period" (as defined in the Rule), if any event concerning the affairs, properties or financial condition of the City shall occur or be discovered as a result of which it is necessary to supplement the Final Official Statement in order to make the statements therein, in light of the circumstances existing at such time, not misleading, the City shall notify the successful bidder of any such event of which the Finance Officer has actual knowledge and shall cooperate fully in preparing and furnishing, at the City's expense, any supplement to the Final Official Statement necessary, in the reasonable opinion of the City and the successful bidder, so that the statements therein as so supplemented will not be misleading in the light of the circumstances existing at such time.

Secondary Market Disclosure Undertaking

Pursuant to the Rule, the City will undertake to provide certain ongoing disclosure, including certain annual operating data and financial information, audited financial statements and the occurrence of certain events. A form of the undertaking is set forth in the Preliminary Official Statement.

Transcript and Legal Opinion

The validity and enforceability of the Series 2025 Bonds will be subject to approval by Kutak Rock LLP, as Bond Counsel. The purchaser will receive a transcript of legal proceedings, which will include, among other documents:

(a) a certificate executed by officials of the City, including the City Attorney, stating that there is no litigation pending against the City affecting the validity of the Series 2025 Bonds as of the date of their delivery;

(b) a certificate executed by the Finance Officer or other authorized official of the City stating that, to the best of knowledge of such official, the Final Official Statement as of its date did not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made in the Final Official Statement, in the light of the circumstances under which they were made, not misleading, and that, to the best of such official's knowledge, since the date of the Final Official Statement no event has occurred which would cause the Final Official Statement as of the date of the delivery of the Series 2025 Bonds to contain any untrue statement of a material fact or to omit to state any material fact necessary to make the statements made in the Final Official Statement, in the light of the circumstances under which they were made, not misleading (provided that information relating to The Depository Trust Company will be excluded

from such statements; and further provided that, if between the date of the public sale of the Series 2025 Bonds and the date of delivery of the Series 2025 Bonds, any event should occur or be discovered which would cause the Final Official Statement to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the City shall notify the purchaser thereof and shall cooperate in any necessary supplement or amendment to the Final Official Statement as described above under “Official Statement”;

(c) a letter from Bond Counsel, addressed to the purchaser of the Series 2025 Bonds, to the effect that the firm has not independently verified the information contained in the Final Official Statement, but that during the course of the participation by the firm in the preparation of the Final Official Statement no information came to the attention of the firm to lead it to believe that the Final Official Statement (except the financial statements and other statistical and financial data contained in the Final Official Statement, and except information relating to The Depository Trust Company contained in the Final Official Statement, as to which such firm will make no statement) as of its date either contained an untrue statement of any material fact or omitted to state a material fact necessary to make the statements made, in the light of the circumstances under which they were made, not misleading; and

(d) the opinion of Kutak Rock LLP as to the validity, enforceability and tax-exempt status of interest on the Series 2025 Bonds, the form of which is set forth in the Preliminary Official Statement as Appendix A thereto.

Establishment of Issue Price

The winning bidder will be required to provide, in a timely manner, certain information necessary to compute the yield on the Series 2025 Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended. The issue price of the Series 2025 Bonds shall be established as follows:

(a) The winning bidder shall assist the City in establishing the issue price of the Series 2025 Bonds and shall execute and deliver to the City at closing an “issue price” or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Series 2025 Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the City and Bond Counsel. All actions to be taken by the City under this Notice of Sale to establish the issue price of the Series 2025 Bonds may be taken on behalf of the City by the Financial Advisor and any notice or report to be provided to the City may be provided to the Financial Advisor.

(b) The City intends that the provisions of Section 1.148-1(f)(3)(i) of the Treasury Regulations (defining “competitive sale” for purposes of establishing the issue price of the Series 2025 Bonds) will apply to the initial sale of the Series 2025 Bonds (the “competitive sale requirements”) because:

1. the City shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;

2. all bidders shall have an equal opportunity to bid;

3. the City may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and

4. the City anticipates awarding the sale of the Series 2025 Bonds to the bidder who submits a firm offer to purchase the Series 2025 Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Series 2025 Bonds, as specified in the bid.

(c) In the event that the competitive sale requirements are not satisfied, the City shall so advise the winning bidder. The City may determine to treat (i) the first price at which 10% of a maturity of the Series 2025 Bonds (the “10% test”) is sold to the public as the issue price of that maturity and/or (ii) the initial offering price to the public as of the sale date of any maturity of the Series 2025 Bonds as the issue price of that maturity (the “hold-the-offering-price rule”), in each case applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The winning bidder shall advise the City if any maturity of the Series 2025 Bonds satisfies the 10% test as of the date and time of the award of the Series 2025 Bonds. The City shall promptly advise the winning bidder, at or before the time of award of the Series 2025 Bonds, which maturities (and if different interest rates apply within a maturity, which separate CUSIP number within that maturity) of the Series 2025 Bonds shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation in the event that the City determines to apply the hold-the-offering-price rule to any maturity of the Series 2025 Bonds. Bidders should prepare their bids on the assumption that some or all of the maturities of the Series 2025 Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Series 2025 Bonds.

(d) By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Series 2025 Bonds to the public on or before the date of award at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Series 2025 Bonds, that the underwriters will neither offer nor sell unsold Series 2025 Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

1. the close of the fifth (5th) business day after the sale date; or

2. the date on which the underwriters have sold at least 10% of that maturity of the Series 2025 Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the City promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Series 2025 Bonds to the public at a price that is no higher than the initial offering price to the public.

(e) If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Series 2025 Bonds, the winning bidder agrees to promptly report to the City the prices at which the unsold Series 2025 Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the winning bidder's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the City or Bond Counsel.

(f) The City acknowledges that, in making the representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Series 2025 Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Series 2025 Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds.

(g) By submitting a bid, each bidder confirms that:

1. any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Series 2025 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Series 2025 Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2025 Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder that the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder and as set forth in the related pricing wires;

(B) to promptly notify the winning bidder of any sales of Series 2025 Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Series 2025 Bonds to the public (each such term being used as defined below); and

(C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

2. any agreement among underwriters or selling group agreement relating to the initial sale of the Series 2025 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Series 2025 Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Series 2025 Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2025 Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder or such underwriter, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.

(h) Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Series 2025 Bonds to the public (each such term being

used as defined below) shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:

1. “public” means any person other than an underwriter or a related party;

2. “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2025 Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Series 2025 Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Series 2025 Bonds to the public);

3. a purchaser of any of the Series 2025 Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

4. “sale date” means the date that the Series 2025 Bonds are awarded by the City to the winning bidder.

Information

This Official Notice of Sale (a condensation of which has been ordered published), the Preliminary Official Statement and other information concerning the City and the Series 2025 Bonds may be obtained from Allena Portis, Finance Officer, ex-officio City Treasurer, City Hall, 1000 10th Street, Greeley, Colorado 80631 (telephone: (970) 350-9867; facsimile: (970)-350-9736; e-mail: Allena.Portis@greeleygov.com), or from the City’s Financial Advisor, Hilltop Securities Inc., Attention: Jason Simmons, 8055 E. Tufts Avenue, Suite 500, Denver, Colorado 80237, (telephone: (303) 771-0217; e-mail: Jason.Simmons@hilltopsecurities.com). Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

BY ORDER OF THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO,
dated this August [1], 2025.

By /s/ _____
Mayor, City of Greeley, Colorado

(End of Form of Official Notice of Bond Sale)

Section 3. The Finance Officer and other appropriate officers and agents of the City are hereby authorized to give such other notice of the sale of the Series 2025 Bonds, if any, as they deem appropriate, including, but not limited to, the distribution among investment bankers and others of the Official Notice of Sale authorized by Section 2 hereof and a Preliminary Official Statement relating to the issuance and sale of the Series 2025 Bonds (the “Preliminary Official Statement”), which distribution may be by such means (including, without limitation, electronic posting) as the Finance Officer may deem appropriate.

Section 4. Bids for the Series 2025 Bonds shall be received via Parity at the time and in the manner provided in the Official Notice of Sale, with such changes as may be approved by the Finance Officer. Notwithstanding any other provision of this resolution, the Council hereby delegates to the Finance Officer the following power and authority: (a) the Finance Officer may change the date or time of the public sale of the Series 2025 Bonds to a later date or time (but not later than 180 days after final passage of the Bond Ordinance) if the Finance Officer determines that such delay of the sale will maximize the likelihood of marketing the Series 2025 Bonds when market conditions are relatively favorable, or that it is necessary or desirable to provide additional time to finalize information or documentation relating to the Series 2025 Bonds, and (b) the Finance Officer may make such completions and other changes, not inconsistent with the Bond Ordinance, to both the published and official sale notice forms contained in this resolution as the Finance Officer may deem necessary or appropriate to conduct the public sale of the Series 2025 Bonds expeditiously and to the best financial advantage of the City.

Section 5. The Council hereby further delegates to the City’s Finance Officer the power and authority to make any amendments or include any additional provisions to the Official Notice of Sale in order to finalize the Official Notice of Sale so long as any such amendments or additional provisions are not in conflict with the terms and parameters of the Bond Ordinance; to determine the winning bid for the Series 2025 Bonds; to determine the final aggregate principal amount and maturity schedule for the Series 2025 Bonds, including the principal maturities of the Series 2025 Bonds (so as to generate bond proceeds consistent with the costs of the project for which the Series 2025 Bonds are being issued) and to determine any related premium adjustment, all as provided in the Official Notice of Sale; and to award the Series 2025 Bonds and to execute an appropriate written acceptance of the winning bid (including, without limitation, a final terms certificate setting forth such determinations, certifications and approvals as may be required or contemplated by the Bond Ordinance), or to reject all bids; provided that any such award and acceptance shall be subject to the final passage and effectiveness of the Bond Ordinance, expiration of the referendum period with respect thereto, and favorable action of the City’s Water and Sewer Board.

Section 6. The proposed form of Preliminary Official Statement of the City relating to the issuance and sale of the Series 2025 Bonds has been presented to the meeting of the Council at which this Resolution is approved and is on file in the office of the City Clerk. The Preliminary Official Statement, in substantially the form so presented with such additional changes as are made prior to the sale date, is hereby deemed by the City to be a “nearly final official statement” for

purposes of Rule 15c2-12 of the Securities and Exchange Commission. The distribution and use by the Purchaser for the reoffering of the Series 2025 Bonds to the public of the final Official Statement (the “Official Statement”), in substantially the form of the Preliminary Official Statement, but with such amendments, additions and deletions as are consistent with the facts, as are not inconsistent herewith and as are approved by the Mayor as evidenced by the Mayor’s execution of the Official Statement, is hereby authorized and approved, and the Mayor is authorized to sign the final Official Statement on behalf of the City.

Section 7. The officers and agents of the City are hereby authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution, including, but not limited to, the preparation and distribution of the Preliminary Official Statement and the publication, electronic posting and distribution of notice relating to the public sale of the Series 2025 Bonds. The Council deems all delegations, directions, instructions and authorizations contained in this resolution to be consistent with Section 3-14 of the Charter. The effectuation of this resolution shall be subject to the supervision of the City Manager of the City, and the City Manager is hereby directed to give all orders, directions, instructions and authorizations to City personnel as may be necessary or appropriate to accomplish the purposes of this resolution.

Section 8. All resolutions, motions, orders, bylaws, rules or regulations, or parts thereof, in conflict with this resolution are hereby repealed only to the extent of such inconsistency.

Section 9. If any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining parts or provisions of this resolution.

Section 10. This resolution shall take effect immediately upon its passage.

APPENDIX A
(ATTACH PUBLISHED NOTICE)

APPENDIX B
FORM OF ISSUE PRICE CERTIFICATE

ISSUE PRICE CERTIFICATE

\$ _____
City of Greeley, Colorado
acting by and through its
Water Enterprise
Water Revenue Bonds,
Series 2025

[CLOSING DATE]

The undersigned, on behalf of [NAME OF UNDERWRITER] (“[SHORT NAME OF UNDERWRITER]”), hereby certifies as set forth below with respect to the sale of the above-captioned obligations (the “Series 2025 Bonds”) by the City of Greeley, Colorado, acting by and through its Water Enterprise (the “City”) [*Sections 1 and 2 and schedules to be adjusted in execution version as necessary if all of the requirements of a “competitive sale” are not satisfied.*]

1. Reasonably Expected Initial Offering Price.

(a) As of [THE SALE DATE], the reasonably expected initial offering prices of the Series 2025 Bonds to the Public by [SHORT NAME OF UNDERWRITER] are the prices listed in Schedule A (the “Expected Offering Prices”). The Expected Offering Prices are the prices for the Maturities of the Series 2025 Bonds used by [SHORT NAME OF UNDERWRITER] in formulating its bid to purchase the Series 2025 Bonds. Attached as Schedule B is a true and correct copy of the bid provided by [SHORT NAME OF UNDERWRITER] to purchase the Series 2025 Bonds.

(b) [SHORT NAME OF UNDERWRITER] was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by [SHORT NAME OF UNDERWRITER] constituted a firm offer to purchase the Series 2025 Bonds.

2. Defined Terms.

(a) “*Maturity*” means Series 2025 Bonds with the same credit and payment terms. Series 2025 Bonds with different maturity dates, or Series 2025 Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) “*Public*” means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(c) “*Underwriter*” means (i) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2025 Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Series 2025 Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Series 2025 Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents [SHORT NAME OF UNDERWRITER]’s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the City with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Series 2025 Bonds, and by Kutak Rock LLP in connection with rendering its opinion that the interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the City from time to time relating to the Series 2025 Bonds.

IN WITNESS WHEREOF, the undersigned, on behalf of [SHORT NAME OF UNDERWRITER], has set his or her hand as of the date first written above.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Robert Miller, Division Treasurer, Tyra Litzau, Finance Director, Allena Portis, Deputy City Manager/Chief Financial Officer

Title:

Resolution concerning the proposed City of Greeley, Colorado, First-Lien Sewer Improvement Revenue Bonds Series 2025; authorizing the receipt of competitive bids for the Series 2025 Bonds, including the use of an electronic bidding system therefor; and prescribing certain details concerning such public sale of the Series 2025 Bonds

Summary:

The resolution for City Council consideration is to authorize the receipt of competitive bids for the first-lien sewer improvement revenue bonds, Series 2025, in an aggregate principal amount not to exceed \$44,000,000, bearing interest at the rates and maturing on the dates and in the amounts to be set forth in a final terms certificate, and on the terms and conditions provided in the general and series ordinances of the City. A portion of the net proceeds of the Series 2025 Bonds are to be used to reimburse the City for various previously paid costs and for the purpose of increasing the Sewer System's reliability, replacing older components of the System, and adding capacity to serve customers, which generally include the following: replacing and upgrading various components of the Wastewater Treatment and Reclamation Facility, expanding trunk sewer lines, and investing in regional wastewater treatment capacity. These projects will need to be partially funded through bond revenues.

The resolution states that the City of Greeley authorizes the receipt of competitive bids for the issuance of the Series 2025 Sewer Revenue bonds, recognizing that the issuance of these bonds will impact the Sewer Fund's debt service payments and the rates required to support those payments. Water and Sewer Department Staff, in partnership with the Finance Department and the City's Financial Advisor, have reviewed and approved the debt service requirements of the proposed bond issuance in alignment with the rate structure approved by City Council. The proposed issuance of these bonds also maintains an appropriate bonding capacity of the Sewer Enterprise fund for future bond issuances in accordance with the approved Water and Sewer Capital Improvement Plan. The Water and Sewer Board has also approved the issuance of these bonds at their May 21, 2025 meeting.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

Positive Impact: What is the onetime and/or ongoing amount? Onetime bond proceeds not to exceed \$44 million.

- Is it budgeted? Yes.
- Does it require a new appropriation? No.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Negative Impact: What is the onetime and/or ongoing amount? Estimated ongoing debt service payments up to \$3.3 million annually.

- Is it budgeted? Yes. The 2025 budget identified approved expenditures using the bond proceeds.
- If yes, what source and fund will be used? Rates and fees in the Sewer Fund.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Is there grant funding for this item? Not Applicable.

Does this action have potential long-term fiscal implications? Estimated annual debt service payments for the duration of the debt up to \$3.3 million.

Legal Issues:

None. Kutak Rock LLP is serving as bond counsel. Consideration of this matter is a legislative process.

Other issues and Considerations:

The bonds are expected to be marketed in August for a closing on the sale of the bond on August 26.

Strategic Focus Area:

Infrastructure and Mobility

Decision Options:

1. Adopt the resolution as presented; or
2. Amend the resolution and adopt as amended; or
3. Deny the resolution; or
4. Continue consideration of the resolution to a date certain.

Council's Recommended Action:

Adopt the resolution.

1. Resolution No. 26, 2025 with Appendix A & B

RESOLUTION NO. 26, 2025

A RESOLUTION CONCERNING THE PROPOSED CITY OF GREELEY, COLORADO, FIRST-LIEN SEWER IMPROVEMENT REVENUE BONDS SERIES 2025; AUTHORIZING THE RECEIPT OF COMPETITIVE BIDS FOR THE SERIES 2025 BONDS, INCLUDING THE USE OF AN ELECTRONIC BIDDING SYSTEM THEREFOR; AND PRESCRIBING CERTAIN DETAILS CONCERNING SUCH PUBLIC SALE OF THE SERIES 2025 BONDS

WHEREAS, the City Council (the “Council”) of the City of Greeley, Colorado (the “City”), acting by and through the Enterprise (as defined below), has determined, and hereby determines, that it is advantageous and favorable to the City that the City’s First-Lien Sewer Improvement Revenue Bonds, Series 2025 (the “Series 2025 Bonds”) be sold and issued for the purpose of defraying, in whole or in part, the cost of additions and improvements to the municipal sanitary sewer system of the City (the “System”) operated by its Sanitary Water Enterprise (the “Enterprise”); and

WHEREAS, pursuant to Section 5-23(c) of the Charter of the City (the “Charter”), the Series 2025 Bonds are to be sold based upon competitive bids to be received by the City, upon due notice as herein provided;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF GREELEY, COLORADO:

Section 1. The Series 2025 Bonds shall be sold based upon competitive bids to be received by the City on or about August 12, 2025; provided, however, that the Council hereby delegates to the Finance Officer, as Financial Officer and ex-officio City Treasurer, or his or her designee, including without limitation, the Division Treasurer of Finance (the “Finance Officer”) the authority to change the date or time of the public sale of the Series 2025 Bonds to a later date or time (but not later than 180 days after final passage of the ordinance authorizing the Series 2025 Bonds (the “Bond Ordinance”)), if the Finance Officer determines that such delay of the sale will maximize the likelihood of marketing the Series 2025 Bonds when market conditions are relatively favorable, or that it is necessary or desirable to provide additional time to finalize information or documentation relating to the Series 2025 Bonds. If there is such a change in sale date or time, appropriate changes may be made to the sale notice forms set forth herein (or such changes may be posted electronically as described in such sale notice forms); and corresponding changes may also be made in dated dates of the Series 2025 Bonds and other documents and instruments referred to herein. Bids for the Series 2025 Bonds must be submitted electronically by means of the i-Deal Parity system (“Parity”), in the manner described below. No other method of submitting bids will be accepted. The Finance Officer and the City Clerk of the City are hereby authorized and directed to cause to be published in the Greeley Daily Tribune, a newspaper published and of general circulation in the City, at least once at least five days prior to the date of receiving bids, a notice of bond sale in substantially the following form, with such completions and changes as may be approved by the Finance Officer as further provided in Section 5 hereof:

(Form of Notice of Bond Sale for Publication)

NOTICE OF BOND SALE
CITY OF GREELEY, COLORADO
FIRST-LIEN SEWER IMPROVEMENT REVENUE BONDS
SERIES 2025—\$[_____]*

PUBLIC NOTICE IS HEREBY GIVEN that the City of Greeley, Colorado (the “City”) will on Tuesday, August [12], 2025 at the hour of 9:30 a.m., Greeley time, receive competitive bids for the purchase of the “City of Greeley, Colorado, First-Lien Sewer Improvement Revenue Bonds, Series 2025” (the “Series 2025 Bonds”) in the aggregate principal amount of \$[_____]*, by means of the i-Deal Parity electronic bidding system (“Parity”). The date and time of the sale may be changed at the discretion of the City, and the City also reserves the right to make other changes to the provisions of this notice (and the below-described Official Notice) prior to the date and time of the sale. Any such changes may be posted through Parity; prospective bidders are advised to check for such Parity postings prior to the stated sale time. Bids must be submitted via Parity by the date and hour specified above (or other date and time specified through Parity).

This publication is a condensation of the City’s Official Notice of Sale (the “Official Notice”), authorized by the City Council of the City on June [___], 2025, and the information contained herein is subject in all respects to the Official Notice. The Official Notice, the Preliminary Official Statement relating to the Series 2025 Bonds (the “Preliminary Official Statement”), and other information concerning the City and the Series 2025 Bonds may be obtained from Allena Portis, Finance Officer, ex-officio City Treasurer, City Center North, 1100 10th Street, Greeley, Colorado 80631 (telephone: (970) 350-9867; facsimile: (970)-350-9736; e-mail: Allena.Portis@greeleygov.com), or from the City’s Financial Advisor, Hilltop Securities Inc., Attention: Jason Simmons, 8055 E. Tufts Avenue, Suite 500, Denver, Colorado 80237, (telephone: (303) 771-0217; e-mail: Jason.Simmons@hilltopsecurities.com). Reference is made to the Preliminary Official Statement for information as to the authorization and purpose of the Series 2025 Bonds; security for the Series 2025 Bonds; the book-entry system, transfer, exchange, and place of payment of the Series 2025 Bonds; the City’s continuing disclosure undertaking and other information relating to the Series 2025 Bonds and the City. Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

The Series 2025 Bonds will be dated the date of their delivery and will be issued as fully registered bonds, in denominations of \$5,000 and integral multiples thereof, by means of a book-entry system with no physical distribution of bond certificates to the public. Interest on the Series 2025 Bonds will be payable on February 1 and August 1 of each year commencing on [February 1, 2026]. The Series 2025 Bonds will mature on August 1 in the years and in the amounts of principal designated below:

* Preliminary; subject to adjustment as hereinafter permitted.

Maturity Date	Principal Amount ¹
----------------------	--------------------------------------

August 1, 2026	\$
August 1, 2027	
August 1, 2028	
August 1, 2029	
August 1, 2030	
August 1, 2031	
August 1, 2032	
August 1, 2033	
August 1, 2034	
August 1, 2035	
August 1, 2036	
August 1, 2037	
August 1, 2038	
August 1, 2039	
August 1, 2040	
August 1, 2041	
August 1, 2042	
August 1, 2043	
August 1, 2044	
August 1, 2045	

¹ Preliminary; subject to adjustment as provided below.

The aggregate principal amount of the Series 2025 Bonds, the principal amount of each maturity of the Series 2025 Bonds set forth above, and any premium specified in the winning bid are subject to adjustment by the City after determination of the winning bid, all as provided in the Official Notice. Any such adjustment will not change the interest rates specified by the successful bidder. The successful bidder may not withdraw its bid as a result of any such adjustment in principal amount of the Series 2025 Bonds.

A bidder has the option to specify that the Series 2025 Bonds maturing on and after August 1, 20[] be included in one or two (but not more than two) term maturities, subject to certain conditions and limitations provided in the Official Notice.

The Series 2025 Bonds maturing on and after August 1, 20[] are subject to prior redemption at the option of the City, in whole or in part, on August 1, 20[] or at any time thereafter (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity in such manner as the Registrar, initially Zions Bancorporation, National Association, shall determine), at a redemption price equal to the principal amounts so redeemed plus accrued interest thereon to the redemption date, without redemption premium.

Any bidder is required to submit an unconditional bid specifying the interest rates and premium, if any, at which the bidder will purchase all of the Series 2025 Bonds. It is not permissible to bid a discount on the sale of the Series 2025 Bonds from the City to the initial

purchaser (however, original issue discount is not precluded so long as the total purchase price paid by the initial purchaser to the City is at least equal to the principal amount of the Series 2025 Bonds). Reference is made to the Official Notice for information as to other limitations on the interest rates that may be bid for the Series 2025 Bonds.

Each bid must be submitted through Parity and the City reserves the right to disregard any bid in any other form. Electronic bids via Parity must be submitted in accordance with Parity's Rules of Participation, as well as the provisions of the Official Notice of Sale. The apparent successful bidder must confirm its bid by signed fax promptly upon instruction by the City. The good faith deposit of the successful bidder must be received by the City by certified check or wire transfer not later than 2:00 p.m., Greeley time, on the next business day following the award, and will be applied (without any interest accruing to the successful bidder) to the purchase price of the Series 2025 Bonds. In the event the successful bidder fails to honor its accepted bid, its good faith deposit and any interest accrued thereon will be retained by the City. Reference is made to the Official Notice for further information, conditions and requirements relating to Parity, bid limitations, basis of award, and good faith deposit.

The City reserves the right (a) to reject any and all bids for the Series 2025 Bonds, (b) to reoffer the Series 2025 Bonds for sale, and (c) to waive any irregularity or informality in any bid. The award of the Series 2025 Bonds will be subject to final passage, effectiveness and expiration of the referendum period with respect to the ordinance authorizing the Series 2025 Bonds and favorable action of the City's Water and Sewer Board.

The successful bidder will be required to make payment of the balance due for the Series 2025 Bonds, in Federal Reserve Funds or other funds acceptable to the City for immediate and unconditional credit to the City, at a bank or trust company designated by the City's Finance Officer. The Series 2025 Bonds will be delivered at the office of The Depository Trust Company in New York, New York, on confirmation by the City of receipt of the purchase price.

The validity and enforceability of the Series 2025 Bonds will be subject to approval by Kutak Rock LLP, whose opinion, together with a transcript of legal proceedings, will be furnished to the initial purchaser without charge.

BY ORDER OF THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO
dated this August __, 2025.

By /s/ _____
Mayor, City of Greeley, Colorado

(End of Form of Notice of Bond
Sale for Publication)

Section 2. The Official Notice of Bond Sale shall be in substantially the following form, with such completions and changes as may be approved by the Finance Officer, as further provided in Section 5 hereof:

(Form of Official Notice of Bond Sale)

OFFICIAL NOTICE OF SALE
CITY OF GREELEY, COLORADO
FIRST-LIEN SEWER IMPROVEMENT REVENUE BONDS
SERIES 2025—\$[_____]*

PUBLIC NOTICE IS HEREBY GIVEN that the City of Greeley, Colorado (the “City”) will on Tuesday, August [12], 2025, at the hour of 9:30 a.m., Greeley time, receive competitive bids for the purchase of the Series 2025 Bonds more particularly described below by means of the i-Deal Parity electronic bidding system (“Parity”). No other method of submitting bids will be accepted. The use of Parity shall be at the bidder’s risk and expense, and neither the City, its Financial Advisor nor Bond Counsel shall have any liability with respect thereto. Electronic bids via Parity must be submitted in accordance with Parity’s Rules of Participation, as well as the provisions of this Official Notice of Sale. To the extent that provisions of this Official Notice of Sale conflict with Parity’s Rules of Participation or any instruction or directions set forth by Parity, the provisions of this Official Notice of Sale shall control.

The date and time of the sale may be changed at the discretion of the City, and the City also reserves the right to make other changes to the provisions of this Official Notice prior to the date and time of the sale; any such changes may be posted through Parity. Prospective bidders are advised to check for such Parity postings prior to the stated sale time. Bids must be submitted via Parity by the date and hour specified above (or other date and time specified through Parity) as specified in “Bid Proposal” and “Parity” below.

Issue

The Series 2025 Bonds to be sold are the “City of Greeley, Colorado, First-Lien Sewer Improvement Revenue Bonds, Series 2025” (the “Series 2025 Bonds”) in the aggregate principal amount of \$[_____]*. The Series 2025 Bonds will be dated the date of their delivery and will be issued in fully registered form, in denominations of \$5,000 and integral multiples thereof, by means of a book entry system with no physical distribution of bond certificates to the public.

**Information Available From
Preliminary Official Statement**

This Official Notice of Sale is not to be treated as a complete disclosure of all relevant information with respect to the Series 2025 Bonds. The information set forth herein is subject to

* Preliminary; subject to possible adjustment as described below under the caption “Maturities; Possible Principal Adjustment.”

the more complete information as to the Series 2025 Bonds and the City set forth in the Preliminary Official Statement (the “Preliminary Official Statement”), and reference is made to the Preliminary Official Statement for information as to the authorization and purpose of the Series 2025 Bonds; security for the Series 2025 Bonds; the City’s rights to issue additional obligations in the future on a parity with or subordinate to the Series 2025 Bonds; the book-entry system, transfer, exchange and place of payment of the Series 2025 Bonds; the City’s continuing disclosure undertaking, and other information relating to the Series 2025 Bonds and the City.

Maturities; Possible Principal Adjustment

The Series 2025 Bonds will mature on August 1 in the years and in the amounts of Series 2025 principal as designated below:

Maturity Date	Principal Amount ¹
August 1, 2026	\$
August 1, 2027	
August 1, 2028	
August 1, 2029	
August 1, 2030	
August 1, 2031	
August 1, 2032	
August 1, 2033	
August 1, 2034	
August 1, 2035	
August 1, 2036	
August 1, 2037	
August 1, 2038	
August 1, 2039	
August 1, 2040	
August 1, 2041	
August 1, 2042	
August 1, 2043	
August 1, 2044	
August 1, 2045	

¹ Preliminary; subject to adjustment as provided below.

The aggregate principal amount of the Series 2025 Bonds and the principal amount of each maturity of the Series 2025 Bonds set forth above are subject to adjustment by the City after determination of the winning bid, to the extent the City deems appropriate in order to generate proceeds consistent with the purpose for which the Series 2025 Bonds are being issued (which may reflect reductions in the issue size to compensate for the premium specified in the winning bid). Any such principal adjustment will be communicated to the successful bidder by the time of award of the Series 2025 Bonds and will not reduce or increase the aggregate principal amount of Series 2025 Bonds by more than 20% from the total principal amount shown above. The price bid (i.e., par plus any premium bid) by a successful bidder may be changed as described below, but

the interest rates specified by the successful bidder for all maturities will not change. The successful bidder may not withdraw its bid as a result of any changes made within these limits. The price bid will be changed so that the percentage net compensation to the successful bidder (i.e., the percentage resulting from dividing (a) the aggregate difference between the offering price of the Series 2025 Bonds to the public and the price to be paid by the bidder to purchase the Series 2025 Bonds, by (b) the principal amount of the Series 2025 Bonds) does not increase or decrease from what it would have been if no adjustment were made to the principal amounts shown in the maturity schedule set forth above.

Bidders may specify that certain Series 2025 Bonds be included in one or two (but not more than two) term maturities as described in “Prior Redemption—Mandatory Sinking Fund Redemption” below.

Prior Redemption

(a) ***Optional Redemption.*** The Series 2025 Bonds maturing on and after August 1, 20[] are subject to redemption prior to their respective maturities at the option of the City, in whole or in part, on August 1, 20[] or at any time thereafter (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity in such manner as the Registrar, initially Zions Bancorporation, National Association, shall determine, giving proportionate weight, if necessary, to Series 2025 Bonds in denominations larger than \$5,000), at a redemption price equal to the principal amount so redeemed plus accrued interest thereon to the redemption date, without redemption premium.

(b) ***Mandatory Sinking Fund Redemption.*** A bidder has the option to specify that Series 2025 Bonds maturing on and after August 1, 20[] be included in one or two (but not more than two) term maturities. Amounts included in a single term maturity must consist of two or more consecutive maturities identified in the serial maturity schedule set forth above, must bear the same rate of interest and must include the entire principal amount for any serial maturity included in the term maturity (i.e., the principal amount maturing in any year may not be divided between a serial maturity and a mandatory sinking fund redemption or between two or more mandatory sinking fund redemptions). Any such Series 2025 term Bonds will be subject to mandatory sinking fund redemption in installments in the same amounts and on the same dates as the Series 2025 Bonds would have matured if they were not included in a term maturity. Series 2025 Bonds redeemed pursuant to the mandatory sinking fund redemption provisions will be redeemed at a redemption price equal to 100% of the principal amount of the Series 2025 Bonds to be redeemed plus accrued interest to the redemption date in the manner and as otherwise provided in the ordinance authorizing the Series 2025 Bonds (the “Bond Ordinance”). Any election to designate Series 2025 Bonds included in a term maturity must be made via Parity (see “Bid Proposal” below).

Interest Rates and Limitations

Interest shall be payable on February 1 and August 1 of each year, commencing on [February 1, 2026], and will be computed on the basis of a 360-day year of twelve 30-day months.

There is no limit on the number of rates specified, except that one interest rate only shall be specified for the Series 2025 Bonds of any maturity. Supplemental interest coupons will not be permitted. The rate must be stated in a multiple of 1/8th or 1/20th of 1% per annum. A zero rate of interest may not be named. The maximum differential between the lowest and the highest interest rates stated in the bid may not exceed 3% per annum. The maximum interest rate shall not exceed 5.00%.

**City Not to Receive Less Than Par;
Original Issue Discount Otherwise
Permitted**

The Series 2025 Bonds shall not be sold by the City for less than their aggregate principal amount. It is not permissible to bid a discount on the sale of the Series 2025 Bonds from the City to the initial purchaser, and no discount or commission will be allowed or paid on the sale of the Series 2025 Bonds from the City to the initial purchaser. The foregoing shall not preclude original issue discount so long as the total purchase price paid by the initial purchaser to the City is at least equal to the aggregate principal amount of the Series 2025 Bonds.

Bid Proposal

Any bidder is required to submit an unconditional bid specifying the interest rates and premium, if any, at which the bidder will purchase all of the Series 2025 Bonds.

Each bidder must submit its bid electronically by means of Parity, as provided below, and any bid in any other form may be disregarded.

Parity

All bids must be submitted electronically via Parity in accordance with Parity's Rules of Participation in addition to the requirements of this Official Notice of Sale. No other provider of bidding services and no other means of delivery (i.e., telephone, facsimile or physical delivery) will be accepted. To bid, bidders must first register with Parity. Only NASD registered broker-dealers and dealer banks with DTC clearing arrangements will be eligible to bid. Bidders who have previously registered with Parity may call (212) 849-5000 for their ID number or password. In the event of a general malfunction in the electronic bidding process, bidders will be contacted to reschedule bidding. To the extent Parity's Rules of Participation or any instruction or directions set forth by Parity conflict with this Official Notice of Sale, the terms of this Official Notice of Sale shall control. Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

Bids for the Series 2025 Bonds must be electronically submitted via Parity no later than 9:30 a.m., Greeley time on August [12], 2025 (or such later date or time as may be posted via Parity), and no bids will be received after that time. Once the bids are communicated electronically via Parity, each bid shall constitute an irrevocable offer to purchase the Series 2025 Bonds on the terms therein provided and shall be binding upon the bidder. For all purposes of the Parity electronic bidding process, the time as maintained on Parity shall constitute the official time.

By bidding for the Series 2025 Bonds, each bidder represents and warrants to the City that such bidder's bid for the purchase of the Series 2025 Bonds is submitted for and on behalf of such bidder by an officer or agent who is duly authorized to bind such bidder to a legal, valid and enforceable contract for the purchase of the Series 2025 Bonds. **Each bidder shall be solely responsible for making necessary arrangements to access Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale and Parity's Rules of Participation.** Neither the City, the Financial Advisor, Bond Counsel, nor Parity shall have any duty or obligation to provide or assure such access to any bidder, and neither the City, the Financial Advisor, Bond Counsel, nor Parity shall be responsible for proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the use of Parity. The City is using Parity as a communication mechanism, and not as the City's agent, to conduct the electronic bidding for the Series 2025 Bonds.

The City will notify the apparent successful bidder electronically (via Parity) as soon as possible after the City's receipt of bids, that such bidder's bid appears to be the best conforming bid received for the Series 2025 Bonds, subject to verification by the City and official action to be taken by the City's Finance Officer or his or her designee, including without limitation, the Division Treasurer (the "Finance Officer") as described in "Time of Award" below. Promptly upon such notification, the apparent successful bidder will be required to confirm its bid by providing the City with signed documentation of its bid satisfactory to the City's Finance Officer.

Successful Bidder's Reoffering Prices

At or before 12:00 noon, Greeley time, on the day of sale, the successful bidder for the Series 2025 Bonds must provide to the City's Financial Advisor (see "Information" below), the initial prices and yields to the public (excluding bond houses, brokers, or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of each maturity of the Series 2025 Bonds was sold, in an aggregate dollar amount. The information as to initial offering prices shall be based on the winning bidder's expectations as of the day of sale and not on actual facts after the day of sale. Such initial prices and yields must be confirmed by written certificate in form and substance satisfactory to the City's Bond Counsel on the date of delivery of and payment for the Series 2025 Bonds. The successful bidder for the Series 2025 Bonds must also certify to the City in writing prior to delivery of the Series 2025 Bonds that the Series 2025 Bonds were sold as fixed interest rate Bonds as described in the Final Official Statement.

Good Faith Deposit

The successful bidder will be required to submit its good faith deposit in the amount of \$[] to the City in the form of a cashier's check (or wire transfer as instructed by the City or its Financial Advisor) not later than 2:00 p.m., Greeley time, on the next business day following the award. The good faith deposit will be held by the City pending the delivery of the Series 2025 Bonds to secure the City against any failure of the successful bidder to comply with the terms of its bid, and in the event the successful bidder fails to honor its bid, its good faith deposit and any interest accrued thereon will be retained by the City. Upon delivery of the Series 2025 Bonds in accordance with the terms of the bid, the good faith deposit of the successful bidder will be applied to the purchase price. No interest on any good faith deposit will accrue to the purchaser or any other bidder. See also "Manner and Time of Delivery" below.

Sale Reservations

The City reserves the right (a) to reject any and all bids for the Series 2025 Bonds, (b) to reoffer the Series 2025 Bonds for sale, and (c) to waive any irregularity or informality in any bid. The City also reserves the right to change the date and time of sale of the Series 2025 Bonds and to make other changes to the provisions of this Official Notice of Bond Sale prior to the date and time of the sale. Any such changes may be announced through Parity. Except as it may be amended by such Parity communication or other means of communication to prospective bidders, this Official Notice of Bond Sale shall remain effective. If bids are not received at the time herein stated or if all bids are rejected, the City may reoffer the Series 2025 Bonds for sale at any time thereafter.

Basis of Award

The Series 2025 Bonds, subject to the reservations and limitations set forth herein, will be sold to the responsible bidder making the best bid therefor. The best bid will be determined by computing the True Interest Cost of the Series 2025 Bonds (i.e., using an actuarial or TIC method) for each bid received and an award will be made (if any is made) to the responsible bidder submitting the bid which results in the lowest True Interest Cost of the Series 2025 Bonds. “True Interest Cost” of the Series 2025 Bonds as used herein means that yield which, if used to compute the present worth of all payments of principal and interest to be made on the Series 2025 Bonds from their date (assuming solely for this purpose that the Series 2025 Bonds will be dated August [26], 2025) to their respective maturity or mandatory sinking fund redemption dates, using the interest rates specified in the bid and the principal amounts maturing as shown in the maturity schedule set forth in “Maturities; Possible Principal Adjustment” above, produces an amount equal to the principal amount of the Series 2025 Bonds plus any premium bid. Such calculation shall be made without reference to the possible optional redemption of any of the Series 2025 Bonds prior to maturity. Such calculation shall be based on a 360-day year and a semiannual compounding interval. If two or more conforming bids have the same True Interest Cost, the first bid submitted, as determined by reference to the time stamp of Parity, shall be the winning bid.

Time of Award

Bids will be received at the time specified. The City has delegated to the City’s Finance Officer the authority to determine the winning bid and to award the Series 2025 Bonds (or to reject all bids). The Finance Officer will take such action within 36 hours after the expiration of the time herein specified for opening bids. Any such award of the Series 2025 Bonds will be subject to expiration of the referendum period with respect to the Bond Ordinance.

Manner and Time of Delivery

The good faith deposit of the successful bidder will be credited to the purchaser at the time of delivery of the Series 2025 Bonds (without accruing interest). If the successful bidder for the Series 2025 Bonds fails or neglects to complete the purchase of the Series 2025 Bonds when the Series 2025 Bonds are made ready and are tendered for delivery, the amount of this good faith deposit will be forfeited (as liquidated damages for noncompliance with the bid) to the City, except as hereinafter provided. In that event the City may reoffer the Series 2025 Bonds for sale, the

purchaser will not be required to accept delivery of any of the Series 2025 Bonds if they are not tendered for delivery within 60 days from the date bids are received; and if the Series 2025 Bonds are not so tendered within said period of time, the good faith deposit will be returned to the purchaser upon its request (without accruing interest). The City contemplates, however, effecting delivery of the Series 2025 Bonds to the purchaser on or about August [26], 2025. Delivery of any Series 2025 Bond is conditioned upon the receipt by the City of a certificate as to their issue price. See “—Establishment of Issue Price” below.

Payment and Place of Delivery

The successful bidder will be required to make payment of the balance due for the Series 2025 Bonds at a bank or trust company designated by the City’s Finance Officer. Payment of the purchase price due at delivery must be made in Federal Reserve Funds or other funds acceptable to the City for immediate and unconditional credit to the City. The Series 2025 Bonds will be delivered at the office of The Depository Trust Company in New York, New York, on confirmation by the City of receipt of the balance of the purchase price.

CUSIP Numbers

CUSIP numbers will be ordered by the Financial Advisor and paid for by the City as a cost of issuance. CUSIP numbers will be printed on the Series 2025 Bonds. If a wrong number is imprinted on any Series 2025 Bond or if a number is not printed thereon, any such error or omission will not constitute cause for the successful bidder to refuse delivery of any Series 2025 Bond.

Official Statement

The City has prepared the Preliminary Official Statement, which is deemed by the City to be a final official statement as of its date for purposes of allowing bidders to comply with Rule 15c2-12 of the Securities and Exchange Commission (the “Rule”), except for the omission of certain information as permitted by the Rule. The Preliminary Official Statement is subject to revision, amendment, and completion in a Final Official Statement, as defined below. The Preliminary Official Statement is available only in electronic form by posting at www.meritos.com and at www.i-dealprospectus.com. Other information concerning the City and the Series 2025 Bonds may be obtained prior to the sale from the sources listed under “Information” below.

The City will, as soon as practicable after the award of the Series 2025 Bonds to the successful bidder, update the information contained in the Preliminary Official Statement to the date of the award, and such updated Preliminary Official Statement will constitute the “Final Official Statement” relating to the Series 2025 Bonds. The City authorizes the successful bidder to distribute the Final Official Statement in connection with the offering of the Series 2025 Bonds; provided that the successful bidder must cooperate in providing the information required to complete the Final Official Statement. The City will provide to the successful bidder not to exceed 150 copies of the Final Official Statement on or before the seventh business day following the date of the award to the successful bidder. The successful bidder may obtain additional copies of the Final Official Statement at its expense. The City will provide a copy of the Official Statement, including any amendments thereto, in word-searchable PDF format as described in the Municipal Securities Rulemaking Board’s (“MSRB”) Rule G-32 and shall provide the electronic copy of the

word-searchable PDF format of the Official Statement to the successful bidder no later than one business day prior to the Closing Date to enable the successful bidder to comply with MSRB Rule G-32.

For a period beginning on the date of the Final Official Statement and ending 25 days following the “end of the underwriting period” (as defined in the Rule), if any event concerning the affairs, properties or financial condition of the City shall occur or be discovered as a result of which it is necessary to supplement the Final Official Statement in order to make the statements therein, in light of the circumstances existing at such time, not misleading, the City shall notify the successful bidder of any such event of which the Finance Officer has actual knowledge and shall cooperate fully in preparing and furnishing, at the City’s expense, any supplement to the Final Official Statement necessary, in the reasonable opinion of the City and the successful bidder, so that the statements therein as so supplemented will not be misleading in the light of the circumstances existing at such time.

Secondary Market Disclosure Undertaking

Pursuant to the Rule, the City will undertake to provide certain ongoing disclosure, including certain annual operating data and financial information, audited financial statements and the occurrence of certain events. A form of the undertaking is set forth in the Preliminary Official Statement.

Transcript and Legal Opinion

The validity and enforceability of the Series 2025 Bonds will be subject to approval by Kutak Rock LLP, as Bond Counsel. The purchaser will receive a transcript of legal proceedings, which will include, among other documents:

(a) a certificate executed by officials of the City, including the City Attorney, stating that there is no litigation pending against the City affecting the validity of the Series 2025 Bonds as of the date of their delivery;

(b) a certificate executed by the Finance Officer or other authorized official of the City stating that, to the best of knowledge of such official, the Final Official Statement as of its date did not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made in the Final Official Statement, in the light of the circumstances under which they were made, not misleading, and that, to the best of such official’s knowledge, since the date of the Final Official Statement no event has occurred which would cause the Final Official Statement as of the date of the delivery of the Series 2025 Bonds to contain any untrue statement of a material fact or to omit to state any material fact necessary to make the statements made in the Final Official Statement, in the light of the circumstances under which they were made, not misleading (provided that information relating to The Depository Trust Company will be excluded from such statements; and further provided that, if between the date of the public sale of the Series 2025 Bonds and the date of delivery of the Series 2025 Bonds, any event should occur or be discovered which would cause the Final Official Statement to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the

statements therein, in the light of the circumstances under which they were made, not misleading, the City shall notify the purchaser thereof and shall cooperate in any necessary supplement or amendment to the Final Official Statement as described above under “Official Statement”;

(c) a letter from Bond Counsel, addressed to the purchaser of the Series 2025 Bonds, to the effect that the firm has not independently verified the information contained in the Final Official Statement, but that during the course of the participation by the firm in the preparation of the Final Official Statement no information came to the attention of the firm to lead it to believe that the Final Official Statement (except the financial statements and other statistical and financial data contained in the Final Official Statement, and except information relating to The Depository Trust Company contained in the Final Official Statement, as to which such firm will make no statement) as of its date either contained an untrue statement of any material fact or omitted to state a material fact necessary to make the statements made, in the light of the circumstances under which they were made, not misleading; and

(d) the opinion of Kutak Rock LLP as to the validity, enforceability and tax-exempt status of interest on the Series 2025 Bonds, the form of which is set forth in the Preliminary Official Statement as Appendix A thereto.

Establishment of Issue Price

The winning bidder will be required to provide, in a timely manner, certain information necessary to compute the yield on the Series 2025 Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended. The issue price of the Series 2025 Bonds shall be established as follows:

(a) The winning bidder shall assist the City in establishing the issue price of the Series 2025 Bonds and shall execute and deliver to the City at closing an “issue price” or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Series 2025 Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the City and Bond Counsel. All actions to be taken by the City under this Notice of Sale to establish the issue price of the Series 2025 Bonds may be taken on behalf of the City by the Financial Advisor and any notice or report to be provided to the City may be provided to the Financial Advisor.

(b) The City intends that the provisions of Section 1.148-1(f)(3)(i) of the Treasury Regulations (defining “competitive sale” for purposes of establishing the issue price of the Series 2025 Bonds) will apply to the initial sale of the Series 2025 Bonds (the “competitive sale requirements”) because:

1 the City shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;

2. all bidders shall have an equal opportunity to bid;

3. the City may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and

4. the City anticipates awarding the sale of the Series 2025 Bonds to the bidder who submits a firm offer to purchase the Series 2025 Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Series 2025 Bonds, as specified in the bid.

(c) In the event that the competitive sale requirements are not satisfied, the City shall so advise the winning bidder. The City may determine to treat (i) the first price at which 10% of a maturity of the Series 2025 Bonds (the “10% test”) is sold to the public as the issue price of that maturity and/or (ii) the initial offering price to the public as of the sale date of any maturity of the Series 2025 Bonds as the issue price of that maturity (the “hold-the-offering-price rule”), in each case applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The winning bidder shall advise the City if any maturity of the Series 2025 Bonds satisfies the 10% test as of the date and time of the award of the Series 2025 Bonds. The City shall promptly advise the winning bidder, at or before the time of award of the Series 2025 Bonds, which maturities (and if different interest rates apply within a maturity, which separate CUSIP number within that maturity) of the Series 2025 Bonds shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation in the event that the City determines to apply the hold-the-offering-price rule to any maturity of the Series 2025 Bonds. Bidders should prepare their bids on the assumption that some or all of the maturities of the Series 2025 Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Series 2025 Bonds.

(d) By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Series 2025 Bonds to the public on or before the date of award at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Series 2025 Bonds, that the underwriters will neither offer nor sell unsold Series 2025 Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

1. the close of the fifth (5th) business day after the sale date; or

2. the date on which the underwriters have sold at least 10% of that maturity of the Series 2025 Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the City promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Series 2025 Bonds to the public at a price that is no higher than the initial offering price to the public.

(e) If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Series 2025 Bonds, the winning bidder agrees to promptly report to the City the prices at which the unsold Series 2025 Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the winning bidder's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the City or Bond Counsel.

(f) The City acknowledges that, in making the representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Series 2025 Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Series 2025 Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Series 2025 Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2025 Bonds.

(g) By submitting a bid, each bidder confirms that:

1. any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Series 2025 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each

dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Series 2025 Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2025 Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder that the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder and as set forth in the related pricing wires;

(B) to promptly notify the winning bidder of any sales of Series 2025 Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Series 2025 Bonds to the public (each such term being used as defined below); and

(C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

2. any agreement among underwriters or selling group agreement relating to the initial sale of the Series 2025 Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Series 2025 Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Series 2025 Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2025 Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% test has been satisfied as to the Series 2025 Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder or such underwriter, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.

(h) Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Series 2025 Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:

1. “public” means any person other than an underwriter or a related party;

2. “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2025 Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Series 2025 Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Series 2025 Bonds to the public);

3. a purchaser of any of the Series 2025 Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

4. “sale date” means the date that the Series 2025 Bonds are awarded by the City to the winning bidder.

Information

This Official Notice of Sale (a condensation of which has been ordered published), the Preliminary Official Statement and other information concerning the City and the Series 2025 Bonds may be obtained from Allena Portis, Finance Officer, ex-officio City Treasurer, City Hall, 1000 10th Street, Greeley, Colorado 80631 (telephone: (970) 350-9867; facsimile: (970)-350-9736; e-mail: Allena.Portis@greeleygov.com), or from the City’s Financial Advisor, Hilltop Securities Inc., Attention: Jason Simmons, 8055 E. Tufts Avenue, Suite 500, Denver, Colorado 80237, (telephone: (303) 771-0217; e-mail: Jason.Simmons@hilltopsecurities.com). Information regarding Parity, including any fees charged, may be obtained from i-Deal LLC, 2nd Floor, 1359 Broadway, New York, New York 10018 (telephone: (212) 849-5000).

BY ORDER OF THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO,
dated this August [1], 2025.

By /s/
Mayor, City of Greeley, Colorado

(End of Form of Official Notice of Bond Sale)

Section 3. The Finance Officer and other appropriate officers and agents of the City are hereby authorized to give such other notice of the sale of the Series 2025 Bonds, if any, as they deem appropriate, including, but not limited to, the distribution among investment bankers and others of the Official Notice of Sale authorized by Section 2 hereof and a Preliminary Official Statement relating to the issuance and sale of the Series 2025 Bonds (the “Preliminary Official Statement”), which distribution may be by such means (including, without limitation, electronic posting) as the Finance Officer may deem appropriate.

Section 4. Bids for the Series 2025 Bonds shall be received via Parity at the time and in the manner provided in the Official Notice of Sale, with such changes as may be approved by the Finance Officer. Notwithstanding any other provision of this resolution, the Council hereby delegates to the Finance Officer the following power and authority: (a) the Finance Officer may change the date or time of the public sale of the Series 2025 Bonds to a later date or time (but not later than 180 days after final passage of the Bond Ordinance) if the Finance Officer determines that such delay of the sale will maximize the likelihood of marketing the Series 2025 Bonds when market conditions are relatively favorable, or that it is necessary or desirable to provide additional time to finalize information or documentation relating to the Series 2025 Bonds, and (b) the Finance Officer may make such completions and other changes, not inconsistent with the Bond Ordinance, to both the published and official sale notice forms contained in this resolution as the Finance Officer may deem necessary or appropriate to conduct the public sale of the Series 2025 Bonds expeditiously and to the best financial advantage of the City.

Section 5. The Council hereby further delegates to the City’s Finance Officer the power and authority to make any amendments or include any additional provisions to the Official Notice of Sale in order to finalize the Official Notice of Sale so long as any such amendments or additional provisions are not in conflict with the terms and parameters of the Bond Ordinance; to determine the winning bid for the Series 2025 Bonds; to determine the final aggregate principal amount and maturity schedule for the Series 2025 Bonds, including the principal maturities of the Series 2025 Bonds (so as to generate bond proceeds consistent with the costs of the project for which the Series 2025 Bonds are being issued) and to determine any related premium adjustment, all as provided in the Official Notice of Sale; and to award the Series 2025 Bonds and to execute an appropriate written acceptance of the winning bid (including, without limitation, a final terms certificate setting forth such determinations, certifications and approvals as may be required or contemplated by the Bond Ordinance), or to reject all bids; provided that any such award and acceptance shall be subject to the final passage and effectiveness of the Bond Ordinance, expiration of the referendum period with respect thereto, and favorable action of the City’s Water and Sewer Board.

Section 6. The proposed form of Preliminary Official Statement of the City relating to the issuance and sale of the Series 2025 Bonds has been presented to the meeting of the Council at which this Resolution is approved and is on file in the office of the City Clerk. The Preliminary Official Statement, in substantially the form so presented with such additional changes as are made prior to the sale date, is hereby deemed by the City to be a “nearly final official statement” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The distribution and use by the Purchaser for the reoffering of the Series 2025 Bonds to the public of the final Official Statement (the “Official Statement”), in substantially the form of the Preliminary Official Statement, but with such amendments, additions and deletions as are consistent with the facts, as are not inconsistent herewith and as are approved by the Mayor as evidenced by the Mayor’s

execution of the Official Statement, is hereby authorized and approved, and the Mayor is authorized to sign the final Official Statement on behalf of the City.

Section 7. The officers and agents of the City are hereby authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution, including, but not limited to, the preparation and distribution of the Preliminary Official Statement and the publication, electronic posting and distribution of notice relating to the public sale of the Series 2025 Bonds. The Council deems all delegations, directions, instructions and authorizations contained in this resolution to be consistent with Section 3-14 of the Charter. The effectuation of this resolution shall be subject to the supervision of the City Manager of the City, and the City Manager is hereby directed to give all orders, directions, instructions and authorizations to City personnel as may be necessary or appropriate to accomplish the purposes of this resolution.

Section 8. All resolutions, motions, orders, bylaws, rules or regulations, or parts thereof, in conflict with this resolution are hereby repealed only to the extent of such inconsistency.

Section 9. If any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining parts or provisions of this resolution.

Section 10. This resolution shall take effect immediately upon its passage.

APPENDIX A
(ATTACH PUBLISHED NOTICE)

**APPENDIX B
FORM OF ISSUE PRICE CERTIFICATE**

ISSUE PRICE CERTIFICATE

\$ _____
**City of Greeley, Colorado
acting by and through its
Sanitary Water Enterprise
First-Lien Sewer Improvement Revenue Bonds,
Series 2025**

[CLOSING DATE]

The undersigned, on behalf of [NAME OF UNDERWRITER] (“[SHORT NAME OF UNDERWRITER]”), hereby certifies as set forth below with respect to the sale of the above-captioned obligations (the “Series 2025 Bonds”) by the City of Greeley, Colorado, acting by and through its Sanitary Water Enterprise (the “City”) [*Sections 1 and 2 and schedules to be adjusted in execution version as necessary if all of the requirements of a “competitive sale” are not satisfied.*]

1. Reasonably Expected Initial Offering Price.

(a) As of [THE SALE DATE], the reasonably expected initial offering prices of the Series 2025 Bonds to the Public by [SHORT NAME OF UNDERWRITER] are the prices listed in Schedule A (the “Expected Offering Prices”). The Expected Offering Prices are the prices for the Maturities of the Series 2025 Bonds used by [SHORT NAME OF UNDERWRITER] in formulating its bid to purchase the Series 2025 Bonds. Attached as Schedule B is a true and correct copy of the bid provided by [SHORT NAME OF UNDERWRITER] to purchase the Series 2025 Bonds.

(b) [SHORT NAME OF UNDERWRITER] was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by [SHORT NAME OF UNDERWRITER] constituted a firm offer to purchase the Series 2025 Bonds.

2. Defined Terms.

(a) “*Maturity*” means Series 2025 Bonds with the same credit and payment terms. Series 2025 Bonds with different maturity dates, or Series 2025 Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) “*Public*” means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(c) “*Underwriter*” means (i) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2025 Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Series 2025 Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Series 2025 Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents [SHORT NAME OF UNDERWRITER]’s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the City with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Series 2025 Bonds, and by Kutak Rock LLP in connection with rendering its opinion that the interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the City from time to time relating to the Series 2025 Bonds.

IN WITNESS WHEREOF, the undersigned, on behalf of [SHORT NAME OF UNDERWRITER], has set his or her hand as of the date first written above.

Council Agenda Summary

Item: 15.

June 17, 2025

Key Staff Contact: Sean Chambers, Water & Sewer Director, Adam Prior, Chief Engineer

Title:

Introduction and first reading ordinance making assessments against the lots and lands included within Local Improvement (LID) No. 346590 to recover the approved maximum costs of construction of a Non-Potable Irrigation Pump Station in Greeley, Colorado (Westgate Non-Potable Irrigation Pump Station)

Summary:

The City Council established a Local Improvement District (LID) No. 346590 for construction of a regional non-potable water irrigation pump station (pump station) to serve the Westgate Subdivision and the surrounding development areas north of the Highway 34 Bypass. This pump station was constructed under the guidance of the non-potable master plan for the benefit of properties within the specific service area of the pump station. Construction started in September 2023 and became operational in June 2024. The final completion date is October 29, 2024.

The Water and Sewer Department is seeking an ordinance setting forth the final maximum fee per acre for each parcel yet to be developed within the LID based on actual project cost; and setting forth the property to be included and names of the apparent owners of property for LID No. 346590. The final determination of lots and lands to be included within local improvement district 346590 as set forth in section 18-379(d) of the Greeley Municipal Code.

The pump station was sized to service approximately 417 acres which includes both developed and undeveloped parcels. Repayment for the LID is based on dividing the cost of the pump station by 417.110 acres. The cost of the pump station is \$2,573,242.80. Therefore, the LID rate is \$6,169.22/bulk acre. W&S's policy is to not charge developed properties to remove any disincentives to conversion. Therefore, the maximum amount that can be recovered is \$1,427,890.34 and the remainder of the construction costs are covered by W&S.

This ordinance will set the final LID rate as \$6,169.22/bulk acre to undeveloped parcels that are subject to the LID as depicted in Exhibit A of the Ordinance.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

Positive Impact: What is the onetime and/or ongoing amount?

Water & Sewer has already funded the total pump station cost of \$2,573,242.80. Water & Sewer's portion of the project is \$1,145,352.46 for developed areas. The city stands to recover up to \$1,427,890.34 as the undeveloped parcels develop.

- Is it budgeted? Yes
- Does it require a new appropriation? No

- Are there any long-term financial impacts?

If approved the LID will have a positive impact. The Local Improvement District will enable the City to recover a portion of the costs of the pump station from the undeveloped parcels that are benefiting from the pump station infrastructure and non-potable water which has reduced costs of use.

Is there grant funding for this item? No

Legal Issues:

Consideration of this matter is a legislative process which includes the following public hearing steps:

1. City staff presentation (if requested)
2. Council questions of staff
3. Public input (hearing opened, testimony - up to three minutes per person, hearing closed)
4. Council discussion
5. Council decision

Other issues and Considerations:

Not approving the final rates for the LID will require increased water and sewer rates to cover the additional cost of the pump station.

Strategic Focus Area:

Infrastructure and Mobility
Quality of Life

Decision Options:

1. Introduce the ordinance as presented; or
2. Amend the ordinance and introduce as amended; or
3. Deny the ordinance; or
4. Continue consideration of the ordinance to a date certain.

Council's Recommended Action:

A motion to introduce the ordinance and schedule the public hearing and second reading for July 15, 2025

Attachments:

1. Ordinance No. 21, 2025 with Exhibit A & B
2. Ordinance No. 35, 2024 - Establishing LID No. 346590

CITY OF GREELEY, COLORADO
ORDINANCE NO. 21, 2025

**AN ORDINANCE MAKING ASSESSMENTS AGAINST THE LOTS AND LANDS INCLUDED
WITHIN LOCAL IMPROVEMENT DISTRICT NO. 346590 TO RECOVER THE APPROVED
MAXIMUM COSTS OF CONSTRUCTION OF A NON-POTABLE IRRIGATION PUMP
STATION IN GREELEY, COLORADO (WESTGATE NON-POTABLE IRRIGATION PUMP
STATION)**

WHEREAS, the City of Greeley, Colorado ("City") is a home rule municipality empowered pursuant to Sections 1 and 6 of Article XX, and Section 7 of Article X of the Colorado Constitution to, *inter alia*, levy assessments against real property within the City for municipal purposes, including, without limitation, for local improvements; and

WHEREAS, the Charter for the City of Greeley, Colorado further empowers the City to establish local improvement districts, for the purpose of, *inter alia*, constructing local improvements and assessing the costs thereof upon the property especially benefitted by such improvements; and

WHEREAS, Title 18, Chapter 6 (Local Improvement Districts) of the Greeley Municipal Code sets forth the particular authority and procedures by which the City may establish such local improvement districts; and

WHEREAS, the City adopted Ordinance No. 35, 2024 on October 1, 2024, to establish Local Improvement District No. 346590 for the construction of a non-potable irrigation pump station ("Westgate Non-Potable Irrigation Pump Station") to serve the geographic area located generally south of 20th Street, north of Highway 34 Bypass, and west of 65th Avenue in southwest Greeley ("Westgate Non-Potable Irrigation Pump Station Service Area"); and

WHEREAS, the Chief Engineer of the Water and Sewer Department has presented a final report to the City Council on such construction and the costs incurred thereby, as required by Section 18-392 of the Greeley Municipal Code, a copy of which report is attached hereto as Exhibit B and incorporated herein by reference; and

WHEREAS, the City Council has considered such final report and desires to assess the lots and lands included within Local Improvement District No. 346590 for the costs of the Westgate Non-Potable Irrigation Pump Station described above.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF GREELEY, COLORADO:

Section 1. Finding of Construction Completion and Total Costs. The City Council hereby finds that construction of the Westgate Non-Potable Irrigation Pump Station described above and more particularly described in Ordinance No. 35, 2024 has been completed, and that the total cost to be assessed against the lots and lands within Local Improvement District No. 346590 is \$2,573,242.80 (i.e., \$6,169.22 per bulk acre). This maximum cost includes expenses for which the City will be responsible, as described in Section 3 below.

Section 2. Westgate Non- Potable Irrigation Pump Station Service Area. The City anticipates that the Westgate Non-Potable Irrigation Pump Station will serve 417.110 bulk acres. Of that total service area acreage, 185.656 acres have been identified by the City as conversion areas. A conversion area is defined in Section 5 of the City's Design Criteria as "a previously developed parcel that is currently irrigated by potable water but may consider switching to non- potable irrigation in the future." The remaining 231.454 bulk acres of that total service area acreage may be required by the Greeley Municipal Code to connect to the City's non-potable irrigation

infrastructure.

Section 3. City Portion of Infrastructure Costs. The City shall be responsible for the construction costs attributable to the 185.656 bulk acres associated with conversion areas described in Section 2 above and to those properties within the Westgate Non-Potable Irrigation Pump Station Service Area that are owned by the City, in the total amount of \$11,145,352.46.

Section 4. Manner of Property Assessments and Interest. The City Council hereby finds that the portion of the total maximum cost of construction for the Westgate Non- Potable Irrigation Pump Station not borne by the City shall be allocated to the 231.454 bulk acres within the Westgate Non-Potable Irrigation Pump Station Service Area that may be required by the Greeley Municipal Code to connect to the City’s non-potable irrigation infrastructure, as is shown on the map attached hereto as Exhibit A. Within such allocation, the costs and interest shall then be assessed proportionally in accordance with the bulk acreage of each parcel that connects to the City’s non-potable irrigation system. Assessments shall be due and payable from the property owner at the earlier of: (i) final plat approval, or (ii) a request from the property owner for connection to the City’s non-potable irrigation system, and any unpaid portions of such assessments shall bear interest at a rate of 4.4 percent per annum, which rate was recommended by the Director of Finance and is reflective of the prevailing interest rates on local or special improvement district bonds to finance comparable improvements.

Section 5. Assessment of Costs. The following lots and lands, all of which were included within Local Improvement District No. 346590 pursuant to Ordinance No. 35, 2024, are hereby assessed as follows.

Summary of Costs for Westgate

Non-Potable Irrigation Pump Station LID

J.R. Filanc Construction Company (Filanc) were awarded the construction manager at risk (CMAR) contract for construction the *Westgate Non-Potable Irrigation Pump Station*. Guaranteed Maximum Price (GMP) Contract #1 was for installation of a backflow preventor (Reduced Pressure Zone Device) to supply potable water for irrigating areas within the Westgate Subdivision while the city was completing the construction of the irrigation pump station. (GMP) Contract #1 was not included in the LID. (GMP) Contract #2 was for the cost of purchasing long-lead equipment and structures for the construction of the irrigation pump station. (GMP) Contract #3 was for the construction of the irrigation pump station. The city completed concrete sidewalk and irrigation system construction that was originally the developer's responsibility due to the irrigation pump station construction holding up their project completion. The developer compensated the city for this work as part of Contract #3 and is reflected in the final cost.

A table of expenditures follows:

	Actuals
Construction - Filanc (CMAR)	\$2,703,903.30
Construction - Oversight	\$13,181.25
Utilities - Electricity Service	\$13,822.00
Expenditure Total	\$2,730,906.55
Costs Reimbursed by Developer	
Sidewalk Installation	\$35,385.00
Landscaping	\$122,278.75
Reimbursements Total	\$157,663.75
LID Costs (Expenditures – Reimbursements)	\$2,573,242.80

COLORADO; DETERMINATION OF LOTS AND LANDS TO BE INCLUDED WITHIN LOCAL
IMPROVEMENT DISTRICT 346590; SETTING FORTH THE MAXIMUM COSTS OF
CONSTRUCTION; AND SETTING FORTH THE PROPERTY TO BE INCLUDED AND NAMES OF
THE APPARENT OWNERS OF PROPERTY TO BE INCLUDED (WESTGATE NON-POTABLE
IRRIGATION PUMP STATION)**

WHEREAS, the City of Greeley, Colorado (“City”) is a home rule municipality empowered pursuant to Sections 1 and 6 of Article XX, and Section 7 of Article X of the Colorado Constitution to, *inter alia*, levy assessments against real property within the City for municipal purposes, including, without limitation, for local improvements; and

WHEREAS, the Charter for the City of Greeley, Colorado further empowers the City to establish local improvement districts, for the purpose of, *inter alia*, constructing local improvements and assessing the costs thereof upon the property especially benefitted by such improvements; and

WHEREAS, Title 18, Chapter 6 (Local Improvement Districts) of the Greeley Municipal Code sets forth the particular authority and procedures by which the City may establish such local improvement districts; and

WHEREAS, the City anticipates continued development in west Greeley, with new developments containing over two (2) acres of irrigable area being required to utilize non-potable water for irrigation purposes, and has accordingly identified a need for additional non-potable irrigation infrastructure in this general area; and

WHEREAS, the City has identified more specifically a near-term need for a non-potable irrigation pump station (“Westgate Non-Potable Irrigation Pump Station”) to serve the geographic area located generally south of 20th Street, north of Highway 34 Bypass, and west of 65th Avenue in southwest Greeley (“Westgate Non-Potable Irrigation Pump Station Service Area”); and

WHEREAS, the City Council desires, on its own initiative, to establish a local improvement district for the construction of the Westgate Non-Potable Irrigation Pump Station, for the benefit of properties that will be required utilize non-potable irrigation service within the Westgate Non-Potable Irrigation Pump Station Service Area in Greeley;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO:

Section 1. Establishment of Local Improvement District 346590. Pursuant to the authority set forth in Section 18-379(d) of the Greeley Municipal Code, the City Council hereby orders the creation of a local improvement district for the construction of the Westgate Non-Potable Irrigation Pump Station, for the benefit of properties that will be required to utilize non-potable irrigation service within the Westgate Non-Potable Irrigation Pump Station Service Area in Greeley. The local improvement district shall be assigned number 346590 and contain the lots and lands set forth in Section 7 below. The location of the Westgate Non-Potable Irrigation Pump Station and the lots and lands to be included within Local Improvement District No. 346590 are shown on the map attached hereto as Exhibit A.

Section 2. Westgate Non-Potable Irrigation Pump Station Service Area. The City anticipates that the Westgate Non-Potable Irrigation Pump Station will serve 417.284 bulk acres. Of that total service area acreage, 173.903 acres have been identified by the City as conversion areas. A conversion area is defined in Section 5 of the City's Design Criteria as "a previously developed parcel that is currently irrigated by potable water but may consider switching to non-potable irrigation in the future." The remaining 243.381 bulk acres of that total service area acreage may be required by the Greeley Municipal Code to connect to the City's non-potable irrigation infrastructure.

Section 3. Estimation and Description of Maximum Costs. The total maximum cost of construction for the Westgate Irrigation Pump Station Infrastructure is estimated at this time to be \$2,600,522 (i.e., \$6,232.02 per bulk acre). This total estimated maximum cost includes expenses for which the City will be responsible, as described in Section 4 below.

Section 4. City Portion of Infrastructure Costs. Of the total estimated maximum cost set forth in Section 3, the City will bear at a minimum the construction costs attributable to the 173.903 bulk acres associated with conversion areas described in Section 2 above and to those properties within the Westgate Non-Potable Irrigation Pump Station Service Area that are owned by the City. The minimum cost to be borne by the City is estimated at this time to be \$1,083,766.88.

Section 5. Assessments against Local Improvement District 346590 Properties. The final determination of assessments to be made against the lots and lands included in Local Improvement District 346590 shall be established by an ordinance adopted after completion of the Westgate Non-Potable Irrigation Pump Station improvements described herein, and such assessments shall be based upon the costs of construction and a fair market rate of projected interest to be recommended by the Director of Finance and set forth in the assessment ordinance at the time it is adopted. Interest shall accrue on each assessment from the date of the City's final payment on construction costs until the assessment is paid in full. The portion of the total maximum cost of construction for the Westgate Non-Potable Irrigation Pump Station not borne by the City shall be allocated to the 243.381 bulk acres within the Westgate Non-Potable Irrigation Pump Station Service Area that may be required by the Greeley Municipal Code to connect to the City's non-potable irrigation infrastructure, as is shown on the map attached hereto as Exhibit A. Within such allocation, the costs and interest shall then be assessed proportionally in accordance with the bulk acreage of each parcel that connects to the City's non-potable irrigation system. Assessments shall be due from the property owner at the earlier of: (i) final plat approval, or (ii) a request from the property owner for connection to the City's non-potable irrigation system, and payable in accordance with the terms set forth in the assessment ordinance.

Section 6. Construction of the Westgate Non-Potable Irrigation Pump Station commenced prior to the passage of this ordinance. The City shall ensure construction is completed within a reasonable time after passage of this ordinance.

Section 7. Lots and Lands to be Included in Local Improvement District 346590; Owners. The lots and lands that shall be included within Local Improvement District 346590, the street addresses (if applicable) and legal descriptions of such lots and lands, and the current record owners of such lots and lands, according to the records of the Weld County Clerk and Recorder's Office, are as follows.

Section 8. Properties within the boundaries of Local Improvement District No. 346590 remain subject to all requirements of the Greeley Municipal Code regarding City non-potable water service and irrigation, including, without limitation, the requirement to construct additional distribution main line extensions, if necessary, to facilitate connection to the Westgate Non-Potable Irrigation Pump Station.

Section 9. This ordinance shall take effect on the fifth (5th) day following its final publication, as set forth in Section 3-16 of the Greeley City Charter.

PASSED AND ADOPTED, SIGNED AND APPROVED ON THIS 1ST DAY OF OCTOBER 2024.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Robert Miller, Division Treasurer, Tyra Litzau, Finance Director, Allena Portis, Deputy City Manager/Chief Financial Officer

Title:

Public hearing and second reading regarding of an ordinance providing for the issuance by the City of Greeley, Colorado, acting by and through its water enterprise, of its water revenue bonds, series 2025, in a principal amount not to exceed \$39,500,000, for the purpose of financing improvements, betterments, extensions and expansions of the City's water system; providing for the delegation to city officers of authority in connection with the competitive sale of the Series 2025 Bonds; providing for the payment of the Series 2025 Bonds from net revenues of the city's water system and pledging such net revenues therefore; providing for the form and terms of such Series 2025 Bonds, setting forth covenants and provisions concerning such Series 2025 Bonds, net revenues, and water system, and providing for other details in connection therewith; and ratifying prior actions relating to the foregoing (Water Revenue Bonds)

Summary:

The ordinance for City Council consideration is necessary to authorize and approve the issuance of water revenue bonds, Series 2025, in an aggregate principal amount not to exceed \$39,500,000, bearing interest at the rates and maturing on the dates in the amounts to be set forth in the final terms certificate, and on the terms and conditions provided in the bond ordinance. A portion of the net proceeds of the Series 2025 Bonds are to be used to reimburse the City for various previously paid costs and for future costs associated with the construction of various improvements and additions to the System, which generally include the following: replacement and expansion of the transmission and distribution systems, replacement and rehabilitation of water storage infrastructure, construction of infrastructure to access the Terry Ranch aquifer, and the purchases of blocks of water rights to meet the City's future water demand. These projects will need to be partially funded through bond revenues.

The Ordinance states that the City of Greeley authorizes and approves the issuance of the Series 2025 Water Revenue bonds, recognizing that the issuance of these bonds will impact the Water Fund's debt service payments and the rates required to support those payments. Water and Sewer Department Staff, in partnership with the Finance Department and the City's Financial Advisor, have reviewed and approved the debt service requirements of the proposed bond issuance in alignment with the rate structure approved by City Council. The proposed issuance of these bonds also maintains an appropriate bonding capacity of the Water Enterprise fund for future bond issuances in accordance with the approved Water and Sewer Capital Improvement Plan. The Water and Sewer Board has also approved the issuance of these bonds at their May 21, 2025 meeting. The item was introduced on June 3, 2025, and by a majority vote the public hearing and second reading was scheduled for June 17, 2025.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

Positive Impact: What is the onetime and/or ongoing amount? Onetime bond proceeds not to exceed

\$39.5 million.

- Is it budgeted? Yes.
- Does it require a new appropriation? No.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Negative Impact: What is the onetime and/or ongoing amount? Estimated ongoing debt service payment up to \$3 million annually.

- Is it budgeted? Yes, the 2025 budget identified approved expenditures using the bond proceeds.
- If yes, what source and fund will be used? Rates and Fees in the Water Fund.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Is there grant funding for this item? Not Applicable.

Does this action have potential long-term fiscal implications? Estimated annual debt service payments for the duration of the debt for \$3 million.

Legal Issues:

None. Kutak Rock LLP is serving as bond counsel.

Consideration of this matter is a legislative process which includes the following public hearing steps:

1. City staff presentation (if requested)
2. Council questions of staff
3. Public input (hearing opened, testimony - up to three minutes per person, hearing closed)
4. Council discussion
5. Council decision

Other issues and Considerations:

The bonds are expected to be marketed in August for a closing on the sale of the bonds on August 26.

Strategic Focus Area:

Infrastructure and Mobility

Decision Options:

1. Adopt the ordinance as presented; or
2. Amend the ordinance and adopt as amended; or
3. Deny the ordinance; or
4. Continue consideration of the ordinance to a date certain.

Council's Recommended Action:

A motion to adopt the ordinance and publish with reference to title only.

Attachments:

ORDINANCE NO. 12, 2025

AN ORDINANCE PROVIDING FOR THE ISSUANCE BY THE CITY OF GREELEY, COLORADO, ACTING BY AND THROUGH ITS WATER ENTERPRISE, OF ITS WATER REVENUE BONDS, SERIES 2025, IN A PRINCIPAL AMOUNT NOT TO EXCEED \$39,500,000 FOR THE PURPOSE OF FINANCING IMPROVEMENTS, BETTERMENTS, EXTENSIONS AND EXPANSIONS OF THE CITY'S WATER SYSTEM; PROVIDING FOR THE DELEGATION TO CITY OFFICERS OF AUTHORITY IN CONNECTION WITH THE COMPETITIVE SALE OF THE SERIES 2025 BONDS; PROVIDING FOR THE PAYMENT OF THE SERIES 2025 BONDS FROM NET REVENUES OF THE CITY'S WATER SYSTEM AND PLEDGING SUCH NET REVENUES THEREFOR; PROVIDING FOR THE FORM AND TERMS OF SUCH SERIES 2025 BONDS, SETTING FORTH COVENANTS AND PROVISIONS CONCERNING SUCH SERIES 2025 BONDS, NET REVENUES, AND WATER SYSTEM, AND PROVIDING FOR OTHER DETAILS IN CONNECTION THEREWITH; AND RATIFYING PRIOR ACTIONS RELATING TO THE FOREGOING.

BE IT ORDAINED BY THE CITY COUNCIL OF GREELEY, COLORADO:

Section 1. Findings. The City Council of the City of Greeley, Colorado (the "Council" and the "City," respectively) hereby finds and determines as follows:

- (a) Section 5-18(d) of the Charter of the City (the "Charter") provides that the City may, without an election, issue securities made payable solely from revenues derived from the operation of projects or improvements or from any source or sources or any combination thereof, other than ad valorem taxes of the City; and Section 5-23(c) of the Charter provides that the sale of all bonds (with certain exceptions not relevant to the subject matter of this Ordinance) shall be based upon competitive bids.
- (b) Pursuant to Article XVII of the Charter, the City owns, operates and maintains a municipal water system (the "System") as an "enterprise" within the meaning of Article X, Section 20 of the Colorado Constitution. The System has been designated as an enterprise by Section 20-23 of the Greeley City Code and by related actions of the Council and the City's Water and Sewer Board, and such designation is hereby ratified and confirmed. The Council has determined, and hereby determines, based in part upon advice of bond counsel, that the System currently meets all requirements applicable to an enterprise under said Article X, Section 20. Without limiting the generality of the foregoing, the Council has determined, and hereby determines, that in the 2025 fiscal year, the System has received, and that for the balance of the 2025 fiscal year the City intends and reasonably expects that the System will receive, under 10% of annual revenue in grants from all Colorado state and local governments combined. Accordingly, no election is necessary under Article X, Section 20 of the Colorado Constitution to issue the below-defined Series 2025 Bonds.
- (c) It is necessary and desirable for the best interests of the health, safety and welfare of the people of the City to finance the acquisition and construction of capital improvements, core

infrastructure, betterments, extensions and expansions of the System (the “Project”), which Project expressly excludes the construction of any facilities associated with the expansion of the area west of Highway 257.

(d) For the purpose of effecting such Project, it is necessary to authorize the issuance of not to exceed \$39,500,000 aggregate principal amount of Water Revenue Bonds, Series 2025 (the “Series 2025 Bonds”) upon the terms provided herein.

(e) The Series 2025 Bonds shall be payable solely from and shall be secured by a pledge of and an irrevocable lien on the Net Revenues (as defined below) of the System. The Series 2025 Bonds shall not constitute a debt or indebtedness of the City within the meaning of any Charter, constitutional or statutory provision or limitation and are not secured by the full faith and credit of the City or by any taxing power of the City or any other government; nor shall the Series 2025 Bonds constitute a multiple-fiscal year direct or indirect debt or other financial obligation within the meaning of Article X, Section 20 of the Colorado Constitution; nor shall the Series 2025 Bonds be considered or held to be general obligations of the City; rather, the Series 2025 Bonds shall be payable only from the Net Revenues of the System.

(f) The City, acting by and through its Water Enterprise, has heretofore duly authorized, issued, sold and delivered (i) its Series 2016 Bonds; (ii) its Series 2018 Bonds; (iii) its Series 2022 Bonds; and (iv) its 2024 Agency Bond. There are no other outstanding bonds, notes or other obligations of the City secured by a pledge of or a lien on the Net Revenues. There are no ordinances, resolutions, contracts, agreements, or other enactments or commitments of the City which would prevent the City from issuing and performing its obligations with respect to the Series 2025 Bonds.

(g) Pursuant to § 18-8-308, Colorado Revised Statutes (“C.R.S.”), all known potential conflicting interests, if any, with respect to the Series 2025 Bonds and the expenditure of proceeds thereof have been disclosed to the Council and to the Colorado Secretary of State. No member of the Council has a personal or private interest, as such terms are used in § 24-18-109, C.R.S., in the Series 2025 Bonds, the Project, or any other subject matter of this ordinance, and no member of the Council has any interest, as such term is used in § 24-18-201, C.R.S., in the Series 2025 Bonds, the Project or any other contract made or to be made pursuant to this ordinance.

Section 2. Definitions. The terms defined in this Section shall have the meanings assigned in this Section for all purposes of this ordinance (the “Ordinance”), the Exhibits hereto and any amendatory or supplemental ordinance, except where the context by clear implication requires otherwise. Other terms are defined elsewhere in this Ordinance.

“*Bond*” or “*Bonds*” includes the Series 2025 Bonds and any other designated bonds or similar obligations of the City as the context requires.

“*Bond Account*” means the Series 2025 Bond Account created and designated as such pursuant to Section 18 hereof.

“*Business Day*” means any day other than a Saturday or Sunday or a day on which banks in Denver, Colorado are required or authorized to be closed.

“Capital Improvements” means the acquisition of land, easements, water rights, facilities, equipment and materials (other than ordinary repairs and replacements), and the construction, reconstruction or other acquisition of improvements, betterments and extensions, for use by or in connection with the System; including, without limitation, any of the foregoing which are constructed, reconstructed, acquired or owned on a cooperative basis with any other entities.

“Code” means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds, and applicable regulations and rulings thereunder.

“Event of Default” means any one or more of the events set forth in Section 26 hereof.

“Federal Securities” means (a) direct obligations of the United States for which its full faith and credit are pledged (or ownership interests in the same); or (b) obligations the principal of and interest on which are unconditionally guaranteed by, the United States (or ownership interests in the same). No Federal Securities may be callable prior to their scheduled maturities by the issuer thereof.

“Final Terms Certificate” means the certificate to be executed by the Finance Officer, dated on or before the date of delivery of the Series 2025 Bonds, setting forth: (a) the determination by the Finance Officer of the winning bid for the Series 2025 Bonds; (b) the rates of interest on the Series 2025 Bonds and the premium, if any, to be paid therefor pursuant to such winning bid; (c) the aggregate principal amount and principal amount of each maturity of the Series 2025 Bonds, if reduced as provided in Section 5(a) hereof, and any related reduction in the premium bid for the Series 2025 Bonds; and (d) whether a Reserve Account is to be established in connection with the Series 2025 Bonds and the Minimum Reserve amount, if any. The Final Terms Certificate shall be construed as if it were a part of this Ordinance, provided that all provisions of the Final Terms Certificate shall be subject to the parameters and restrictions contained in this Ordinance.

“Finance Officer” means the Financial Officer and Ex-Officio City Treasurer, as Chief Financial Officer of the City.

“Generally Accepted Accounting Principles” means accounting principles, methods and terminology followed and construed for utilities and enterprises of governmental units, as established by the Governmental Accounting Standards Board, as amended from time to time.

“Letter of Representations” means the Letter of Representations from the City to The Depository Trust Company, or any similar agreement with any successor to The Depository Trust Company, together with schedules thereto and materials referred to therein.

“Maximum Debt Service Year” means the single calendar year, during the term of the Series 2025 Bonds, in which there is the greatest amount of total combined debt service on the Series 2025 Bonds, Parity Obligations, Subordinate Obligations, Other Water Obligations, and the Parity Obligations or Subordinate Obligations proposed to be issued.

“Minimum Reserve,” to the extent that a Reserve Account is established by Final Terms Certificate in connection with the Series 2025 Bonds, means the amount, calculated as of the initial delivery of the Series 2025 Bonds, equal to the least of (a) 10% of the proceeds of the Series 2025 Bonds, (b) 100% of the maximum annual principal and interest to come due on the Series 2025

Bonds in any calendar year, or (c) 125% of the average annual principal and interest requirements on the Series 2025 Bonds; provided that such amount may be reduced to the maximum amount permitted to be capitalized by the issuance of tax-exempt obligations under applicable provisions of federal tax laws and regulations. The dollar amount of the Minimum Reserve may be recalculated and reduced, but not increased, from time to time by the City as necessary to apply the Minimum Reserve to the remaining debt service requirements of the Series 2025 Bonds; provided that the Minimum Reserve shall not be reduced to an amount less than the least of (a) 10% of the proceeds of the Series 2025 Bonds, (b) 100% of the maximum annual principal and interest to come due on the Series 2025 Bonds in any calendar year, or (c) 125% of the average annual principal and interest requirements on the Series 2025 Bonds. The Minimum Reserve amount may be satisfied by the deposit of a Surety Bond as provided in Section 20 hereof.

“*Net Revenues*” for any period means the Revenues during such period minus Operating Expenses during such period.

“*Operating Expenses*” means, for any particular period, all reasonable and necessary current expenses of the City, paid or accrued, for operating, maintaining, and repairing the System, but only if such charges are made in conformity with Generally Accepted Accounting Principles. Such Operating Expenses include, but are not limited to, expenses for ordinary repairs, renewals and replacements of the System, salaries and wages, employees’ health, hospitalization, pension and retirement expenses, fees for services, materials and supplies, rents, administrative and general expenses, including legal and overhead expenses of the City directly related to the administration of the System, insurance expenses, legal, engineering, accounting, trustee, paying agent and financial advisory fees and expenses and costs of other consulting and technical services, taxes (except as set forth in the following sentence), payments in lieu of taxes and other governmental charges, payments to the United States Treasury pursuant to Section 148(f) of the Code or similar requirement to pay rebate, fuel costs, and any other current expenses or obligations required to be paid by the City by law, all to the extent properly allocable to the System. Operating Expenses do not include depreciation or obsolescence charges or reserves, amortization of intangibles or other bookkeeping entries of a similar nature, interest charges and charges for the payment of principal, or amortization, of bonded or other indebtedness of the City, costs, or charges made therefor, for capital additions, replacements, betterments, extensions or improvements to or retirements from the System which under Generally Accepted Accounting Principles are properly chargeable to the capital account or the reserve for depreciation, and do not include losses from the sale, abandonment, reclassification, revaluation or other disposition of any properties of the System nor such property items, including taxes and fuel, which are capitalized pursuant to the then existing accounting practice of the City.

“*Other Water Obligations*” means obligations (whether currently outstanding or hereafter issued) which are not secured by a pledge of or a lien on all or any part of the Revenues, but the debt service on which is required, under then current provisions of the Charter, to be taken into account in establishing water rates.

“*Outstanding*” or “*outstanding*” when used with reference to the Series 2025 Bonds (or any other designated bonds or similar obligations of the City) and as of any particular date, means all the Series 2025 Bonds (or such other bonds or similar obligations) theretofore duly issued except:

(a) any Series 2025 Bond (or such other bonds or similar obligations) canceled or delivered to be canceled by the City, or on the City's behalf, at or before such date;

(b) any Series 2025 Bond (or such other bonds or similar obligations) deemed to have been paid within the meaning of Section 29 hereof (or of any corresponding section of the ordinance or other enactment authorizing the issuance of such other bond or obligation); and

(c) any Series 2025 Bond (or such other bonds or similar obligations) in lieu of or in substitution for which another bond or obligation shall have been executed and delivered pursuant to Section 9 hereof (or of any corresponding section of the ordinance or other enactment authorizing the issuance of such other bond or obligation).

Notwithstanding the foregoing, any Bonds the principal of or interest on which have been paid by a bond insurer or similar entity shall be considered Outstanding to the extent such payment has not been reimbursed to such insurer or similar entity.

“Owner” or *“Registered Owner”* or *“Bondholder”* means any person who is the registered owner of any Bond as shown on the registration records kept by the Registrar. As further provided in Section 8 hereof, the initial Owner of the Series 2025 Bonds shall be Cede & Co. as nominee of The Depository Trust Company, the initial securities depository for the Series 2025 Bonds.

“Parity Obligations” means the Series 2016 Bonds, the Series 2018 Bonds, Series 2022 Bonds, the 2024 Agency Bond, and any additional bonds, notes, interim securities or other obligations hereafter issued by the City having a lien on all or any portion of the Net Revenues which is on a parity with the lien of the Series 2025 Bonds.

“Paying Agent” means Zions Bancorporation, National Association, in its capacity as the paying agent for the Series 2025 Bonds (or such other entity as may be appointed as a successor Paying Agent as provided in Section 31 hereof).

“Permitted Investments” means deposits or investments which are at the time legal deposits or investments for the City under applicable law.

“Purchaser” means the manager of the original purchasing account for the Series 2025 Bonds as determined by the Finance Officer based upon competitive bids received at the public sale of the Series 2025 Bonds as provided herein.

“Project” means the acquisition and construction of capital improvements, core infrastructure, betterments, extensions and expansions of the System. The Project expressly excludes the construction of any facilities associated with the expansion of the area west of Highway 257.

“Project Account” means the Series 2025 Project Account created and designated as such pursuant to Section 17 hereof.

“Rebate Account” means the Series 2025 Rebate Account created and designated as such pursuant to Section 18 hereof.

“*Record Date*” means the close of business on the fifteenth day (whether or not a Business Day) of the calendar month next preceding an interest payment date.

“*Registrar*” means Zions Bancorporation, National Association in its capacity as the registrar and transfer agent for the Bonds (or such other entity as may be appointed as a successor Registrar as provided in Section 31 hereof).

“*Reserve Account*” means the Series 2025 Reserve Account, if any, created and designated by Final Terms Certificate as such pursuant to Section 18 hereof.

“*Revenues*” means all income and revenues directly or indirectly derived by the City from the operation and use of the System, or any part thereof, including, without limitation, any rates, fees (including plant investment fees), and charges for the services furnished by, or the use of, the System, and all income attributable to any past or future dispositions of property or rights or related contracts, settlements, or judgments held or obtained in connection with the System or its operations, including investment income accruing from moneys held to the credit of the City’s Water Fund and from moneys required to be paid into any fund or account pledged to the payment of the Series 2025 Bonds or Parity or Subordinate Obligations except to the extent otherwise provided in their respective authorizing proceedings; provided however, that there shall be excluded from Revenues any moneys borrowed and used for providing Capital Improvements; any moneys and securities, and investment income therefrom, in any escrow or similar account pledged to the payment of any refunded bonds or other legally defeased obligations; and any moneys received as grants or appropriations the use of which is limited or restricted by the grantor or donor to Capital Improvements or other purposes inconsistent with the inclusion of such moneys as Revenues.

“*Series 2016 Bonds*” means the City of Greeley, Colorado Water Revenue Refunding Bonds, Series 2016, issued in the original aggregate principal amount of \$32,610,000.

“*Series 2018 Bonds*” means the City of Greeley, Colorado Water Revenue Bonds, Series 2018, issued in the original aggregate principal amount of \$41,920,000.

“*Series 2022 Bonds*” means the City of Greeley, Colorado Water Revenue Refunding and Improvement Bonds, Series 2022, issued in the original aggregate principal amount of \$65,480,000.

“*Series 2025 Bonds*” means the City of Greeley, Colorado Water Revenue Bonds, Series 2025, authorized by this Ordinance.

“*System*” means all of the City’s water facilities now owned or hereafter acquired, whether situated within or without the City boundaries, including all present or future improvements, extensions, enlargements, betterments, replacements or additions thereof or thereto.

“*Special Record Date*” means a special date fixed to determine the names and addresses of Owners for purposes of paying interest on a special interest payment date for the payment of defaulted interest.

“*State*” means the State of Colorado.

“Subordinate Obligations” means one or more additional bonds, notes, interim securities or other obligations, or series of any such obligations, issued by the City having a lien on all or any portion of the Net Revenues which is subordinate or junior to the lien of the Series 2025 Bonds.

“Surety Bond” means a Surety Bond as defined in Section 20 hereof, relating to the Reserve Account.

“Water Fund” means the existing Water Fund of the City, into which all Revenues are directed to be deposited as provided in Section 18 hereof.

“2024 Agency Bond” means the City of Greeley, Colorado Governmental Agency Bond, evidencing a loan in the principal amount of \$10,910,725 (following upfront principal forgiveness) made to the City by the Colorado Water Resources and Power Development Authority.

Section 3. Ratification. All action (not inconsistent with the provisions of this Ordinance) heretofore taken by the City and the officers, employees and agents of the City directed toward the Project or the sale and delivery of the Series 2025 Bonds is hereby ratified, approved and confirmed.

Section 4. Authorization. In accordance with the Charter and Article XX of the Constitution of the State, and all other laws thereunto enabling, the Council, on behalf of the City, acting by and through the System as an enterprise, hereby authorizes the issuance of the Series 2025 Bonds in an aggregate principal amount not to exceed \$39,500,000 for the purpose of providing funds to finance the Project, including payment of costs of issuance of the Series 2025 Bonds as provided herein.

Section 5. Series 2025 Bond Details.

(a) The Series 2025 Bonds shall be issued only in fully registered form (i.e., registered as to payment of both principal and interest) in denominations of \$5,000 and integral multiples thereof (and further provided that no Series 2025 Bond may be in a denomination which exceeds the principal coming due on the same maturity date and no individual Series 2025 Bond may be issued for more than one maturity). The Series 2025 Bonds shall be dated their date of issuance. The Series 2025 Bonds shall be numbered in such manner as the Registrar shall determine. The Series 2025 Bonds shall bear interest (computed on the basis of a 360-day year consisting of twelve 30-day months) from their date to maturity or prior redemption per annum as determined by the Finance Officer as certified in the Final Terms Certificate (which shall be market rates determined upon competitive bidding) at a net effective interest rate not to exceed 5.00%, payable on February 1 and August 1 in each year commencing not later than February 1, 2026, except that Series 2025 Bonds which are reissued upon transfer, exchange or other replacement shall bear interest at the interest rates shown below from the most recent interest payment date to which interest has been paid, or if no interest has been paid, from the date of the Series 2025 Bonds. The Series 2025 Bonds shall mature serially on August 1 of each year commencing not later than August 1, 2039, with the final maturity thereof not later than August 1, 2054. For purposes of this Ordinance, in the event that any Series 2025 Bonds are issued as term bonds, the annual sinking fund installments in connection with such term bonds shall be treated as serial bond payments.

(b) The principal of any Series 2025 Bond shall be payable to the Owner thereof as shown on the registration records kept by the Registrar upon maturity thereof or prior redemption and upon presentation and surrender at the office of the Paying Agent. If the principal of any Series 2025 Bond shall not be paid upon such presentation and surrender at or after maturity or prior redemption, interest thereon shall continue to accrue at the interest rate borne by said Series 2025 Bond until the principal thereof is paid in full. Payment of interest on any Series 2025 Bond shall be made to the Owner thereof by check or draft mailed by the Paying Agent, on or before each interest payment date (or, if such interest payment date is not a Business Day, on or before the next succeeding Business Day), to the Owner thereof at such Owner's address as it last appears on the registration records kept by the Registrar on the Record Date; but any such interest not so timely paid shall cease to be payable to the person who is the Owner thereof at the close of business on the Record Date and shall be payable to the person who is the Owner thereof at the close of business on a Special Record Date for the payment of such defaulted interest. Such Special Record Date and the date fixed for the payment of the defaulted interest shall be fixed by the Registrar whenever moneys become available for payment of the defaulted interest, and notice shall be given to the Owners of the Series 2025 Bonds not less than 10 days prior to the Special Record Date by first-class mail to each such Owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Series 2025 Bond by such alternative means as may be mutually agreed to between the Owner of such Series 2025 Bond and the Paying Agent (provided, however, that the City will not be required to make funds available to the Paying Agent prior to one business day preceding the interest payment dates stated herein). All such payments shall be made in lawful money of the United States of America without deduction for the services of the Paying Agent or Registrar.

Section 6. Prior Redemption.

(a) ***Optional Redemption of the Series 2025 Bonds.*** Unless otherwise provided by Final Terms Certificate, the Series 2025 Bonds maturing on and after August 1, 2036 shall be subject to redemption prior to their respective maturities, at the option of the City, on and after August 1, 2035, in whole or in part (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity, giving proportionate weight to Series 2025 Bonds in denominations larger than \$5,000, in such manner as the Registrar shall determine), at a redemption price equal to the principal amount of each Series 2025 Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date, without redemption premium. The City shall give written instructions concerning any such optional prior redemption to the Registrar at least 40 days prior to such redemption date (unless the Registrar agrees to accept such instructions at a later time). Such instructions to the Registrar may be made revocable by the City (except that such instructions must be made irrevocable in order to effect defeasance pursuant to Section 29 hereof).

(b) ***Redemption of Less Than all Series 2025 Bonds.*** In the case of Series 2025 Bonds of a denomination larger than \$5,000, each \$5,000 of principal shall be treated as a separate Series 2025 Bond for purposes of determining which Series 2025 Bonds of a particular maturity are to be redeemed on a particular redemption date pursuant to paragraph (a) or (b) of this Section. If less than all of the principal amount of any Series 2025 Bond is redeemed, the Registrar shall,

without charge to the Owner of such Series 2025 Bond, authenticate and issue a replacement Series 2025 Bond or Bonds for the unredeemed portion thereof.

(c) ***Notice and Effect of Redemption.*** Notice of any prior redemption under paragraph (a) or (b) of this Section shall be given by the Registrar in the name of the City by sending a copy of such notice, by first-class, postage prepaid mail or electronic means, not less than 30 days nor more than 60 days prior to the redemption date, to each Owner of any Series 2025 Bond all or a portion of which is called for prior redemption at such Owner's address as it last appears on the registration records kept by the Registrar. Failure to give such notice to the Owner of any Series 2025 Bond shall not affect the validity of the proceedings for the redemption of any other Bonds. Such notice shall specify the Series 2025 Bonds or portions thereof to be redeemed (if less than all are to be redeemed), and the date fixed for redemption, and shall further state that on such redemption date the principal due in connection with such redemption will become due and payable at the office of the Paying Agent, and that from and after such date interest on Series 2025 Bonds to be redeemed will cease to accrue. Accrued interest to the redemption date will be paid by check or draft mailed or wired to the Owner (or by alternative means if so agreed to by the Paying Agent and the Owner). Notice having been given in the manner provided in this paragraph, the Series 2025 Bonds so called for redemption shall become due and payable on the redemption date so designated, and interest on such Series 2025 Bonds shall cease to accrue; and upon presentation thereof at the Paying Agent, the City shall pay the Series 2025 Bond or Bonds so called for redemption. All provisions of this Section as to notices, selection of Bonds or portions thereof to be redeemed, and other procedural provisions of this Section shall be subject to applicable procedures of the book-entry system provided for in Section 8 hereof.

Section 7. Execution and Authentication.

(a) The Series 2025 Bonds shall be executed in the name of and on behalf of the City and shall be signed by the Mayor of the City, shall be sealed with a manual or facsimile impression of the seal of the city, and shall be attested by the City Clerk. The signatures of the Mayor and the City Clerk on the Series 2025 Bonds may be manual or by facsimile. The Series 2025 Bonds bearing the manual or facsimile signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the City (subject to the requirement of authentication by the Registrar as hereinafter provided) notwithstanding that before the delivery thereof, or before the issuance thereof upon transfer or exchange, any or all of the persons whose manual or facsimile signatures appear thereon shall have ceased to fill their respective offices. The Mayor and the City Clerk shall, by the execution of a certificate pertaining to the Series 2025 Bonds, adopt as and for their respective signatures any facsimiles thereof appearing on the Series 2025 Bonds. At the time of the execution of such certificate, the Mayor and the City Clerk may each adopt as and for their respective facsimile signatures the facsimile signature of their respective predecessors in office in the event that such facsimile signature appears upon any of the Series 2025 Bonds.

(b) No Series 2025 Bond shall be valid or obligatory for any purpose unless the certificate of authentication, substantially in the form provided in Exhibit A hereto, has been duly executed by the Registrar. The Registrar's certificate of authentication shall be deemed to have been duly executed by it if manually signed by a duly authorized representative of the Registrar, but it shall not be necessary that the same representative sign the certificate of authentication on all of the Bonds issued hereunder. By authenticating any Series 2025 Bonds pursuant to this Ordinance, the

Registrar and the Paying Agent shall be deemed to have assented to the provisions of, and to have agreed to abide by and perform the duties assigned to them in, this Ordinance.

Section 8. Book-Entry System. Notwithstanding any other provision hereof, and except to the extent otherwise, the Series 2025 Bonds shall be initially issued in the form of a separate single certificated fully registered Series 2025 Bond for each of the maturities set forth in Section 5 hereof or identified in any term bond designation permitted hereby. Upon initial issuance the ownership of each Series 2025 Bond shall be registered in the registration records kept by the Registrar in the name of Cede & Co. (“Cede”), as nominee of The Depository Trust Company (including its successors and assigns, “DTC”), which is hereby designated as the initial securities depository for the Series 2025 Bonds under the DTC book-entry system, which book-entry system is hereby authorized and agreed to by the City. The execution and delivery of the Representation Letter from the City to DTC, relating to such book-entry system, is hereby authorized (or, if a previously executed and delivered Representation Letter applies to the Series 2025 Bonds, such execution and delivery is hereby ratified and confirmed). Notwithstanding any other provision hereof to the contrary, so long as any Series 2025 Bond is registered in the name of Cede, as nominee of DTC, all payments and all notices with respect to such Series 2025 Bond shall be made and given, respectively, in the manner provided in such Representation Letter.

Section 9. Registration, Transfer and Exchange. Subject to the provisions of Sections 5 and 8 hereof:

(a) Records for the registration and transfer of the Series 2025 Bonds shall be kept by the Registrar, which is hereby appointed by the City as registrar (i.e., transfer agent) for the Series 2025 Bonds. Upon the surrender for transfer of any Bond at the office of the Registrar, duly endorsed for transfer or accompanied by an assignment or written instrument of transfer in form satisfactory to the Registrar and duly executed by the Owner or the Owner’s attorney duly authorized in writing, the Registrar shall enter such transfer on the registration records and shall authenticate and deliver in the name of the transferee or transferees a new Series 2025 Bond or Bonds of a like aggregate principal amount and of the same maturity, bearing a number or numbers not previously assigned. Series 2025 Bonds may be exchanged at the office of the Registrar for an equal aggregate principal amount of Series 2025 Bonds of the same maturity of other authorized denominations. The Registrar shall authenticate and deliver a Series 2025 Bond or Bonds which the Owner making the exchange is entitled to receive, bearing a number or numbers not previously assigned. The Registrar may impose reasonable charges in connection with such exchanges and transfers of Series 2025 Bonds, which charges (as well as any tax or other governmental charge required to be paid with respect to such exchange or transfer) shall be paid by the Owner requesting such exchange or transfer.

(b) The Registrar shall not be required to transfer or exchange (i) all or any portion of any Series 2025 Bond subject to prior redemption during the period beginning at the opening of business 15 days before the day of the sending by the Registrar of notice calling any Series 2025 Bonds for prior redemption as herein provided and ending at the close of business on the day of such sending; or (ii) all or any portion of a Series 2025 Bond after the mailing or sending of notice calling such Series 2025 Bond or any portion thereof for prior redemption.

(c) Except as otherwise provided with respect to payment of interest pursuant to Section 5 hereof, and except as otherwise provided in Sections 29 and 33 hereof, the person in whose name any Series 2025 Bond shall be registered on the registration records kept by the Registrar shall be deemed and regarded as the absolute owner thereof for the purpose of making payment thereof and for all other purposes. Payment of or on account of principal or interest on any Series 2025 Bond shall be made only to or upon the written order of the Owner thereof or such Owner's legal representative, but such registration may be changed upon transfer of such Series 2025 Bond in the manner and subject to the conditions and limitations provided herein. All such payments shall be valid and effectual to discharge the liability upon such Series 2025 Bond to the extent of the sum or sums so paid.

(d) If any Series 2025 Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence, information or indemnity relating thereto as it or the City may reasonably require, authenticate and deliver a replacement Series 2025 Bond or Bonds of a like aggregate principal amount and of the same maturity, bearing a number or numbers not previously assigned. If such lost, stolen, destroyed or mutilated Bond shall have matured or shall have been called for redemption, or is about to mature or be called for redemption, the Registrar may direct that such Series 2025 Bond be paid by the Paying Agent in lieu of replacement. The Registrar and the City may require that the Owner of any such Bond pay their reasonable fees, charges and expenses relating to their activities pursuant to this paragraph.

(e) The officers of the City are authorized to deliver to the Registrar fully executed but unauthenticated Series 2025 Bonds in such quantities as may be convenient to be held in custody by the Registrar pending use as herein provided.

(f) Whenever any Series 2025 Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for transfer, exchange or replacement as provided herein, such Series 2025 Bond shall be promptly canceled and destroyed by the Paying Agent or Registrar, and a record of such cancellation shall be furnished by the Paying Agent or Registrar to the City.

Section 10. Negotiability. Subject to the registration provisions hereof, the Series 2025 Bonds shall be fully negotiable and shall have all the qualities of negotiable paper, and the Owners thereof shall possess all rights enjoyed by the holders of negotiable instruments under the provisions of the Colorado Uniform Commercial Code. The principal of and interest on the Series 2025 Bonds shall be paid, and the Series 2025 Bonds shall be transferable, free from and without regard to any equities between the City and the original or any intermediate Owner of any Series 2025 Bonds or any setoffs or cross-claims.

Section 11. Form of Series 2025 Bonds. The Series 2025 Bonds shall be in substantially the form set forth in Exhibit A hereto, with such omissions, insertions, endorsements and variations as to any recitals of fact or other provisions as may be required by the circumstances, be required or permitted by this Ordinance, or as may be necessary or appropriate to carry out the purposes of this Ordinance or to conform to the rules and requirements of any governmental authority, of DTC (or any substitute securities depository as provided herein), or any applicable usage or requirement of law (including, without limiting the generality of the foregoing, such modifications and additions as may be necessary or appropriate to conform to the provisions of second reading amendments to this Ordinance and the completed Exhibits hereto).

Section 12. Series 2025 Bonds Equally Secured. The covenants and agreements herein set forth to be performed on behalf of the City shall be for the equal benefit, protection and security of the Owners of any and all of the Series 2025 Outstanding Bonds, all of which, regardless of the time or times of their issuance or maturity, shall be of equal rank without preference, priority or distinction, except as otherwise expressly provided in or pursuant to this Ordinance.

Section 13. Pledge of Net Revenues; Special Obligations.

(a) The City hereby irrevocably pledges the Net Revenues and moneys in the Bond Account, on the terms provided herein, for the payment of the principal of and interest on the Series 2025 Bonds, and for payment of Surety Bond Costs, if any, with respect to the Reserve Account as provided in Sections 18(b)(SECOND) and 20 hereof. Such pledge shall create an irrevocable and first lien (but not necessarily an exclusively first lien) on the Net Revenues, on a parity with the lien of Parity Obligations currently Outstanding (and possibly on a parity with the lien of other Parity Obligations which may be issued in the future as provided in Section 25 hereof). This pledge shall be valid and binding from and after the date of the first delivery of the Series 2025 Bonds, and the Net Revenues, as received by the City, shall immediately be subject to the lien of this pledge without any physical delivery thereof or any filing or further act. Net Revenues in amounts sufficient to make all of the payments to the Bond Account and the Rebate Account and for any reimbursement of Surety Bond Payments and payment of related Surety Bond Costs as required under Section 20 hereof are hereby appropriated for said purposes, and said amounts for each year shall be included in the annual budget and appropriation ordinances or measures to be adopted or passed by the Council in each year respectively until the Series 2025 Bonds have been paid in full or otherwise discharged as herein provided.

(b) The Series 2025 Bonds shall be special, limited obligations of the City, payable and collectible solely out of Net Revenues and moneys in the Bond Account as provided herein. The Series 2025 Bonds shall not constitute a debt or an indebtedness of the City, Weld County, the State or any political subdivision of the State within the meaning of the Charter or any constitutional or statutory provision or limitation, and are not secured by the full faith and credit of the City or by any taxing power of the City or any other government; nor shall the Series 2025 Bonds constitute a multiple-fiscal year direct or indirect debt or other financial obligation within the meaning of Article X, Section 20 of the Colorado Constitution; nor shall such obligations be considered or held to be general obligations of the City; rather, such obligations shall be payable only from the Net Revenues of the System. The Owners of the Series 2025 Bonds may not look to any general fund of the City for the payment of the Series 2025 Bonds, nor do the Owners of the Series 2025 Bonds have any right to require or compel the exercise of the ad valorem property taxing power or any other taxing power of the City or of any other taxing entity for payment of the Series 2025 Bonds.

(c) None of the covenants, agreements, representations and warranties contained herein or in the Series 2025 Bonds shall ever impose or be construed as imposing any liability, obligation or charge against the City (except to the extent of the Net Revenues and the moneys in the Bond Account pledged pursuant to paragraph (a) of this Section) or its general credit; nor shall the Series 2025 Bonds be payable out of any general fund of the City, or any funds derived from taxation, or any funds other than the Net Revenues. The payment of the Series 2025 Bonds is not secured by

any encumbrance, mortgage or other pledge of any property, except the Net Revenues and the moneys in the Bond Account as provided herein.

Section 14. Preliminary Official Statement; Official Statement. The proposed form of Preliminary Official Statement of the City relating to the issuance and sale of the Series 2025 Bonds has been presented to the meeting of the Council at which this Ordinance is approved on first introduction and is on file in the office of the City Clerk. The Preliminary Official Statement, in substantially the form so presented with such additional changes as are made prior to final passage of this Ordinance, is hereby deemed by the City to be a “nearly final official statement” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The distribution and use by the Purchaser for the reoffering of the Series 2025 Bonds to the public of the final Official Statement (the “Official Statement”), in substantially the form of the Preliminary Official Statement, but with such amendments, additions and deletions as are consistent with the facts, as are not inconsistent herewith and as are approved by the Mayor as evidenced by the Mayor’s execution of the Official Statement, is hereby authorized and approved, and the Mayor is authorized to sign the final Official Statement on behalf of the City.

Section 15. Delegated Duties. Pursuant to the Supplemental Public Securities Act, part 2 of article 57 of title 11, Colorado Revised Statutes (“C.R.S.”), as amended (the “Supplemental Act”), as well as the City’s ‘powers as a home rule municipality under article XX of the Colorado Constitution, and in order to provide for the sale of the Series 2025 Bonds expeditiously and to the best financial advantage of the City, the Council hereby delegates to the Finance Officer the power and duty to determine and accept the winning bid for the Series 2025 Bonds, and to determine and approve the final aggregate principal amount, annual principal maturities, mandatory sinking fund redemption provisions and schedules, if any, interest rates, and purchase price (i.e., premium, if any) of the Series 2025 Bonds, which determinations and approvals shall be consistent with the provisions of the Charter and with the parameters and restrictions of this Ordinance, and which determinations and approvals shall be evidenced by the execution by the Finance Officer of the Final Terms Certificate. Pursuant to Section 5-23(a) of the Charter, the Finance Officer shall determine that the interest rate for the Series 2025 Bonds does not exceed the market rate. Pursuant to Section 5-23(b) of the Charter, the purchase price for the Series 2025 Bonds shall not be less than their par value. As provided in Section 11-57-205, C.R.S., as amended, the delegations of authority provided in this Section 15 shall be effective for one year from the final adoption of this ordinance, and if the Series 2025 Bonds are not sold within such one-year period, the Series 2025 Bonds may not be sold without additional Council authorization (which authorization, together with other provisions supplemental to this Ordinance, may be by resolution adopted by the Council). The City hereby elects, pursuant to Section 11-57-204, C.R.S., to apply such portions of the Supplemental Act as are relevant to and not inconsistent with the provisions of this Ordinance, including without limitation Sections 11-57-205, 11-57-206, 11-57-207, 11-57-208, 11-57-209, 11-57-210 and 11-57-212, C.R.S., as amended. The delegations provided for in Section 3(b)(vi) shall be in addition to the delegations to City officers provided for in other provisions of this Ordinance.

The officers, employees and agents of the City are hereby authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Ordinance, including, without limiting the generality of the foregoing, the preparation and delivery of the Series 2025 Bonds, such action as shall be necessary or desirable to maintain the tax-exempt status of the Series

2025 Bonds, the entering into and execution of an escrow agreement, if any, the entering into and execution of appropriate agreements and such other actions as are necessary or appropriate with respect to the any Surety Bond, the entering into and execution of appropriate agreements as to the City's continuing disclosure undertaking, the entering into and execution of appropriate agreements as to the book-entry system for the Series 2025 Bonds, the entering into and execution of a paying agent and registrar agreement, if any, concerning the services and compensation of the Paying Agent and Registrar, the execution of such certificates as may be required by the Purchaser, including without limitation certificates relating to the signing of the Series 2025 Bonds, the tenure and identity of municipal officials, the delivery of the Series 2025 Bonds and receipt of the purchase price therefor, the tax exempt status of the Series 2025 Bonds, the accuracy and completeness of the Official Statement, and relevant pending or threatened litigation or the absence thereof. Any officer of the City designated as "Acting" may take any action authorized or directed by this Ordinance (including, without limitation, execution or authentication of the Series 2025 Bonds) under the title of such officer's office, with or without notation of the "Acting" designation. Without limiting the generality of the foregoing, in the absence, unavailability or disability of any officer of the City authorized or directed to take any action pursuant to this Ordinance (including, without limitation, execution or authentication of the Series 2025 Bonds or execution of any other document, instrument or certificate), such action may be taken by an officer designated as "pro tem" or "Acting" for such office, or by any deputy or assistant for such office.

Section 16. Delivery of Series 2025 Bonds. When the Series 2025 Bonds have been duly executed and authenticated, they shall be delivered to the Purchaser on receipt of the agreed purchase price. The funds realized from the sale of the Series 2025 Bonds shall be applied solely for the purposes set forth in Section 17 hereof and for no other purposes whatsoever. Neither the Purchaser nor any subsequent Owner of any of the Series 2025 Bonds shall be responsible for the application or disposal by the City, or any of its officers or employees, of any such funds.

Section 17. Disposition of Series 2025 Bond Proceeds. The proceeds derived from the sale of the Bonds, upon the receipt thereof, shall immediately be deposited and accounted for in the following order of priority:

(a) There shall be deposited into the Bond Account and applied to the payment of interest on the Series 2025 Bonds (a) all accrued interest on the Series 2025 Bonds, if any and (b) any other available funds, to the extent not deposited into the Project Account and as directed by the Finance Officer;

(b) A portion of the proceeds of the Series 2025 Bonds shall be deposited in a special account hereby created in the Water Fund to be designated as the City of Greeley, Water Revenue Bonds, Series 2025, Project Account (the "Project Account"), to pay costs of the Project (after reimbursing the Water Fund for costs of the Project previously paid from the Water Fund, and payment of premiums for any Surety Bond and other costs of issuance of the Series 2025 Bonds and other incidental costs necessary or appropriate in connection with the Project and the financing thereof). Moneys in the Project Account, and interest or investment income thereon, are not included in the Revenues and do not constitute security for the Series 2025 Bonds; and

(c) Moneys and investments in the Project Account shall be held and applied by the City to the Project. Upon completion of the Project, the balance of moneys in the Project Account, if any, shall be transferred to the Bond Account.

Section 18. Flow of Funds.

(a) The City hereby creates the following special accounts within the Water Fund:

(i) the “Series 2025 Rebate Account” (the “Rebate Account”);

(ii) the “Series 2025 Bond Account” (the “Bond Account”);

(iii) the Project Account; and

(iv) to the extent provided by Final Terms Certificate, the “Series 2025 Reserve Account” (the “Reserve Account”).

(b) The City shall credit to the Water Fund all Revenues immediately upon receipt. The Revenues shall be applied, on or before the last day of each month, first to the payment of Operating Expenses as they become due and payable, including payments to the Rebate Account as required by Section 23 hereof. After such payments, the City shall apply the remaining moneys (i.e., the Net Revenues) in the following order of priority:

FIRST, to the credit of the Bond Account in the amounts and at the times required by Section 19 hereof; and concurrently, to the credit of Bond Accounts associated with all Parity Bonds, and any similar fund or account (including any sinking fund) hereafter created for the payment of other Parity Obligations, in the amounts and at the times required in connection with such Parity Obligations;

SECOND, to the Surety Bond issuer, if any, to the extent required to reimburse any Surety Bond Payments and to pay other Surety Bond Costs in the amounts and at the times required by Section 20 hereof, and concurrently, to the credit of any reserve or similar fund or account hereafter created to secure other Parity Obligations (or for repayment pursuant to any insurance policy, surety bond, letter or line of credit, or similar credit facility utilized in lieu of such fund or account), in the amounts and at the times required in connection with such Parity Obligations;

THIRD, to the credit of any other funds or accounts hereafter established for the payment of the principal of, premium, if any, and interest on any Subordinate Obligations, including any sinking fund, reserve fund or similar fund or account established therefor, in the amounts and at the times required by the ordinance or other enactment authorizing the issuance of such Subordinate Obligations; and

FOURTH, to the credit of any other fund or account as may be designated by the City, to be used for any lawful purpose (which may include, without limitation, the payment of debt service on the Other Water Obligations).

Section 19. Bond Account. The City shall credit to the Bond Account from the Net Revenues, the following amounts at the following times:

- (a) monthly, commencing on the last day of the month immediately succeeding the delivery of the Series 2025 Bonds, an amount in equal monthly installments necessary, together with any moneys therein and available therefor, to pay the interest due and payable on the Outstanding Series 2025 Bonds on the next succeeding interest payment date; and
- (b) monthly, commencing on the last day of the month immediately succeeding the delivery of the Series 2025 Bonds, an amount in equal monthly installments necessary, together with any moneys therein and available therefor, to pay the principal due and payable on the Outstanding Series 2025 Bonds on the next succeeding principal payment date.

Net Revenues sufficient to make payments of principal and interest due on the Series 2025 Bonds shall be deposited with the Paying Agent not later than the Business Day prior to the payment date.

The Bond Account shall secure only the Series 2025 Bonds and not any Parity or Subordinate Obligations.

Section 20. Reserve Account; Surety Bond and Reimbursements.

- (a) To the extent provided by Final Terms Certificate, the Reserve Account shall be maintained by the City in an amount equal to the Minimum Reserve as a continuing reserve to be used to prevent deficiencies in the payment of the principal of and interest on the Series 2025 Bonds resulting from the failure to credit to the Bond Account sufficient funds to pay such principal and interest as the same become due. The Reserve Account, if any, shall secure only the Series 2025 Bonds and not any Parity or Subordinate Obligations.
- (b) Notwithstanding the provisions of paragraph (a) of this Section or any other provision of this Ordinance, all requirements of this Ordinance concerning moneys to be held in or paid into the Reserve Account may be met through utilization of a Surety Bond. "Surety Bond" means the surety bond issued by an insurance company or financial institution selected by the Finance Officer, giving due regard and making findings with respect to the economies to the City of utilizing a Surety Bond and the lack of adverse effects thereof on the ratings of the Series 2025 Bonds, by Final Terms Certificate, guaranteeing certain payments into the Reserve Account with respect to the Series 2025 Bonds as provided therein and subject to the limitations set forth therein. The Surety Bond shall be in an aggregate principal amount at least equal to the Minimum Reserve and shall be held by the Paying Agent in a separate account to be designated the Series 2025 Bond Reserve Account which shall be deemed a part of the Reserve Account. By accepting delivery of the Surety Bond, the Paying Agent shall be deemed to agree to perform all duties required of a paying agent with respect to the Surety Bond.
- (c) As long as the Surety Bond shall be in full force and effect, the City and the Paying Agent agree to comply with the following provisions:
 - (i) Pursuant to the terms of the Surety Bond, the amount of such payment by the Surety Bond issuer ("Surety Bond Payment") is to be equal to the Debt Service Payment less (1) that portion of

the Debt Service Payment paid by the City, and (2) other funds legally available to the Paying Agent for payment to the Owners, all as certified by the Paying Agent.

(ii) The City and the Paying Agent shall, after submitting to the Surety Bond issuer a demand for payment as provided in paragraph (i) above, make available to the Surety Bond issuer all records relating to the funds and accounts maintained under this Ordinance.

(iii) The Paying Agent shall, upon receipt of moneys received from the draw on the Surety Bond, as specified in the Demand for Payment, either credit the Bond Account to the extent of moneys received pursuant to such Demand or apply such moneys directly to payment of the Series 2025 Bonds.

(iv) The Reserve Account shall be deemed replenished by the City's reimbursement to the Surety Bond issuer of principal, interest and the Surety Bond issuer's reasonable expenses in connection with such Surety Bond Payment, as further provided in paragraph (d) of this Section (collectively, the "Surety Bond Costs"). The City's obligation to pay such Surety Bond Costs shall be limited to Net Revenues and shall be made in the order of priority set forth in Section 18(b)(SECOND) hereof. The Surety Bond issuer shall cooperate in advising the City from time to time of the amount of Surety Bond Costs, if any, then due and owing, and if the City fails to reimburse the Surety Bond issuer within 30 days after receipt of an itemized statement pursuant to Section 20(c)(ii), interest shall be computed on such amount from the date of any payment made by the Surety Bond issuer at the rate set forth in the Surety Bond or the commitment therefor.

(d) This Ordinance shall not be discharged pursuant to Section 29 hereof until all Surety Bond Costs due and owing to the Surety Bond issuer shall have been paid in full. The City's obligation to pay such amounts shall survive payment in full of the Series 2025 Bonds.

Section 21. General Administration of Funds and Accounts.

(a) The Water Fund, the Rebate Account, the Bond Account, the Reserve Account, if any, and the Project Account shall be held in the custody of the City. Each periodic payment shall be credited to the proper fund or account not later than the date designated therefor, except that when any such date shall be a day which is not a Business Day, then such payment shall be made on or before the next succeeding Business Day.

(b) Securities or obligations purchased as an investment of moneys in the Water Fund or in any account thereof created by this Ordinance shall be deemed at all times to be a part of such Fund or account, except to the extent otherwise provided herein. Moneys in the Water Fund, the Rebate Account, the Bond Account and the Project Account not immediately needed may be deposited or invested and reinvested by the City in deposits or investments which are at the time Permitted Investments, subject to the provisions of this Section and Section 23 hereof. Interest and any profit realized or any loss resulting from investments in the Water Fund and the Bond Account shall be credited or charged to each such Fund or account, respectively (provided that interest or profit realized from investments in the Bond Account shall be deemed credited to the Water Fund for accounting purposes, subject to immediate transfer back to the Bond Account). Interest and profit realized and any loss resulting from investments in the Rebate Account shall be credited or charged to such account, except to the extent otherwise provided in Section 23 hereof.

(c) No payment need be made into the Bond Account if the amounts in the Bond Account total a sum at least equal to the entire amount of the Outstanding Series 2025 Bonds, as to all debt service requirements (both accrued and unaccrued) to their respective maturities or to any redemption date or redemption dates on which the City shall have exercised or shall have obligated itself to exercise its redemption option; in which case moneys in the Bond Account in an amount at least equal to such debt service requirements shall be used solely to pay such debt service requirements as the same become due; and any moneys in excess thereof in the Bond Account may be withdrawn and used for any lawful purpose, and thereafter nothing herein shall preclude the use of any other moneys derived from the Net Revenues for any lawful purpose, as determined by the City.

(d) Neither the City nor any officer or employee of the City shall be liable or responsible for any loss resulting from any investment or reinvestment made in accordance with this Ordinance.

(e) The moneys in any fund or account herein authorized shall consist of lawful money of the United States or Permitted Investments or both such money and such Permitted Investments. Moneys deposited in a demand or time deposit account in or evidenced by a certificate of deposit of a commercial bank, appropriately secured according to the laws of the State, shall be deemed lawful money of the United States.

(f) Nothing herein prevents the accumulation in any fund or account herein designated of any money at a faster rate than the rate or minimum rate, as the case may be, provided therefor.

Section 22. Rates and Charges. The City covenants that it shall establish and collect rates and charges for the use or the sale of the products and services of the System, which together with other moneys available therefor (exclusive of any unappropriated fund balances), are expected to produce Revenues for each calendar year which will be at least sufficient for such calendar year to pay the sum of:

(a) all amounts estimated to be required to pay Operating Expenses during such calendar year;

(b) a sum equal to 110% of the debt service due on the Series 2025 Bonds for such calendar year and debt service coming due during such calendar year on the Parity Obligations, in each case computed as of the beginning of such calendar year;

(c) any Surety Bond Costs (as defined in Section 20 hereof) due and owing with respect to the Surety Bond, any amounts due and owing with respect to the reserve policies or amounts to be paid into any debt service reserve fund or account for other Parity Obligations (or other amounts due and owing pursuant to any insurance policy, surety bond, letter or line of credit, or similar credit facility utilized in lieu of such fund or account);

(d) a sum equal to the debt service on the Other Water Obligations and any Subordinate Obligations for such calendar year computed as of the beginning of such calendar year; and

(e) amounts necessary to pay and discharge all charges and liens on the System currently coming due and required to be paid out of the Revenues during such calendar year.

In the event that Revenues collected during a calendar year are not sufficient to meet the requirements of the rate covenant set forth above in this Section, the City shall, within 90 days of the end of such calendar year, cause an independent firm of accountants or consulting engineers, to prepare a rate study for the purpose of recommending a schedule of rates, fees and charges for the use of the System which in the opinion of the firm conducting the study will be sufficient to provide Revenues to be collected in the next succeeding calendar year which will provide compliance with said rate covenant. The City shall within six months of receipt of such study, adopt rates, fees and charges for the use of the System, based upon the recommendations contained in such study, which provide compliance with said rate covenant.

Section 23. Tax Covenants and Rebate Account.

(a) The City covenants for the benefit of the Owners of the Bonds that the City will not take or direct any action or omit to take or direct any action with respect to the Project, the System, the Series 2025 Bonds, the proceeds thereof, or any other funds of the City if such action or omission (i) would cause the interest on the Series 2025 Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Code; (ii) would cause interest on the Series 2025 Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Code in calculating corporate alternative minimum taxable income; (iii) would subject the City to any penalties under Section 148 of the Code; or (iv) would cause interest on the Series 2025 Bonds to lose its exclusion from Colorado taxable income or Colorado alternative minimum taxable income under present Colorado law. The City further covenants, represents and warrants that the procedures set forth in any certificate signed by an officer of the City implementing the above covenant shall be complied with to the extent necessary to maintain the exemption of interest on the Series 2025 Bonds from federal income taxation or to avoid the application of any penalties under the Code (except to the extent noted in the foregoing provisions of this paragraph). All of the covenants contained in this Section shall remain in full force and effect, notwithstanding the payment in full or other defeasance of any of the Series 2025 Bonds, until all obligations of the City in fulfilling such covenants have been met.

(b) All of the amounts on deposit in the Water Fund or in any fund or account created under this Ordinance, and all amounts pledged to the payment of the Series 2025 Bonds, shall be invested in compliance with the requirements of Section 23(a). Amounts on deposit in the Rebate Account shall be treated as committed for Operating Expenses and shall not be subject to the lien and pledge of this Ordinance, to the extent that such amounts are required to be paid to the United States Treasury.

(c) The City shall withdraw from the Water Fund for deposit into the Rebate Account, as Operating Expenses, amounts required to be deposited into the Rebate Account from time to time. The City shall cause amounts on deposit in the Rebate Account to be forwarded to the United States Treasury at the times and in the amounts and manner set forth in the certificate implementing the covenants of this Section. Upon receipt of an opinion of nationally recognized bond counsel that the balance in the Rebate Account is in excess of the amount required by Section 23(a) to be included therein, such excess shall be transferred to the Bond Account.

Section 24. Additional Covenants and Agreements. The City hereby further irrevocably covenants and agrees with each and every Owner that so long as any of the Series 2025 Bonds remain Outstanding:

(a) The City shall, in accordance with prudent water utility practice (i) at all times operate, manage and maintain the System and the properties thereof and any business in connection therewith in an efficient and economical manner; (ii) maintain the System in good repair, working order and operating condition; (iii) from time to time make all necessary and proper repairs, renewals, replacement, additions, betterments and improvements with respect to the System so that at all times the business carried on in connection therewith shall be properly and advantageously conducted; provided, however, that this covenant shall not be construed as requiring the City to expend any funds which are derived from sources other than the operation of the System or from receipts of the System which are not pledged hereunder, and provided further that nothing in this Ordinance shall be construed as preventing the City from doing so.

(b) The rates, connection or other fees, or other tolls or charges for the services furnished by, or for the use of, the System or any part, products or facilities thereof, within or without the boundaries of the City, shall be reasonable and just, taking into account and consideration the cost and value of the System, the proper and necessary allowances for depreciation and the amounts necessary to comply with Section 22 hereof, including the payment of debt service on the Series 2025 Bonds, Parity Obligations, Subordinate Obligations, and Other Water Obligations.

(c) The City shall not sell or alienate any of the property constituting any part or all of the System in any manner or to any extent that would materially adversely affect the security provided for the payment of the Series 2025 Bonds unless such property has been replaced by other similar property of at least equal value or has ceased to be necessary for the efficient operation of the System; provided, however, that the proceeds of any such sale of property shall be included in Revenues and shall be deposited into the Water Fund. Nothing in this Ordinance shall be construed to adversely affect security interests in System properties granted prior to delivery of the Series 2025 Bonds.

(d) The City shall promptly render bills for services furnished by, or the use of, the System or any part, products or facilities thereof, shall use all legal means to assure prompt payment thereof, shall take such action as may be necessary to make delinquent rates, connection or other fees, or other tolls or charges for the services furnished by, or the use of, the System or any part, products or facilities thereof, a lien upon the real property served, and to the extent permitted by law, shall discontinue service to any user who becomes delinquent in the payment of such charges until the delinquency and all interest, costs and expenses incident thereto have been paid in full. Subject to the requirements of the City's rate covenant in Section 22 hereof, this Ordinance shall not be construed to prohibit the City from providing service without charge to City-owned property open to use by the public, nor from negotiating reasonable settlements of delinquent accounts.

(e) The City shall keep accurate records and accounts for the System, separate and distinct from its other records and accounts, in such manner that the Revenues and the Net Revenues may at all times be readily and accurately determined. Such System records shall be maintained in accordance with Generally Accepted Accounting Principles and shall be audited annually by an

independent accountant, which audit may be part of the annual audit of the general records and accounts of the City.

(f) The City shall maintain or cause to be maintained in force insurance policies with responsible insurers or self-insurance programs providing against risk of direct physical loss, damage or destruction of the System, at least to the extent that similar insurance is usually carried by utilities constructing, operating and maintaining water system facilities of the nature of the System, including liability coverage, all to the extent available at reasonable cost. Nothing herein shall be deemed to preclude the City from asserting against any party a defense which may be available to the City, including, without limitation, a defense of sovereign immunity.

Section 25. Additional Bonds. Nothing in this Ordinance shall be construed to restrict or limit the issuance by the City of any obligations not secured by a lien on any portion of the Net Revenues, including, without limitation, Other Water Obligations. The following covenants, restrictions and limitations shall apply with respect to the issuance of obligations secured by a lien on all or any portion of the Net Revenues.

(a) The City covenants that it will not issue any obligations having a lien on all or any portion of the Net Revenues which is superior to the lien of the Series 2025 Bonds.

(b) The City covenants that it will not issue any Parity Obligations or Subordinate Obligations unless: (i) no Event of Default shall have occurred and be continuing, and the City is then in substantial compliance with the covenants of this Ordinance; and (ii) the City is then current in the accumulation of all amounts required by this Ordinance to be credited to the Bond Account and the Rebate Account, and all amounts required to be credited to other funds and accounts for the Parity Obligations, Subordinate Obligations or Other Water Obligations at the time Outstanding.

(c) Subject to the provisions of Section 25(e) concerning refundings, the City covenants that it will not issue any obligations having a lien on all or any portion of the Net Revenues which is on a parity with the lien of the Series 2025 Bonds (i.e. Parity Obligations) unless the Net Revenues for any 12 consecutive months out of the 18 months preceding the month in which such Parity Obligations are proposed to be issued is at least equal to the sum of (i) 110% of the debt service for the Maximum Debt Service Year of (A) the Outstanding Series 2025 Bonds and, to the extent Outstanding during such 12-month period, all Parity Obligations; and (B) the Parity Obligations proposed to be issued; and (ii) 100% of the debt service for the Maximum Debt Service Year of all then Outstanding Subordinate Obligations and Other Water Obligations, plus 100% of any Surety Bond Costs (as defined in Section 20 hereof) at the time due and owing with respect to the Surety Bond and similar repayment obligations and other amounts at the time due and owing with respect to the reserve or insurance policy for any Parity Obligations. For purposes of Sections 25(c) and (d), Net Revenues may be adjusted to reflect any rate increases adopted prior to the issuance of such proposed Parity Obligations.

(d) The City covenants that it will not issue any obligations having a lien on all or any portion of the Net Revenues which is subordinate to the lien of the Series 2025 Bonds (i.e., Subordinate Obligations) unless the Net Revenues for any 12 consecutive months out of the 18 months preceding the month in which such Subordinate Obligations are proposed to be issued were at least equal to 100% of the debt service for the Maximum Debt Service Year of (i) the Series 2025 Bonds

and, to the extent Outstanding during such 12-month period, all Parity Obligations, Subordinate Obligations, and Other Water Obligations; and (ii) the Subordinate Obligations proposed to be issued; plus 100% of any Surety Bond Costs (as defined in Section 20 hereof) at the time due and owing with respect to the Surety Bond and similar repayment obligations and other amounts at the time due and owing with respect to the reserve or insurance policy for any Parity or Subordinate Obligations.

(e) If at any time after the Series 2025 Bonds, or any part thereof, shall have been issued and remain Outstanding, the City shall find it desirable to refund any of such Series 2025 Bonds or any Parity Obligations, nothing in this Ordinance shall be construed in such a manner as to prevent such refunding, and any parity refunding obligations so issued to refund Series 2025 Bonds or Parity Obligations shall enjoy complete equality of lien with the portion of any obligations of the same parity issue or issues which are not refunded; provided, however, that, so long as any Series 2025 Bonds are Outstanding, refunding obligations secured by a lien on all or any portion of the Net Revenues may be issued on a parity with any portion of the Series 2025 Bonds or Parity Obligations remaining unrefunded only if:

(i) *Prior Consent.* The City first receives the consent of the Owners of the unrefunded Bonds, and the consent of Owners of any unrefunded Parity Obligations (or bond insurer thereof if so provided); or

(ii) *Requirements Not Increased.* The debt service payments on such refunding obligations do not exceed the debt service payments on the Series 2025 Bonds or Parity Obligations being refunded on any interest payment date, and the lien of the refunding obligations on all or any portion of the Net Revenues is not raised to a higher priority than the lien thereon of any obligations thereby refunded; or

(iii) *Parity Test.* The refunding obligations are issued in compliance with all applicable requirements of Sections 25(b) and (c) hereof.

(f) A written certificate of the Finance Officer that the applicable conditions set forth in this Section are met (including any adjustment of Net Revenues based on a rate increase as provided in paragraph (c) above) shall be conclusively presumed to be accurate in determining the right of the City to authorize, issue, sell and deliver Parity Obligations or Subordinate Obligations.

Section 26. Events of Default. An Event of Default shall exist if:

(a) the City fails to pay the principal, premium, if any, or interest on any Series 2025 Bond or on any Parity Obligation when due;

(b) the City defaults in the due and punctual performance of any of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in this Ordinance on its part to be performed (other than those provided in Section 26(a) and except as otherwise provided in Section 30 hereof), and if such default continues for 30 days after written notice, specifying such default and requiring the same to be remedied, is given to the City by the Owners of at least 25% in aggregate principal amount of the Series 2025 Bonds then Outstanding; provided that if such default cannot be cured within such 30 days, and during that period corrective action

has commenced to remedy such default and subsequently is diligently pursued to the completion of such performance, an Event of Default shall not be deemed to have occurred.

(c) The City commences voluntary proceedings under any applicable federal or state bankruptcy, insolvency or other similar law.

Section 27. Remedies. Upon the happening and continuation of any Event of Default, as provided in Section 26 hereof, then the Owners of not less than 25% in aggregate principal amount of the Series 2025 Bonds then Outstanding, including without limitation, a trustee or trustees therefor, may proceed against the City to protect and enforce the rights of any Owner of Series 2025 Bonds under this Ordinance by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the specific performance of any covenant or agreement contained herein, or for the appointment of a receiver of the System (consent to such an appointment being hereby granted), or for any proper legal or equitable remedy as such Owners, trustee or trustees may deem most effectual to protect and enforce such rights, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any Owner of any Series 2025 Bond, or to require the City to act as if it were the trustee of an express trust, or any combination of such remedies, or as otherwise may be authorized by any applicable statute or other provision of law; provided, however, that there shall be no right to acceleration of payment as a remedy for any Event of Default. All such proceedings at law or in equity shall be instituted, had and maintained for the ratable benefit of all Owners of the Series 2025 Bonds.

The failure of any Owner of any Outstanding Series 2025 Bond to proceed in any manner herein provided shall not relieve the City or any of its officers, agents or employees of any obligation to perform or carry out any duty, obligation or other commitment herein. Each right or privilege of any Owner of any Series 2025 Bond (or trustee therefor) is in addition and cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any Owner of any Series 2025 Bond shall not be deemed a waiver of any other right or privilege of such Owner. Upon the happening of any Event of Default as provided in Section 26 hereof, the City will do and perform all proper acts on behalf of and for the Owners of the Outstanding Series 2025 Bonds to protect and preserve the security created for the payment of the Series 2025 Bonds and to insure the payment of the Series 2025 Bonds promptly as the same become due. If any remedial action is discontinued, the City and the Owners of the Series 2025 Bonds shall be restored to their positions prior to taking such action.

To the extent that additional remedies not provided for in this Ordinance (including, without limitation, any acceleration remedy) are provided for in the future with respect to Parity Obligations, the proceedings under which such Parity Obligations are issued shall provide that such remedies must be exercised for the equal and ratable benefit of the Series 2025 Bonds as well as such Parity Obligations.

Section 28. Amendments.

(a) The City may amend or modify any provision of this Ordinance without the consent of or notice to the Owners, as follows:

- (i) to grant to or confer upon the Owners any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred;
- (ii) to cure any formal defect, omission or ambiguity in this Ordinance;
- (iii) to add to the covenants and agreements of the City set forth in this Ordinance;
- (iv) to subject to this Ordinance additional revenues, properties or collateral; or
- (v) to maintain the then current rating or to obtain any higher rating of the Series 2025 Bonds by one or more national or regional rating agencies.

The City may also amend or modify any provision of this Ordinance without any consent of or notice to the Owners and to effect any other changes in this Ordinance which, in the opinion of an attorney or firm of attorneys whose experience in matters relating to the issuance of obligations of states and their political subdivisions is nationally recognized, do not materially and prejudicially affect the rights of the Owner of any Series 2025 Bond.

(b) In addition, the City may otherwise amend or modify any provision of this Ordinance with the written consent of the Owners of not less than 75% of the principal amount of the Series 2025 Bonds then Outstanding; provided, however, that the written consent of the Owners of 100% of the principal amount of the Series 2025 Bonds then Outstanding and materially adversely affected thereby is required:

- (i) to create a lien upon the Net Revenues ranking prior to the lien created by this Ordinance;
- (ii) to reduce the principal amount of the Series 2025 Bonds required for consent to any amendment or modification of this Ordinance; or
- (iii) to establish priorities between Series 2025 Bonds;

and further provided, that the maturity of any Series 2025 Bond may be extended, or the principal amount or interest rate of any Series 2025 Bond may be reduced, if and only if the written consent of the Owners of all Series 2025 Bonds materially adversely affected thereby is obtained.

Section 29. Defeasance. When the principal of and interest on any Series 2025 Bonds have been duly paid, the pledge and lien and all obligations hereunder with respect to such Series 2025 Bonds shall be discharged, and such Series 2025 Bonds shall no longer be deemed to be Outstanding within the meaning of this Ordinance. There shall be deemed to be such due payment of any Series 2025 Bonds when the City has placed in escrow or in trust with a commercial bank, located within or without the State and exercising trust powers, an amount sufficient (including the known minimum yield from Federal Securities in which such amount wholly or in part may be initially invested) to meet all requirements of principal of and interest on such Series 2025 Bonds as the same become due to their final maturities (including any amounts due pursuant to any mandatory sinking fund redemption) or upon any optional redemption dates as of which the City shall have exercised or shall have obligated itself to exercise its prior redemption option. The Federal Securities shall become due at or prior to the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the City and such

bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure such schedule. In the event that there is a defeasance of only part of the Series 2025 Bonds of any maturity, the Registrar shall, if requested by the City, institute a system to preserve the identity of the individual Series 2025 Bonds or portions thereof so defeased, regardless of changes in Series 2025 Bond numbers attributable to transfers and exchanges of Series 2025 Bonds; and the Registrar shall be entitled to reasonable compensation and reimbursement of expenses from the City in connection with such system.

Section 30. Continuing Disclosure Undertaking. The Mayor or other appropriate officer of the City is hereby authorized and directed to execute and deliver a certificate, agreement or other instrument to evidence the City's continuing disclosure undertaking (the "Undertaking") as required by Section (b)(5)(i) of Securities and Exchange Commission Rule 15c2-12 under the Securities Exchange Act of 1934, as amended, and the City hereby covenants to comply with such Undertaking. Any failure by the City to perform in accordance with the Undertaking shall not constitute an Event of Default under Section 26 of this Ordinance, and the rights and remedies provided by Section 27 of this Ordinance upon the occurrence of an Event of Default shall not apply to any such failure. Each Owner (including for this purpose the beneficial owners of the Series 2025 Bonds) shall be beneficiaries of the Undertaking and may enforce specific performance of the obligations contained in the Undertaking directly against the City by any judicial proceeding available.

Section 31. Registrar and Paying Agent. Zions Bancorporation, National Association shall serve as the initial Registrar and Paying Agent for the Series 2025 Bonds, and the Finance Officer and designees of the Finance Officer shall be authorized representatives of the City for purposes of providing direction to the Registrar and Paying Agent. Upon 30 days' prior written notice to the Owners, Zions Bancorporation, National Association (or any successor) may resign as Registrar or Paying Agent, or both (provided that no such resignation shall be effective until a successor Registrar and Paying Agent is appointed), and the City shall appoint a successor Registrar or Paying Agent, or both, which successor Registrar or Paying Agent shall be a bank or trust company located in and in good standing in the United States and having shareholders' equity (e.g., capital stock, surplus and profits), however denominated, not less than \$10,000,000. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the City shall have the right to have the same institution serve as both Registrar and Paying Agent hereunder.

Section 32. Contract with Owners. After the Series 2025 Bonds have been issued, this Ordinance shall constitute an irrevocable contract between the City and the Owners of the Series 2025 Bonds, and, except as otherwise provided herein, shall be and remain irrepealable until the Series 2025 Bonds and the interest thereon shall have been fully paid, satisfied and discharged. No provisions of any constitution, statute, charter, ordinance, resolution or any order or measure enacted after the issuance of the Series 2025 Bonds shall in any manner be construed as limiting or impairing the obligation of the City to keep and perform the covenants contained in this Ordinance.

Section 33. Parties Interested Herein. Except for the provisions of Section 30 hereof with respect to beneficial owners of the Series 2025 Bonds and except for provisions confirming rights with respect to Parity Obligations, nothing in this Ordinance expressed or implied is intended or

shall be construed to confer upon or to give or grant to any person or entity, other than the City, the Paying Agent, the Registrar, the Surety Bond issuer, so long as it is not in default under the Surety Bond, and the Owners from time to time of the Series 2025 Bonds, any right, remedy or claim under or by reason of this Ordinance or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements herein contained by and on behalf of the City shall be for the sole and exclusive benefit of the City, the Paying Agent, the Registrar, the Surety Bond issuer and each Owner from time to time of the Series 2025 Bonds.

Section 34. Severability. If any section, subsection, paragraph, clause or provision of this Ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance.

Section 35. Statutes Superseded; Inconsistent Enactments Suspended. Pursuant to Article XX of the State Constitution and the Charter, all statutes of the State which might otherwise apply in connection with the Series 2025 Bonds are hereby superseded to the extent inconsistent with this Ordinance. Any ordinances or other enactments of the City inconsistent with this Ordinance or the transactions contemplated hereby are hereby superseded to the extent of such inconsistency and shall to such extent be inapplicable to such transactions.

Section 36. Limitation of Actions. As provided in Section 5-21 of the Charter, no action or proceedings, at law or in equity, to review any acts or proceedings, or to question the validity of or enjoin the issuance or payment of the Series 2025 Bonds issued in accordance with their terms, or for any other relief against any acts or proceedings of the City done or had under Part Four (Sections 5-18 through 5-23, inclusive) of Article V of the Charter, shall be maintained against the City, unless commenced within 30 days after the performance of the act or final passage of the resolution or ordinance complained of, or else be thereafter perpetually barred.

Section 37. Publication and Effective Date. Following passage of this Ordinance on first reading, it shall be published in full in the Greeley Daily Tribune, a legal newspaper of general circulation in the City. Before this Ordinance shall be considered for final passage, there shall also be published a notice of hearing in accordance with the Charter and ordinances of the City. Pursuant to Section 3.17(f) of the Charter of the City, this Ordinance, if not amended in substance after first reading hereof, shall be published after second reading and final passage either by title or in full, as the Council may determine. This Ordinance shall take effect five days after publication following final passage.

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: _____ DOLLARS

The City of Greeley, in the County of Weld, State of Colorado (the “City”), for value received, hereby promises to pay to the Registered Owner (named above), or registered assigns, but solely from the sources and in the manner hereinafter provided, the Principal Amount (stated above) on the Maturity Date (stated above) unless this Series 2025 Bond shall have been previously called for redemption, and solely from said sources and in the manner hereinafter provided to pay interest on said Principal Amount from the date hereof at the per annum Interest Rate (stated above) until the Principal Amount is paid. Interest on this Series 2025 Bond, calculated on the basis of a 360-day year consisting of twelve 30-day months, is payable semiannually on February 1 and August 1 in each year (the “Interest Payment Dates”) commencing [August 1, 2025]. The principal hereof is payable at maturity or prior redemption and upon presentation and surrender hereof at the office of Zions Bancorporation, National Association as paying agent for the Series 2025 Bonds (the “Paying Agent”) or at the office of any successor paying agent appointed by the City. If upon presentation and surrender at or after maturity payment of this Series 2025 Bond is not made as herein provided, interest shall continue hereon at the Interest Rate until the Principal Amount hereof is paid in full. Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in City Ordinance No. [_____] 2025 (the “Ordinance”) authorizing the issuance of the Series 2025 Bonds.

Interest on this Series 2025 Bond shall be paid on each Interest Payment Date (or, if such Interest Payment Date is not a business day, on the next succeeding business day), by check or draft mailed to the Registered Owner of this Series 2025 Bond at such Registered Owner’s address

as it appears on the registration records maintained by Zions Bancorporation, National Association, as registrar and transfer agent for the Series 2025 Bonds (the “Registrar”), as of the close of business on the fifteenth day of the calendar month next preceding each Interest Payment Date (whether or not a business day) (the “Record Date”), regardless of any transfer or exchange of this Series 2025 Bond between such Record Date and such Interest Payment Date. Any such interest not so punctually paid shall cease to be payable to the Registered Owner as of such Record Date and shall be payable to the Registered Owner as of a Special Record Date for the payment of such defaulted interest. Such Special Record Date shall be fixed by the Registrar whenever moneys become available for payment of such defaulted interest, and notice of the Special Record Date shall be given to the Registered Owners of the Series 2025 Bonds of the series of which this is one (the “Series 2025 Bonds”) not less than 10 days prior to the Special Record Date by first-class mail to each such Registered Owner as shown on the Registrar’s registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for payment of such defaulted interest.

The principal of and interest on this Series 2025 Bond are payable in lawful money of the United States of America, without deduction for the services of the Paying Agent or the Registrar. The principal of and interest on this Series 2025 Bond shall be paid, and this Series 2025 Bond is transferable, free from and without regard to any equities, setoffs or cross-claims between the City and the original or any intermediate owner hereof.

The Series 2025 Bonds maturing on and after August 1, 20__ are callable for redemption prior to their respective maturities, at the option of the City, on and after August 1, 20__, in whole or in part at any time thereafter (if in part, in integral multiples of \$5,000, from any maturity or maturities or portions thereof as selected by the City and by lot within a maturity, giving proportionate weight to Series 2025 Bonds in denominations larger than \$5,000, in such manner as the Registrar shall determine), at a redemption price equal to the principal amounts so redeemed plus accrued interest thereon to the redemption date, without redemption premium.

[Insert sinking fund redemption provisions, if any]

In the case of Series 2025 Bonds of a denomination larger than \$5,000, each \$5,000 of principal shall be treated as a separate Series 2025 Bond for purposes of determining which Series 2025 Bonds of a particular maturity are to be redeemed on a particular optional or mandatory sinking fund redemption date. If less than all of the principal amount of any Series 2025 Bond is redeemed, the Registrar shall, without charge to the Registered Owner of such Series 2025 Bond, authenticate and issue a replacement Series 2025 Bond or Series 2025 Bonds for the unredeemed portion thereof. Redemption shall be made upon not more than 60 days nor less than 30 days mailed notice to each Registered Owner of Series 2025 Bonds to be redeemed at the address shown on the registration records maintained by the Registrar, in the manner and upon the conditions provided in the Ordinance. Failure to give such notice by mailing to the Registered Owner of any Series 2025 Bond (or certain other entities as provided in the Ordinance), or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Series 2025 Bonds. Redemption procedures are subject to applicable procedures under the below-described book-entry system.

The Series 2025 Bonds are authorized and issued for the purpose of financing the cost of improvements, betterments, extensions and expansions of the City's water system (the "System"), as defined and described in the Ordinance, all under the authority of and in full conformity with applicable provisions of the Constitution and laws of the State of Colorado and the Charter and ordinances of the City.

The Series 2025 Bonds are special, limited obligations of the City payable solely from the Revenues of the System after deduction of Operating Expenses of the System (as further defined and provided in the Ordinance, the "Net Revenues") and from moneys in the Series 2025 Bond Account established by the Ordinance. The Series 2025 Bonds constitute an irrevocable and first lien (but not an exclusively first lien) on the Net Revenues, on a parity with the lien thereon all Parity Obligations. Subject to conditions set forth in the Ordinance, additional obligations may be issued in the future having a lien on Net Revenues on a parity with or subordinate to the lien of the Series 2025 Bonds.

The Series 2025 Bonds do not constitute a debt or indebtedness of the City, Weld County, the State or any political subdivision of the State within the meaning of the City's Charter or any constitutional or statutory provision or limitation, and are not secured by the full faith and credit of the City or by any taxing power of the City or any other government; nor do the Series 2025 Bonds constitute a multiple-fiscal year direct or indirect debt or other financial obligation within the meaning of Article X, Section 20 of the State Constitution, nor shall the Series 2025 Bonds be considered or held to be general obligations of the City. The owners of the Series 2025 Bonds may not look to any general fund of the City for the payment of the debt service requirements of the Series 2025 Bonds, nor do they have the right to require or compel the exercise of the ad valorem property taxing power or any other taxing power of the City or of any other taxing entity for payment of the Series 2025 Bonds.

This Series 2025 Bond is subject to all terms and provisions of the Ordinance but contains only a summary of certain terms and provisions thereof. Reference is hereby made to the Ordinance, and to any and all modifications and amendments thereof, for the complete terms and provisions to which this Series 2025 Bond is subject, including, among others, terms and provisions with respect to the custody and application of proceeds of the Series 2025 Bonds, the receipt and disposition of System revenues, the nature and extent of the security, the terms and conditions under which additional obligations secured by a lien on the Net Revenues may be issued, the rights, duties, obligations and immunities of the City and its officers, and the rights and remedies of the Registered Owners of the Series 2025 Bonds; and by the acceptance of this Series 2025 Bond the owner hereof assents to all provisions of the Ordinance.

To the extent and in the manner provided by the Ordinance, the provisions of the Ordinance may be amended or modified by action of the City. The pledge of the Net Revenues and the other obligations and covenants of the City under the Ordinance may be discharged at or prior to the final maturity of the Series 2025 Bonds upon the making of provision for payment of the Series 2025 Bonds on the terms and conditions set forth in the Ordinance.

This Series 2025 Bond must be registered in the name of the owner as to both principal and interest on the registration records maintained by the Registrar in conformity with the provisions

stated herein and endorsed hereon and subject to the terms and conditions set forth in the Ordinance.

No transfer of this Series 2025 Bond shall be valid unless made on the registration records maintained by the Registrar by the Registered Owner or such Registered Owner's attorney duly authorized in writing. This Series 2025 Bond may be transferred or exchanged by the Registered Owner hereof upon surrender of this Series 2025 Bond for transfer or exchange at the office of the Registrar or a successor transfer agent, duly endorsed or accompanied by a written instrument of transfer or authorization for exchange in form satisfactory to the Registrar and executed by the Registered Owner hereof or such Registered Owner's attorney duly authorized in writing. Thereupon a new fully registered Series 2025 Bond or Series 2025 Bonds of authorized denomination or denominations of the same aggregate principal amount and maturity and bearing interest at the same rate will be issued to the transferee, or, if exchanged, the Registered Owner, subject to the terms and conditions and on payment of such charges as may be imposed by the Registrar as provided in the Ordinance. The City, the Paying Agent and the Registrar may deem and treat the person in whose name this Series 2025 Bond is registered (whether or not this Series 2025 Bond shall be overdue) as the absolute owner hereof for the purpose of making payment and for all other purposes (except to the extent otherwise provided hereinabove and in the Ordinance with respect to Record Dates and Special Record Dates for the payment of interest, [and except as otherwise provided in the Ordinance with respect to certain continuing disclosure matters and with respect to certain rights of the Series 2025 Bond Insurer]), and neither the City, the Paying Agent nor the Registrar shall be affected by any notice to the contrary.

The Registrar will not be required to transfer or exchange (a) all or any portion of any Series 2025 Bond subject to prior redemption during the period beginning at the opening of business fifteen days before the day of the mailing by the Registrar of notice calling any Series 2025 Bonds for prior redemption and ending at the close of business on the day of such mailing; or (b) all or any portion of a Series 2025 Bond after the mailing of notice calling such Series 2025 Bond or any portion thereof for prior redemption.

Notwithstanding the foregoing, so long as the ownership of the Series 2025 Bonds is maintained in book-entry form by The Depository Trust Company ("DTC") or a nominee thereof, (a) this Series 2025 Bond may be transferred in whole but not in part only to DTC or a nominee thereof or to a successor securities depository or its nominee; (b) the City and the Registrar may treat and consider DTC as the absolute owner hereof for the purpose of payment, for the purpose of giving notices of redemption and other matters with respect to this Series 2025 Bond, for purposes of registering transfers hereof, and for all other purposes whatsoever (except as otherwise provided in the Ordinance with respect to certain continuing disclosure matters [and with respect to certain rights of the Series 2025 Bond Insurer]); and (c) the Registrar shall pay all principal of and interest hereon only to or upon the order of DTC, and all such payments shall be valid and effective to fully satisfy and discharge the obligations with respect to payment hereon to the extent of the sum or sums so paid. NEITHER THE CITY, THE PAYING AGENT NOR THE REGISTRAR WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC'S PARTICIPANTS OR INDIRECT PARTICIPANTS, TO THE PERSONS FOR WHOM THEY ACT AS NOMINEES, OR TO ANY BENEFICIAL OWNERS OF THE SERIES 2025 BONDS, WITH RESPECT TO PAYMENTS TO OR THE PROVIDING OF NOTICE FOR DTC'S

PARTICIPANTS OR INDIRECT PARTICIPANTS OR THEIR NOMINEES OR THE BENEFICIAL OWNERS OF THE SERIES 2025 BONDS.

It is hereby recited, certified and warranted that all the requirements of law have been fully complied with by the proper officers of the City in the issuance of this Series 2025 Bond.

This Series 2025 Bond shall not be valid or obligatory for any purpose or be entitled to any security or benefit under the Ordinance until the Registrar shall have manually signed the Certificate of Authentication hereon.

IN WITNESS WHEREOF, the City Council of the City of Greeley, Colorado has caused this Series 2025 Bond to be executed with the manual or facsimile signature of the Mayor of the City and to be attested by the manual or facsimile signature of the City Clerk under an impression of the seal of the City or a facsimile thereof, all as of the date set forth above.

See “RATING”

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings, and judicial decisions, and assuming the accuracy of certain representations and continuing compliance with certain covenants, interest on the Series 2025 Bonds (including any original issue discount properly allocable to the owner of a Bond) is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations. Bond Counsel is also of the opinion that, under existing State of Colorado statutes, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, interest on the Series 2025 Bonds is excludable from gross income for State of Colorado income tax purposes and from the calculation of Colorado alternative minimum tax. For a more detailed description of such opinions of Bond Counsel, see “TAX MATTERS” herein.

\$ _____ *

City of Greeley, Colorado
acting by and through its Water Enterprise
Water Revenue Bonds
Series 2025

Dated: Date of Delivery

Due: August 1, as shown below

The Water Revenue Bonds, Series 2025 (the “Series 2025 Bonds”) are issued by the City of Greeley, Colorado (the “City”), acting by and through its Water Enterprise (the “Enterprise”), as fully registered bonds in book-entry-only form only in denominations of \$5,000 or integral multiples thereof. The Series 2025 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), securities depository for the Series 2025 Bonds. Individual purchases are to be made in book-entry only form in authorized denominations. Purchasers, as Beneficial Owners, will not receive certificates evidencing of their ownership interest in the Series 2025 Bonds. Interest is payable [February 1, 2026] and semiannually thereafter each February 1 and August 1 to and including the maturity dates shown below, unless the Series 2025 Bonds are redeemed earlier.

The Series 2025 Bonds are issued for the purposes of (i) defraying, in whole or in part, the cost of additions and improvements to the water system operated by the Enterprise (the “System”) and (ii) paying the costs of issuing the Series 2025 Bonds. The Series 2025 Bonds are special and limited obligations of the City, acting by and through the Enterprise, and are payable solely from certain pledged net revenues, consisting of the net income and revenue of the System remaining after the payment of operation and maintenance expenses. THE SERIES 2025 BONDS ARE NOT A DEBT, INDEBTEDNESS OR MULTIPLE FISCAL YEAR FINANCIAL OBLIGATION OF THE CITY AND ARE NOT PAYABLE IN WHOLE OR IN PART FROM THE PROCEEDS OF GENERAL PROPERTY TAXES OR ANY OTHER FORM OF TAXATION.

The Series 2025 Bonds are subject to redemption as described under the caption “THE SERIES 2025 BONDS—Redemption.”

This cover page is not a summary of the issue. Investors should read the Official Statement in its entirety to make an informed investment decision.

The Series 2025 Bonds are offered when, as, and if issued by the City and accepted by the Underwriter named in the “INTRODUCTION”, subject to prior sale, the approval of validity by Kutak Rock LLP, Denver, Colorado, Bond Counsel, and certain other conditions. Certain legal matters will be passed upon for the City by the Office of the City Attorney. Hilltop Securities Inc. has acted as Financial Advisor to the City in connection with the Series 2025 Bonds. Delivery of the Series 2025 Bonds through DTC in New York, New York, is expected on or about July __, 2025.

SECURITIES AND EXCHANGE COMMISSION NOR THE SECURITIES REGULATORY AUTHORITY OF ANY STATE HAS APPROVED OR DISAPPROVED THE SERIES 2025 BONDS OR THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

SUMMARY OF THE OFFICIAL STATEMENT

The City	The City of Greeley, Colorado (the “City”) is located in central Weld County approximately 52 miles north of the Denver, Colorado metropolitan area. It has a 2023 estimated population of 112,462 persons and covers approximately 50 square miles. The City was incorporated in 1886. It is a home rule City and operates under a home rule charter (the “Charter”) which provides for a council-manager form of government. See “THE CITY.”
The Series 2025 Bonds	The City of Greeley, Colorado, acting by and through its Water Enterprise, Water Revenue Bonds, Series 2025, in the aggregate principal amount of \$ _____ * (the “Series 2025 Bonds”), are issued by the City, acting by and through its Water Enterprise (the “Enterprise”), and will be delivered in Book-Entry form only through the facilities of The Depository Trust Company, New York, New York.
Security	The Series 2025 Bonds are special and limited obligations of the City, acting by and through the Enterprise, payable solely out of and secured by an irrevocable pledge of and first lien (but not necessarily an exclusive first lien) upon the net income and revenue to be derived by the City from the operation of its municipal water system (the “System”) after payment of all necessary and proper costs of efficient operation and maintenance of the System. See “THE SERIES 2025 BONDS—Security.” The Series 2025 Bonds are not general obligations of the City and are not payable in whole or in part from the proceeds of general property taxes or any other form of taxation.
Redemption	The Series 2025 Bonds will be subject to redemption prior to maturity as described under the caption “THE SERIES 2025 BONDS—Redemption.”
The Enterprise	The Enterprise was organized to facilitate the operation of the System on a fully self-supporting basis and operates as a City owned business. The City Council of the City (the “Council”) and the Greeley Water and Sewer Board (the “Board”) manage the Enterprise. See “THE ENTERPRISE.”
The System	The System was constructed for the purpose of providing water facilities and services to persons and property both inside and outside the City. It includes water rights, raw water diversion structures, non-potable distribution and pump stations, transmission and storage facilities, water treatment facilities, treated water storage facilities and distribution lines. Owners of all improved properties in the City (and certain properties located outside of the City) are served by the System and pay service charges to the Enterprise which are based upon their water consumption. See “THE SYSTEM.”

* Preliminary; subject to change.

The Project..... The Series 2025 Bonds are being issued for the purposes of (i) defraying, in whole or in part, the cost of additions and improvements to the System, and (ii) to pay the costs of issuance of the Series 2025 Bonds. “USE OF PROCEEDS—The Series 2025 Capital Project.”

Constitutional Limitations on Taxes, Revenues, Borrowing and Spending..... In 1992, the Colorado Constitution was amended to impose substantial limitations, including voter approval requirements, upon the taxes, revenues, borrowing and spending of the State and local governments. The Series 2025 Bonds are permitted to be issued without voter approval under the provisions of such amendment which exclude “enterprises” and their bonds, from such limitations. See “CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING.”

Tax Treatment of Interest on the Series 2025 Bonds In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings, and judicial decisions and assuming the accuracy of certain representations and continuing compliance with certain covenants, interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations. Bond Counsel is also of the opinion that, under existing State of Colorado statutes, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, such interest is excludable from gross income for Colorado income tax purposes and from the calculation of Colorado alternative minimum taxable income. For a more detailed description of such opinions of Bond Counsel, see “TAX MATTERS.”

Professionals The following professionals are participating in the initial offering of the Series 2025 Bonds:

Bond Counsel: Kutak Rock LLP
2001 16th Street, Suite 1800
Denver, CO 80202

OFFICIAL STATEMENT

Relating to:

\$[_____] *
City of Greeley, Colorado,
acting by and through its Water Enterprise,
Water Revenue Bonds
Series 2025

INTRODUCTION

Generally

This Official Statement, including its cover page and appendices, is provided in connection with the issuance by the City of Greeley, Colorado (the “City”), acting by and through its Water Enterprise (the “Enterprise”), of \$[_____] * aggregate principal amount of Water Revenue Bonds, Series 2025 (the “Series 2025 Bonds”). The Series 2025 Bonds will be issued pursuant to an ordinance (the “Ordinance”) adopted by the City Council of the City (the “Council”), which Ordinance is to be supplemented, as to certain final terms of the Series 2025 Bonds, by a Final Terms Certificate executed by the City’s Chief Financial Officer (the “Final Terms Certificate” and, collectively with the Ordinance, the “Bond Ordinance”). The term “City” as used in this Official Statement refers to the City and, where appropriate, to the City acting by and through the Enterprise.

The Series 2025 Bonds will be payable solely from and secured by (i) an irrevocable pledge of and first lien upon the Net Revenues (as defined herein), and (ii) all funds, accounts and other property pledged by the City under the Ordinance. For a definition of the term “Net Revenues,” see “SECURITY FOR THE SERIES 2025 BONDS—Security and Flow of Funds.” The Series 2025 Bonds are being issued on a parity with the City’s outstanding Water Revenue Refunding Bonds, Series 2016, currently outstanding in the aggregate principal amount of \$12,025,000 (the “Series 2016 Bonds”), Water Revenue Bonds, Series 2018, currently outstanding in the aggregate principal amount of \$29,525,000 (the “Series 2018 Bonds”), Water Revenue Refunding and Improvement Bonds, Series 2022, currently outstanding in the aggregate principal amount of \$56,240,000 (the “Series 2022 Bonds”), and 2024 Governmental Agency Bond, evidencing a loan in the principal amount of \$10,910,725 (following upfront principal forgiveness) made to the City by the Colorado Water Resources and Power Development Authority (the “2024 Agency Bond” and, together with the Series 2016 Bonds, the Series 2018 Bonds, and the Series 2022 Bonds, the “Parity Obligations”) and certain other obligations described under the caption “SECURITY FOR THE SERIES 2025 BONDS.”

THE SERIES 2025 BONDS DO NOT CONSTITUTE A GENERAL OBLIGATION OF THE CITY AND ARE NOT PAYABLE IN WHOLE OR IN PART FROM THE PROCEEDS OF GENERAL PROPERTY TAXES OR ANY OTHER FORM OF TAXATION.

The Series 2025 Bonds are being issued for the purpose of (i) defraying, in whole or in part, the cost of additions and improvements to the System, as described under the caption “USE OF PROCEEDS—The Series 2025 Capital Project,” and (ii) paying the costs of issuance of the Bonds.

The references to and summaries of provisions of the Constitution and laws of the State of Colorado and the descriptions of documents included herein do not purport to be complete and are qualified in their

* Preliminary; subject to change.

entirety by reference to the complete provisions thereof, copies of which are available from the City during the period of the initial offering of the Series 2025 Bonds.

Capitalized terms used and not defined herein shall have the respective meanings specified in APPENDIX B hereto.

FORWARD-LOOKING STATEMENTS

THIS OFFICIAL STATEMENT CONTAINS STATEMENTS RELATING TO FUTURE RESULTS THAT ARE “FORWARD-LOOKING STATEMENTS” AS DEFINED IN THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. WHEN USED IN THIS OFFICIAL STATEMENT, THE WORDS “ESTIMATE,” “FORECAST,” “INTEND,” “EXPECT,” “PROJECTED” AND SIMILAR EXPRESSIONS IDENTIFY FORWARD-LOOKING STATEMENTS. SUCH STATEMENTS ARE SUBJECT TO RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM THOSE CONTEMPLATED IN SUCH FORWARD-LOOKING STATEMENTS. ANY PROJECTION IS SUBJECT TO SUCH UNCERTAINTIES. INEVITABLY, SOME ASSUMPTIONS USED TO DEVELOP THE PROJECTIONS WILL NOT BE REALIZED AND UNANTICIPATED EVENTS AND CIRCUMSTANCES WILL OCCUR. THEREFORE, IT CAN BE EXPECTED THAT THERE WILL BE DIFFERENCES BETWEEN FORWARD-LOOKING STATEMENTS AND ACTUAL RESULTS, AND THOSE DIFFERENCES MAY BE MATERIAL.

THE SERIES 2025 BONDS

Description of the Series 2025 Bonds

The Series 2025 Bonds are special and limited obligations of the City, acting by and through the Enterprise. The Series 2025 Bonds are in the denominations, bear interest, mature, and are subject to the other terms and conditions stated on the cover page thereof.

Authority for Issuance

The Series 2025 Bonds are issued under authority of the Charter and Title 20, Chapter 2, Section 20-23 of the Greeley Municipal Code (the “Enterprise Ordinance”). Under the Enterprise Ordinance, the City has designated its water activities as an “enterprise” for purposes of Article X, Section 20 of the Colorado Constitution. See “THE ENTERPRISE.” As bonds of an enterprise, the Series 2025 Bonds are authorized to be issued without approval by the electors of the City. See “CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING.”

Registration and Payment

The Series 2025 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), as securities depository for the Series 2025 Bonds. For so long as the Series 2025 Bonds are in book entry form, the principal of and interest on the Series 2025 Bonds will be payable at the office of Zions Bancorporation, National Association, or its successors, as Paying Agent and Registrar (the “Paying Agent”). Interest on the Series 2025 Bonds is payable by wire transfer to Cede & Co. upon written instruction or by check or draft mailed by the Paying Agent to the registered owners of the Series 2025 Bonds whose names and addresses appear in the registration books of the City on the Regular Record Date, i.e., the fifteenth day, whether or not a business day, of the calendar month preceding the interest payment date. Under certain circumstances a Special Record Date may be fixed by the Paying Agent to

determine ownership of the Series 2025 Bonds for the purpose of paying interest not paid when due or interest accruing after maturity.

Book Entry Only System

DTC will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Series 2025 Bond will be issued for each maturity of the Series 2025 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. For information regarding DTC, see "APPENDIX F—INFORMATION RELATED TO BOOK ENTRY ONLY SYSTEM."

Redemption

The Series 2025 Bonds are subject to redemption prior to maturity as follows:

Optional Redemption. The Series 2025 Bonds maturing on August 1, 20__ and thereafter are subject to optional redemption, at the option of the City, prior to maturity, on August 1, 20__ or any date thereafter (in whole or in part, and if in part, in such order of maturity as the City shall determine), and by lot within maturities, at a redemption price of par plus accrued interest to the redemption date, without redemption premium.

Redemption Procedures. Notice of redemption of any Series 2025 Bonds is to be given by the Paying Agent by sending a copy of such notice by electronic means or first-class mail, postage prepaid, at least 30-days prior to the redemption date, to the Underwriter and to the registered owner of each Series 2025 Bond all or a portion of which is called for prior redemption, at his or her address as it last appears on the registration records kept by the Paying Agent. For so long as the Series 2025 Bonds are in book-entry form, any such redemption notice may be given, in lieu of such mailing, by sending a copy thereof by electronic means to DTC or its designee. Failure, as to any Series 2025 Bond, to send such notice as provided above, or any defect therein, does not affect the validity of the proceedings for the redemption of any other Series 2025 Bonds

Notice of Redemption. Notice of redemption of any Series 2025 Bonds is to be given by the Paying Agent by sending a copy of such notice by electronic means or first-class mail, postage prepaid, at least 30 days prior to the redemption date, to the Underwriter and to the registered owner of each Series 2025 Bond all or a portion of which is called for prior redemption, at his or her address as it last appears on the registration records kept by the Paying Agent. For so long as the Series 2025 Bonds are in book-entry form, any such redemption notice may be given, in lieu of such mailing, by sending a copy thereof by electronic means to DTC or its designee. Failure, as to any Series 2025 Bond, to send such notice as provided above, or any defect therein, does not affect the validity of the proceedings for the redemption of any other Series 2025 Bonds. Any failure of DTC to advise any Participant, or of any Participant or in direct participant to notify the Beneficial Owner, of any such notice and its content or effect does not affect the validity of the redemption of the Series 2025 Bonds called for redemption or any other action premised on that notice.

Special Obligations

The Series 2025 Bonds are special, limited obligations of the City, payable solely from the Net Revenues and the Bond Account, all as defined in the Bond Ordinance. See "APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Definitions."

There is no bond trustee or similar person or entity to monitor or enforce the provisions of the Bond Ordinance; therefore the owners of the Series 2025 Bonds should be prepared to enforce such provisions for themselves if the need to do so ever arises. There is no provision for the acceleration of maturity of the principal of the Series 2025 Bonds in the event of a default. Consequently, remedies available to the owners of the Series 2025 Bonds may have to be enforced from year to year.

The Charter requires that the City's Water and Sewer Board (the "Board"), which is responsible for the operation and maintenance of the System and the City's sanitary sewer system, annually establish minimum water rates which are sufficient to provide for the operation and maintenance of the System, all System debt service requirements, and additions to a reserve to offset depreciation to the System. The Council is prohibited by the Charter from lowering the minimum water rates established by the Board. Pursuant to the Charter, all funds received from the System rates can only be used for purposes related to the System; they are not permitted to be used for general City purposes.

Continuing Disclosure Undertaking

In order to facilitate compliance by the Underwriter with Securities and Exchange Commission Rule 15c2 12 (the "Rule"), the City will enter into an undertaking (in substantially the form set forth in APPENDIX E hereto) (the "Continuing Disclosure Undertaking") to provide certain information, including audited financial results, on an annual basis, and to provide notice of certain specified events contemplated by the Rule. Such information is to be uploaded to the Electronic Municipal Market Access system ("EMMA") of the Municipal Securities Rulemaking Board. The specific information required to be provided by the City under the Continuing Disclosure Undertaking includes: (a) notice of the occurrence of any of the events enumerated in the Rule; (b) annual audited financial statements (each an "Audit"); and (c) annual operating results with respect to the data provided in Tables V, VI, VII, VIII and IX.

The City has entered into numerous continuing disclosure undertakings (the "Previous Undertakings") in connection with other financings. During the past five years, the City has been subject to the requirements of such Previous Undertakings. In connection with the preparation of a previous Official Statement, it came to the attention of the City that certain operating data required to be filed under the City's Previous Undertaking for its outstanding Water Revenue Bonds, Series 2018 had been inadvertently omitted. The omitted information, as well as the required failure to file notice related thereto, was filed on November 22, 2019. Additionally, while the City's Audits have been uploaded and are currently available on EMMA, the Audit for fiscal year ended December 31, 2020 and the 2020 operating data were not timely filed in accordance with the terms of the Previous Undertakings, and the City did not timely file a notice of failure to file related thereto, as required by the Previous Undertakings. Finally, certain operating data required by the Previous Undertakings in connection with certain of the City's outstanding bonds and certificates of participation were omitted from the City's previous filings. The omitted operating data were filed on EMMA on February 11, 2022, along with the required failure to file notice. The February 11, 2022 failure to file notice also provided notice of the late 2020 Audit and 2020 operating data. The City has modified its procedures to ensure compliance with the requirements of its continuing disclosure undertakings.

Failure to perform the Continuing Disclosure Undertaking does not constitute an Event of Default under the Bond Ordinance, but any such failure may materially and adversely affect secondary market trading in the Series 2025 Bonds.

SECURITY FOR THE SERIES 2025 BONDS

Pledge and Application of Net Revenues of the System

The Series 2025 Bonds are secured by a first lien, but not an exclusively first lien, on the Net Revenues of the System, which are irrevocably pledged to the payment of principal and interest on the Series 2025 Bonds and Parity Obligations. Net Revenues for any period are defined in the Bond Ordinance as the Revenues of the System during such period less Operating Expenses during such period. See “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Definitions.” The Bond Ordinance requires the City to credit all Revenues to the City’s Water Fund, to apply Revenues on or before the last day of each month to pay Operating Expenses as they become due and payable, and then to credit Net Revenues in the following order of priority: (i) to the Bond Account, and concurrently to debt service accounts for Parity Obligations; (ii) to the debt service reserve funds or accounts for Parity Obligations (or for repayment pursuant to any insurance policy, surety bond, letter or line of credit, or similar credit facility utilized in lieu of such debt service reserve fund or account); (iii) to debt service and reserve funds and accounts for Subordinate Obligations; and (iv) for other lawful purposes (which may include payment of debt service on Other Water Obligations). See “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Definitions” and “—Flow of Funds.”

Rate Covenant

The City has covenanted to establish and collect rates and charges for the use or sale of System products and services which, together with other moneys available therefor (exclusive of any unappropriated fund balances), are expected to produce Revenues for each calendar year which would be at least sufficient for such calendar year to pay the sum of (i) all amounts estimated to be required to pay Operating Expenses during such calendar year, (ii) 110% of the debt service coming due on the Series 2025 Bonds and all Parity Obligations for such calendar year, in each case computed as of the beginning of such calendar year, (iii) any amounts payable with respect to any debt service reserve fund or account for Parity Obligations (or other amounts due and owing or to be paid during such calendar year pursuant to any insurance policy, surety bond, letter or line of credit or similar credit facility utilized in lieu of such fund or account), (iv) all debt service on Other Water Obligations and any Subordinate Obligations for such calendar year computed as of the beginning of such calendar year, and (v) amounts necessary to pay and discharge all charges and liens on the System currently coming due and required to be paid out of Revenues during such calendar year. See “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Rate Covenant.”

In the event that Revenues collected during a calendar year are not sufficient to meet the requirements of the rate covenant described above, the Bond Ordinance requires the City, within 90 days of the end of such calendar year, to cause an independent firm of accountants or consulting engineers, to prepare a rate study for the purpose of recommending a schedule of rates, fees and charges for the use of the System which in the opinion of the firm conducting the study will be sufficient to provide Revenues to be collected in the next succeeding calendar year which would provide compliance with the rate covenant. The City is then required within six months of receipt of such study, to adopt rates, fees and charges for the use of the System, based upon the recommendations contained in such study, which provide compliance with the rate covenant.

Additional Obligations

The Bond Ordinance reserves to the City the right (subject to stated conditions) to issue, from time to time, additional bonds and other types of securities and obligations or series thereof having a lien on all or any portion of the Net Revenues which is on a parity with or subordinate to the lien thereon of the Series 2025 Bonds.

The Bond Ordinance provides that Parity Obligations may be issued only if the following conditions are met:

(A) No Event of Default (as defined in the Bond Ordinance) has occurred and is continuing and the City is then in substantial compliance with the covenants of the Bond Ordinance;

(B) The City is then current in the accumulation of all amounts required by the Bond Ordinance to be credited to the Bond Account and the Rebate Account, and all amounts required to be credited to other funds and accounts for Parity Obligations, Subordinate Obligations or Other Water Obligations then Outstanding; and

(C) Net Revenues for any 12 consecutive months out of the 18 months preceding the month in which such Parity Obligations are proposed to be issued are at least equal to the sum of (a) 110% of the debt service for the Maximum Debt Service Year (as defined in the Bond Ordinance) of (i) the Outstanding Bonds and, to the extent Outstanding during such 12 month period, Parity Obligations, and (ii) the Parity Obligations proposed to be issued; and (b) 100% of the debt service for the Maximum Debt Service Year of all then Outstanding Subordinate Obligations and Other Water Obligations, plus 100% of any then outstanding obligations to re-accumulate reserve accounts for Parity Obligations and any repayment obligations and other amounts at the time outstanding with respect to reserve credit facilities, if any, for the Parity Obligations (except to the extent that inclusion of any such amounts may be waived or reduced by the respective provider). For purposes of this test, and the test for Subordinate Obligations described below, Net Revenues may be adjusted to reflect any rate increases adopted prior to the issuance of such proposed Parity Obligations.

The City also may, without compliance with the conditions described in the foregoing paragraph (C), but subject to the conditions described in paragraphs (A) and (B) above and certain other limitations set forth in the Bond Ordinance, issue obligations having a lien on all or any portion of the Net Revenues which is subordinate or junior to the lien thereon of the Series 2025 Bonds ("Subordinate Obligations"). The City may not issue additional securities having a lien on all or any portion of the Net Revenues which is superior to the lien thereon of the Series 2025 Bonds. The Bond Ordinance does not restrict or limit the issuance by the City of obligations (including Other Water Obligations) not secured by a lien on any portion of the Net Revenues.

The Bond Ordinance contains alternative requirements for the issuance of refunding obligations on a parity with any Series 2025 Bonds or Parity Obligations remaining unrefunded. Such parity lien refunding obligations may be issued without compliance with the coverage tests for Parity Obligations described in paragraph (C) above (or the requirements described in paragraphs (A) and (B) above), provided that the debt service payments on such refunding obligations do not exceed the debt service payments on the Series 2025 Bonds or Parity Obligations being refunded on any interest payment date and that the lien of the refunding obligations on Net Revenues is not raised to a higher priority than the lien thereon of the obligations refunded (or, pursuant to certain consents as provided in the Bond Ordinance). Alternatively, parity refunding obligations may be issued by complying with the coverage tests (and the requirements described in paragraphs (A) and (B) above).

The Bond Ordinance provides that a written certificate of the City’s Chief Financial Officer finding that the applicable conditions described above are met (including any adjustment of Net Revenues based on a rate increase as described in paragraph C above) would be conclusively presumed to be accurate in determining the right of the City to authorize, issue, sell and deliver Parity Obligations or Subordinate Obligations.

The Bond Ordinance provides that a payment default under any Parity Obligations shall also constitute a default under the Bond Ordinance and the ordinances authorizing the Series 2016 Bonds, the Series 2018 Bonds, and the Series 2022 Bonds contain corresponding cross-default provisions. See “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Events of Default and Remedies.”

[Remainder of Page Intentionally Left Blank]

Debt Service Requirements

The following table shows the debt service requirements of the Series 2025 Bonds and the debt service requirements of the Parity Obligations, including the Series 2016 Bonds, the Series 2018 Bonds, the Series 2022 Bonds, and the 2024 Agency Bond.

TABLE I
Debt Service Requirements ¹

Fiscal Year Ending December 31 *	Principal *	Interest	Total	Parity Obligations ²	Combined Debt Service

2052				591,830	
2053				591,830	
2054				591,831	
TOTAL				<u>\$146,286,995</u>	

* Preliminary; subject to change.

¹ Figures may not add due to rounding.

² Includes scheduled debt service on the Parity Obligations, including the Series 2016 Bonds, the Series 2018 Bonds, the Series 2022 Bonds, and the 2024 Agency Bond. Subordinate Obligations (which are not included in the amounts listed above) are also payable from Net Revenues. See "THE SYSTEM—Terry Ranch Water Rights and Storage Acquisition" for a description of the Subordinate Obligations in connection with the Terry Ranch Water Project, which are currently the only Subordinate Obligations. Source: The Financial Advisor

Debt Service Coverage

For the years 2019–2024, (the City’s fiscal year being the calendar year), the following table shows Net Revenues (see “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE—Definitions”) and coverage ratios (i) with respect to historic actual debt service in each such year on the Parity Obligations and (ii) with respect to projected maximum annual debt service on the Series 2025 Bonds and the Parity Obligations (“Projected Maximum Annual Debt Service”). The Outstanding Parity Obligations include the Series 2016 Bonds, the Series 2018 Bonds, and the Series 2022 Bonds, and the 2024 Agency Bond.

TABLE II
Net Revenues and Debt Service Coverage

	2019	2020	2021	2022	2023	2024 Estimated

Debt Service Coverage	x	x	x	x	x	x

¹ Operating Expenses, as defined in the Bond Ordinance and for purposes of computing Net Revenues, do not include depreciation.

² Does not include unrealized gains or losses on investments or gains or losses on the sale of fixed assets. Includes certain investment income, rents, oil and gas royalties and other non-operating revenue.

³ The City previously incurred permitting costs in connection with the Milton Seaman Reservoir Expansion. See “THE SYSTEM—Planned Capital Improvements—Milton Seaman Reservoir Expansion.” When the City decided to end its permitting effort to expand Milton Seaman Reservoir, these costs (which were originally categorized as capital items) were charged off and reported as a one-time, non-cash operating expense in 2020. The figure in the table above does not include these permitting expenses, in the approximate amount of \$20,274,650.

⁴ Due to a change in accounting presentation in 2021, 2022, and 2023, the City’s audited financial statements for 2021 and 2022 included plant investment fees with fixed assets and other non-cash capital contributions. This table reflects only cash that would otherwise be available for the payment of debt service.

⁵ Includes historical debt service on the Parity Obligations (including the Series 2016, 2018, and 2022 Bonds) actually paid in each fiscal year.

⁶ Includes maximum annual debt service on the Parity Obligations and the Series 2025 Bonds, upon issuance. Does not include debt service on Subordinate Obligations. See “THE SYSTEM—Terry Ranch Water Rights and Storage Acquisition” for a description of requirements in connection with the Terry Ranch Water Project, which are currently the only Subordinate Obligations. Prior to the issuance of additional bonds, the Bond Ordinance requires 100% coverage of the Subordinate Obligations, in addition to Parity Obligations being covered by not less than 110%.

USE OF PROCEEDS

Sources and Uses of Funds

The City estimates the following sources and uses of funds in connection with the sale of the Series 2025 Bonds:

Sources:

Principal Amount of Series 2025 Bonds
[Net] Original Issue Premium
Total Sources.....

Uses:

Improvement Project Account
Costs of Issuance ¹.....
Underwriting Discount.....
Total Uses.....

¹ Includes legal, printing, financial advisor and ratings.

The Series 2025 Capital Project

A portion of the net proceeds of the Series 2025 Bonds is to be used to reimburse the City for various previously paid costs and for future costs associated with the construction of various improvements and additions to the System, which generally include the following (collectively, the “Project”): replacement and expansion of the transmission and distribution systems, replacement and rehabilitation of water storage infrastructure, construction of infrastructure to access the Terry Ranch aquifer, and the purchases of blocks of water rights to meet the City’s future water demand.

THE ENTERPRISE

The Enterprise is not a separate corporate entity from the City but operates as a self-supporting business owned by the City and managed by the Council and the Board, as provided in the City Charter and the Greeley Municipal Code.

The Board

The Charter establishes the Board and provides that the Board has the power and duty to (i) annually establish minimum water rates (which may not be lowered by the Council) sufficient to pay for all operation and maintenance of the System, all debt service requirements, and any additions to a reserve account to offset depreciation, and (ii) acquire, develop, convey, lease and protect the City’s water assets, supplies and facilities.

The Charter provides that all funds received from water rates are to be used only for the operation, maintenance, replacement of and additions to the System (including acquisition of water rights). The Board recommends a separate annual System budget to the City Manager, and also submits long-term capital plans for the System to the Council. The Charter expressly authorizes the conduct of the System as an “enterprise” within the meaning of Article X, Section 20 of the Colorado Constitution; see “CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING.” (The Charter contains similar provisions, and the Board has similar powers and duties with respect to the City’s sanitary sewer system, which is a separate enterprise.)

The Board has ten members, seven of whom are appointed by the Council for five-year terms. The other three members are the Mayor, the City Manager, and the Chief Financial Officer, who are nonvoting members. The Board annually elects an appointed member as its chairman. The present appointed Board members, their respective terms of office, length of service on the Board and principal occupations are as follows:

Board Member	Present Term Expires (June)	Years on the Board	Principal Occupation
Harold Evans, Chairman	2027	28	Builder/Developer
Mick Todd, Vice Chairman	2028	27	President—Real Estate Management Company
Matt Anderson	2029	-- ¹	General Contractor
Tony Miller	2028	12	Banker
Joe Murphy	2025	15	Real Estate Agent
Fred Otis	2029	20	Attorney
Cheri Witt-Brown	2026	4	Non-Profit Executive

¹ Matt Anderson was appointed June 2024.

The Board is advised by the Office of the City Attorney, including City Attorney Stacey Aurzada, Deputy City Attorney Jerrae Swanson, Senior Environmental and Water Resources Attorney Dan Biwer, and is also represented in certain matters by independent legal counselors Jim Noble and Carolyn Burr.

The Water and Sewer Department

Director of the Water and Sewer Department. The Director of the Water and Sewer Department oversees the operation and maintenance of the City's separate water and sanitary sewer systems, and coordinates and guides the Water and Sewer Department's advocacy on rule makings and legislative positions. Sean Chambers is the Director of the Water and Sewer Department. Mr. Chambers has been employed by the City since 2018. Mr. Chambers is also the Chair of the South Platte Basin Roundtable, a regional water planning and advocacy body organized by the Colorado Water Conservation Board. Prior to his joining the City of Greeley, he was President of the Pikes Peak Regional Water Authority, managed two special district water providers, and worked as a water resource planning and economic consultant. Mr. Chambers earned his Bachelor of Science in Agricultural and Natural Resource Economics from Colorado State University and has more than 20 years of professional experience developing and managing municipal water utilities, utility operations teams and water rights portfolios in the State. Mr. Chambers is a 2013 alumnus of the Colorado Foundation for Water Education's Water Leaders, and he is an experienced leader in the municipal water utility sector.

Deputy Director of Water Resources. Leah Hubbard serves as Deputy Director of Water Resources for the City, where she oversees a team responsible for long range water supply planning, raw water operations, water acquisition, and non-potable water for the Water and Sewer Department. Ms. Hubbard holds a Bachelor of Science in Watershed Science from Colorado State University and a Master of Science in Legal Studies from Arizona State University. She is dedicated to municipal water supply and has worked for water utilities in Arizona and Colorado. Ms. Hubbard has worked for Greeley Water and Sewer since 2019.

Deputy Director of Water and Wastewater Operations. Rebecca Andrus is the Deputy Director of Operations and Maintenance of the Water and Sewer Department. In her position, Ms. Andrus oversees an operations and maintenance team with more than 110 full-time employees. Under her leadership, the team manages the Department's instrumentation and industrial controls, two water treatment plants, the wastewater treatment plant, collection/distribution facilities, water quality, and regulatory compliance. Ms.

Andrus is a professional engineer with experience in both the public and private sector in some of the most difficult water quantity and quality areas in the country including Central Valley California, the Chesapeake Bay Watershed, Arizona, Utah, and Colorado. For the past 14 years, Ms. Andrus has been working for municipal government to plan, design, construct, and operate water and wastewater facilities. She has a Bachelor of Science degree in Biological and Agricultural engineering from Utah State University and has worked for Greeley's Water and Sewer Department since February of 2023.

Chief Engineer. Adam Prior is the Chief Engineer of the Water and Sewer Department and is responsible for managing a team of engineers that completes capital and rehabilitation projects across the different water and wastewater systems owned and operated by the City. Mr. Prior has managed this team as the chief engineer for nine years and has performed or managed engineering and projects for the City's infrastructures that includes six raw water reservoirs, three treatment plants, 643 miles of water mains, 365 miles of collection lines, 10 sewer lift stations, three potable storage facilities, and two water pump stations. Mr. Prior has a Bachelor of Science in Physics from Doane University, a Bachelor of Science and Master of Science in Civil Engineering from Colorado State University, and his professional engineering license which primarily focused on different aspects of water system design, construction, and management. Mr. Prior has 22 years of diverse engineering experience that includes private industrial engineering and operations management, consulting engineering, public sector construction management, and facility construction. These experiences allow him to research, plan, innovate, and implement projects in a timely, accurate, economic and detailed manner for the benefit of the City and community.

Deputy Director of Utility Finance and Customer Service. Erik Dial is the Deputy Director of Utility Finance and Customer Service for the Water and Sewer Department. He oversees the water and sewer department's financial management, rate setting, utility billing/customer service, meter services, development review, and water conservation efforts. Mr. Dial previously worked 10 years at a municipality in Arizona in utility and community development roles. Mr. Dial earned a Bachelor of Science in Forestry from Northern Arizona University and a Master of Public Administration and Policy from the University of Arizona and has 25 years of municipal utility and finance experience. Mr. Dial has worked for Greeley Water and Sewer since 2010.

Water and Sewer Utility Finance Manager. Virgil Pierce is the Utility Finance Manager for the Water and Sewer Department. His unit is responsible for day-to-day financial operations of the department, annual budget and rate setting activities, key accounts customer service and other revenue protection activities, and long-range financial planning. He has worked for the department since 2022. Dr. Pierce joined the city following an 18-year career with public universities having served as a researcher, professor, department chair, and associate dean. He earned a Bachelor of Arts in Mathematics from Boston University and a Doctor of Philosophy in Mathematics from the University of Arizona.

Employees. The Water and Sewer Department is currently staffed with 184 full time equivalent employees, with approximately 139 of those employees allocated to the System. All water plant operators and personnel, have the appropriate levels of certification as required by the State Plant Operators Certification Board.

THE SYSTEM

Service Area

The System serves water customers located within the City's boundaries and in the neighboring town of Garden City, as well as some customers in unincorporated Weld and Larimer Counties. The City provides wholesale water service by intergovernmental agreement with three nearby communities; these municipal customers provide their own raw water supplies and meter and bill their retail customers. See

“FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Customers.” The City’s 2023 population is approximately 112,609. In addition to these residents, the City estimates that the System serves approximately 2,000 customers in unincorporated Weld and Larimer Counties. The following is a map of the System.

[Remainder of Page Intentionally Left Blank]

Factors Affecting the Delivery of Water to Customers

The following describes some of the factors affecting the ability of the System and other municipal water systems in Colorado to generate revenue by delivering water to their customers.

The Prior Appropriation System of Water Rights. Colorado and several other western states follow the “prior appropriation” system of water rights. In this system, water rights constitute a distinct category of property rights provided for in the State constitution. While water rights are transferred and encumbered in a manner similar to real estate, the ownership of land does not automatically carry with it the ownership of water rights. Rather, water rights arise from the act of diverting water and putting it to particular beneficial uses recognized by State law.

The seniority of a water right (i.e., its priority in the event that there is not enough water physically available for all who wish to divert water from the same source) is established mainly by reference to the date on which it was adjudicated to the owner in a water court proceeding. Earlier adjudications are generally senior to later adjudications. Water court decrees typically specify the use, such as agricultural or municipal use, for which the right is decreed, and it is generally necessary, in order to maintain a decreed water right, that it be continuously applied for the decreed use. For purposes of describing water rights, quantities of water are typically expressed in acre-feet (one acre-foot = 325,850 gallons, the amount which would cover one acre one foot deep) or in cubic feet per second (“c.f.s.”) of flow. This discussion primarily concerns direct flow water rights (i.e., rights to divert water flowing in a stream or other body of water). State law also recognizes storage rights and rights to underground sources of water.

Senior water rights are often purchased by municipalities from agricultural users, then changed through a proceeding in the water court from their historically decreed agricultural use to municipal use. Court decrees of this kind generally include conditions meant to prevent injury to other users of water. Because most municipal water systems are large enough to require the assembly of an assortment of water rights, it is common for municipalities to enter into various kinds of leases, exchange agreements, and installment purchase agreements with other users or court approved augmentation plans, for the purpose of increasing or enhancing the efficient utilization of their water rights portfolios. There exists an active market in senior water rights, which are highly valued and sought after by municipal, industrial, agricultural and other users.

Physical Availability of Water. State law, and the structure of the System’s portfolio of water rights, reflect the arid climate and relative scarcity of water in the region. A large part of the available surface water comes from streams carrying seasonal snowmelt from the higher elevations of the Rocky Mountains. The physical availability of water from this source is substantially affected by seasonal weather patterns which cannot be predicted. In the event of low stream flows in a particular year, a “call” may result, in which owners of junior water rights are required to cease diversions to accommodate owners of more senior water rights. In such a case, even owners of senior rights may sometimes be required to cease diversions because of contractual requirements or to comply with the conditions attached to water court decrees or augmentation plans for the protection of other users. The evidence of supply, such as historic records of stream flows and consumption and engineers’ analyses of the effects of changes in use, is therefore essential to the administration of almost all water rights.

New sources of water that are introduced into a drainage basin are not subject to any call in that drainage basin. Such foreign sources of water may be used and reused “to extinction,” i.e., without being subject to the rights of any downstream users. Typically, foreign water is diverted in priority in one basin and, by tunnel or other structure, delivered into the new basin. Another type of water owned by the City that may be used to extinction and which is not subject to any calls is nontributary groundwater. Nontributary groundwater is typically obtained from a deep confined aquifer without any significant

connection to the surface water. See, for example, “THE SYSTEM—Terry Ranch Water Rights and Storage Acquisition.”

Mechanical Capacity of the System. Even where an adequate supply of water is legally and physically available, the mechanical characteristics of a given utility system may tend to limit its efficient use of the available supply. For example, if stream flows are heavy when the current needs of the System are relatively low, reservoir storage would be necessary to avoid available water flowing downstream undiverted. Also, limitations such as lack of pipeline capacity, lack of treatment capacity or lack of storage of treated water can result in a mismatch between the supply and the customer needs of the System.

Water Supply

Major Raw Water Sources. The City derives its water supply from a diversified portfolio of rights and principally from the basins of three rivers: the Cache La Poudre, the Big Thompson, and the Upper Colorado. In March 2020, the City purchased a non-tributary groundwater basin referred to as the Terry Ranch Water Project (the “Terry Ranch Water Project” or “Terry Ranch”). This groundwater source comes with native groundwater supplies that can be used as a drought supply and eventually as an aquifer storage and recovery basin. See “THE SYSTEM—Terry Ranch Water Rights and Storage Acquisition.”

Cache La Poudre. The cornerstone of the City’s water supply is the City’s senior direct flow rights on the Cache La Poudre River (“Poudre”), which provide consistent yield to the City’s principal water treatment facility (the Bellvue Water Treatment Plant) even in drought conditions. See “THE SYSTEM—Water Treatment, Storage and Distribution” below. The City also obtains water from its rights in six high mountain reservoirs which capture water from tributaries to the Poudre; rights to this water are generally more junior. Only one of these reservoirs, the Milton Seaman Reservoir, is used for multi-year carryover storage. The City also owns shares in irrigation companies in the Poudre basin. Some of these irrigation company water supplies are inaccessible to the City’s treatment facilities and therefore are used for non-potable water supply (e.g. irrigation of City parks), and some are not yet adjudicated for municipal use. Altogether the Poudre water sources contribute about a quarter of the City’s water supply during drought conditions.

Big Thompson. The City’s Big Thompson water supply consists of water rights derived from the City’s interest as a major stockholder in the Greeley-Loveland Irrigation System. This water can be delivered to the City’s secondary water treatment facility (the Boyd Lake Water Treatment Plant), or can be used as non-potable irrigation water delivered via canals. See “THE SYSTEM—Water Treatment, Storage and Distribution” below. The Greeley-Loveland Irrigation System also includes significant water storage facilities which allow carryover from wet to dry years. Some of the City’s water shares in the Greeley-Loveland Irrigation System remain in agricultural use through annual leases with area farmers. The City expects to use these shares for the municipal water supply in the future as demand warrants. Big Thompson sources also contribute about a quarter of the City’s water supply during drought conditions.

Upper Colorado. The System receives and stores water from the Upper Colorado River basin, west of the Continental Divide, through two interrelated trans-mountain diversion projects: the Colorado-Big Thompson Project and the Windy Gap Project. These projects are administered by the Northern Colorado Water Conservancy District and its Municipal Subdistrict as the local agencies contracting with the United States Bureau of Reclamation. Water from these projects can be delivered to either the Bellvue or the Boyd Lake Water Treatment Plant.

The Colorado-Big Thompson Project, which includes storage facilities and relatively senior water rights, was designed to provide water supplies supplemental to native (in-basin) water rights in northeastern Colorado; historically Colorado-Big Thompson yields have been high when native yields (such as yields

from the Poudre) are low. The Colorado-Big Thompson Project is the City's single largest source of raw water for its treated water supply and contributes approximately half of the City's water supply during drought conditions.

The Windy Gap Project and the Windy Gap Firming Project. As described above under “—*Upper Colorado*,” the System currently receives Windy Gap water under an Allotment contract with the Northern Colorado Water Conservancy District, and its Municipal Subdistrict (the “Subdistrict” and collectively, the “Northern”), as the local agencies contracting with the United States Bureau of Reclamation. The System is also anticipated to receive the benefits of additional storage capacity for Windy Gap water under an Allotment Contract with the Windy Gap Firming Project Water Activity Enterprise of the Northern. Water from the projects related to such Allotment Contracts can be delivered to either the Bellvue or the Boyd Lake treatment plants.

The Windy Gap Project. The Windy Gap Project was developed to provide supplemental water supplies to the City, and other municipalities east of the Continental Divide. Allottees of the Windy Gap Project own units entitling them to shares of the water available from the Project. The City's Windy Gap units confer valuable flexibility for the System because they include the right to use associated wastewater effluent to meet return flow and augmentation obligations. The Windy Gap Project delivers water to the municipal users through Colorado-Big Thompson facilities when unused capacity is available. See “THE SYSTEM—Planned Capital Improvements.”

Windy Gap Firming Project. As described under “THE SYSTEM—Factors Affecting the Delivery of Water to Customers,” lack of storage capacity in any water supply system is a mechanical limitation that can result in an inability to fully utilize the yields of water rights during average or wet years. Because the carryover storage of wet-year yields from the Windy Gap Project has been adversely affected by limits on available reservoir capacity in the Colorado-Big Thompson facilities, the Windy Gap Project produces substantial amounts of water but presently does not contribute any firm yield to the City's water supply. For this reason, the City is participating in the Windy Gap Firming Project, a large east-slope storage project involving the City (along with other public and private water users owning Windy Gap water units) participating in the costs of construction and operation of a new reservoir (the “Chimney Hollow Reservoir”) being constructed by Northern for the purpose of holding and carrying over Windy Gap Project water from average years to drought years. The City anticipates that the completion of the Windy Gap Firming Project, estimated to be in 2026, would result in a net increase in the firm yield of the City's water rights portfolio by 3,700 acre-feet, which would become part of the Future Water Account Phase 1. See “THE SYSTEM—Planned Capital Improvements.” The Windy Gap Firming Project affords the City and the other Allottees the economies associated with a large regional reservoir project, without having to incur the costs or delays that would be associated with a standalone project of its own.

The Windy Gap Firming Project had its groundbreaking on August 6, 2021. The groundbreaking was the culmination of many years of permitting activities. Key milestones for the permitting effort included: the Draft Environmental Impact Statement, published August 29, 2008; the Final Environmental Impact Statement, issued November 30, 2011; the U.S. Bureau of Reclamation issued the Record of Decision and signing the Carriage Contract on December 19, 2014; the Federal Court ruled in favor of the Bureau of Reclamation and the Corps of Engineers after environmental interest groups sued on December 10, 2020; and finally, the ultimate settlement with the environmental interest groups after they appealed on April 21, 2021. Construction is now in its final year.

In October 2020, the City entered into an Allotment Contract with the Subdistrict, acting by and through the Windy Gap Firming Enterprise, under which it became a member and Allottee of the Windy Gap Firming Project. The Windy Gap Firming Enterprise obtained financing for the Chimney Hollow Reservoir in 2021 through a combination of bond financing and funds contributed by certain Allottees. The

City and the other Allottees have agreed to pay rates and charges to the Subdistrict sufficient to pay each Allottee's respective share of annual operating costs, debt service (unless a direct contribution is made to construction costs of Chimney Hollow Reservoir), reserve requirements and shortfalls, if any, due to defaults by other Allottees, and represented that they will treat the payment of such rates and charges as operating expenses of the System. These amounts are estimated to be approximately \$3,600,000 annually. In August 2024 the Subdistrict exercised the Completion C&E clause of the agreement to obtain additional financing necessary to address change orders in the project and bring it to completion. The City elected to participate in this additional financing. A failure by an Allottee to pay the annual rates when due would initiate a procedure in which other Allottees would be requested to make up the defaulting Allottee's missed payments, and upon the expiration of a grace period, to the possibility of forfeiture of the defaulting Allottee's Allotment without terminating its obligation to pay applicable rates and charges for its share of debt service.

Climate, Drought, and Wildfire Concerns. The System faces various environmental hazards and risks, which are similar to those facing other western water providers. In recent years, hydraulic and climate variability have amplified drought impacts and led to increasing concerns with the potential adverse effects of wildfires on high mountain watersheds.

Climate Change. Climate change is affecting historic weather cycles to an extent which is not fully understood, with varying impacts upon the volume of water available for diversion by some water utilities, including the City of Greeley portfolio.

The Water and Sewer Department acknowledges and incorporates climate change resiliency measures and scenario planning in its long-range water supply planning, demand analysis, and environmental risk analysis, most recently in the 2023 Integrated Water Resource Plan ("IWRP"). The IWRP considers how a range of temperature increases, combined with precipitation decreases, might affect our system yields and demands. The IWRP found that all three systems that contribute to Greeley's water portfolio (the Poudre River, Colorado-Big Thompson Project, and Big Thompson River) are vulnerable to warmer and drier future conditions, which may reduce water entitlements by five to 50%. To address this vulnerability, the City continues to make extensive investments in redundant infrastructure, excess capacity, municipal interconnects with other utilities, source water protection, flood and fire recovery programs, and diversification of its water resource and storage portfolios. The City is committed to building strong, safe and resilient systems and resource portfolios that maintain service level goals through prolonged drought, increased temperature, flooding, wildfire, and other shocks or system stressors.

Drought. The City has one of the most robust, diverse, and resilient municipal water resource collection and storage systems in the West. While the City owns large blocks of Colorado River water from the Colorado-Big Thompson ("C-BT") project and Windy Gap units, those resources make up only a portion of the City's water rights portfolio. The City's 22,000 units of C-BT water and 49 units of Windy Gap water make up approximately 50% of the City's water resource portfolio. The portfolio also includes senior water rights native to the Cache la Poudre, Big Thompson, and Laramie Rivers. The City has pursued water acquisition from these sources aggressively since the 1990's and continues to build an extensive portfolio that offers resiliency through excess resources and capacity. At this time, the City's water rights portfolio yields twice its annual average demand. This combined with increased storage capacity of Chimney Hollow Reservoir and the Terry Ranch project will provide long-term drought storage for Greeley in times of drought.

Wildfires. Recovery from the 2020 Cameron Peak Fire and the threat of future wildfires continue to pose a risk to our source water supply. The City has occupied an instrumental role in coordinating recovery efforts, facilitating the deployment of over \$32 million in federal, state, and local dollars to mitigation and restoration projects aimed at improving watershed health and water quality. In the past two years, the City has successfully completed three projects aimed at improving water quality and watershed resilience to the next wildfire. Planning efforts are underway, including a Source Water Protection Plan for the Poudre watershed and Wildfire Ready Action Plans for both the Big Thompson and Poudre watersheds. These efforts will identify opportunities to mitigate future wildfire risk and, importantly, provide a basis for securing external funding for such work. Investments in post-fire recovery and pre-fire planning and mitigation are essential in limiting the financial cost and operational impacts associated with treating poor quality surface water that persists following wildfires.

Since 2020, the Enterprise has incurred minimal net costs for this effort (less than five percent of total wildfire related expenditures) as funding for the payment of contractors is largely being provided from a variety of other federal, State, local and nonprofit sources. Most, or all, of the mitigation work occurs outside of the System's service area and, with the exception of our high mountain reservoirs, does not directly affect physical facilities of the System.

Assessments Associated with Water Supply

A number of the City's water supply sources (ditch companies, irrigation companies, and intergovernmental water supply projects) impose assessments or other charges allocated among the City and other participants to defray various kinds of ongoing costs. The largest assessments in 2024 were for Colorado-Big Thompson water (\$1,008,785), Greeley-Loveland Irrigation Company water (\$262,377), Larimer-Poudre Tunnel water (\$233,334), Water Supply and Storage Company water (\$157,817), and Windy Gap water (\$744,909). Other assessments paid to irrigation and ditch companies ranged from a few hundred dollars up to \$89,100. All of these assessments and charges are treated as Operating Expenses payable from revenues of the System.

Non-potable Water Supply; Agricultural Use

Some City water supplies (for example, some diversions from the lower Cache La Poudre River) are generally inaccessible to the City's potable water treatment facilities due to downstream logistics and limited river exchange capacities. Therefore, such sources from the lower Poudre are utilized as non-potable water, predominantly used for irrigation and river augmentation. The City has historically operated a non-potable irrigation system; its modern non-potable system commenced in 1996. Raw water from irrigation ditches traversing the City supplies water for turf irrigation for City parks, local school districts and other large turf irrigators who can utilize non-potable supplies. This use shifts such demands off the potable system and onto the non-potable system. The development of a non-potable system for large irrigation demands reduces peak summer demands on the City's water treatment plants by 5 to 6 million gallons per day ("MGD," a unit of measure generally referring to treated water production), and is expected to reduce the need for additional treatment plant capacity in future years. Since 2005, approximately \$23.9 million has been expended on the non-potable water master plan and program implementation. The City continues to invest in gravel pit storage for storing and retiming non-potable supplies for summer irrigation uses, and is working to update plans for pump-back facilities that would allow more of the City to receive non-potable water for greater numbers of days per year. These efforts are expected to serve to further shift irrigation demands to non-potable supply, extending the application of existing water rights and treatment capacities dedicated for potable supply. To distribute non-potable water supplies, the City has acquired running rights and conveyance agreements in several ditches and their lateral ditch systems. In addition to demand shifting, non-potable system efficiency projects have been implemented and others are planned to

manage demand and waste from large irrigation customers to extend the application of existing non-potable supplies to cover greater areas and customers.

Some of these non-potable supplies also benefit the City by meeting return flow and augmentation obligations. The variable annual water supply surplus, i.e., those supplies beyond demand and current storage capacities, are routinely provided by lease to various agricultural entities for irrigation and other purposes, pursuant to annual rental agreements. Certain water rights owned by the City (including a fractional portion of the City's rights in the Greeley-Loveland Irrigation System, Water Supply & Storage Company, Larimer & Weld Irrigation Company, and the New Cache irrigation system) are presently decreed for agricultural uses and therefore remain in long term agricultural leases pending water court change of water rights use adjudications.

Terry Ranch Water Rights and Storage Acquisition

In 2020, the City entered into a Master Purchase, Sale and Water Credit Administration Agreement dated as of June 17, 2020, as amended and restated February 22, 2021 (the "Master Agreement") with Wingfoot Water Resources, a Colorado limited liability company ("Wingfoot"), whereby Wingfoot agreed to sell and the City agreed to buy, property consisting of rights to nontributary groundwater, certain existing wells, associated interests in real estate and aquifer-recharge storage capacity in the Upper Laramie formation and Terry Ranch located in Northern Colorado, near the Wyoming border.

The Master Agreement provided for an acquisition transaction in which the rights and certain associated interests in real estate, wells and other property (the "Property") would be conveyed by Wingfoot to the City in exchange for the issuance of transferable credits (the "Credits") entitling the owner of a Credit to tender it to the City at any time through December 31, 2099 in satisfaction of the raw water dedication requirements (the "Raw Water Dedication Requirements") applicable to new development in the City. The Raw Water Dedication Requirements provide that land developers seeking to construct new projects in the City must either provide water rights or make a cash payment sufficient to provide adequate water to serve the proposed development. A developer's option of providing cash instead of water rights is referred to as the "cash in lieu" option. Under the Master Agreement, one Credit may be tendered by a developer in lieu of contributing rights to one acre-foot of water or its cash in lieu equivalent to the City. A total of 12,121 Credits were issuable under the Master Agreement.

The Credits were valued at the time of execution of the Master Agreement at \$30,000 per Credit, with their agreed value for certain purposes of the Master Agreement accreting at 3% compounded annually. Under the Master Agreement the City agreed not to modify its Raw Water Dedication Requirements in such a manner (for example by not honoring the Credits or reducing the required amount of cash in lieu) as to disadvantage the Credits, and agreed to substantial liquidated damages if it does so. The Master Agreement also required that Wingfoot would provide \$125,000,000 in cash derived in part from, but not conditioned upon, its sale of Credits, in several payments toward the cost of constructing infrastructure necessary to incorporate the Terry Ranch rights and aquifer storage capacity into the System, with the remaining cost to be contributed by the City. The total cost and phasing of such construction will depend upon the actual growth in water demand over an extended period of time and cannot be predicted with certainty. To the extent that water from the aquifer is delivered either outside the System's service area or used to generate electricity, the City and Wingfoot have agreed to share the resulting revenues.

The City has begun construction of an approximately 30-mile bi-directional pipeline and treatment facility connecting the Terry Ranch wells to the System. The bi-directional pipeline will allow water from the aquifer to be delivered to the System and water from other sources in the City's water rights portfolio to be stored by using it to recharge the aquifer. As of the end of 2024, approximately 7.7 miles of the pipeline have been installed. Beginning in mid-2025 and extending into 2026, the next approximately 6.6

miles of the pipeline will be constructed and installed. The final design for the remaining approximately 16 miles will be finalized in 2025, with construction to begin in 2028 (depending on available funding). A significant advantage of aquifer storage projects over reservoirs is that they can be constructed in phases rather than all at once. The long term plan is for the City to complete the infrastructure needed to utilize the aquifer for storage shortly before it will be required by the system demands.

Although the issuance of the Credits will result in the City foregoing future cash-in-lieu revenue, the Terry Ranch transaction has numerous and substantial long-term benefits for the Enterprise. The use of the Credits in the City's initial acquisition of the Property made the acquisition transaction largely cashless for the City. The construction of infrastructure and use of the water rights need not occur immediately, or all at once, and can be done incrementally as water demand and financial resources require or permit. This will allow the City to respond incrementally to rising water demand. Although the aquifer is not considered to be naturally recharged, an estimated 1,200,000 acre-feet of water is legally and physically available for withdrawal from the aquifer and can be used as a supplemental supply in the System as and when the pipeline and treatment facility are constructed. An additional estimated 1,000,000 acre-feet of Upper Laramie Aquifer water underlies the State Land Board parcels that are interspersed with the Terry Ranch water rights. In 2021 the City assumed a lease between Wingfoot and the State Land Board that gives the City sole access to the underlying Upper Laramie Aquifer water provided the City meets certain conditions. A drilling program is currently underway to secure this water under the terms of the lease. Following the drilling program, the City will submit an application to water court seeking a non-tributary aquifer determination for the Upper Laramie Aquifer water underlying the State Land Board parcels. Acquiring this determination through a water court decree will ensure that Greeley's Terry Ranch water rights are available and protected from injury.

Supplemental water supplies are expected to be withdrawn from the aquifer for a period of years before the City would begin using the aquifer for water storage. The City contemplates that the credits can be honored, and service provided to tendering developers, with water available in its current water rights portfolio, i.e., the Terry Ranch water itself was not required to honor the credits. The use of the bi-directional pipeline and aquifer recharge technology for future storage, obviates the need for construction of more expensive surface dam and reservoir facilities which would have required large capital outlay and a lengthy and unpredictable permitting process.

The Master Agreement includes a put/call feature under which, for a 25-year period, the City will have the right to call, and Wingfoot will have the right to put to the City, 167 Credits at the then prevailing adjusted price (the "Option Price") of \$30,000 per Credit, escalating at 3% compounded annually. Using a budgetary assumption that the put or call option will be fully exercised in each year it is in effect, the City authorized its future put/call payments as Subordinate Obligations, payable from the Net Revenues, under its existing revenue bond ordinances. These payments are anticipated to gradually increase from approximately \$5,000,000 to approximately \$11,000,000 annually in the years 2021 through 2047. Any payments due from the City on account of puts or calls of Credits or liquidated damages events remaining unpaid at the end of the year they are incurred are required to be converted into subordinate revenue notes of the Enterprise.

Water Acquisition Planning

Future Water Account Phase 2. In 2008, recognizing the increasing competition for water supplies in northern Colorado, the Council, and the Board planned for a Future Water Account Phase 2, with the goal of acquiring an additional 10,000 acre-feet over a thirty-year period (2010-2035). This plan replaced the previous Future Water Account Phase 1 implemented in 2003, and like that plan, these Phase 2 water supply acquisitions and water rights firming projects are intended to enable the City to accept cash in lieu of raw water when new development occurs. The City has since spent \$60.6 million to purchase

approximately 8,263 acre-feet. Some of the water purchased is still decreed for agricultural use and must go through a water court change case to be used for municipal purposes. The City's plan is to continue these Phase 2 water purchases, budgeting approximately \$6 to \$10 million per year.

Water Yields and Drought Planning. The City completed an Integrated Water Resources Plan in 2023. This innovative plan utilizes modeling of the City's portfolio in multiple future scenarios combining growth projections, hydrologic variability, water regulation and drought scenarios to ensure the City's water yields meet future growth needs. This plan identifies and prioritizes capital improvement projects that will perform well under multiple future conditions. An adaptive planning framework ensures that the City incorporates changes as they occur and adjusts the City's investments appropriately. State law requires large municipal water utilities, those supplying over 2,000 acre-feet per year, to adopt Drought Emergency Plans. In 2021, the City updated its plan to enhance flexibility while minimizing financial impacts on both customers and the utility. The plan focuses solely on managing outdoor water demand, increasing rates for customers who exceed their water budgets. Water budget adjustments can be scaled based on the severity of the drought or emergency. With the City's advanced metering infrastructure, real-time water usage data enables more precise monitoring and control when an emergency is declared.

To offset financial strain on the utility, the City has established a drought reserve fund, which helps stabilize revenue losses caused by reduced water sales during drought-related restrictions.

The City's various water rights available to its treated water system total approximately 40,000 acre-feet firm yield. The City uses the "firm yield" of water supplies to assess the current water supply and to compare new resources on an equivalent basis. The firm yield of the System is the demand that can be met without shortage during all six years of a "50-year critical drought;" such a drought has a severity equal to the average of the worst droughts in each 50-year period of a peer-reviewed 50,000-year synthetic hydrologic data set. Firm yield includes water previously placed in storage reservoirs. The 50-year critical drought standard is similar to standards used by other regional water suppliers (such as the Fort Collins and Denver water systems), and the City believes it is an appropriate planning standard for the System.

Potable System demands for the 2024 water year (excluding consumption associated with municipal customers providing their own raw water supplies as described above) totaled approximately 22,000 acre-feet. Non-potable water demand for in-City irrigation totaled approximately 1,200 acre-feet. Some of the annual excess water was leased for agricultural purposes because it was not needed for municipal use. In water years when supply exceeds demand, excess water is stored in City storage facilities or rented for agricultural or industrial use. If the City's storage capacity is exceeded and there is no rental demand, water is released to downstream users without compensation to the City.

The City believes that its water rights portfolio, combining senior direct flow rights, supplemental Colorado-Big Thompson water supplies, irrigation ditch supplies, and junior native water rights with storage, has resulted in a sufficient water yield for the City to accommodate a wide variety of hydrologic conditions.

In February 2017, the City implemented the "Water Budget Rate Structure," which is based on inclining block tiered rates and customized water budgets. These budgets are tailored to each property's irrigation area and household size, promoting efficient water use by imposing higher penalty rates for excessive, wasteful, or unsustainable water consumption. Additionally, this structure serves as a tool for drought response, allowing automatic reductions in water budgets during supply shortages. While lower per capita water use aligns with conservation goals, it also results in reduced water sales and revenue, assuming no rate adjustments or system growth. Acknowledging this, staff has incorporated lower per capita water use projections when setting rates. See "FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Rates and Charges" and "—System Financial Operating History."

State law requires large municipal water utilities, serving over 2,000 acre-feet per year, to adopt Drought Emergency Plans. As part of the City's long-term demand management strategy, outdoor watering restrictions are a permanent measure to control peak demand. In 2021, the City updated its Drought Emergency Plan to integrate the Water Budget Rate Structure and ensure mechanics are in place for major infrastructure and drought responses.

Water Treatment, Storage and Distribution

Raw water is treated at the City's two treatment facilities, the Bellvue and Boyd Lake Water Treatment Plants. The plants' combined treatment capacity is approximately 70 MGD. During 2024 the average daily water consumption was 24 MGD, with a maximum summer day consumption of 41 MGD. Both average and peak day demands include outside-City service pursuant to intergovernmental agreements with nearby municipalities. All water treatment is required to be performed in compliance with applicable state and federal rules and regulations.

The Bellvue Water Treatment Plant ("Bellvue WTP") is located near Fort Collins, approximately 30 miles northwest of the City. It is the City's main plant for meeting treated water demand and is operated year-round. Originally constructed in 1907, the Bellvue WTP has been enlarged and upgraded numerous times. A 20 MGD replacement treatment train was completed in 2020 that replaced older filters constructed between 1946 and 1953. Following completion of this new train, the Bellvue WTP has a sustained capacity of approximately 32 MGD. The new 20 MGD treatment train includes new rapid mix, flocculation and sedimentation basins and dual media filtration, all housed within a single building.

The Boyd Lake WTP ("Boyd Lake WTP") is located east of Loveland, approximately 18 miles west of the City, and was originally constructed in 1964. This plant has a capacity of approximately 38 MGD and is operated from April through October as a peaking plant to meet summer irrigation demands. Recent improvements to the plant include new plate settlers, a sludge collection and pumping improvements, upgraded supervisory control and data acquisition ("SCADA") system, chemical and disinfection system improvements, clearwell repair, and aeration improvements to the raw water source for the treatment plant. The purpose of these improvements is to produce better water quality and increase operational reliability.

Treated water is delivered to three storage sites (reservoirs and tanks) in the City; these storage sites have a combined capacity of 52 million gallons ("MG," a unit of measure for treated water storage). In 2022, the Colorado Department of Public Health and the Environment notified the city that three of the water storage tanks that were serving pressure zone 1 were a sanitary violation due to the floating fiberglass membrane covers. The City responded by taking these tanks (a total of 22.5 MG of storage) out of service. City engineers determined that, with reconfigurations of the transmission and distribution system, the remaining 52 MG of storage in the system was sufficient for pressure and fire protection in pressure zone 1 for the next 10 years. Treated water from the Bellvue Water Treatment Plant is conveyed to the City by gravity, while treated water is pumped from the Boyd Lake Water Treatment Plant. A new 5 MG storage tank was added to the Gold Hill Storage tanks in 2017.

From storage sites, water is distributed to the City by gravity flow. The System includes 7.2 miles of raw water supply mains, 165.69 miles of transmission lines, and 515.76 miles of distribution mains. The System's distribution system has four pressure zones, interconnected by pressure-reducing valves and pump stations. In addition to conveyances related to treated water, the City maintains 22.19 miles of non-potable water mains that deliver non-potable water from pump stations to customers for irrigation needs.

Planned Operating Expenses

Operating expenses to run the System are financed through water rate revenue and through miscellaneous revenue paid to the water fund, such as royalties, land leases and water rentals.

Planned operating expenses for the System for the next five years are shown in the following table. Actual results will be affected by future events and circumstances and may differ materially from the estimates included in current plans.

TABLE III
Five Year Operating Financing Plan

	2025	2026	2027	2028	2029	Total
Costs:						
General						
Administration	\$ 5,371,328	\$ 5,358,783	\$ 5,448,629	\$ 5,636,221	\$ 5,830,255	\$ 27,645,215
Transmission, Distribution, and Treatment	17,548,012	17,453,131	17,969,271	18,598,195	19,249,131	90,817,740
Supply	11,845,895	13,649,810	14,123,936	14,385,384	14,689,863	68,694,887

Planned Capital Improvements

Capital improvements to the System have been financed by System revenues (including System revenues accumulated in reserves), supplemented as necessary by the issuance of bonds and from moneys borrowed from the Colorado Water Resources and Power Development Authority and the Colorado Water Conservation Board.

Projected capital expenditures for the System for the next five years are shown in the following table. The timing and amounts of such expenditures are subject to change in the future as circumstances warrants.

TABLE IV
Five Year Capital Improvement Financing Plan

Costs:	2025	2026	2027	2028	2029	Total
System Expansion	\$32,096,456	\$30,533,992	\$18,502,420	\$17,211,903	\$17,205,506	\$115,550,277
System Replacement	43,443,916	36,167,987	51,626,105	19,663,455	48,114,309	199,015,772
Water Acquisition	<u>16,982,207</u>	<u>13,060,000</u>	<u>14,340,000</u>	<u>14,383,000</u>	<u>11,920,000</u>	<u>70,685,207</u>
Total	<u>\$92,522,579</u>	<u>\$79,761,979</u>	<u>\$84,468,525</u>	<u>\$51,258,358</u>	<u>\$77,239,815</u>	<u>\$385,251,256</u>

Source: The City.

The capital improvement plan is expected to be financed over the next five years from operating revenues, from working capital reserves, and from borrowings secured by the pledge of Net Revenues, including the Series 2025 Bonds. The City expects to issue two or more additional series of water revenue bonds starting in 2027 and 2029. The System capital improvement plan is subject to annual review and change as deemed appropriate by the Board and the City. See “FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Financial Operating History,” “THE SERIES 2025 BONDS—Special Obligations” and “SECURITY FOR THE SERIES 2025 BONDS—Additional Obligations.”

Water Treatment Plants. Significant improvements to the Bellvue Water Treatment Plant (the “Bellvue WTP”) have been completed and ongoing improvements are occurring at the Boyd Lake Water Treatment Plant (the “Boyd WTP”). The improvements to the Bellvue WTP replaced 20 MGD filters from the 1950’s with a new 20 MGD treatment train consisting of rapid mix, flocculation and sedimentation, and dual media filtration. Construction was completed on the new 20 MGD treatment train in 2020. An additional clearwell is currently in design as the first step to expand the treatment plant’s permitted capacity. It is anticipated that construction on the clearwell will begin in 2026. Ongoing capital improvements to the Boyd Lake WTP are expected to eventually allow the plant to operate year-round when desired as well as improve water taste. Recently completed improvements consist of: new plate settlers; a sludge collection system; upgraded SCADA system; chemical and disinfection system improvements; clearwell repair; and aeration improvements to the raw water source for the treatment plant. Construction to replace the flocculators began in 2024 with electrical upgrades and replacement of the flocculators anticipated during the off-season in winter 2025. The purpose of these improvements is to address concerns regarding aging infrastructure and to enhance water quality. A water treatment master plan will begin in the spring of 2025 to identify future upgrades and develop a capital improvement projects plan.

Transmission System. Construction activity on the northern section of the Bellvue pipeline was completed in 2017. The only section remaining to be constructed is the Gold Hill segment which would extend the 60-inch diameter pipeline south of the Poudre River to the Gold Hill storage facilities. This reach of the pipeline is being split into two phases. The Town of Windsor is rapidly growing near the pipeline alignment and in order to minimize construction costs, the City plans to construct the segment nearest Windsor first and complete the remaining segment at a later date. Easement acquisition has been completed for the “Windsor phase” and a design consultant has been selected. Construction of this segment is planned to occur in 2024 and 2025 and to result in the extension of the line past the southern border of Windsor. This would allow future expansion of Colorado State Highway 257 to occur unimpeded after installation of the pipeline. The remainder of the 60-inch diameter pipeline would then be constructed to the Gold Hill storage facilities at a future date. The City has applied for grant funds from FEMA for a portion of the construction costs. The remainder of the construction costs would be provided by the City, coming from fees and charges, and bond proceeds.

The City is currently designing a new 36-inch diameter pipeline to replace the existing 1929 20-inch cast iron pipe and 1931 20-inch cast iron pipes known as “The Cache segment.” The pipeline runs from south of County Road 62 just west of 95th Avenue and connects with the recently completed Union Colony pipeline project west of 83rd Avenue on 4th Street. The City intends to construct this pipeline beginning in the Fall of 2025 and complete construction before the peak demands of Summer 2026. Planning continues on replacement of these near 100-year old transmission mains.

Distribution System. The City continues their efforts to improve the water distribution system and is completing the Montview water system improvements and the “O” Street waterline improvements. The Montview project relocates water lines from backyards into City streets, improving the ability for operations to access and maintain the water distribution system, concurrently reducing risks of future waterline failures to both the City and residents. The City also continues efforts in the planning and design of similar system

improvements in the Farr neighborhood. The O Street waterline project provides much needed interconnectivity in the Northwest side of the City between N 23rd Avenue and N 25th Avenue.

To maximize the City's abilities to operate and maintain the distribution system, the City is also undertaking a new program to construct system improvements/system replacements using City crews. Funding is also allocated annually for the systematic replacement of valve and fire hydrant and water meters that are either aging or not functioning properly

West Greeley Water Infrastructure. The City is currently in the planning phases of a potential project on the west side of the City, north of U.S. 34 between Weld County Road 17 and State HWY 257. This project would require the construction of new 20-inch and 16-inch water mains and the relocation of existing transmission lines. The project will be completed in multiple phases, but the construction of the water improvements is required for the first phase of the new development.

Non-Potable System. The City is building out a non-potable system of detention ponds, pump stations, and distribution lines to allow customers irrigating large tracts of turf to utilize cheaper untreated water supplies. The system is currently run through 43 non-potable pump stations and 22.19 miles of non-potable mains. Non-potable water supplies are more available than water resources that can be delivered to the treatment plants and are significantly less expensive. The City's long range water planning anticipates non-potable water use to increase to approximately 10,000 acre-feet annually from the 2024 usage of 2,787 acre-feet. To accomplish this, the City is changing its development policy to require non-potable installation in most cases and the City will contribute to the overall cost to install non-potable infrastructure by paying for oversizing when needed. Additionally, the City has programmed approximately \$35 million in backbone improvements to the non-potable system over the next 10 years. At full build out the non-potable system is planned to have 68 pump stations, from the 43 stations in service in 2024. Conversion projects focus on switching city parks and surrounding large turf irrigators from irrigating with potable water to non-potable water.

Windy Gap Firing Project. Another significant capital improvement project is the Windy Gap Firing Project, which is the creation of storage ("firing") for Windy Gap water. For a description of the Windy Gap Firing Project, see "THE SYSTEM—The Windy Gap Project and the Windy Gap Firing Project" above.

Terry Ranch. Another significant capital improvement project is the Terry Ranch Pipeline and Aquifer Storage project, which is opening a large aquifer storage basin for the City allowing water in wet years to be stored for the future protecting the City from future droughts. For a description of the Terry Ranch project see "THE SYSTEM—Terry Ranch" above. Construction for this project will be partially funded by the Bonds.

Capital Improvement Planning Factors. Between 2004 and 2010, the City supplemented its 2003 Water Master Plan, which has an approximately 50-year time horizon, by adding the Future Water Account Phase 2. The planning and permitting process for the expansion of Milton Seaman Reservoir started during this timeframe which has since been replaced with the Terry Ranch Water Project. While the City believes that its existing water supplies can accommodate growth until approximately 2065, climate data indicates temperatures are warming, causing landscapes to require more water. The growth and development outlook for the City and Northern Colorado has placed the City in competition with numerous governmental and private users for limited regional water supplies. Protection against these long-term risks of competition and price pressure, are the principal reasons for the City's continued water supply acquisition planning. Between 2023-2024 the City created its Integrated Water Resource Plan ("IWRP"). The IWRP is a holistic water resource plan for the City that identifies specific triggers that will change points in the strategy for

future water acquisition supply management, and the construction of capital infrastructure to access the Terry Ranch Aquifer.

The City has grown from a population of 77,815 in 2000 to an estimated 2023 population of 112,462. The City and the surrounding region saw significant growth, despite the recent downturn due to the COVID-19 pandemic. See “APPENDIX D—ECONOMIC AND DEMOGRAPHIC INFORMATION.” See also “FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Customers” as to potential changes in non-residential water demand.

Lead Service Identification and Replacement Project (“LSLIR Project”). Greeley Water’s top priority is to provide safe drinking water and protect public health. The water leaving the City’s treatment facilities is lead-free, however lead may be present in older homes’ service lines. In anticipation of the EPA’s revisions and improvements to the Lead and Copper Rule, Greeley Water proactively initiated the LSLIR Project in 2023. The LSLIR Project is completing an inventory of the material-type of approximately 29,000 Water Service Lines in the City. The inventory utilizes a number of different investigation methods including: review of documentation and records, basement inspections to check the service line material as it enters properties, and potholing investigations. As required by the revised regulations, the public inventory is available to view at www.greeleygov.com/leadprotection.

Where lead service lines are identified, the City is replacing these free of charge to the customer. Galvanized service lines are also replaced if they are, or could have been previously downstream of a lead line. The goal is to complete the inventory and remove all lead lines by the end of 2026. The City received a grant in 2024 from the CDPHE of \$250,000 to pay for basement inspections and received a loan through the Colorado Water Resources and Power Development Authority and the Colorado Drinking Water Revolving Fund loan program to pay for the portion on the lead replacement project occurring in the older areas of the city most at risk of lead service lines. The loan award includes \$10M in principal forgiveness.

Environmental Concerns

The operation of the System is subject to substantial environmental regulation under both state and federal law. Although System management believes it is in compliance with all material regulations affecting the System, there can be no assurance that future compliance with such requirements would not frustrate otherwise feasible projects or result in increased capital and operating expenses for the System. The City’s water supply and treatment operations are affected by numerous regulatory requirements, primarily those imposed by federal laws such as the Safe Drinking Water Act and the Clean Water Act. The City is in compliance with all current drinking water and water quality standards, but the Water and Sewer Department anticipates that new regulations (as well as capacity concerns) would continue to require ongoing rehabilitation and improvement of its treatment facilities. See “THE SYSTEM—Water Treatment, Storage and Distribution” and “THE SYSTEM—Planned Capital Improvements” above. Compliance with changing federal and State regulations may affect the cost of water treatment and distribution. The City recently completed master plans for the transmission and distribution system, the wastewater collection system, and the non-potable system intended to provide the roadmap for building future capital plans.

FINANCIAL INFORMATION CONCERNING THE SYSTEM

Budget Process

In the summer of each year, the Board recommends to the City Manager a separate System budget for the upcoming year; the System budget is then included as a separate component of the City’s overall budget process. The City’s budget provides detailed estimates of proposed expenditures for each City agency for the ensuing fiscal year, and also set forth corresponding expenditure information for the current

and last full fiscal years. The budget also includes information as to actual and anticipated revenues. A public hearing on the proposed budget must be held before its final adoption. The Council must adopt the budget by ordinance no later than December 15th; then, before the end of the current fiscal year, the Council must adopt an ordinance, based upon the budget as adopted, appropriating the moneys needed for various municipal purposes during the upcoming fiscal year. In general, all expenditures must be made in accordance with the appropriation ordinance. The City's 2025 budget and the corresponding appropriation ordinance were adopted October 15, 2024. In recent years, the System operating budget has not changed substantially. The City continues to budget for Cameron Peak Fire mitigation activities, appearing as a large budget item of offsetting expenditures and revenues. Water assessment costs for the Windy Gap, Colorado-Big Thompson and other ditch company assessments reflect modest increases. The debt service for the Windy Gap Firing project does drive an increase in the department operating budget as it activates with construction progress. For the 2024 budget, fourteen new positions were approved with limited changes to other operating costs. For the 2025 budget, eleven new positions were approved with limited changes to other operating costs. Seven of these new positions were building a construction crew for the Water Distribution unit to undertake rehabilitation projects in the system saving the city the costs of hiring contractors for the work.

There are procedures by which the budget and appropriations for a particular year may be modified to reflect actual revenues and expenses. The City's budgets are prepared in conformity with State law requirements which differ in some respects from generally accepted accounting principles ("GAAP"). The Board also submits its long-range capital plans for the System to the Council. Accordingly, although the Charter gives the Board the power to establish minimum water rates (as described below under "System Rates and Charges"), the Council retains control over the budget and capital plan for the System.

System Rates and Charges

It is the responsibility of the Board to annually establish minimum water rates sufficient to pay all operation and maintenance expenses of the System, all debt service requirements, and additions to a reserve account in sufficient amounts to offset depreciation of the System. The Charter prohibits the Council from reducing rates so established by the Board; however, the Council may increase the rates by resolution.

All System rates and charges are set based upon a cost-of-service model developed by the City and its water rate consultants. The cost-of-service model is updated on an annual basis and takes into account factors such as volume of water demand, consistency of water demand, provision of raw water rights to the City and other factors. The City classifies its water customers by applicable service rate depending upon: location within or outside the City; whether the property served is residential, commercial, industrial, agricultural special contract, or another municipality or quasi-municipality; and whether the customer provides raw water rights to the City. 100% of System accounts are metered. As permitted under the Bond Ordinance and ordinances authorizing outstanding Parity Obligations, the System does not charge for water service to City-owned property open to use by the public such as City parks.

The City's monthly water bills include a consumption charge for each 1,000 gallons of water consumed and a fixed service charge based on meter size (regardless of the volume of water consumed). Effective January 1, 2025, residential and commercial treated water consumption charges per 1,000 gallons vary from \$5.94 to \$12.51, while industrial rates vary from \$4.62 to \$4.97. Additional fixed monthly treated water service charges vary from \$19.00 for the smallest meter size (within the City) to \$276.95 for the largest meter size (outside the City). The City also provides non-potable water at a rate of \$4.66 per 1,000 gallons and \$19.00 per month. The rates for treated water delivered under intergovernmental agreements with nearby municipalities are based upon the City's water rate cost-of-service model, plus ten percent, subject to annual adjustment. See "FINANCIAL INFORMATION CONCERNING THE SYSTEM—

System Customers” below. The Board has also imposed “raw water surcharges” on certain non-potable customers and nonresidential treated water customers for use of water in excess of allotted amounts.

The City’s 2025 water rates reflect an average increase of 6.0% over 2024 water rates. For the preceding four years, water rates have reflected the following average increases over the preceding year: for 2024, 3.5% for 2023, 3.0%; for 2022, 6.0%; and for 2021, 6.0%. Water rate increases in the range of 4% to 11% are expected over the next several years, in order to fund capital improvement projects and for the acquisition of additional water rights. The Water and Sewer Department typically conducts an annual survey comparing single-family residential water bills for selected major front-range water suppliers; the most recent such survey was conducted in late 2024, assembling rate information for 27 such suppliers, and concluded the City’s average water bill was slightly higher than the median bill for the surveyed suppliers.

Increasing water cost to the consumer has likely played a role in the overall trend of decreasing per capita usage that water utilities across the nation have experienced. The City’s customers receive a utility bill that includes water, sewer, and stormwater charges and the costs for all three have increased substantially in the last ten years. Of these services, the water use is the one that customers have the most control over. The System has seen decreasing usage per water account and has lowered its assumed per capita usage when forecasting water sales revenue. Year to year weather variability is consistently the largest consideration for customer water usage. City financial staff plan conservatively for wet weather (with low water sales) when creating revenue budgets. The 2023 year was exceptionally wet and negatively impacted revenue collection, though it did result in full reservoirs for the start of the 2024 year. See “THE SYSTEM—Water Acquisition Planning—*Water Yields and Drought Planning*.”

In evaluating the need for large water storage projects, federal agencies typically seek assurance that the project proponent is efficiently using its current water supply and is implementing an effective conservation program. One conservation program element that such agencies deem particularly important is a conservation rate structure. The City implemented the Water Budget rate structure in February of 2017. The rate structure uses individualized rate tiers that vary according to lot size, number of people in a household, and daily weather conditions. The Water Budget rate structure is a fair rate structure that encourages water conservation yet accounts for variability in water usage needs that a simple tiered structure does not recognize.

It is possible that the Colorado Public Utilities Commission (the “PUC”) could seek to regulate rates charged by municipalities for extraterritorial service; however, the PUC has not as yet sought to exercise such regulatory authority. The effect of any such regulation on System revenues cannot be determined.

[Remainder of Page Intentionally Left Blank]

Set forth below is a breakdown by account classification of number of accounts and System service charge revenues received by the City in 2023 and 2024 (unaudited).

TABLE V
System Service Charge Revenues ¹

Classification	2023				2024 (unaudited)			
	No. of Accounts	% of Total	Revenues	% of Total	No. of Accounts	% of Total	Revenues	% of Total
Within the City:

¹ This reflects revenues generated from provision of water treatment service pursuant to intergovernmental agreements with other municipalities. See “FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Customers” below.

² Service charge revenues in the Water Fund financial statements (see “FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Financial Operating History” below) also include developer payments in lieu of water rights (described below in this heading) and raw water surcharges, as well as revenues from water rentals, meter sales and other minor items.

Source: The City

The City also charges plant investment fees (“Plant Investment Fees”) for new service, to recover the customer’s portion of the capital investment in the System. Plant Investment Fees are based upon the estimated replacement value of the System at the time of connection to the System and vary depending upon tap size. Effective March 1, 2025, Plant Investment Fees vary from \$15,000 (smallest tap size) to \$625,050 (6” tap). Plant Investment Fees for taps larger than 6” are negotiated between the property owner and the City. Plant Investment Fees do not include the costs of the meter, labor and materials required in making a tap onto the System, service line installation, or street trenching and repairing, all of which must be paid in advance by the owner, lessee, or user of the property requesting service. Effective March 1, 2024 the city implemented a schedule for Plant Investment Fee reductions for homes on smaller lots, accessory dwelling units, and for customers that will use non-potable irrigation water to right size their system charge to the impact they will have on the system. The System’s municipal wholesale customers do not pay Plant Investment Fees in relation to individual water taps; instead they pay certain lump-sum system development charges to secure treatment and transmission capacity. These system development charges are accounted for under the audit category “Plant Investment Fees.” See “FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Customers” below. Set forth below is historical information as to water tap sales and related Plant Investment Fee collections.

[Remainder of Page Intentionally Left Blank]

TABLE VI
Water Taps Issued and Related Plant Investment Fees Collected

	2019	2020	2021	2022	2023	2024 ²
Water Taps Issued	241	120	424	487	215	224
Plant Investment Fees	\$4,450,604	\$1,904,767	\$6,452,310	\$10,083,406	\$3,530,900 ¹	\$2,813,921

¹ 2023 included a System Development Charge payment of \$11,273,522.56 from the Town of Windsor to increase their base usage.

² Figures are estimated.

Source: The City

Other than Plant Investment Fees related to water taps, substantially all of the other Plant Investment Fees as set forth in the Water Fund financial statements are derived from system development charges paid by the System’s municipal customers.

In addition to Plant Investment Fees, the City requires that developers provide raw water rights at the time of annexation or development (accounted for under the audit category “Contributions from Developers”). Single family residential requirements are set at 3 acre-feet per acre of property being developed; multi-family and non-residential requirements are based on projected water demand. The raw water requirements for multi-family and non-residential customers was revised in 2019 to be based on projected demand per the type of development, rather than the tap size. A cash-in-lieu amount instead of water rights contribution is also permitted (accounted for under the audit category “Charges for Service”). In 2024, the City’s cash-in-lieu payments totaled \$659,278, with another \$756,006 paid in raw water surcharges charged to customers who exceeded their raw water dedication. Prior to 2018, the City had a policy in place that encouraged water rights contributions over cash-in-lieu payments but has since changed its policy to allow unlimited amounts of cash-in-lieu or tenders of raw water Credits associated with the Terry Ranch aquifer acquisition. The raw water surcharge is meant to encourage customers to either reduce their water usage to within their dedication or to increase their dedication. See “THE SYSTEM—Terry Ranch Water Rights and Storage Acquisition.”

Developers requesting service to a particular area are also required to provide water line improvements to meet the needs of their development. The value of improvements so provided (non-cash) are accounted for under the audit category “Contributions from Developers.”

Billing and Collection

The City bills water customers monthly. For delinquent accounts, the City may disconnect water service until the bill, plus a reconnection fee, has been paid. A final notice and a shutoff notice are given before services are terminated. The Water and Sewer Department reports that an insignificant number of water service charges have been written off as bad debt in recent years. The Greeley Municipal Code provides that all water rates constitute a charge and lien upon the premises to which water is delivered. The City plans to implement a new Customer Information System (also known as a Billing System) at the end of 2025.

System Customers

The following table shows the largest customers of the System by treated water consumed. (The City's Parks Department is also a large consumer of treated water but is not included in this table because the System does not charge for service provided to City-owned property open to use by the public.)

TABLE VII
Largest Customers of the System 2024 ¹

Customer	Consumption (1,000s gallons)	Percentage of Consumption ³
Municipality ²	863,667	9.90%
Beef Processing	723,797	8.30
Food Production	682,393	7.82
Municipal	348,044	3.99
University	143,320	1.64
School District	122,522	1.40
Industrial	112,080	1.28
Municipal	102,668	1.18
Local Government	68,732	0.79
Private Golf Course	<u>59,318</u>	<u>0.68</u>
Total	<u>3,226,541</u>	<u>36.98%</u>

¹ Based on treated water consumption.

² These municipal customers provide their own raw water supply, with the System providing treatment service only. See narrative below.

³ Based on total System consumption of \$8,725,250.

Source: The City

In the last 10 years, the System has experienced some demand from oil and gas operators for water to be used in hydraulic fracturing; however, the City does not consider this to be a reliable source of demand or revenue over the long term. Budgeted revenue from this source is set conservatively. The City sells water for use by these customers as well as construction and landscape companies through rented fire hydrant meters, and through three bulk water stations placed in areas of the distribution system that will benefit from increased water use.

The City provides water treatment service to the City of Evans ("Evans") pursuant to an agreement extending through 2033, with ten-year renewals thereafter unless terminated according to the terms of the agreement. The agreement requires Evans to acquire sufficient water rights to satisfy its treated water requirements. In the event of a shortage of treated water, caused by the inability of a component of the System to function. Evans and the City have agreed to share proportionally in water use reductions. A system development charge (designed to recover System capital costs associated with new demand) is due to the City if the metered water delivered to Evans in any year exceeds the acre-feet delivered in the base year of the agreement. See "FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Rates and Charges" above.

The City also provides water treatment service to the Town of Windsor ("Windsor") under an agreement that is in effect until 2042, with ten-year renewals thereafter unless terminated according to the terms of the agreement. Under that agreement Windsor has contracted for the delivery of a specified amount of treated water; Windsor is responsible for maintaining water rights sufficient to make available raw water to the City for treatment. In the event Windsor's demand in any year exceeds the specified amount, Windsor

would be required to pay a system development charge for the excess, and thereafter Windsor's annual allotment of treated water under the agreement, and its payment obligation, would be increased accordingly. Windsor made such a payment in 2023 as noted in "FINANCIAL INFORMATION CONCERNING THE SYSTEM—Plant Investment Fee Charges" above. See "FINANCIAL INFORMATION CONCERNING THE SYSTEM—System Rates and Charges" above. Windsor and the City amended the water treatment service agreement in 2021 to allow Windsor to lease an interim water supply from Greeley for 10 years, with one option for a five-year extension. This amendment was undertaken to enable Windsor to weather potential drought periods while they secure additional water through a regional integrated supply project.

The City has also entered into an agreement to provide water treatment service to the Town of Milliken; that agreement is patterned after the Evans Agreement and has been extended until 2037.

The City has emergency interconnect agreements with the City of Loveland, the Town of Johnstown, the North Weld County Water District, and the West Fort Collins Water District. These agreements provide that, if and when water is needed by either party due to either unforeseen emergencies (such as line breaks) or planned construction or maintenance interruptions, water rights are exchanged and the party receiving water is obligated to reimburse all costs to the party providing water. These agreements have not had material effects on the City's water supply or operations and have not generated any material amount of revenue.

The City provides treated water to Garden City water users; those users are billed directly by the City. The City and Garden City signed an intergovernmental agreement in 2017 that formalized the relationship between the two organizations. The agreement provided an acknowledgement by Garden City that the City was the water provider within their jurisdiction as well as defined how the water system within Garden City would be maintained and expanded, if needed. The term of the agreement concludes in 2067, with automatic 10-year renewals unless terminated as provided by the agreement.

System Financial Operating History

General. The City operates and accounts for the System as a self-supporting enterprise through the Water Fund. The Water Fund is used to account for all System administration, operations, maintenance, financing, debt service, and billings and collections. The System is not subsidized by other City revenues. Certain administrative and overhead expenses of the Water and Sewer Department are allocated between the Water Fund and the Sewer Fund. Costs of general and administrative services provided by the City in connection with the System are allocated and charged to the Water Fund. In accordance with the City Charter, all revenues received from the imposition of water charges are used only for the operation, maintenance, replacement of and additions to the System, including the acquisition of water rights.

Set forth below is a five-year comparative statement of System revenues, expenses, and resulting changes in net assets derived from the City's audited financial statements for fiscal years ended 2019 through 2023 and estimated figures for 2024.

TABLE VIII

¹ Intergovernmental revenue related to operations is shown as operating revenue and intergovernmental revenue related to capital expenditures appears as non-operating revenue.

² In 2020, the City expensed approximately \$20,274,650 in permitting costs from previous years related to the Milton Seaman Reservoir Expansion. See "THE SYSTEM—Planned Capital Improvements—Milton Seaman Reservoir Expansion."

³ 2021 expenses include items related to the Cameron Peak Fire mitigation in the amount of \$16,568,215. See "THE SYSTEM—Water Supply—Climate, Drought and Wildfire Concerns—Wildfires." These costs are offset by \$14,579,448 in intergovernmental revenues received, equaling reimbursement of approximately 88% of these expenses. The majority of the remaining intergovernmental revenue is from the State's reimbursement for the movement of pipelines owned by the City at the southwest corner of I-25 and Prospect Avenue in Fort Collins totaling \$2,312,083.

⁴ Primarily consists of Water Fund transfers made to the General Fund for Water System's share of City administrative costs.

⁵ Due to a change in accounting presentation in 2021, 2022, and 2023, revenues from plant investment fees were included with capital contributions (including fixed assets and other non-cash capital contributions) in the City's audited financial statements for these years.

Source: The City's audited financial statements for fiscal years ended 2019 through 2023. 2024 results are unaudited and estimated by the City.

¹ In 2020, the City expensed approximately \$20,274,650 in permitting costs from previous years related to the Milton Seaman Reservoir Expansion. See "THE SYSTEM—Planned Capital Improvements—Milton Seaman Reservoir Expansion."

² Due to a change in accounting presentation in 2021, 2022, and 2023, revenues from plant investment fees were included with capital contributions (including fixed assets and other non-cash capital contributions) in the City's audited financial statements for these years

Source: The City's audited financial statements for fiscal years ended 2019 through 2023, and the City

Management’s Discussion and Analysis of Trends in Operations of the Water Fund.

Operating revenues of the System increased 49% from 2020 to 2024 and System operating expenses (other than depreciation) increased 39% over the same period, excluding the 2020 expenses from the Milton Seaman Reservoir Expansion permitting. System management added 47.35 positions between 2020 and 2024 with 5.5 additional positions planned for 2025. Securing and retaining quality employees has proven to be challenging in the competitive job market for water and sewer professionals.

Development in the City has varied with the economic conditions. The number of new housing units has varied from a low of 42 in 2011 to a high of 2,070 in 2022. The mix of new housing units has been approximately 24% single family and 76% multi-family from 2020 to 2024, which reflects a common shift towards multi-family in the bigger metropolitan areas in Colorado. The City has approved multiple metropolitan districts to fund public improvements in developing areas which are expected to contribute to the pace of development in upcoming years.

The City has historically budgeted the accumulation of working capital reserves within the Water Fund. Reserves are accumulated from a variety of sources including: Plant Investment Fee revenues; that portion of the City’s rates and charges which are imposed to offset depreciation; and payments from property owners and developers in lieu of their provision of water rights in connection with the annexation and development of property. The City reported working capital reserves within the Water Fund of \$97,429,521 as of December 31, 2023 (based on audited financial statements), and \$76,889,241 as of December 31, 2024 (unaudited).

THE CITY

General

The City was incorporated as a municipal corporation in 1886 and adopted its home rule charter in 1958. The City is located in central Weld County approximately 52 miles north of the Denver metropolitan area. The City covers approximately 50 square miles, has an estimated 2023 population of 112,462, and is the county seat of Weld County. See “APPENDIX D—ECONOMIC AND DEMOGRAPHIC INFORMATION.”

Governing Body

Under its Charter, the City has a Council-Manager form of government. Pursuant to the Charter, and the Colorado Constitution, the City has all powers of local self-government. The governing body of the City is the six-member City Council (the “Council”) and the Mayor. The Council has all legislative powers and all other powers of the City not otherwise conferred by the Charter. Four Council members are elected by ward and two are elected at large. The Council members serve four-year overlapping terms of office and are limited to a maximum of two consecutive terms. The Mayor serves a two-year term and is limited to a maximum of four consecutive two-year terms.

The Council meets on the first and third Tuesdays of the month, with the Mayor participating as a voting member and as the presiding officer. A Mayor Pro Tem is appointed from the Council membership to serve in the event of absence or disability of the Mayor. As compensation for their services, the Council members receive salaries of \$1,050 per month, and the Mayor receives \$1,500 per month. The present Council and their principal occupations and terms of office are as follows:

City Council Member	Present Term Expires (November)	Principal Occupation
John Gates, Mayor	2025	Retired
Dale Hall, Ward IV, Mayor Pro Tem	2027	Owner Property Management Company
Tommy Butler, Ward I	2027	City Council Member
Deb Deboutez, Ward II	2025	Retired
Johnny Olson, Ward III	2025	Engineer
Melissa McDonald, At Large	2027	Insurance Agent
Brett Payton, At Large	2025	Attorney

The Council effects its decisions through the passage of ordinances, resolutions and motions. All legislative acts of a permanent nature must be in the form of ordinances. Certain acts of the Council also are required by the Charter to be in the form of ordinances, including, among others, those acts making appropriations, authorizing the borrowing of money, levying taxes or establishing a rule or regulation for the violation of which a penalty is imposed. All other actions, except as provided in the Charter, may be in the form of resolutions or motions.

Except as otherwise provided in the Charter, all ordinances must pass two readings by the affirmative vote of the majority of the Council members in office at that time. Adoption of emergency ordinances requires approval by the affirmative vote of two-thirds of the entire Council. An emergency ordinance may be in effect for no more than 90 days after its passage. The Council also may submit any proposed ordinance to a vote of the people. Unless otherwise prescribed in the ordinance, all ordinances take effect five days after final publication.

The Charter reserves to the City's electors the right to propose ordinances to the Council by means of an initiative procedure and to subject certain ordinances to reconsideration by the Council and a referendum vote; appropriations and tax levy authorizations are excluded from both the initiative and the referendum.

Administration and Management

The council-manager form of government vests responsibility for day-to-day City operations in the City Manager and the City's staff. The City Manager is appointed by the Council and serves for an indefinite term at the pleasure of the Council. The staff functions through the City's various departments which are under the direction of the City Manager.

The administrative and management personnel of the City most directly involved in the issuance of the Series 2025 Bonds are the City Manager, the Chief Financial Officer and the City Attorney. These individuals' duties in City government and their relevant experience are summarized below.

City Manager. The City Manager is the chief administrative officer of the City. The City Manager is responsible to the Council for proper administration of all City affairs placed in his or her charge by the Charter or by law, including the direction and supervision of all administrative departments of the City (with the exception of those under the direction of the City Attorney and the municipal court). The City Manager is also required to annually prepare and administer the City budget and to perform such other duties as requested by the Council.

Raymond C. Lee III was appointed City Manager on January 4, 2022. Mr. Lee joined the City in January of 2021 as Deputy City Manager prior to his appointment as City Manager. Mr. Lee has extensive experience in municipal government, having previously worked in leadership roles in the Public Works

department for the City of Amarillo and the Street Services department for the City of Dallas. Mr. Lee has also previously worked in other departments for the City of Dallas, including library services, city secretary's office, human resources and risk management. Mr. Lee has also been responsible for the organization's operations in fleet services, stormwater utilities, solid waste services, and traffic. Mr. Lee received his Bachelor's and Master's degrees in public administration from Henderson State University and the University of Kansas, respectively.

Deputy City Manager/Chief Financial Officer. This position acts under the direction of the City Manager in the administration and management of the financial affairs of the City. The Chief Financial Officer is the Ex-officio City Treasurer. The responsibilities of the Chief Financial Officer include, among others, oversight of the day-to-day financial activity, annual budget, and the preparation of annual financial statements.

Allena Portis is the Deputy City Manager/Chief Financial Officer. Ms. Portis's professional background spans over twenty years in local government roles. Her experience includes Assistant City Manager/Chief Financial Officer for Missouri City, Texas, and previously the Director of Finance for League City, Texas. In her most recent role as Assistant City Manager/Chief Financial Officer for Missouri City, Ms. Portis oversaw the day-to-day operations of the city with oversight of the finance, human resources and development services departments. She was responsible for the functions of accounting, budgeting, treasury, debt management, and revenue collection, among others. Ms. Portis received her Master of Public Administration from Golden Gate University, her Master of Urban Planning from the University of Southern California and her Bachelor of Science in Accounting from the University of Phoenix.

City Attorney. The City Attorney is the chief legal officer of the City. The City Attorney is responsible for all the legal affairs of the City, except with respect to certain limited legal matters for the Water and Sewer Department for which that department retains special legal counsel.

Stacey Aurzada was appointed City Attorney in June 2024. Ms. Aurzada has been employed by the City since 2005, after previously serving as the Deputy City Attorney for 11 years, as the interim City Clerk, and, most recently, as the Senior Assistant City Attorney. Ms. Aurzada's background in municipal law spans over 27 years and includes experience in navigating complex legal issues and a dedication to upholding the highest ethical standards. Ms. Aurzada holds a Bachelor of Social Work degree from New Mexico State University and a Juris Doctorate from the University of Wyoming.

City Employees

For 2025, the City has budgeted a total of 1,213.25 full-time regular equivalents who are eligible for benefits. City employees are granted vacation and sick leave, or paid time off in varying amounts. The Charter expressly grants collective bargaining rights to the City's police officers and firefighters; none of the City's other employees have collective bargaining rights. The City believes its relationship with its employees is satisfactory.

Pension Plans and Other Post-Employment Benefits

The City provides five pension plans for eligible employees, including the City of Greeley Money Purchase Plan (a defined contribution plan), the Greeley Police Department Personal Defined Contribution Pension Plan, the Fire New-Hire Plan (a cost-sharing multiple-employer statewide defined benefit plan administered by the Colorado Fire and Police Pension Association (FPPA)), the Police Old-Hire Pension Plan (an affiliated local plan of the Public Employee Retirement System, an agent multiple-employer defined benefit pension plan administered by the FPPA), and the Fire Old-Hire Pension Plan (an affiliated

local plan of the Public Employee Retirement System, an agent multiple-employer defined benefit pension plan administered by the FPPA). A description of the City's pension plan obligations is included in Note 15 to the City's 2023 audited financial statements in APPENDIX C hereto.

City Insurance Coverage

The City's insurance program includes a combination of self-insurance and commercial insurance coverage. The City presently has a \$500,000 blanket insurance policy with Travelers, RSUI (excess), and Chubb Bermuda (excess) covering all of its structures and their contents, with a \$250,000 deductible per occurrence. The City is partially self-insuring general liability and automobile liability and public officials' liability insurance programs. In addition, the City has a \$10,000,000 excess policy underwritten by Genesis Insurance and Chubb (excess) with a \$750,000 SIR (self-insured retention). The City also carries certain stop loss policies for its employee self-insured health plan and excess workers compensation coverage.

The City budgeted \$21,549,188 for health premiums, \$795,739 for dental premiums, and \$430,638 for a total deposit to its Health Fund of \$22,775,565 for 2025. The Health Fund accounts for allowable medical claims of City employees and their covered dependents. Self-insurance is in effect for claims up to \$225,000 per employee per year. Claims greater than \$225,000 per employee per year, and those in excess of \$22,561,245 (for 2025) aggregate stop loss coverage, are insured by private insurance companies. The fund balance in the Health Fund as of December 31, 2024 was \$3,894,502 (unaudited).

The City budgeted \$3,193,984 for deposit to its Liability Fund for 2025, which fund accounts for the costs associated with providing a self-insurance fund for liability claims against the City. The Liability Fund had a balance of \$5,039,638 (unaudited) as of December 31, 2024.

The City has budgeted \$133,200 for deposit in its Workers Compensation Fund in 2025, which fund accounts for the financing of costs associated with self-insuring the City's workers compensation expenses. The Workers Compensation Fund had a fund balance of \$4,570,523 (unaudited) as of December 31, 2024.

For additional information concerning the City's risk management and self-insurance programs, see Note 11 to the City's financial statements in APPENDIX C hereto.

Current Financial Obligations

The City's financial obligations are summarized in detail in Notes 8 and 9 to the audited financial statements attached as APPENDIX C to this Official Statement. With the exception of lease-purchase obligations subject to annual appropriation, enterprise revenue bonds and refunding obligations issued at a lower interest rate, the issuance of multi-year financial obligations by the City generally requires voter approval as described under the caption "CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING."

City Services

The City is a full-service city, providing water and sewer service, storm drainage, police protection, fire protection, a municipal court system, street and road maintenance, cultural facilities and parks and recreation facilities throughout the City. Other facilities and services such as public transit, public schools, hospital, telephone, and power utilities are available to City residents through third-party providers.

CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING

At the general election held November 3, 1992, the voters of the State approved an amendment to the Colorado Constitution, constituting Section 20 of Article X of the Colorado Constitution (“TABOR”) limiting the ability of the State and local governments such as the City to increase revenues, debt and spending and restricting property, income and other taxes. Generally, TABOR limits the percentage increases in spending and tax revenues to the prior year’s amounts, adjusted for inflation, local growth and voter approved changes, requires the maintenance of certain reserves, and prohibits the imposition of new real estate transfer taxes. In addition, TABOR requires that the State and local governments obtain voter approval for certain tax or tax rate increases or to keep or spend revenues received in excess of TABOR limits, and to create any “multiple fiscal year direct or indirect debt or other financial obligation whatsoever without adequate present cash reserves pledged irrevocably and held for payments in all future fiscal years,” except for refinancing debt at a lower interest rate or adding new employees to existing pension plans.

In 1999, the City’s electorate voted to exempt the City from the TABOR revenue and spending limits. However, the City remains subject to TABOR’s restrictions on new and increased taxes, mill levy increases and creation of financial obligations.

Many of the provisions of TABOR are ambiguous and TABOR is expected to require continued judicial interpretation. The application of TABOR, particularly during periods of reduced or negative growth, may adversely affect the financial condition and operations of the City and other State local governments to an extent which cannot be predicted.

TABOR excepts from its restrictions the borrowings and fiscal operations of “enterprises,” which term is defined to include government owned businesses authorized to issue their own revenue bonds and receiving under 10% of their annual revenues in grants from all State and local governments combined. In a 1995 decision, the Colorado Supreme Court held that a governmental entity with taxing power was not itself an “enterprise.” The Enterprise has no taxing power and receives no material portion of its revenues from governmental sources, and the Series 2025 Bonds are not payable in whole or in part from the proceeds of general property taxes or any other form of taxation. The City therefore treats the Enterprise as an “enterprise” within the meaning of TABOR. See “THE ENTERPRISE.”

TAX MATTERS

General

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Series 2025 Bonds (including any original issue discount properly allocable to the owner of a bond) is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. The opinion described above assumes the accuracy of certain representations and compliance by the City with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2025 Bonds. Failure to comply with such requirements could cause interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2025 Bonds. The City has covenanted to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Series 2025 Bonds. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations.

The accrual or receipt of interest on the Series 2025 Bonds may otherwise affect the federal income tax liability of the owners of the Series 2025 Bonds. The extent of these other tax consequences will depend upon such owner's particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences.

Purchasers of the Series 2025 Bonds, particularly purchasers that are corporations (including S corporations, foreign corporations operating branches in the United States of America, and certain corporations subject to the alternative minimum tax imposed on corporations), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers entitled to claim the earned income credit, taxpayers entitled to claim the refundable credit in Section 36B of the Code for coverage under a qualified health plan or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Series 2025 Bonds.

Bond Counsel is also of the opinion that, under existing State of Colorado statutes, the Series 2025 Bonds and the income therefrom are exempt from State of Colorado taxation, except inheritance, estate and transfer taxes. Bond Counsel has expressed no opinion regarding other tax consequences arising with respect to the Series 2025 Bonds under the laws of the State of Colorado or any other state or jurisdiction.

Original Issue Discount

The Series 2025 Bonds that have an original yield above their respective interest rates, as shown on the inside cover page of this Official Statement (collectively, the "Discount Bonds"), are being sold at an original issue discount. The difference between the initial public offering prices of such Discount Bonds and their stated amounts to be paid at maturity (excluding "qualified stated interest" within the meaning of Section 1.1273-1 of the Treasury Regulations) constitutes original issue discount treated in the same manner for federal income tax purposes as interest, as described above.

The amount of original issue discount that is treated as having accrued with respect to a Discount Bond is added to the cost basis of the owner of the bond in determining, for federal income tax purposes, gain or loss upon disposition of such Discount Bond (including its sale, redemption or payment at maturity). Amounts received on disposition of such Discount Bond that are attributable to accrued original issue discount will be treated as tax-exempt interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual Discount Bond, on days that are determined by reference to the maturity date of such Discount Bond. The amount treated as original issue discount on such Discount Bond for a particular semiannual accrual period is equal to (a) the product of (i) the yield to maturity for such Discount Bond (determined by compounding at the close of each accrual period) and (ii) the amount that would have been the tax basis of such Discount Bond at the beginning of the particular accrual period if held by the original purchaser, less (b) the amount of any interest payable for such Discount Bond during the accrual period. The tax basis for purposes of the preceding sentence is determined by adding to the initial public offering price on such Discount Bond the sum of the amounts that have been treated as original issue discount for such purposes during all prior periods. If such Discount Bond is sold between semiannual compounding dates, original issue discount that would have been accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Owners of Discount Bonds should consult their tax advisors with respect to the determination and treatment of original issue discount accrued as of any date and with respect to the state and local tax consequences of owning a Discount Bond. Subsequent purchasers of Discount Bonds that purchase such bonds for a price that is higher or lower than the “adjusted issue price” of the bonds at the time of purchase should consult their tax advisors as to the effect on the accrual of original issue discount.

Original Issue Premium

The Series 2025 Bonds that have an original yield below their respective interest rates, as shown on the cover of this Official Statement (collectively, the “Premium Bonds”), are being sold at a premium. An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, generally by amortizing the premium to the call date, based on the purchaser’s yield to the call date and giving effect to any call premium). As premium is amortized, the amount of the amortization offsets a corresponding amount of interest for the period, and the purchaser’s basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis may be reduced, no federal income tax deduction is allowed. Purchasers of the Premium Bonds should consult their tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

Backup Withholding

An owner of a Bond may be subject to backup withholding at the applicable rate determined by statute with respect to interest paid with respect to the Series 2025 Bonds if such owner fails to provide to any person required to collect such information pursuant to Section 6049 of the Code with such owner’s taxpayer identification number, furnishes an incorrect taxpayer identification number, fails to report interest, dividends or other “reportable payments” (as defined in the Code) properly, or, under certain circumstances, fails to provide such persons with a certified statement, under penalty of perjury, that such owner is not subject to backup withholding.

Changes in Federal and State Tax Law

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to under this heading “TAX MATTERS” or adversely affect the market value of the Series 2025 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Series 2025 Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series 2025 Bonds or the market value thereof would be impacted thereby. Purchasers of the Series 2025 Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series 2025 Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

PROSPECTIVE PURCHASERS OF THE SERIES 2025 BONDS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS PRIOR TO ANY PURCHASE OF THE SERIES 2025 BONDS AS TO THE IMPACT OF THE CODE UPON THEIR ACQUISITION, HOLDING OR DISPOSITION OF THE SERIES 2025 BONDS.

RATING

The Series 2025 Bonds are rated “[]” by S&P Global Ratings (“S&P”). The rating reflects only the view of the rating agency, and do not constitute a recommendation to buy, sell or hold securities. Any explanations of the significance of such rating should be obtained from S&P. The rating is subject to revision or withdrawal at any time by the rating agency, and there is no assurance that the rating will continue for any period of time or that it will not be revised or withdrawn by the rating agency if, in its judgment, circumstances so warrant. Any revision or withdrawal of such rating could have an adverse effect on the market price of the Series 2025 Bonds.

LITIGATION

There is no litigation now pending or, to the knowledge of the City officials responsible for the issuance of the Series 2025 Bonds, threatened which questions the validity of the Series 2025 Bonds or of any proceedings of the City taken with respect to the issuance or sale thereof.

UNDERWRITING

[UNDERWRITER] (the “Underwriter”) has agreed to purchase the Series 2025 Bonds from the City at competitive sale, for an aggregate purchase price of \$ _____ (consisting of the aggregate principal amount of the Series 2025 Bonds of \$ _____ plus premium in the amount of \$ _____ less an underwriting discount in the amount of \$ _____). The Underwriter is committed to take and pay for all of the Series 2025 Bonds if any are taken.

LEGAL MATTERS

Legal matters incident to the authorization and issuance of the Series 2025 Bonds are subject to approval by Kutak Rock LLP, Bond Counsel, whose opinion is expected to be delivered in substantially the form set forth in APPENDIX A hereto. In addition to acting as Bond Counsel, Kutak Rock LLP has been retained to advise the City concerning, and has assisted in, the preparation of this Official Statement. Certain legal matters will be passed upon for the City by the Office of the City Attorney.

FINANCIAL ADVISOR

Hilltop Securities Inc. (the “Financial Advisor”) is employed as municipal advisor to the City to render certain professional services including advising the City concerning the structuring and competitive sale of the Series 2025 Bonds and assisting in the preparation of this Official Statement. In its role as municipal advisor to the City, the Financial Advisor has not undertaken either to make an independent verification of or to assume responsibility for the accuracy or completeness of the information contained in this Official Statement and the appendices hereto and is not permitted to underwrite the Series 2025 Bonds.

FINANCIAL STATEMENTS

The basic financial statements of the City for the fiscal year ended December 31, 2023, which are included here as APPENDIX C, have been audited by independent auditors, Plante Moran, PLLC, Detroit, Michigan, as stated in their report appearing therein. Plante Moran, PLLC has not been engaged to perform, and has not performed, since the date of their report included therein, any procedures on the financial statements addressed in that report. Plante Moran, PLLC has also not performed any procedures relating to this Official Statement.

MISCELLANEOUS

Any statements made in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact, and no representation is made that any such estimates will be realized. This Official Statement shall not be construed as a contract between the City and any person.

The execution and delivery of this Official Statement have been duly authorized by the Council.

CITY OF GREELEY, COLORADO

By /s/ _____
Mayor

APPENDIX A

FORM OF OPINION OF BOND COUNSEL

July __, 2025

City of Greeley
1000 10th Street
Greeley, CO 80631

[UNDERWRITER]

\$ _____^{*}
**City of Greeley, Colorado,
acting by and through its Water Enterprise,
Water Revenue Bonds
Series 2025**

Ladies and Gentlemen,

We have been engaged by the City of Greeley, Colorado (the “City”) to act as bond counsel in connection with the issuance of the above bonds (the “Series 2025 Bonds”). The Series 2025 Bonds are being issued by the City, acting by and through its Water Enterprise (the “Enterprise”), pursuant to Ordinance No. __, 2025 (the “Ordinance”), as supplemented by a Final Terms Certificate dated July __, 2025 (the “Final Terms Certificate”). The Bond Ordinance, as supplemented by the Final Terms Certificate, is referred to herein as the “Bond Ordinance.” Capitalized terms used but not otherwise defined herein have the meanings assigned to them in the Bond Ordinance.

In our capacity as bond counsel, we have examined the Constitution and the laws of the State of Colorado (the “State”), the home rule charter (the “Charter”) of the City, and the regulations, rulings and judicial decisions relevant to the opinions set forth in paragraph 2 below; the transcript of the proceedings relating to the issuance of the Series 2025 Bonds; the Bond Ordinance, and such other certificates, documents, opinions and papers as we deem necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the certifications in the transcript of proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon and in reliance on the foregoing, we are of the opinion, under existing law and as of the date hereof, that:

1. The Series 2025 Bonds have been duly authorized, executed and delivered by the City under the laws of the State of Colorado now in force and are valid and binding special and limited obligations of the City, acting by and through the Enterprise, payable on the terms, and subject to the conditions, stated in the Bond Ordinance, and enforceable according to their terms except to the extent such enforcement is limited by the bankruptcy laws of the United States of America, by the reasonable exercise

^{*} Preliminary; subject to change.

of the sovereign police power of the State of Colorado, and by the exercise of the powers delegated to the United States of America by the federal constitution.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. We express no opinion regarding other federal tax consequences arising with respect to the Series 2025 Bonds. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations.

3. Under Colorado statutes existing on the date hereof, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, interest on the Series 2025 Bonds is excludable from gross income for State of Colorado income tax purposes and from the calculation of Colorado alternative minimum tax.

The opinions expressed in numbered paragraphs (2) and (3) assume the accuracy of the City's representations and continuing compliance by the City with certain covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2025 Bonds. Failure to comply with such requirements could cause such interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes or could otherwise adversely affect such opinions, retroactive to the date of issuance of the Series 2025 Bonds. The City has covenanted in the Bond Ordinance and in the Tax Compliance Certificate executed and delivered in connection with the issuance of the Series 2025 Bonds to comply with such requirements. We express no opinion regarding other federal or state tax consequences arising with respect to the Series 2025 Bonds.

We express no opinion herein with respect to the accuracy, completeness or sufficiency of any documents prepared or used or statements made in connection with the offering or sale of the Series 2025 Bonds.

This opinion is delivered based and in reliance upon our examination of the laws, documents and other items specifically described in the second unnumbered paragraph hereof on the date hereof and we have no obligation to supplement or update this opinion based on or with respect to changes in such laws, documents or other items or with respect to any other event that occurs after the date hereof. The opinions expressed in this letter are given as of the date hereof, and we assume no obligation to update, revise or supplement this letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX B

SUMMARY OF CERTAIN PROVISIONS OF THE ORDINANCE

The following is a summary of certain provisions of the Ordinance adopted with respect to the issuance of the Series 2025 Bonds, which summary does not purport to be complete and is qualified in its entirety by reference to the complete provisions thereof, copies of which are available from the City or the Underwriter named on the Cover Page hereof during the period of the initial offering of the Series 2025 Bonds.

APPENDIX C
AUDITED FINANCIAL STATEMENTS OF THE CITY
AS OF DECEMBER 31, 2023

APPENDIX D

ECONOMIC AND DEMOGRAPHIC INFORMATION

This portion of the Official Statement contains general information concerning historic economic and demographic conditions in the City of Greeley (the “City”) and surrounding Weld County (the “County”). It is intended only to provide prospective investors with general information regarding the City’s community. The information was obtained from the sources indicated and is limited to the time periods indicated. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future. The City makes no representation as to the accuracy or completeness of data obtained from parties other than the City.

Population

The following table sets forth population statistics for the City, the County and the State of Colorado (the “State”).

Population						
Year	The City	Percent Change	The County	Percent Change	The State	Percent Change
1980	53,006	--	123,438	--	2,889,735	--
1990	60,536	14.21%	131,821	6.79%	3,294,473	14.01%
2000	76,930	27.08	180,936	37.26	4,302,015	30.58
2010	92,889	20.74	252,825	39.73	5,029,196	16.90
2020	108,795	17.12	331,184	30.99	5,783,168	14.99
2023 ¹	112,462	3.37	359,530	8.56	5,876,300	1.61

Foreclosure Activity

Foreclosure actions are commenced when a default on a deed of trust has occurred, usually when buyers fail to make timely payments in accordance with a promissory note. Set forth below is a history of the number of foreclosure actions filed by the County Public Trustee's Office over the past five years.

History of Foreclosures

Year	Number of Foreclosures Filed	Percent Change
2020 ¹	116	--
2021 ¹	55	(52.59)%
2022	415	654.55
2023	367	(11.57)
2024	414	12.81
2025 ²	180	--

¹ The decrease in the number of foreclosures filed in 2020 and 2021 was the result of the State imposed restrictions in place regarding foreclosures.

² Foreclosures filed through April 23, 2025. *[To be updated prior to posting]*

Education

Educational facilities are provided for students in the City primarily by Weld County School District RE-6, which operates 11 traditional elementary schools (K-5), five K-8 schools, four middle schools, one alternative middle school, three traditional high schools, two alternative high schools, one high school of innovation and five charter schools. For fiscal year 2024/2025, student enrollment for Weld County School District RE-6 was 23,124. Weld County School District No. Re-2 (Eaton), No. Re-4 (Windsor), and No. Re-5J (Johnstown) are also partially located within the City's boundaries. In addition, several private schools have educational facilities in the City. Higher education facilities in the City include

the University of Northern Colorado and Aims Community College. The following table sets forth enrollment information for Weld County School District RE-6, the primary school district serving the City.

**History of School Enrollment
Weld County School District RE-6**

Fiscal Year	Student Enrollment	Percent Change
2020/2021	21,883	--
2021/2022	22,170	1.31%

Transportation

Major roadways serving Weld County and the City include U.S. (Bypass) Highways 85 and 34. Roads 257, 60, 52 and 14 provide access to outlying areas of the City. Burlington Northern Railroad and Union Pacific Railroad provide freight rail service through the County. General aviation airports include the Greeley/Weld County Airport, the Erie Airport and the Fort Collins/Loveland Airport. Denver International Airport is located in unincorporated Adams County, approximately 58 miles from the City. Greeley-Evans transit provides fixed-route service in the City, Evans and Garden City, as well as origin-to-destination paratransit and after-hours service.

Agriculture

The County is largely an agricultural county. This focus is reflected in the agricultural nature of many of the County's manufacturing and retail trade businesses. According to the Weld County Department of Planning Services, the County is the State's leading producer of beef cattle, grain, sugar beets and dairy, and is the top Colorado county for value of agricultural products sold.

Oil and Gas

According to the Colorado Legislative Council Staff's December 2021 Economic and Revenue Forecast, dated as of December 2024, Larimer and Weld counties comprised diverse economies of the northern region. Larimer County's economy has continued to perform above most regions in the State, supported by population growth, while the County's economic activity, driven largely by the oil and gas and agricultural industries, has experienced fluctuation.

Following the pandemic recession, U.S. crude oil production rebounded, while the State's production experienced a larger pull-back and a slower recovery that stalled in the latter half of 2022. Production in the state improved modestly in 2023 and ended the year up 3.9%, versus 8.5% for the U.S. over the same period. The outlook for Colorado's oil production is similar to the forecast in September, with declining production expected through the forecast period after remaining flat in 2024. The State's production is still expected to trend opposite U.S. production, which is expected to grow at a moderate pace. The State's production is expected to decline in 2025, by 1.6%, then decline further, by 0.6% in 2026. As of November 2024, the State had 12 active drilling rigs, down from 22 in December 2022, and from a monthly average of 30 active rigs in 2019. Based on revised price expectations and current data, the State's natural gas production is now expected to increase just 0.9% over 2024, down from 3.4% projected in September. The outlook for the State's natural gas production is also revised down, and production is

expected to decline moderately during the forecast period. In 2025, the State's production is expected to fall by 1.1% before declining another 0.6% in 2026.

Only a small portion of the oil and gas exploration and production activity in the County occurs within the limits of the City. Because the City is the largest city in the County, rail and highway infrastructure in the City is used in the marketing and distribution of a significant part of the resources produced in the County and the economy of the City is impacted by oil and gas exploration and production activity in the County. However, because of its relatively diverse local economy, the City has historically experienced mostly secondary effects from fluctuations in oil and gas prices, with its economy and employment typically reflecting general economic conditions more than those occurring in any single industry. No assurance is given that the present oil and gas prices and production levels of oil and gas properties in the region will continue.

Utilities

Xcel Energy provides electricity to customers in the City and parts of the County; United Power, Inc. provides electricity to southern Weld County, and western and northern Weld County customers are provided electricity by Poudre Rural Electric Association, Inc. Natural gas is provided to Weld County customers and City customers by both Atmos Energy and Xcel Energy. Qwest Communications International Inc. is the major provider of local telephone service to County and City customers.

APPENDIX E

PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING

This Undertaking (the “Continuing Disclosure Undertaking” or the “Undertaking”) is executed and delivered by the City of Greeley, Colorado, acting by and through its Water Enterprise (the “City”), in connection with the issuance by the City of \$[] * aggregate principal amount of Water Revenue Bonds, Series 2025 (the “Series 2025 Bonds”). The Series 2025 Bonds are being issued under City Ordinance No. [], 2025 (the “Ordinance”) adopted by the City Council (the “Council”), supplemented, as to certain details of the Series 2025 Bonds, by a Final Terms Certificate executed by the City’s Chief Financial Officer (the “Final Terms Certificate” and, collectively with the Ordinance, the “Bond Ordinance”). The City covenants and agrees as follows:

Section 1. Purpose of this Undertaking. This Undertaking is being executed and delivered by the City for the benefit of the owners, both registered and beneficial, of the Series 2025 Bonds, in consideration of the purchase of the Series 2025 Bonds by the original purchasers thereof.

Section 2. Definitions. Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Bond Ordinance. The terms set forth below shall have the following meanings in this Undertaking, unless the context clearly otherwise requires.

“*Annual Financial Information*” means the financial information and operating data described in Exhibit I.

“*Annual Financial Information Disclosure*” means the dissemination of disclosure concerning Annual Financial Information and the dissemination of the Audited Financial Statements as set forth in Section 4 hereof.

“*Audited Financial Statements*” means the audited consolidated financial statements of the City, prepared pursuant to the standards and as described in Exhibit I.

“*Commission*” means the Securities and Exchange Commission.

“*Dissemination Agent*” means, initially the City, or any successor agent designated as such in writing by the City and which has filed with the City a written acceptance of such designation, and such agent’s successors and assigns.

“*EMMA*” means the Electronic Municipal Market Access facility for municipal securities disclosure of the MSRB.

“*Exchange Act*” means the Securities Exchange Act of 1934, as amended.

“*Material Event*” means the occurrence of any of the events with respect to the Series 2025 Bonds set forth in Exhibit II.

“*Material Events Disclosure*” means dissemination of a notice of a Material Event as set forth in Section 6.

“*MSRB*” means the Municipal Securities Rulemaking Board.

* Preliminary; subject to change.

“*Participating Underwriter*” means each broker, dealer or municipal securities dealer acting as an underwriter in any primary offering of the Series 2025 Bonds.

“*Prescribed Form*” means, with regard to the filing of Annual Financial Information, Audited Financial Statements and notices of Material Events with the MSRB at www.emma.msrb.org (or such other address or addresses as the MSRB may from time to time specify), such electronic format, accompanied by such identifying information, as shall have been prescribed by the MSRB and which shall be in effect on the date of filing of such information.

“*Rule*” means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

“*State*” means the State of Colorado.

Section 3. Final Official Statement. The final Official Statement (the “Final Official Statement”) relating to the Series 2025 Bonds is dated July __, 2025.

Section 4. Annual Financial Information Disclosure. Subject to Section 9 of this Undertaking, the City hereby covenants that it will disseminate the Annual Financial Information and the Audited Financial Statements (in the form and by the dates set forth below and in Exhibit I) by the City’s delivery of such Annual Financial Information and Audited Financial Statements to the MSRB within 270 days of the completion date of the City’s fiscal year.

The City is required to deliver such information in Prescribed Form and by such time so that the MSRB receives the information by the dates specified.

If any part of the Annual Financial Information can no longer be generated because the operations to which it is related have been materially changed or discontinued, the City will disseminate a statement to such effect as part of its Annual Financial Information for the year in which such event first occurs.

If any amendment is made to this Undertaking, the Annual Financial Information for the year in which such amendment is made (or in any notice or supplement provided to the MSRB) shall contain a narrative description of the reasons for such amendment and its impact on the type of information being provided.

Section 5. Material Events Disclosure. Subject to Section 9 of this Undertaking, the City hereby covenants that it will disseminate in a timely manner, not in excess of 10 Business Days after the occurrence of the event, Material Events Disclosure to the MSRB in Prescribed Form. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Series 2025 Bonds or defeasance of any Series 2025 Bonds need not be given under this Undertaking any earlier than the notice (if any) of such redemption or defeasance is given to the owners of the Series 2025 Bonds pursuant to the Bond Ordinance.

Section 6. Duty to Update EMMA/MSRB. The City shall determine, in the manner it deems appropriate, whether there has occurred a change in the MSRB’s e-mail address or filing procedures and requirements under EMMA each time it is required to file information with the MSRB.

Section 7. Consequences of Failure of the City to Provide Information. The City shall give notice in a timely manner, not in excess of 10 Business Days after the occurrence of the event, to the MSRB in Prescribed Form of any failure to provide Annual Financial Information Disclosure when the same is due hereunder.

In the event of a failure of the City to comply with any provision of this Undertaking, the owner of any Series 2025 Bond may seek specific performance by court order to cause the City to comply with its obligations under this Undertaking. A default under this Undertaking shall not be deemed an Event of Default under the Bond Ordinance or any other agreement, and the sole remedy under this Undertaking in the event of any failure of the City to comply with this Undertaking shall be an action to compel performance.

Section 8. Amendments; Waiver. Notwithstanding any other provision of this Undertaking, the City may amend this Undertaking, and any provision of this Undertaking may be waived, if:

(i) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the City or type of business conducted;

(ii) This Undertaking, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(iii) The amendment or waiver does not materially impair the interests of the owners of the Series 2025 Bonds, as determined either by parties unaffiliated with the City (such as the Paying Agent) or by an approving vote of the owners of the Series 2025 Bonds holding a majority of the aggregate principal amount of the Series 2025 Bonds (excluding Series 2025 Bonds held by or on behalf of the City or its affiliates) at the time of the amendment, pursuant to the terms of the Bond Ordinance; or

(iv) The amendment or waiver is otherwise permitted by the Rule.

Section 9. Termination of Undertaking. The Undertaking of the City shall be terminated hereunder when the City shall no longer have any legal liability under the terms of the Bond Ordinance pursuant to the terms of the Bond Ordinance for any obligation on or relating to the repayment of the Series 2025 Bonds. The City shall give notice to the MSRB in a timely manner and in Prescribed Form if this Section is applicable.

Section 10. Dissemination Agent. The Dissemination Agent shall transmit all information delivered to it by the City hereunder to the MSRB as provided in this Undertaking. The City may, from time to time, appoint or engage a substitute Dissemination Agent to assist it in carrying out its obligations under this Undertaking, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

Section 11. Additional Information. Nothing in this Undertaking shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Undertaking or any other means of communication, or including any other information in any Annual Financial Information Disclosure or notice of occurrence of a Material Event, in addition to that which is required by this Undertaking. If the City chooses to include any information from any document or notice of occurrence of a Material Event in addition to that which is specifically required by this Undertaking, the City shall not have any obligation under this Undertaking to update such information or include it in any future disclosure or notice of the occurrence of a Material Event.

Section 12. Beneficiaries. This Undertaking has been executed in order to assist the Participating Underwriter in complying with the Rule; however, this Undertaking shall inure solely to the benefit of the

City, the Dissemination Agent, if any, and the owners of the Series 2025 Bonds, and shall create no rights in any other person or entity.

Section 13. Recordkeeping. The City shall maintain records of all Annual Financial Information Disclosure and Material Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.

Section 14. Assignment. The City shall not transfer its obligations under the Bond Ordinance unless the transferee agrees to assume all obligations of the City under this Undertaking or to execute a continuing disclosure agreement under the Rule.

Section 15. Governing Law. This Undertaking shall be governed by the laws of the State.

Dates as of the date first written above.

CITY OF GREELEY, COLORADO

By _____
Chief Financial Officer

EXHIBIT I

ANNUAL FINANCIAL INFORMATION AND TIMING AND AUDITED FINANCIAL STATEMENTS

“*Annual Financial Information*” means statistical and tabular material of the type contained in Tables V, VI, VII, VIII, and IX of the Final Official Statement pertaining to the Series 2025 Bonds.

All or a portion of the Annual Financial Information and the Audited Financial Statements as set forth below may be included by reference to other documents which have been submitted to the MSRB or filed with the Commission, and such information need not be provided in the exact format as shown in the Final Official Statement. The City shall clearly identify each such item of information included by reference.

Annual Financial Information will be provided to the MSRB within 270 days after the last day of the City’s fiscal year. Audited Financial Statements as described below should be filed at the same time as the Annual Financial Information. If Audited Financial Statements are not available when the Annual Financial Information is filed, unaudited financial statements shall be included, and Audited Financial Statements will be provided to the MSRB within 10 Business Days after availability to the City.

Audited Financial Statements will be prepared in accordance with generally accepted accounting principles in the United States as in effect from time to time.

If any change is made to the Annual Financial Information as permitted by Section 4 of the Undertaking, including for this purpose a change made to the fiscal year end of the City, the City will disseminate a notice to the MSRB of such change in Prescribed Form as required by such Section 4.

EXHIBIT II

EVENTS WITH RESPECT TO THE SERIES 2025 BONDS FOR WHICH MATERIAL EVENTS DISCLOSURE IS REQUIRED

1. Principal and interest payment delinquencies
2. Nonpayment-related defaults, if material
3. Unscheduled draws on debt service reserves reflecting financial difficulties
4. Unscheduled draws on credit enhancements reflecting financial difficulties
5. Substitution of credit or liquidity providers, or their failure to perform
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security
7. Modifications to rights of security holders, if material
8. Bond calls, if material, and tender offers
9. Defeasances
10. Release, substitution or sale of property securing repayment of the securities, if material
11. Rating changes
12. Bankruptcy, insolvency, receivership or similar event of the City*
13. The consummation of a merger, consolidation or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
14. Appointment of a successor or additional Paying Agent or the change of name of a Paying Agent, if material
15. Incurrence of a Financial Obligation¹ of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any of which affect security holders, if material
16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the Financial Obligation of the City, any of which reflect financial difficulties

* This event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the City in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City.

¹ “Financial Obligation” shall mean a (i) debt obligation; (ii) derivative instrument entered into, in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

APPENDIX F

INFORMATION RELATED TO BOOK-ENTRY-ONLY SYSTEM

The information in this Appendix concerning The Depository Trust Company (“DTC”) and DTC’s book entry-only system has been obtained from DTC, and the City and the Underwriter take no responsibility for the accuracy thereof.

DTC will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for the Series 2025 Bonds, as set forth on the cover page hereof, in the aggregate principal amount of each maturity of the Series 2025 Bonds and deposited with DTC.

DTC, the world’s largest securities depository, is a limited purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation, (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others both as U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: “AAA.” The rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Series 2025 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2025 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2025 Certificate (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2025 Bonds, except in the event that use of the book entry system for the Series 2025 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2025 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be

requested by an authorized representative of DTC. The deposit of Series 2025 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of Series 2025 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2025 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants remain responsible for keeping accounts of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Series 2025 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2025 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2025 Certificate documents. For example, Beneficial Owners of the Series 2025 Bonds may wish to ascertain that the nominee holding the Series 2025 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2025 Bonds within the issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2025 Bonds unless authorized by a Direct Participant on accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2025 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series 2025 Bonds are to be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners are governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other name as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2025 Bonds at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

PAYING AGENT AND REGISTRAR AGREEMENT

In consideration of the mutual promises and covenants and subject to the terms, conditions, and covenants hereinafter recited, the **CITY OF GREELEY, COLORADO**, acting by and through its Water Enterprise (the “City”), hereby appoints **ZIONS BANCORPORATION, NATIONAL ASSOCIATION** (the “Bank”), and the Bank accepts such appointment, as Paying Agent (the “Paying Agent”) for the City’s Water Revenue Bonds, Series 2025, issued in the principal amount of \$[_____] and dated July [___], 2025 (the “Bonds”). The City also appoints the Bank, and the Bank accepts such appointment, as the authenticating registrar (the “Registrar”) for the Bonds.

Section 1. The Bank hereby accepts all duties and responsibilities required or permitted to be performed by the Registrar and/or Paying Agent as provided in Ordinance No. [___], 2025 authorizing the issuance of the Bonds adopted on second reading on June [___], 2025 by the City Council of the City (the “Ordinance”), and shall be subject to the provisions and limitations thereof. Such Ordinance is incorporated herein by reference and capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed in the Ordinance.

Section 2. The Bank understands and acknowledges that, by reason of the execution hereof, it has assumed a role of agent with respect to the disbursements of funds received from the City for the purpose of paying the principal of, premium, if any, and interest due on the Bonds. The Bank shall receive and disburse such funds solely in accordance with the terms and provisions hereof, and shall remit to the City the funds not necessary for the purpose of making the aforesaid payments on the Bonds after any particular Due Date, as defined in Section 5 hereof.

Section 3. The Bank shall establish the registration books for the Bonds and thereafter maintain such books in accordance with the provisions of the Ordinance. The City shall be permitted to review the registration books at any time during the regular business hours of the Bank and, upon written request to the Bank, shall be provided a copy of the list of registered owners of the Bonds.

Section 4. The Bank shall establish and maintain the Series 2025 Costs of Issuance Account (the “Costs of Issuance Account”) in order to pay costs of issuance associated with the issuance of the Bonds. Funds shall be disbursed by the Bank from the Costs of Issuance Account upon written direction from the City. The Bank may rely conclusively on any such direction and shall not be required to make any independent investigation in connection therewith. Any amounts remaining in the Costs of Issuance Account after 60 days from the date of this Agreement shall be transferred to the City for deposit into the Project Account created under the Ordinance, to be used in accordance with the terms of the Ordinance.

Section 5. The Bank shall make payments of principal, premium, if any, and interest on the Bonds on each date established for payment thereof (the “Due Date”). Prior to a Due Date, the City shall furnish funds to the Bank in amounts sufficient to pay all amounts due. Such funds shall be used by the Bank solely for the purpose of paying the principal of, premium, if any, and interest on the Bonds in accordance with its terms and the provisions of the Ordinance and the Final Terms Certificate. The Bank shall have no duty to make any payments prior to any Due Date or until funds necessary to cover all payments due on the Due Date have been deposited with it. The Bank

shall not be required to advance its own funds for any payments in connection with the Bonds. The Bank shall not be required to invest or to pay interest on any funds of the City for any period during which such funds are held by the Bank awaiting the presentation of the Bonds for payment.

Section 6. The Bank shall be entitled to payments from the City of its fees and reasonable expenses for acting as Paying Agent and Registrar in accordance with the fee schedule attached hereto as Exhibit A, and such fees and expenses shall be paid notwithstanding that the Bonds have been refunded or otherwise refinanced at the time the payment is due.

Section 7. Within one year after the final maturity date of the Bonds, the Bank shall present a final statement and shall return any unclaimed funds to the City. Any cancelled portion of the Bonds and blank, unused certificates retained by the Bank shall be cancelled in accordance with the customary practices of the Bank and applicable retention laws.

Section 8. The Bank shall have no duty to disseminate or disclose information about the City or the Bonds pursuant to any statute, rule or regulation of the United States government, any of its agencies, or any statute, rule or regulation enacted by any state or political subdivision.

Section 9. The Bank may resign at any time by giving prior written notice of such resignation to the City at its last known address, and thereupon such duties as Paying Agent shall cease not sooner than thirty (30) days following the City's receipt of such notice. The City shall appoint a successor agent and, upon such successor appointment, the Paying Agent shall deliver to the successor agent all its funds, documents, files and records relating to the Bonds. In the event the City does not appoint a successor agent within 60 days following the giving of any such notice of removal, the removed Bank may petition any appropriate court having jurisdiction to appoint a successor escrow agent. The successor agent shall notify the Owner of the Bonds of any change in agents as soon as the successor agent is appointed.

Section 10. This Agreement shall terminate upon delivery of the final statement described in Section 7 hereof or upon removal of the Paying Agent as provided in the Ordinance.

Section 11. The terms and conditions of this Agreement may be amended only by written agreement between the City and the Bank adopted in the same manner as this Agreement. The City shall file with the Bank certified copies of all future amendments to the Ordinance or other documents pertaining to the Bonds after the date of this Agreement.

Section 12. Any company or national banking association into which the Bank may be merged or converted or with which it may be consolidated or any company or national banking association resulting from any merger, conversion or consolidation to which it shall be a party or any company or national banking association to which the Bank may sell or transfer all or substantially all of its corporate trust business, provided such company shall be eligible, shall be successor to such Bank without the execution of filing of any paper or further act, anything herein to the contrary notwithstanding.

Section 13. The parties hereto agree that the transactions described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies, facsimiles, electronic files, and other reproductions of original executed documents shall be

deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action, or suit in the appropriate court of law.

Section 14. The Bank hereby notifies the City that, pursuant to the requirements of the Patriot Act, the Bank is required to obtain, verify and record information that identifies the City, which information includes the name and address of the City and other information that will allow the Bank to identify the City in accordance with the Patriot Act. The City hereby agrees that it shall promptly provide such information upon request by the Bank.

Section 15. This Agreement is executed in Colorado and shall be construed and enforced in accordance with the laws of Colorado.

Section 16. This Agreement shall be dated as of the date of the Bonds set forth above.

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, the City and the Paying Agent and Registrar have hereunto set their hands to this Paying Agent and Registrar Agreement as of the date first written above.

Adopt the ordinance to issue the 2025 Water Bonds

Thank you

Council Agenda Summary

June 17, 2025

Key Staff Contact: Robert Miller, Division Treasurer, Tyra Litzau, Finance Director, Allena Portis, Deputy City Manager/Chief Financial Officer

Title:

Public hearing and second reading of an ordinance authorizing the issuance and sale by the City of Greeley, Colorado, acting by and through its sanitary water enterprise, of First-Lien Sewer Improvement Revenue Bonds, Series 2025, in an aggregate principal amount not to exceed \$44,000,000, for the purpose of financing, in whole or in part, the cost of additions and improvements to the sewer system operated by the sanitary water enterprise, pledging certain funds and revenues of the enterprise to the payment of such bonds, prescribing the form of such bonds, and providing other details in connection therewith (First-Lien Sewer Improvement Revenue Bonds)

Summary:

The ordinance for City Council consideration is to authorize and approve the issuance of the first-lien sewer improvement revenue bonds, Series 2025, in an aggregate principal amount not to exceed \$44,000,000, bearing interest at the rates and maturing on the dates and in the amounts to be set forth in a final terms certificate, and on the terms and conditions provided in the general and series ordinances of the City. A portion of the net proceeds of the Series 2025 Bonds are to be used to reimburse the City for various previously paid costs and for the purpose of increasing the Sewer System's reliability, replacing older components of the System, and adding capacity to serve customers, which generally include the following: replacing and upgrading various components of the Wastewater Treatment and Reclamation Facility, expanding trunk sewer lines, and investing in regional wastewater treatment capacity. These projects will need to be partially funded through bond revenues.

The ordinance states that the City of Greeley authorizes and approves the issuance of the Series 2025 Sewer Revenue bonds, recognizing that the issuance of these bonds will impact the Sewer Fund's debt service payments and the rates required to support those payments. Water and Sewer Department Staff, in partnership with the Finance Department and the City's Financial Advisor, have reviewed and approved the debt service requirements of the proposed bond issuance in alignment with the rate structure approved by City Council. The proposed issuance of these bonds also maintains an appropriate bonding capacity of the Sewer Enterprise fund for future bond issuances in accordance with the approved Water and Sewer Capital Improvement Plan. The Water and Sewer Board has also approved the issuance of these bonds at their May 21, 2025 meeting.

The item was introduced on June 3, 2025, and by a majority vote the public hearing and second reading was scheduled for June 17, 2025.

Fiscal Impact:

If approved, will this item result in a positive, negative, or no impact on the budget?

Positive Impact: What is the onetime and/or ongoing amount? Onetime bond proceeds not to exceed \$44 million.

- Is it budgeted? Yes.
- Does it require a new appropriation? No.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Negative Impact: What is the onetime and/or ongoing amount? Estimated ongoing debt service payments up to \$3.3 million annually.

- Is it budgeted? Yes. The 2025 budget identified approved expenditures using the bond proceeds.
- If yes, what source and fund will be used? Rates and fees in the Sewer Fund.
- Are there any long-term financial impacts? Debt service payments for the duration of the debt.

Is there grant funding for this item? Not Applicable.

Does this action have potential long-term fiscal implications? Estimated annual debt service payments for the duration of the debt up to \$3.3 million.

Legal Issues:

None. Kutak Rock LLP is serving as bond counsel.

Consideration of this matter is a legislative process which includes the following public hearing steps:

1. City staff presentation (if requested)
2. Council questions of staff
3. Public input (hearing opened, testimony - up to three minutes per person, hearing closed)
4. Council discussion
5. Council decision

Other issues and Considerations:

The bonds are expected to be marketed in August for a closing on the sale of the bonds on August 26.

Strategic Focus Area:

Infrastructure and Mobility

Decision Options:

1. Adopt the ordinance as presented; or
2. Amend the ordinance and adopt as amended; or
3. Deny the ordinance; or
4. Continue consideration of the ordinance to a date certain.

Council's Recommended Action:

A motion to adopt the ordinance and publish with reference to title only.

Attachments:

APPENDIX A: FORM OF BOND

ORDINANCE NO. 13, 2025

AN ORDINANCE AUTHORIZING THE ISSUANCE AND SALE BY THE CITY OF GREELEY, COLORADO, ACTING BY AND THROUGH ITS SANITARY WATER ENTERPRISE, OF FIRST-LIEN SEWER IMPROVEMENT REVENUE BONDS, SERIES 2025, IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$44,000,000, FOR THE PURPOSE OF FINANCING, IN WHOLE OR IN PART, THE COST OF ADDITIONS AND IMPROVEMENTS TO THE SEWER SYSTEM OPERATED BY THE SANITARY WATER ENTERPRISE, PLEDGING CERTAIN FUNDS AND REVENUES OF THE ENTERPRISE TO THE PAYMENT OF SUCH BONDS, PRESCRIBING THE FORM OF SUCH BONDS, AND PROVIDING OTHER DETAILS IN CONNECTION THEREWITH.

WHEREAS, the City of Greeley, Colorado (the “City”) is a home rule municipality duly organized and existing pursuant to Article XX of the Constitution (the “Constitution”) of the State of Colorado (the “State”) and its home rule charter (the “Charter”); and

WHEREAS, the City Council (the “Council”) of the City has previously acted by ordinance to recognize and confirm the existence of the Sanitary Water Enterprise of the City (the “Enterprise”), such ordinance being codified in Title 20, Chapter 2, Section 20-24 of the City Code (the “Code”) of the City; and

WHEREAS, the Code authorizes the issuance of revenue bonds for the purpose of financing additions and improvements to the sanitary water system operated by the Enterprise; and

WHEREAS, the Council, acting as such and as the governing body of the Enterprise, deems it necessary and appropriate to authorize the issuance of First-Lien Sewer Improvement Revenue Bonds, Series 2025 (the “Series 2025 Bonds”), upon the terms described herein, for the purpose of defraying, in whole or in part, the cost of additions and improvements to the City’s sewer system (the “System”), and paying the costs of issuance for the Series 2025 Bonds; and

WHEREAS, such Series 2025 Bonds are permitted, under the Charter, the Code, and Article X, Section 20 of the Constitution, to be issued without an election; and

WHEREAS, the capital improvements to be financed by the Series 2025 Bonds are estimated to have a useful life in the aggregate of at least 40 years; and

WHEREAS, pursuant to Ordinance No. 10, 2015 (the “General Ordinance”), adopted prior to the adoption of this Series Ordinance, the Council has established a consistent procedure for the issuance of revenue bonds and other obligations to finance and refinance additions and improvements to the System;

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GREELEY, COLORADO, ACTING BY AND THROUGH THE CITY OF GREELEY, COLORADO SANITARY WATER ENTERPRISE:

ARTICLE I

DEFINITIONS AND CONSTRUCTION

Definitions. Capitalized terms used herein and not otherwise defined shall have the meanings, respectively, provided in the General Ordinance. In this Series Ordinance the following additional terms have the following respective meanings unless the context clearly requires otherwise:

“Continuing Disclosure Undertaking” means the Continuing Disclosure Undertaking relating to the Official Statement and the Series 2025 Bonds, in substantially the form filed with the City Clerk at the time of introduction of this Series Ordinance.

“Finance Officer” means the Financial Officer and Ex-Officio City Treasurer, as Chief Financial Officer of the City.

“General Ordinance” means Ordinance No. 10, 2015, of the City, as it may be amended from time to time.

“Liquidity Requirement” means the amount of unrestricted cash balances, if any, required to be maintained in the Wastewater Fund under Section 4.02 hereof.

“Official Statement” means the Official Statement of the City relating to the Series 2025 Bonds.

“Parity Obligations” means the Series 2015 Bonds, the Series 2018 Bonds, the Series 2022 Bonds, and any Additional First-Lien Revenue Obligations hereafter issued by the City having a lien on all or any portion of the Net Pledged Revenues which is on a parity with the lien of the Series 2025 Bonds. The Parity Obligations are First-Lien Revenue Obligations under the General Ordinance.

“Paying Agent” means Zions Bancorporation, National Association and its successors and assigns.

“Purchaser” means the original purchaser of the Series 2025 Bonds identified by a Final Terms Certificate.

“Registrar” means Zions Bancorporation, National Association and its successors and assigns.

“Series Ordinance” means this Series Ordinance.

“Series 2015 Bonds” means the City’s outstanding First-Lien Sewer Improvement Revenue Bonds, Series 2015.

“Series 2018 Bonds” means the City’s outstanding First-Lien Sewer Improvement Revenue Bonds, Series 2018.

“*Series 2022 Bonds*” means the City’s outstanding First-Lien Sewer Improvement Revenue Bonds, Series 2022.

“*Series 2025 Bonds*” means the First-Lien Sewer Improvement Revenue Bonds, Series 2025 issued pursuant to this Series Ordinance.

“*Series 2025 Capital Project*” means the construction of core infrastructure for and capital additions to the System, constituting a portion of the System Capital Program, financed in whole or in part with proceeds of the Series 2025 Bonds. The Series 2025 Capital Project expressly excludes the construction of any facilities associated with the expansion of the area west of Highway 257.

“*Series 2025 Capital Project Account*” means the special account created and required to be maintained by Section 3.02 hereof.

“*Series 2025 Costs of Issuance Subaccount*” means the subaccount created within the Series 2025 Capital Project Account and required to be maintained by Section 3.03 hereof.

“*Series 2025 Debt Service Reserve Account*” means, to the extent designated by Final Terms Certificate, a special account created and required to be maintained in the manner provided by Section 3.04 hereof.

“*Series 2025 Excess Investment Earnings Account*” means the special account created and required to be maintained by Section 3.05 hereof.

“*Series 2025 Reserve Requirement*” means, initially, and except as it may be adjusted pursuant to Section 3.04 hereof, an amount equal to the least of (a) 10% of the principal amount of the Series 2025 Bonds, (b) the Maximum Annual Debt Service Requirements of the Series 2025 Bonds, or (c) 125% of the Average Annual Debt Service Requirements of the Series 2025 Bonds.

“*System Capital Program*” means a series of capital projects to be financed from a combination of proceeds of the Series 2025 Bonds and other funds, which may include, without limitation, the acquisition, equipping, improvement or construction of portions of the System. The scope and specific details of the System Capital Program shall be subject to change by action of the Council.

“*Tax Code*” means the Internal Revenue Code of 1986, as amended.

“*Transfer Agent*” means Zions Bancorporation, National Association and its successors and assigns.

ARTICLE II

THE SERIES 2025 BONDS

Section 2.01. The System Capital Program and the Series 2025 Capital Project. The City Council of the City hereby authorizes and directs that the Series 2025 Capital Project (which may consist of any portion of the System Capital Program) be carried out with the net proceeds of

the Series 2025 Bonds and any other legally available moneys of the City necessary for such purpose.

Section 2.02. Sale of Series 2025 Bonds; Application of Series 2025 Bond Proceeds.

The Series 2025 Bonds are authorized to be sold to the Purchaser at a price not less than 100% of their aggregate principal amount, as determined by Final Terms Certificate. The net proceeds received by the City from the sale of the Series 2025 Bonds after deduction of costs of issuance and underwriting discount shall be applied as follows: (a) Series 2025 Bond proceeds sufficient to meet the Series 2025 Reserve Requirement, if any, shall be deposited to the Series 2025 Debt Service Reserve Account; and (b) the remaining Series 2025 Bond proceeds shall be deposited, to the extent necessary to accomplish the Series 2025 Capital Project, into the Series 2025 Capital Project Account. Any excess funds remaining upon completion of the Series 2025 Capital Project may be used for any lawful purpose of the City or the Enterprise.

Section 2.03. Authorization; Election to Apply Supplemental Public Securities Act.

The Series 2025 Bonds, payable as to all Debt Service Requirements solely out of the Net Pledged Revenues, are hereby authorized to be issued in an aggregate principal amount not to exceed \$44,000,000, the actual amount of the Series 2025 Bonds to be determined by Final Terms Certificate. The City hereby elects to apply all provisions of the Supplemental Public Securities Act, to the extent not inconsistent herewith, to the Series 2025 Bonds.

Section 2.04. Bond Details.

(a) **Generally.** The provisions of the General Ordinance are hereby incorporated into this Series Ordinance. The Series 2025 Bonds shall be First-Lien Revenue Obligations within the meaning of the General Ordinance, secured by a first and prior (but not necessarily exclusive) lien upon the Net Pledged Revenues on a parity basis with the Parity Obligations. The Series 2025 Bonds shall be issued by the City Council of the City, as the governing body of the Enterprise, pursuant to the Code, in fully registered form in denominations of \$5,000 or any integral multiple thereof; provided that no Series 2025 Bond shall be issued in any denomination larger than the aggregate principal amount of Series 2025 Bonds maturing on a single maturity date and that no Series 2025 Bond shall be made payable on more than one maturity date.

Pursuant to the recommendations of the Committee on Uniform Security Identification Procedures, CUSIP numbers may be printed on the Series 2025 Bonds.

If determined by Final Terms Certificate, the Series 2025 Bonds may be issued in book-entry form through the facilities of The Depository Trust Company, and the appropriate officials of the City shall thereupon be authorized to execute such documents as are necessary to issue and deliver the Series 2025 Bonds in such form.

The Series 2025 Bonds shall be Fixed Rate Obligations.

The Series 2025 Bonds shall mature on August 1 in the years and in the aggregate principal amounts provided by Final Terms Certificate; provided that the Series 2025 Bonds may mature within any period permitted by the Charter and Code but in any event not later than August 1, 2054. The Series 2025 Bonds shall bear interest from the date as

of which they are dated or the Interest Payment Date to which interest has been paid next preceding their respective dates, whichever is later, to their respective maturity dates, except if redeemed prior thereto, at rates not exceeding 5.00% per annum, as determined by Final Terms Certificate.

Said interest shall be payable commencing not later than February 1, 2026, and semiannually thereafter at any convenient semiannual interval determined by a Final Terms Certificate. If upon presentation at maturity the principal of any Series 2025 Bond is not paid as provided therein, interest shall continue thereon at the same interest rate until the principal thereof is paid in full.

The Debt Service Requirements of the Series 2025 Bonds shall be payable to the Owners of the Series 2025 Bonds in lawful money of the United States of America by the Paying Agent. The final installments of principal and interest shall be payable to the Owner of each Series 2025 Bond upon presentation and surrender thereof at maturity or upon prior redemption. Except as hereinbefore and hereinafter provided, the interest shall be payable to the Owner of each Series 2025 Bond determined as of the close of business on the Regular Record Date irrespective of any transfer of ownership of the Series 2025 Bond subsequent to the Regular Record Date and prior to such Interest Payment Date, by check or draft mailed to such Owner at the address appearing on the registration books of the City maintained by the Registrar. Any interest not paid when due and any interest accruing after maturity shall be payable to the Owner of each Series 2025 Bond entitled to receive such interest determined as of the close of business on the Special Record Date irrespective of any transfer of ownership of the Series 2025 Bond subsequent to the Special Record Date and prior to the date fixed by the Paying Agent for the payment of such interest, by check or draft mailed as aforesaid. Notice of the Special Record Date and of the date fixed for the payment of such interest shall be given by sending a copy thereof by certified or registered first-class, postage prepaid mail, at least 10 days prior to the special record date, to the Purchaser and to the Owner of each Series 2025 Bond upon which interest will be paid determined as of the close of business on the day preceding such mailing at the address appearing on the registration books of the City. Any premium shall be payable to the Owner of each Series 2025 Bond redeemed upon presentation and surrender thereof upon prior redemption. If the date for making or giving any payment, determination or notice described herein is not a Business Day, such payment, determination or notice shall be made or given on the next succeeding Business Day.

(b) ***Redemption; Notice of Redemption.*** The Series 2025 Bonds may be made subject to optional redemption prior to their maturity at a price or prices equal to the principal amount of the Series 2025 Bonds so redeemed plus a premium not to exceed 2% of the principal amount thereof, plus accrued interest to the date of redemption, at such times and in such manner as provided by Final Terms Certificate. The Series 2025 Bonds may also be made subject to mandatory redemption from sinking fund installments or otherwise, at such times and in such manner, at prices not exceeding the principal amount of the Series 2025 Bonds so redeemed plus accrued interest to the date of redemption, as provided by a Final Terms Certificate.

Series 2025 Bonds which are redeemable prior to their respective maturity dates may be redeemed in part if issued in denominations which are integral multiples of \$5,000. Such Series 2025 Bonds shall be treated as representing a corresponding number of separate Bonds in the denomination of \$5,000 each. Any such Series 2025 Bond to be redeemed in part shall be surrendered for partial redemption in the manner hereinafter provided for transfers of ownership. Upon payment of the redemption price of any such Series 2025 Bond redeemed in part the Owner thereof shall receive a new Series 2025 Bond or Bonds of authorized denominations in aggregate principal amount equal to the unredeemed portion of the Series 2025 Bond surrendered.

Notice of redemption shall be given by the Paying Agent in the name of the City by sending a copy thereof by certified or registered first-class postage prepaid mail, at least 30 days prior to the Redemption Date, to the Purchaser and to the Owner of each of the Series 2025 Bonds being redeemed determined as of the close of business on the day preceding the first mailing of such notice, at the addresses appearing on the registration books of the City maintained by the Registrar. Such notice shall specify the number or numbers of the Series 2025 Bonds to be redeemed, whether in whole or in part, and the date fixed for redemption and shall further state that on the Redemption Date there will be due and payable upon each Series 2025 Bond or part thereof so to be redeemed the principal amount or part thereof plus accrued interest thereon to the Redemption Date plus any premium due and that from and after such date interest will cease to accrue. For so long as the Series 2025 Bonds are in book-entry form through The Depository Trust Company or its nominee, any redemption notice may be given, in lieu of such mailing, by sending a copy thereof by Federal Express or other nationally recognized overnight delivery service, or by electronic means, to The Depository Trust Company or its nominee. In addition, if the Series 2025 Bonds are in book-entry form, the Paying Agent is hereby authorized to comply with any operational procedures and requirements of The Depository Trust Company relating to redemption of Series 2025 Bonds and notice thereof. Failure to mail or send any notice as aforesaid or any defect in any notice so mailed with respect to any Series 2025 Bond shall not affect the validity of the redemption proceedings with respect to any other Series 2025 Bond. Any Series 2025 Bonds redeemed prior to their respective maturity dates by call for prior redemption or otherwise shall not be reissued and shall be cancelled the same as Series 2025 Bonds paid at or after maturity.

(c) ***Interest Rates.*** Pursuant to Section 5-23 of the Charter, the Series 2025 Bonds shall be sold at an interest rate which does not exceed the market rate. The Series 2025 Bonds shall bear interest (computed on the basis of a 360-day year consisting of twelve 30-day months) from their date to maturity or prior redemption per annum as determined by the Finance Officer and certified by Final Terms Certificate at a net effective interest rate not to exceed 5.00%.

(d) ***Execution and Authentication.*** The Series 2025 Bonds shall be executed by and on behalf of the Council as the governing body of the Enterprise, with the manual or facsimile signature of the Mayor, shall bear a manual or facsimile of the seal of the City, shall be attested with the manual or facsimile signature of the City Clerk, and shall be authenticated with the manual signature of a duly authorized signatory of the Registrar. Should any officer whose signature appears on the Series 2025 Bonds cease to be such

officer before delivery of the Series 2025 Bonds to the Purchaser, such signature shall nevertheless be valid and sufficient for all purposes. No Series 2025 Bond shall be valid or become obligatory for any purpose or be entitled to any security or benefit under this Series Ordinance unless and until the certificate of authentication on such Series 2025 Bond shall have been duly executed by the Registrar, and such executed certificate upon any such Series 2025 Bond shall be conclusive evidence that such Series 2025 Bond has been authenticated and delivered under this Series Ordinance. The certificate of authentication on any Series 2025 Bond shall be deemed to have been duly executed by the Registrar if signed by an authorized signatory thereof, but it shall not be necessary that the same signatory sign the certificate of authentication on all of the Series 2025 Bonds.

(e) **Registration, Transfer and Exchange.** Upon their execution and authentication and prior to their delivery, the Series 2025 Bonds shall be registered for the purpose of payment of principal and interest by the Registrar. Thereafter, the Series 2025 Bonds shall be transferable only upon the registration books of the City maintained by the Registrar at the request of the Owner thereof or such Owner's duly authorized attorney-in-fact or legal representative. The Transfer Agent shall accept a Series 2025 Bond for registration or transfer only if the Owner is to be an individual, a corporation, a partnership, a limited liability company, a limited liability partnership, or a trust. A Series 2025 Bond may be transferred upon surrender thereof together with a written instrument of transfer duly executed by the Owner or such Owner's duly authorized attorney-in-fact or legal representative with guaranty of signature satisfactory to the Transfer Agent, containing written instructions as to the details of the transfer, along with the social security number or federal employer identification number of the transferee and, if the transferee is a trust, the names and social security numbers of the settlors and the beneficiaries of the trust. The Transfer Agent shall not be required to transfer ownership of any Series 2025 Bond during the 15 days prior to the first mailing of any notice of redemption or to transfer ownership of any Series 2025 Bond selected for redemption on or after the date of such mailing. The Owner of any Series 2025 Bond or Bonds may also exchange such Series 2025 Bond or Bonds for another Series 2025 Bond or Bonds of authorized denominations. Transfers and exchanges shall be made at the expense of the transferor or exchanger, and the Transfer Agent may also require payment of a sum sufficient to defray any tax or other governmental charge that may hereafter be imposed in connection with any transfer or exchange of Series 2025 Bonds. No transfer of any Series 2025 Bond shall be effective until entered on the registration books of the City maintained by the Registrar. In the case of every transfer or exchange, the Registrar shall authenticate and the Transfer Agent shall deliver to the new owner a new Series 2025 Bond or Bonds of the same aggregate principal amount, maturing in the same year, and bearing interest at the same per annum rate as the Series 2025 Bond or Bonds surrendered. Such Series 2025 Bond or Bonds shall be dated as of their date of authentication. New Series 2025 Bonds delivered upon any transfer or exchange shall be valid obligations, evidencing the same obligations as the Series 2025 Bonds surrendered, shall be secured by this Series Ordinance, the General Ordinance and any Final Terms Certificate and shall be entitled to all of the security and benefit hereof to the same extent as the Series 2025 Bonds surrendered. The City may deem and treat the person in whose name any Series 2025 Bond is last registered upon the books of the City as the absolute owner thereof for the purpose of receiving payment of the principal of and interest on such Series 2025 Bond and for all other purposes, and all such payments so made to such person

or upon his order shall be valid and effective to satisfy and discharge the liability of the City upon such Series 2025 Bond to the extent of the sum or sums so paid, and the City shall not be affected by any notice to the contrary.

(f) ***Resignation of Agents.*** If the Paying Agent, Registrar or Transfer Agent shall resign, or if the City shall reasonably determine that the Paying Agent, Registrar or Transfer Agent has become incapable of fulfilling its duties hereunder, the City may, upon notice mailed to each Owner of Series 2025 Bonds at the addresses last shown on the registration books of the City, appoint a successor paying agent, registrar or transfer agent. Every such successor paying agent, registrar or transfer agent shall be a Commercial Bank or an official of the City. It shall not be required that the same person serve as paying agent, registrar, and transfer agent hereunder, but the City shall have the right to appoint and have the same person serve as paying agent, registrar, and transfer agent hereunder.

(g) ***Replacement of Series 2025 Bonds.*** If any Series 2025 Bond shall have been lost, destroyed or wrongfully taken, the City shall provide for the replacement thereof upon receipt of the evidence of such loss, destruction or wrongful taking, along with an indemnity bond and reimbursement for expenses reasonably satisfactory to it.

(h) ***Recitals in Bonds.*** Each Series 2025 Bond shall recite in substance that such Series 2025 Bond is a special and limited obligation payable solely out of and secured by an irrevocable, but not necessarily exclusive, pledge of the Net Pledged Revenues, that such Series 2025 Bond does not constitute a debt or an indebtedness or multiple fiscal-year debt or other financial obligation of the City within the meaning of any constitutional, Charter or statutory provision or limitation, that such Series 2025 Bond is not payable in whole or in part from the proceeds of general property taxes, and that the full faith and credit of the City is not pledged for the payment of the principal of or interest on such Series 2025 Bond. Each Series 2025 Bond shall further recite that it is issued under the authority of the Colorado Constitution, the Charter, the Code, the Supplemental Securities Act, the General Ordinance, and this Series Ordinance.

Section 2.05. Form of Series 2025 Bonds. The Series 2025 Bonds shall be in substantially the form set forth in Appendix A hereto, with such changes thereto, not inconsistent herewith, as may be necessary or desirable and approved by the officials of the City executing the same (whose manual or facsimile signatures thereon shall constitute conclusive evidence of such approval). All covenants, statements, representations and agreements contained in the Series 2025 Bonds are hereby approved and adopted as the covenants, statements, representations, and agreements of the City. Although attached as an appendix for the convenience of the reader, Appendix A is an integral part of this Series Ordinance and is incorporated herein as if set forth in full in the body of this Series Ordinance.

Section 2.06. Series 2025 Bonds Equally Secured. The Series 2025 Bonds shall be secured by an irrevocable and first lien (but not necessarily an exclusive first lien) upon the Net Pledged Revenues to the full extent provided in Section 5.01 of the General Ordinance, which lien shall be binding and enforceable as provided therein. The covenants and agreements herein set forth to be performed on behalf of the City and the Enterprise shall be for the equal benefit, protection and security of the Owners of any and all of the Series 2025 Bonds, all of which,

regardless of the time or times of their maturity, shall be of equal rank without preference, priority or distinction of any of the Series 2025 Bonds over any other thereof, except as otherwise expressly provided in or pursuant to this Series Ordinance.

Section 2.07. Special Obligations. All of the Series 2025 Bonds, as to all Debt Service Requirements thereof, shall be payable solely out of the Net Pledged Revenues. The Owners of the Series 2025 Bonds may not look to the general fund or any other fund of the City for the payment of the Debt Service Requirements, except the special funds and accounts pledged therefor. The Series 2025 Bonds shall not constitute a debt or indebtedness or multiple-fiscal year debt or other financial obligation of the City within the meaning of any constitutional, Charter or statutory provision or limitation, and the Series 2025 Bonds shall not be considered or held to be general obligations of the City but shall constitute special and limited obligations of the City, acting by and through the Enterprise. The Series 2025 Bonds are not payable in whole or in part from the proceeds of general property taxes or any other form of taxation, and the full faith and credit of the City is not pledged for payment of the Series 2025 Bonds.

ARTICLE III

SPECIAL ACCOUNTS

The proceeds of the Series 2025 Bonds and the Income shall be deposited by the City in the accounts described in this Article III, to be accounted for in the manner and priority set forth in this Article III.

Neither the Purchaser nor any subsequent Owner of any Series 2025 Bonds shall be in any manner responsible for the application or disposal by the City or by any of its officers, agents or employees of the moneys derived from the sale of the Series 2025 Bonds or of any other moneys designated in this Article III.

Section 3.01. Series 2025 Debt Service Subaccounts. There are hereby established within the Debt Service Account a Series 2025 Interest Subaccount and a Series 2025 Principal Subaccount. The Series 2025 Interest Subaccount shall be used to account for funds of the Debt Service Account allocable to payments of interest on the Series 2025 Bonds, and the Series 2025 Principal Subaccount shall be used to account for funds of the Debt Service Account allocable to payments of principal of the Series 2025 Bonds. The funds in the Series 2025 Interest Subaccount and the Series 2025 Principal Account are hereby appropriated for such purposes.

Section 3.02. Series 2025 Capital Project Account. The proceeds of the Series 2025 Bonds, including capitalized interest but excepting the sums, if any, required to be deposited in the Debt Service Account or the Series 2025 Debt Service Reserve Account, shall be deposited in the Series 2025 Capital Project Account hereby created and shall be maintained, used, and withdrawn only as provided herein solely for the purpose of paying or reimbursing the City for payments of the Cost of the Series 2025 Capital Project for which the Series 2025 Bonds are issued, and are pledged therefor. The funds so deposited are hereby appropriated for the purposes authorized by this Series Ordinance and the General Ordinance. The appropriation shall be deemed a continuing appropriation and shall be effective until such funds are expended or such purposes are accomplished. Any such proceeds remaining in the Series 2025 Capital Project Account after

completion of such Series 2025 Capital Project, excluding investment earnings which may be required to be rebated to the federal government, shall be deposited in the Debt Service Account and used for the purposes of the Debt Service Account or shall be used to the extent feasible to call and redeem First-Lien Revenue Obligations in advance of maturity. The City shall use any proceeds of the Series 2025 Bonds credited to the Series 2025 Capital Project Account, without further order, to pay the Debt Service Requirements of the Series 2025 Bonds as the same become due whenever and to the extent moneys in the Debt Service Account and the Debt Service Reserve Account or moneys otherwise available therefor are insufficient for that purpose, unless such proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and pertaining to the Series 2025 Capital Project for which the Series 2025 Bonds are issued. Any moneys so used shall be restored to the Series 2025 Capital Project Account from the first Net Pledged Revenues thereafter received and not needed to meet the requirements provided in Sections 3.02, 3.03, 3.04 and 3.06 of the General Ordinance.

Section 3.03. Series 2025 Costs of Issuance Subaccount. The portion of the proceeds of the Series 2025 Bonds reasonably required to pay the costs of issuance thereof shall be deposited in the Series 2025 Costs of Issuance Subaccount, which is hereby established within the Series 2025 Capital Project Account, and used, to the extent required, for the payment of Costs of Issuance of the Series 2025 Bonds, and to the extent of any excess, for any other Costs of the Series 2025 Capital Project.

Section 3.04. Series 2025 Debt Service Reserve Account. Pursuant to Section 3.04 of the General Ordinance, and only if provided by Final Terms Certificate, there shall be established in connection with the Series 2025 Bonds a Debt Service Reserve Account to be known as the Series 2025 Debt Service Reserve Account. The Series Ordinance authorizing any Series of Additional First-Lien Revenue Obligations may provide that such Additional First-Lien Revenue Obligations are secured by the Series 2025 Debt Service Reserve Account as a common reserve on the same basis and subject to the same requirements as the Series 2025 Bonds, or may provide for a separate Debt Service Reserve Account for such Additional First-Lien Revenue Obligations. Subject to the payments required by Sections 3.02 and 3.03 of the General Ordinance and except as provided in Section 3.05 thereof, from the Net Pledged Revenues or the proceeds of the Series 2025 Bonds, or both, there shall be credited from time to time to the Series 2025 Debt Service Reserve Account moneys sufficient to accumulate and maintain the Series 2025 Debt Service Reserve Account at an amount at least equal to the Series 2025 Reserve Requirement. The dollar amount of the Series 2025 Reserve Requirement may be recalculated and reduced, but not increased, from time to time by the City as necessary to apply the Series 2025 Reserve Requirement to the remaining Debt Service Requirements of the Series 2025 Bonds; provided that the Series 2025 Reserve Requirement shall not be reduced to an amount less than the lesser of (a) 10% of the principal amount of the Series 2025 Bonds, (b) the Maximum Annual Debt Service Requirements of the Series 2025 Bonds, or (c) 125% of the Average Annual Debt Service Requirements of the Series 2025 Bonds. The moneys required to be deposited to the Series 2025 Debt Service Reserve Account, excluding any investment earnings which may be transferred to the Series 2025 Excess Investment Earnings Account to be rebated to the federal government, shall be set aside, accumulated and, if necessary, reaccumulated from time to time and maintained as a continuing reserve to be used, except as otherwise expressly provided in the General Ordinance or this Series Ordinance, only to prevent deficiencies in payment of the Debt Service Requirements of the Series 2025 Bonds then Outstanding resulting from failure to deposit into the Debt Service

Account sufficient funds to pay such Debt Service Requirements as the same become due, and such funds are hereby appropriated for such purpose.

Section 3.05. Series 2025 Excess Investment Earnings Account. The Finance Officer shall transfer into and pay from the Series 2025 Excess Investment Earnings Account hereby created within the Wastewater Fund the amount of required arbitrage rebate, if any, due to the federal government pursuant to Section 148(f)(2) of the Tax Code, and the applicable Treasury regulations (the “Regulations”) promulgated thereunder. The Finance Officer shall determine such amounts in the manner required by said sections and related regulations and Section 4.01(f) hereof. Transfer of the required arbitrage rebate amounts shall be made from the Series 2025 Capital Project Account, the Debt Service Account and the Series 2025 Debt Service Reserve Account; provided, however, that required arbitrage rebate payments shall be made to the federal government from legally available funds regardless of whether there are any remaining proceeds or other funds attributable to the Series 2025 Bonds that are available for the purpose.

All amounts in the Series 2025 Excess Investment Earnings Account, including income earned from investment thereof, shall be held by the Finance Officer free and clear of any lien created by this Series Ordinance, and the Finance Officer shall remit the same to the federal government from time to time as provided in Section 4.01(f) hereof; provided that any amounts remaining in the Series 2025 Excess Investment Earnings Account after payment of, or in excess of, all arbitrage rebate payments reasonably expected to be due in connection with the Series 2025 Bonds shall be available for any lawful purpose of the Enterprise or the City. The amounts, if any, in the Series 2025 Excess Investment Earnings Account are hereby appropriated for such purposes.

ARTICLE IV

SERIES 2025 COVENANTS

Section 4.01. Federal Income Tax Covenants. In addition to the various covenants made by it in the General Ordinance, the City covenants to and for the benefit of the Owners of the Series 2025 Bonds as follows:

(a) **General.** The City intends that the interest on the Series 2025 Bonds shall be excludable from gross income for federal income tax purposes pursuant to Sections 103 and 141 through 150 of the Tax Code, and Regulations. The City covenants and agrees not to take any action, or knowingly omit to take any action within its control, that if taken or omitted, respectively, would cause the interest on the Series 2025 Bonds to be included in gross income, as defined in Section 61 of the Tax Code, for federal income tax purposes. In particular, the City covenants and agrees to comply with each requirement of this Section 4.01; provided, however, that the City shall not be required to comply with any particular requirement of this Section 4.01 if the City has received an opinion of nationally recognized bond counsel (“Counsel’s Opinion”) that such noncompliance will not adversely affect the excludability from gross income for federal income tax purposes of interest on the Series 2025 Bonds or if the City has received a Counsel’s Opinion to the effect that compliance with some other requirement set forth in this Section 4.01 will satisfy the applicable requirements of the Tax Code and the Regulations, in which case

compliance with such other requirement specified in such Counsel's opinion shall constitute compliance with the corresponding requirement specified in this Section 4.01.

(b) ***No Private Use or Payment and No Private Loan Financing.*** The City covenants and agrees that it will make such use of the proceeds of the Series 2025 Bonds including interest or other investment income derived from Series 2025 Bond proceeds, regulate the use of property financed, directly or indirectly, with such proceeds, and take such other and further action as may be required so that the Series 2025 Bonds will not be "private activity bonds" or be deemed to finance any "private loan" within the meaning of the Tax Code and the Regulations promulgated thereunder. Moreover, the City shall certify, through an authorized officer, employee or agent that based upon all facts and estimates known or reasonably expected to be in existence on the date the Series 2025 Bonds are delivered, that the proceeds of the Series 2025 Bonds will not be used in a manner that would cause the Series 2025 Bonds to be "private activity bonds" within the meaning of Section 141 of the Tax Code and the Regulations promulgated thereunder.

(c) ***No Federal Guarantee.*** The City covenants and agrees that it has not taken and will not take any action, and has not knowingly omitted and will not knowingly omit to take any action, within its control, that, if taken or omitted, respectively, would cause the Series 2025 Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Tax Code and the applicable Regulations thereunder, except as permitted by Section 149(b)(3) of the Tax Code and such Regulations.

(d) ***No Hedge Bonds.*** The City covenants and agrees that it has not taken and will not take any action, and has not knowingly omitted and will not knowingly omit to take any action, within its control, that, if taken or omitted, respectively, would cause the Series 2025 Bonds to be "hedge bonds" within the meaning of Section 149(g) of the Tax Code and the applicable Regulations thereunder.

(e) ***No Arbitrage.*** The City covenants and agrees that it will make such use of the proceeds of the Series 2025 Bonds including interest or other investment income derived from Series 2025 Bond proceeds, regulate investments of proceeds of the Series 2025 Bonds, and take such other and further action as may be required so that the Series 2025 Bonds will not be "arbitrage bonds" within the meaning of Section 148(a) of the Tax Code and the applicable Regulations promulgated thereunder. Moreover, the City shall certify, through an authorized officer, employee or agent that based upon all facts and estimates known or reasonably expected to be in existence on the date the Series 2025 Bonds are delivered, the City will reasonably expect that the proceeds of the Series 2025 Bonds will not be used in a manner that would cause the Series 2025 Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Tax Code and the applicable Regulations promulgated thereunder.

(f) ***Arbitrage Rebate.*** If the City does not qualify for an exception to the requirements of Section 148(f) of the Tax Code relating to the required rebate to the United States of America, the City will take all necessary steps to comply with the requirement that certain amounts earned by the City on the investment of the "gross proceeds" of the Series 2025 Bonds (within the meaning of Section 148(f)(6)(B) of the Tax Code), be

rebated to the federal government. Specifically, the City will (i) maintain records regarding the investment of the gross proceeds of the Series 2025 Bonds as may be required to calculate the amount earned on the investment of the gross proceeds of the Series 2025 Bonds separately from records of amounts on deposit in the funds and accounts of the City allocable to other bond issues of the City or moneys which do not represent gross proceeds of any bonds of the City; (ii) calculate at such times as are required by applicable Regulations, the amount earned from the investment of the gross proceeds of the Series 2025 Bonds which is required to be rebated to the federal government; and (iii) pay, not less often than every fifth anniversary date of the delivery of the Series 2025 Bonds or on such other dates as may be permitted under applicable Regulations, all amounts required to be rebated to the federal government. Further, the City will not indirectly pay any amount otherwise payable to the federal government pursuant to the foregoing requirements to any person other than the federal government by entering into any investment arrangement with respect to the gross proceeds of the Series 2025 Bonds that might result in a reduction in the amount required to be paid to the federal government because such arrangement results in a smaller profit or a larger loss than would have resulted if the arrangement had been at arm's length and had the yield on the issue not been relevant to either party.

(g) ***Information Reporting.*** The City covenants and agrees to file or cause to be filed with the Secretary of the Treasury, not later than the fifteenth day of the second calendar month after the close of the calendar quarter in which the Series 2025 Bonds are issued, an information statement concerning the Series 2025 Bonds, all under and in accordance with Section 149(e) of the Tax Code and the applicable Regulations promulgated thereunder.

(h) ***Continuing Obligation.*** Notwithstanding any other provision of this Series Ordinance, the City's obligations under the covenants and provisions of this Section 4.01 shall survive the defeasance and discharge of the Series 2025 Bonds.

Section 4.02. Liquidity Requirement. Only to the extent provided by Final Terms Certificate, the City shall have an unrestricted and unencumbered cash balance in the Wastewater Fund, as of the end of each Fiscal Year, at least equal to the Liquidity Requirement. The Liquidity Requirement shall be calculated at the close of each Fiscal Year for the ensuing Fiscal Year, and shall be an amount, if any, established by Final Terms Certificate, not exceeding three months' average Operation and Maintenance Expenses of the System, based upon the adjusted budget for the ensuing Fiscal Year. This Section imposes no requirement that the City maintain such amounts between the annual test dates. The failure to meet the Liquidity Requirement shall not constitute an Event of Default hereunder so long as the City is making reasonable efforts to meet the Liquidity Requirement or restore the cash balances of the Wastewater Fund to the Liquidity Requirement.

ARTICLE V

MISCELLANEOUS

Section 5.01. Sale of Series 2025 Bonds. The Series 2025 Bonds shall be sold to the Purchaser at competitive sale at a price, to be determined by a Final Terms Certificate, not less

than 100% of their principal amount plus accrued interest to the date of their delivery to the Purchaser. The Mayor and the City Clerk, on behalf of the Enterprise, are authorized pursuant to this Series Ordinance and a Final Terms Certificate to take all such actions as reasonably required for the purpose of specifying the terms and conditions of sale of the Series 2025 Bonds and effecting their delivery to the Purchaser.

Section 5.02. Character of Agreement. None of the covenants, agreements, representations or warranties contained herein or in the Series 2025 Bonds shall ever impose or shall be construed as imposing any liability, obligation or charge against the City (except for the special funds pledged therefor) or against the general credit of the City payable out of its general funds or out of any funds derived from its general property taxes.

Section 5.03. No Pledge of Property. The payment of the Series 2025 Bonds is not secured by an encumbrance, mortgage or other pledge of property of the City except for the Net Pledged Revenues and other funds expressly pledged hereunder. No property of the City, subject to such exception with respect to the Net Pledged Revenues and other funds, as provided herein and in the General Ordinance, shall be liable to be forfeited or taken in payment of the Series 2025 Bonds.

Section 5.04. Delegated Duties. The officers of the City are hereby authorized and directed to enter into such agreements and take all action necessary or appropriate to effectuate the provisions of this Series Ordinance and to comply with the requirements of law, including, without limitation:

(a) ***Preparation of Series 2025 Bonds.*** The preparation of the Series 2025 Bonds, including the printing upon or attachment to each such Bond of a copy of the approving legal opinion of bond counsel, duly certified by the Registrar;

(b) ***Execution, Registration and Delivery of Series 2025 Bonds.*** The execution and registration of the Series 2025 Bonds and the delivery of the Series 2025 Bonds to the Purchaser pursuant to the provisions of this Series Ordinance;

(c) ***Information.*** The assembly and dissemination of financial and other information concerning the City and the Series 2025 Bonds;

(d) ***Official Statement and Continuing Disclosure Undertaking.*** The preparation of an Official Statement for the use of prospective buyers of the Series 2025 Bonds, including, without limitation, the Purchaser and in connection therewith, the delivery and performance of the Continuing Disclosure Undertaking; and

(e) ***Closing Certificates.*** The execution of such certificates as may be reasonably required by the Purchaser, relating, inter alia, to:

- (i) the signing of the Series 2025 Bonds;
- (ii) the tenure and identity of the officials of the City;

(iii) if in accordance with fact, the absence of litigation, pending or threatened, affecting the validity of the Series 2025 Bonds;

(iv) the excludability of interest on the Series 2025 Bonds from gross income for federal income tax purposes and the exemption of such interest from State income tax;

(v) the delivery of the Series 2025 Bonds and the receipt of the Series 2025 Bond purchase price; and

(vi) the accuracy and adequacy of information provided in the Official Statement prepared for prospective buyers of the Series 2025 Bonds.

(f) ***Paying Agent and Registrar Agreement.*** The preparation and execution of a paying agent and registrar agreement, if any, concerning the services and compensation of the Paying Agent, Registrar and Transfer Agent.

Section 5.05. Preliminary Official Statement; Official Statement. The proposed form of Preliminary Official Statement of the City relating to the issuance and sale of the Series 2025 Bonds has been presented to the meeting of the Council at which this Series Ordinance is approved on first introduction and is on file in the office of the City Clerk. The Preliminary Official Statement, in substantially the form so presented with such additional changes as are made prior to final passage of this Series Ordinance, is hereby deemed by the City to be a “nearly final official statement” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The distribution and use by the Purchaser for the reoffering of the Series 2025 Bonds to the public of the final Official Statement, in substantially the form of the Preliminary Official Statement, but with such amendments, additions and deletions as are consistent with the facts, as are not inconsistent herewith and as are approved by the Mayor as evidenced by the Mayor’s execution of the Official Statement, is hereby authorized and approved, and the Mayor is authorized to sign the final Official Statement on behalf of the City.

Section 5.06. Paying Agent, Registrar, and Transfer Agent Provisions. In the event the acting Paying Agent, Registrar, and Transfer Agent(s) is a corporate bank(s) or trust(s) and not an authorized officer of the City, such corporate bank(s) or trust(s) shall serve as the initial Registrar, Paying Agent, and/or Transfer Agent for the Series 2025 Bonds, and the Finance Officer and designees of the Finance Officer shall be authorized representatives of the City for purposes of providing direction to the Paying Agent, Registrar, and Transfer Agent. Upon 30 days’ prior written notice to the Owners, the Paying Agent (or any successor) may resign as Registrar, Paying Agent or Transfer Agent, or all (provided that no such resignation shall be effective until a successor Registrar, Paying Agent, and Transfer Agent is appointed), and the City shall appoint a successor Registrar, Paying Agent or Transfer Agent, or all, which successor Registrar, Paying Agent or Transfer Agent shall be a bank or trust company located in and in good standing in the United States and having shareholders’ equity (e.g., capital stock, surplus and profits), however denominated, not less than \$10,000,000. It shall not be required that the same institution serve as Registrar, Paying Agent, and Transfer Agent hereunder, but the City shall have the right to have the same institution serve as Registrar, Paying Agent, and Transfer Agent hereunder.

Section 5.07. Successors. Whenever herein the City is named or is referred to, such provision shall be deemed to include any successors of the City, whether so expressed or not. All of the covenants, stipulations, obligations and agreements by or on behalf of and other provisions for the benefit of the City contained herein shall bind and inure to the benefit of any officer, board, district, commission, authority, agency, instrumentality or other Person or Persons to whom or to which there shall be transferred by or in accordance with law any right, power or duty of the City or of its respective successors, if any, the possession of which is necessary or appropriate in order to comply with any such covenants, stipulations, obligations, agreements or other provisions hereof.

Section 5.08. Rights and Immunities. Except as herein otherwise expressly provided, nothing herein expressed or implied is intended or shall be construed to confer upon or to give to any Person, other than the City, and the Owners from time to time of the Series 2025 Bonds, any right, remedy or claim under or by reason hereof or any covenant, condition or stipulation hereof. All of the covenants, stipulations, promises and agreements herein contained by and on behalf of the City shall be for the sole and exclusive benefit of the City, and any Owner of any of the Series 2025 Bonds.

No recourse shall be had for the payment of the Debt Service Requirements of the Series 2025 Bonds or for any claim based thereon or otherwise upon this Series Ordinance authorizing their issuance or any other ordinance or instrument pertaining thereto, against any individual member of the Council or the Water and Sewer Board, or any officer or other agent of the City or the Enterprise, past, present or future, either directly or indirectly through the City, or otherwise, whether by virtue of any constitution, statute or rule of law or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Series 2025 Bonds and as a part of the consideration of their issuance specially waived and released.

Section 5.09. Ratification. All action not inconsistent with the provisions of this Series Ordinance heretofore taken by the City or its officers, and otherwise by the City directed toward the Series 2025 Capital Project, the adoption of this Series Ordinance or the issuance of the Series 2025 Bonds for the purposes described herein is hereby ratified, approved and confirmed.

Section 5.10. Facsimile Signatures. Pursuant to the Uniform Facsimile Signature of public Officials Act, Part 1, Article 55, Title 11, C.R.S., as amended, the Mayor and the City Clerk may forthwith, and in any event prior to the time the Series 2025 Bonds are delivered to the Purchaser, file with the Colorado Secretary of State their manual signatures certified by them under oath.

Section 5.11. Ordinance Irrepealable. This Series Ordinance is, and shall constitute, a legislative measure of the City and after any of the Series 2025 Bonds are issued, this Series Ordinance shall constitute an irrevocable contract between the City and the Owner or Owners of the Series 2025 Bonds; and this Series Ordinance, if any Series 2025 Bonds are in fact issued, shall be and shall remain irrepealable until the Series 2025 Bonds, as to all Debt Service Requirements, shall be fully paid, cancelled and discharged, as herein provided.

Section 5.12. Repealer. All ordinances, resolutions, bylaws, orders, and other instruments, or parts thereof, inconsistent herewith, except the General Ordinance, are hereby

repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any ordinance, resolution, bylaw, order, or other instrument, or part thereof, heretofore repealed.

Section 5.13. Severability. If any section, paragraph, clause or other provision of this Series Ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability thereof shall not affect any of the remaining sections, paragraphs, clauses or provisions of this Series Ordinance.

Section 5.14. Effective Date; Expiration. This Series Ordinance shall take effect five days after publication following final passage. This Series Ordinance shall expire to the extent that the Series 2025 Bonds authorized herein are not issued by December 31, 2025.

Section 5.15. Publication. Pursuant to Section 3.17(f) of the Charter of the City, this Series Ordinance, if not amended in substance after first reading hereof, shall be published after second reading and final passage either by title or in full, as the Council may determine.

Section 5.16. Disposition of Ordinance. This Series Ordinance, immediately on its final passage, shall be numbered and recorded in the Book of Ordinances kept for that purpose, authenticated by the signatures of the Mayor and the City Clerk, and shall be published as required by law and the Charter.

APPENDIX A

FORM OF BOND

(Text of Face)

**UNITED STATES OF AMERICA
STATE OF COLORADO
COUNTY OF WELD
CITY OF GREELEY
SANITARY WATER ENTERPRISE
SEWER IMPROVEMENT REVENUE BOND
SERIES 2025**

No. R-_____ \$ _____

Interest Rate	Maturity Date	Original Date	CUSIP
%	August 1, 20__	_____, 2025	392532 ____

REGISTERED OWNER: **CEDE & CO.**
Tax Identification Number: 13-2555119

PRINCIPAL SUM: ** _____ DOLLARS**

The City Council of the City of Greeley, in the County of Weld and State of Colorado, acting as the governing body of the Sanitary Water Enterprise of said City, for value received, hereby promises to pay to the Registered Owner (specified above), or registered assigns, solely from the special funds provided therefor, as hereinafter set forth, the Principal Sum (specified above), in lawful money of the United States of America, on the Maturity Date (specified above), with interest thereon from the Original Date (specified above), or the interest payment date to which interest has been paid next preceding the authentication date hereof, whichever is later, to the Maturity Date, except if redeemed prior thereto, at the per annum Interest Rate (specified above), payable semiannually on the first day of February and the first day of August of each year, commencing on [February 1, 2026], or the first such date after the date hereof, whichever is later, in the manner provided herein. If upon presentation at maturity payment of the Principal Sum is not made as provided herein, interest continues at the Interest Rate until the Principal Sum is paid in full.

[Bonds of this series maturing in the years _____ through _____ are not subject to optional redemption prior to their respective maturity dates. Bonds of this series maturing in the year _____ and thereafter are subject to optional redemption prior to their respective maturity dates, in whole or in part in inverse order of maturity and by lot within a maturity, on August 1, 20__, and on any date thereafter, at a price equal to the principal amount of each Series 2025 Bond so redeemed plus accrued interest thereon to the redemption date [plus a premium expressed as a percentage of the principal amount of each Series 2025 Bond so redeemed, depending on the redemption date, as follows:]

Redemption Dates

Premiums

Bonds of this series which are redeemable prior to their respective maturity dates may be redeemed in part if issued in denominations which are integral multiples of \$5,000. In such case the Series 2025 Bond is to be surrendered in the manner provided for transfers of ownership. Upon payment of the redemption price the Registered Owner is to receive a new Series 2025 Bond or Bonds of authorized denominations in aggregate principal amount equal to the unredeemed portion of the Series 2025 Bond surrendered.]

Notice of redemption of any Bonds of this series is to be given by the Paying Agent by sending a copy of such notice by certified or registered first-class postage prepaid mail, at least 30 days prior to the redemption date, to _____, _____, the Original Purchaser hereof, and to the registered owner of each of the Series 2025 Bonds being redeemed determined as of the close of business on the day preceding the first mailing of such notice at the address appearing on the registration books of the Registrar. Such notice is to specify the number or numbers of the Series 2025 Bonds to be redeemed, whether in whole or in part, and the date fixed for redemption, and is further to state that on the redemption date there will be due and payable upon each Series 2025 Bond or part thereof so to be redeemed the principal amount or part thereof plus accrued interest thereon to the redemption date plus any premium due and that from and after such date interest will cease to accrue. For so long as the Series 2025 Bonds are in book-entry form through The Depository Trust Company or its nominee, such notice may be given, in lieu of such mailing, by sending a copy thereof, by Federal Express or other nationally recognized overnight delivery service, or by electronic means, to The Depository Trust Company or its nominee. In addition, if the Series 2025 Bonds are in book-entry form, the Paying Agent is authorized to comply with any operational procedures and requirements of The Depository Trust Company relating to redemption of bonds and notice thereof. Failure to mail or send any notice as aforesaid or any defect in any notice so mailed or sent with respect to any Series 2025 Bond does not affect the validity of the redemption proceedings with respect to any other Series 2025 Bond.

The principal of, interest on, and any premium due in connection with the redemption of this Series 2025 Bond are payable to the Registered Owner by Zions Bancorporation, National Association, Denver, Colorado, or its successors, as Paying Agent. The principal and the final installment of interest are payable to the Registered Owner upon presentation and surrender of this Series 2025 Bond at maturity or upon prior redemption. Except as hereinbefore and hereinafter provided, the interest is payable to the Registered Owner determined as of the close of business on the regular record date, which is the first day of the calendar month next preceding the interest payment date, irrespective of any transfer of ownership hereof subsequent to the regular record date and prior to such interest payment date, by check or draft mailed to the Registered Owner at the address appearing on the registration books of the City maintained by Zions Bancorporation, National Association, Denver, Colorado, or its successors, as Registrar. Any interest hereon not

paid when due and any interest hereon accruing after maturity is payable to the Registered Owner determined as of the close of business on the special record date, which is to be fixed by the Paying Agent for such purpose, irrespective of any transfer of ownership of this Series 2025 Bond subsequent to such special record date and prior to the date fixed by the Paying Agent for the payment of such interest, by check or draft mailed as aforesaid. Notice of the special record date and of the date fixed for the payment of such interest is to be given by sending a copy thereof by certified or registered first-class postage prepaid mail, at least 10 days prior to the special record date, to Zions Bancorporation, National Association, Denver, Colorado, and to the Registered Owner of each Series 2025 Bond upon which interest will be paid determined as of the close of business on the day preceding such mailing, at the addresses appearing on the registration books of the City. Any premium is payable to the Registered Owner upon presentation and surrender of this Series 2025 Bond upon prior redemption. If the date for making or giving any payment, determination or notice described herein is not a Business Day, such payment, determination or notice is to be made or given on the next succeeding day which is a Business Day.

Payment of the principal of, interest on and any premium due in connection with the redemption of this Series 2025 Bond is to be made solely from, and as security for such payment there are irrevocably (but not necessarily exclusively) pledged, pursuant to the Sewer System General Ordinance (the "General Ordinance") and the Series Ordinance pertaining to the Bonds of this Series (the "Series Ordinance"), as supplemented by the Final Terms Certificate (the "Final Terms Certificate") pursuant to which this Series 2025 Bond is delivered (the General Ordinance, the Series Ordinance and the Final Terms Certificate being referred to collectively as the "Ordinances"), two special accounts, thereby identified as the Debt Service Account and the Debt Service Reserve Account, into which the City Council, acting as the governing body of the Sanitary Water Enterprise of the City, has covenanted in the Ordinances to pay, from certain revenues derived from the operation and use of and otherwise pertaining to the Sewer System (the "System") of the City (the "Income") after provision is made only for the payment of all necessary and reasonable current expenses of operating, maintaining and repairing the System (such remaining revenues being referred to as the "Net Pledged Revenues"), sums sufficient to pay when due the principal of, interest on and any premium due in connection with the redemption of the Series 2025 Bonds and any parity securities payable from such revenues, and to accumulate and maintain a specified reserve for such purposes. In addition, the City may at its option augment such funds with any other moneys of the City legally available for expenditure for the purposes thereof as provided in the Ordinances.

It is hereby recited, certified and warranted that for the payment of the principal of, interest on, and any premium due in connection with the redemption of this Series 2025 Bond, the City has created and will maintain said special funds and will deposit the Net Pledged Revenues therein, and out of said special funds, as an irrevocable charge thereon, will pay the principal of, interest on, and any premium due in connection with the redemption of this Series 2025 Bond in the manner provided by the Ordinances.

The Bonds of this issue are equitably and ratably secured by a lien on the Net Pledged Revenues, and such Bonds constitute an irrevocable and first lien, but not necessarily an exclusive first lien, upon the Net Pledged Revenues. Bonds and other obligations, in addition to the Bonds of this issue, subject to expressed conditions, may be issued and made payable from the Net Pledged Revenues having a lien thereon subordinate and junior to the lien of the Bonds of this

issue or, subject to additional expressed conditions, having a lien thereon on a parity with the lien of such Bonds in accordance with the provisions of the Ordinances.

The City Council covenants and agrees with the Registered Owner hereof that it will keep and will perform all of the covenants of this Series 2025 Bond and of the Ordinances described below.

This Series 2025 Bond is authorized and issued for the purpose of defraying the cost of constructing and installing additions and improvements to the Sewer System of the City under the authority of and in full conformity with the Constitution of the State of Colorado, the City Charter, the City Code of the City, and all other laws of the State of Colorado thereunto enabling and pursuant to Ordinances, hereinafter identified, duly adopted prior to the issuance of this Series 2025 Bond.

Reference is hereby made to the Ordinances for a description of the provisions, terms and conditions upon which the Bonds of this issue are issued and secured, including, without limitation, the nature and extent of the security for the Series 2025 Bonds, provisions with respect to the custody and application of the proceeds of the Series 2025 Bonds, the collection and disposition of the revenues and moneys charged with and pledged to the payment of the principal of, interest on, and any premium due in connection with the redemption of the Series 2025 Bonds, the terms and conditions on which the Series 2025 Bonds are issued, a description of the special funds referred to above and the nature and extent of the security and pledge afforded thereby for the payment of the principal of, interest on, and any premium due in connection with the redemption of the Series 2025 Bonds, and the manner of enforcement of said pledge, as well as the rights, duties, immunities and obligations of the City and the members of its Council and also the rights and remedies of the Registered Owners of the Series 2025 Bonds.

To the extent and in the respects permitted by the Ordinances, the provisions thereof, or any instrument amendatory thereof or supplemental thereto, may be modified or amended by action of the City Council of the City taken in the manner and subject to the conditions and exceptions provided therein. The pledge of revenues and other obligations of the City and its Sanitary Water Enterprise under the Ordinances may be discharged at or prior to the maturity or prior redemption of the Series 2025 Bonds upon the making of provision for the payment of the Series 2025 Bonds on the terms and conditions set forth in the Ordinances.

It is hereby recited, certified and warranted that all the requirements of law have been fully complied with by the proper officers of the City and the Sanitary Water Enterprise of the City in the issuance of this Series 2025 Bond; that it is issued pursuant to and in strict conformity with the Constitution and all other laws of the State of Colorado, including the City Charter, the City Code and the Ordinances; that this Series 2025 Bond does not contravene any constitutional or statutory provision or limitation of the State of Colorado, or any provision or limitation of the City Charter; and that this Series 2025 Bond is issued under the authority of the Ordinances.

This Series 2025 Bond is issued pursuant to the Supplemental Public Securities Act, Part 2 of Article 57, Title 11, C.R.S., and this recital shall be conclusive evidence of the validity and the regularity of issuance of this Series 2025 Bond after its delivery for value.

This Series 2025 Bond is transferable only upon the registration books of the City by Zions Bancorporation, National Association, Denver, Colorado, or its successors, as Transfer Agent, at the request of the Registered Owner or such Owner's duly authorized attorney-in-fact or legal representative, upon surrender hereof together with a written instrument of transfer duly executed by the Registered Owner or such Owner's duly authorized attorney-in-fact or legal representative with guaranty of signature satisfactory to the Transfer Agent, containing written instructions as to the details of the transfer, along with the social security number or federal employer identification number of the transferee and, if the transferee is a trust, the names and social security numbers of the settlors and the beneficiaries of the trust. The Transfer Agent shall accept this Series 2025 Bond for registration or transfer only if the Registered Owner is to be an individual, a corporation, a partnership, a limited liability company, a limited liability partnership or a trust. The Transfer Agent is not required to transfer ownership of this Series 2025 Bond during the 15 days prior to the first mailing of any notice of redemption or to transfer ownership of any Series 2025 Bond selected for redemption on or after the date of such mailing. The Registered Owner may also exchange this Series 2025 Bond for another Series 2025 Bond or Bonds of authorized denominations. Transfers and exchanges are to be made at the expense of the transferor or exchanger, and the Transfer Agent may also require payment of a sum sufficient to defray any tax or other governmental charge that may hereafter be imposed in connection with any transfer or exchange of Series 2025 Bonds. No transfer of this Series 2025 Bond is to be effective until entered on the registration books of the City maintained by the Registrar. In the case of every transfer or exchange, the Registrar shall authenticate and the Transfer Agent shall deliver to the new Registered Owner a new Series 2025 Bond or Bonds of the same aggregate principal amount, maturing in the same year, and bearing interest at the same per annum rate as the Series 2025 Bond or Bonds surrendered. Such Series 2025 Bond or Bonds shall be dated as of their date of authentication. The City may deem and treat the person in whose name this Series 2025 Bond is last registered upon the books of the City as the absolute owner hereof for the purpose of receiving payment of the principal of, interest on, and any premium due in connection with the redemption of this Series 2025 Bond and for all other purposes, and all such payments so made to such owner or upon such owner's order will be valid and effective to satisfy and discharge the liability of the City upon this Series 2025 Bond to the extent of the sum or sums so paid, and the City will not be affected by any notice to the contrary.

This Series 2025 Bond is a special and limited obligation payable solely out of and secured by an irrevocable, but not necessarily exclusive, pledge of the Net Pledged Revenues, as more specifically provided in the Ordinances. This Series 2025 Bond does not constitute a debt or an indebtedness or a multiple-fiscal year debt or other financial obligation of the City within the meaning of any constitutional, charter or statutory provision or limitation. This Series 2025 Bond is not payable in whole or in part from the proceeds of general property taxes or any other form of taxation, and the full faith and credit of the City is not pledged for the payment of the principal of or interest on this Series 2025 Bond.

IN WITNESS WHEREOF, the City Council of the City of Greeley, Colorado, acting by and through the Sanitary Water Enterprise of said City, has caused this Series 2025 Bond to be executed in its name and on its behalf with the manual or facsimile signature of the Mayor of the City, to be sealed with the manual or facsimile seal of the City, and to be signed and attested with the manual or facsimile signature of the City Clerk of the City.

APPROVING LEGAL OPINION

Set forth below is a true copy of the approving legal opinion of Kutak Rock LLP, delivered on the date on which the Series 2025 Bonds were originally issued:

_____, 2025

City of Greeley
1000 10th Street
Greeley, CO 80631

[Purchaser]

**\$[_____]
City of Greeley, Colorado,
acting by and through its
Sanitary Water Enterprise,
First-Lien Sewer Improvement Revenue Bonds
Series 2025**

Ladies and Gentlemen,

We have been engaged by the City of Greeley, Colorado (the “City”) to act as bond counsel in connection with the issuance of the above bonds (the “Series 2025 Bonds”). The Series 2025 Bonds are being issued by the City, acting by and through its Sanitary Water Enterprise (the “Enterprise”), pursuant to Ordinance No. 10, 2015 and Ordinance No. [____], 2025 (collectively, the “Bond Ordinance”), as supplemented by a Final Terms Certificate dated July __, 2025 (the “Final Terms Certificate”). The Bond Ordinance, as supplemented by the Final Terms Certificate, is referred to herein as the “Ordinance.” Capitalized terms used but not otherwise defined herein have the meanings assigned to them in the Ordinance.

In our capacity as bond counsel, we have examined the Constitution and the laws of the State of Colorado (the “State”), the home rule charter (the “Charter”) of the City, and the regulations, rulings and judicial decisions relevant to the opinions set forth in paragraph 2 below; the transcript of the proceedings relating to the issuance of the Series 2025 Bonds; the Ordinance, and such other certificates, documents, opinions and papers as we deem necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the certifications in the transcript of proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon and in reliance on the foregoing, we are of the opinion, under existing law and as of the date hereof, that:

1. The Series 2025 Bonds have been duly authorized, executed and delivered by the City under the laws of the State of Colorado now in force and are valid and binding special and limited obligations of the City, acting by and through the Enterprise, payable on the terms, and subject to the conditions, stated in the Ordinance, and enforceable according to their terms except to the extent such enforcement is limited by the bankruptcy laws of the United States of America,

by the reasonable exercise of the sovereign police power of the State of Colorado, and by the exercise of the powers delegated to the United States of America by the federal constitution.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. We express no opinion regarding other federal tax consequences arising with respect to the Series 2025 Bonds. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations.

3. Under Colorado statutes existing on the date hereof, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, interest on the Series 2025 Bonds is excludable from gross income for State of Colorado income tax purposes and from the calculation of Colorado alternative minimum tax.

The opinions expressed in numbered paragraphs (2) and (3) assume the accuracy of the City's representations and continuing compliance by the City with certain covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2025 Bonds. Failure to comply with such requirements could cause such interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes or could otherwise adversely affect such opinions, retroactive to the date of issuance of the Series 2025 Bonds. The City has covenanted in the Bond Ordinance and in the Tax Compliance Certificate executed and delivered in connection with the issuance of the Series 2025 Bonds to comply with such requirements. We express no opinion regarding other federal or state tax consequences arising with respect to the Series 2025 Bonds.

We express no opinion herein with respect to the accuracy, completeness or sufficiency of any documents prepared or used or statements made in connection with the offering or sale of the Series 2025 Bonds.

This opinion is delivered based and in reliance upon our examination of the laws, documents and other items specifically described in the second unnumbered paragraph hereof on the date hereof and we have no obligation to supplement or update this opinion based on or with respect to changes in such laws, documents or other items or with respect to any other event that occurs after the date hereof. The opinions expressed in this letter are given as of the date hereof, and we assume no obligation to update, revise or supplement this letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

NEW ISSUE
BOOK-ENTRY-ONLY

RATING: S&P Global Ratings: “[__]”
See “RATING”

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions and assuming the accuracy of certain representations and continuing compliance with certain covenants, interest on the Series 2025 Bonds (including any original issue discount properly allocable to the owner of a Bond) is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations. Bond Counsel is also of the opinion that, under existing State of Colorado statutes, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, interest on the Series 2025 Bonds is excludable from gross income for State of Colorado income tax purposes and from the calculation of Colorado alternative minimum tax. For a more detailed description of such opinions of Bond Counsel, see “TAX MATTERS” herein.

\$

City of Greeley, Colorado
acting by and through its Sanitary Water Enterprise
First-Lien Sewer Improvement Revenue Bonds
Series 2025

Dated: Date of Delivery

Due: August 1, as shown below

The First-Lien Sewer Improvement Revenue Bonds, Series 2025 (the “Series 2025 Bonds”) will be issued in fully registered book-entry-only form in denominations of \$5,000 or integral multiples thereof. The Series 2025 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), securities depository for the Series 2025 Bonds. Individual purchases are to be made in book-entry-only form in authorized denominations. Purchasers, as Beneficial Owners, will not receive certificates evidencing their ownership interest in the Series 2025 Bonds. Interest is payable [February 1, 2026] and semiannually thereafter each February 1 and August 1 to and including the maturity dates shown below, unless the Series 2025 Bonds are redeemed earlier.

The Series 2025 Bonds are issued for the purpose of financing the construction of additions and improvements to the sanitary sewer system (the “System”) operated by the Sanitary Water Enterprise of the City (the “Enterprise”). The Series 2025 Bonds are special, limited obligations of the City, acting by and through the Enterprise, and are payable solely from certain net pledged revenues, consisting of the net revenues of the System remaining after the payment of operation and maintenance expenses. See “SECURITY FOR THE SERIES 2025 BONDS—Security and Flow of Funds.” THE SERIES 2025 BONDS ARE NOT A DEBT, INDEBTEDNESS OR MULTIPLE FISCAL YEAR FINANCIAL OBLIGATION OF THE CITY AND ARE NOT PAYABLE IN WHOLE OR IN PART FROM THE PROCEEDS OF GENERAL PROPERTY TAXES OR ANY OTHER FORM OF TAXATION.

The Series 2025 Bonds are subject to redemption as described under the caption “THE SERIES 2025 BONDS—Redemption.”

This cover page is not a summary of the issue. Investors should read the Official Statement in its entirety to make an informed investment decision.

The Series 2025 Bonds are offered when, as, and if issued, subject to approval of validity by Kutak Rock LLP, Denver, Colorado, Bond Counsel, and certain other conditions. Certain legal matters will be passed upon for the City by the Office of the City Attorney. Hilltop Securities Inc. has acted as Financial Advisor to the City in connection with the Series 2025 Bonds. Delivery of the Series 2025 Bonds through DTC in New York, New York, is expected on or about July __, 2025.

SUMMARY OF THE OFFICIAL STATEMENT

- The City** The City of Greeley, Colorado (the “City”) is located in central Weld County approximately 52 miles north of the Denver, Colorado metropolitan area. It has a 2023 estimated population of 112,462 persons and covers approximately 50 square miles. The City was incorporated in 1886. It is a home rule city and operates under a Charter which provides for a council-manager form of government. See “THE CITY.”
- The Series 2025 Bonds.....** The City of Greeley, Colorado, First-Lien Sewer Improvement Revenue Bonds, Series 2025, in the aggregate principal amount of \$ _____* (the “Series 2025 Bonds”) are issued by the City, acting by and through its Sanitary Water Enterprise (the “Enterprise”), and will be delivered in Book-Entry form only through the facilities of The Depository Trust Company, New York, New York.
- Security** The Series 2025 Bonds are special and limited obligations of the City, acting by and through the Enterprise, payable solely out of and secured by an irrevocable pledge of and first lien (but not necessarily an exclusive first lien) upon the net income and revenue to be derived by the City from the operation of its municipal sanitary sewer system (the “System”) after payment of all necessary and proper costs of efficient operation and maintenance of the System. See “THE SERIES 2025 BONDS—Security.” The Series 2025 Bonds are not general obligations of the City and are not payable in whole or in part from the proceeds of general property taxes or any other form of taxation.
- Redemption** The Series 2025 Bonds will be subject to redemption prior to maturity as described under the caption “THE SERIES 2025 BONDS—Redemption.”
- The Sanitary Water Enterprise** The Enterprise was organized to facilitate the operation of the System on a fully self-supporting basis and operates as a City-owned business. The City Council of the City (the “Council”) and the Greeley Water and Sewer Board (the “Board”) manage the Enterprise. See “THE ENTERPRISE.”
- The System** The System was constructed for the purpose of providing sanitary sewer facilities and services to persons and property both inside and outside the City. It includes a collection system, lift stations, and treatment facilities. Owners of all improved properties in the City (and certain properties located outside of the City) are served by the System and pay service charges to the Enterprise. See “THE SYSTEM.”
- The Project** The Series 2025 Bonds are being issued for the purpose of (i) constructing additions and improvements to the System (the “Series 2025 Capital Project”), and (ii) to pay the costs of issuance of the Series 2025 Bonds.

* Preliminary; subject to change.

**Constitutional Limitations
on Taxes, Revenues,**

Borrowing and Spending In 1992, the Colorado Constitution was amended to impose substantial limitations, including voter approval requirements, upon the taxes, revenues, borrowing and spending of the State and local governments. The Series 2025 Bonds are permitted to be issued without voter approval under the provisions of such amendment which exclude “enterprises” and their bonds from such limitations. See “CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING.”

**Tax Treatment of Interest
on the Series 2025 Bonds.....**

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions and assuming the accuracy of certain representations and continuing compliance with certain covenants, interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations. Bond Counsel is also of the opinion that, under existing State of Colorado statutes, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, such interest is excludable from gross income for Colorado income tax purposes and from the calculation of Colorado alternative minimum taxable income. For a more detailed description of such opinions of Bond Counsel, see “TAX MATTERS.”

Professionals..... The following professionals are participating in the initial offering of the Series 2025 Bonds:

Bond Counsel: Kutak Rock LLP
2001 16th Street, Suite 1800
Denver, CO 80202

OFFICIAL STATEMENT

Relating to:

\$ _____ *

City of Greeley, Colorado
acting by and through its Sanitary Water Enterprise
First-Lien Sewer Improvement Revenue Bonds
Series 2025

INTRODUCTION

Generally

This Official Statement, including its cover page and appendices, is provided in connection with the issuance by the City of Greeley, Colorado (the “City”) acting by and through its Sanitary Enterprise (the “Enterprise”) of \$ _____ * aggregate principal amount of First-Lien Sewer Improvement Revenue Bonds, Series 2025 (the “Series 2025 Bonds”). The Series 2025 Bonds will be issued under a Sewer System General Revenue Bond Ordinance (the “General Ordinance”) adopted by the City Council (the “Council”), a Series 2025 First-Lien Sewer Improvement Revenue Bond Ordinance (the “Series Ordinance”) adopted by the Council, acting as such and as the governing body of the Enterprise, supplemented, as to certain final terms of the Series 2025 Bonds, by a Final Terms Certificate executed by the City’s Chief Financial Officer (the “Final Terms Certificate” and, collectively with the General Ordinance and the Series Ordinance, the “Bond Ordinances”). The term “City” as used in this Official Statement refers to the City and, where appropriate, to the City acting by and through the Enterprise. The City is a political subdivision of the State of Colorado (the “State”) organized and existing as a home-rule municipality under the laws of the State and a home rule charter (the “Charter”).

The Series 2025 Bonds will be payable solely from and secured by (i) an irrevocable pledge of and first lien upon the Net Pledged Revenues (as defined herein), and (ii) all funds, accounts and other property pledged by the City under the Series Ordinance. For a definition of the term “Net Pledged Revenues,” see “SECURITY FOR THE SERIES 2025 BONDS—Security and Flow of Funds.” The Series 2025 Bonds will be secured on a parity-lien basis with the City’s outstanding First-Lien Sewer Improvement Revenue Bonds, Series 2015, currently outstanding in the aggregate principal amount of \$2,415,000 (the “Series 2015 Bonds”), its First-Lien Sewer Improvement Revenue bonds, Series 2018, currently outstanding in the aggregate principal amount of \$8,670,000 (the “Series 2018 Bonds”), and its First-Lien Sewer Improvement Revenue Bonds, Series 2022, currently outstanding in the aggregate principal amount of \$19,955,000 (the “Series 2022 Bonds” and together with the Series 2015 Bonds and the Series 2018 Bonds, the “Parity Obligations”).

THE SERIES 2025 BONDS DO NOT CONSTITUTE A GENERAL OBLIGATION OF THE CITY AND ARE NOT PAYABLE IN WHOLE OR IN PART FROM THE PROCEEDS OF GENERAL PROPERTY TAXES OR ANY OTHER FORM OF TAXATION.

* Preliminary; subject to change.

Plan and Purpose of Financing

The Series 2025 Bonds are being issued for the purpose of financing a portion (the “Series 2025 Capital Project”) of a larger program of capital additions to the sanitary sewer system (the “System”) operated by the Enterprise, being undertaken with a combination of bond proceeds and other funds, for the purpose of increasing the System’s capacity to serve customers, replacing older components of the System and improving the reliability of the System. See “USE OF PROCEEDS—Sources and Uses of Funds.”

The references to and summaries of provisions of the Constitution and laws of the State and the descriptions of documents included herein do not purport to be complete and are qualified in their entirety by reference to the complete provisions thereof, copies of which are available from the City, or through the Underwriter during the period of the initial offering of the Series 2025 Bonds.

Capitalized terms used and not defined herein shall have the respective meanings specified in APPENDIX B hereto.

FORWARD-LOOKING STATEMENTS

THIS OFFICIAL STATEMENT CONTAINS STATEMENTS RELATING TO FUTURE RESULTS THAT ARE “FORWARD-LOOKING STATEMENTS” AS DEFINED IN THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. WHEN USED IN THIS OFFICIAL STATEMENT, THE WORDS “ESTIMATE,” “FORECAST,” “INTEND,” “EXPECT,” “PROJECTED” AND SIMILAR EXPRESSIONS IDENTIFY FORWARD-LOOKING STATEMENTS. SUCH STATEMENTS ARE SUBJECT TO RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM THOSE CONTEMPLATED IN SUCH FORWARD-LOOKING STATEMENTS. ANY PROJECTION IS SUBJECT TO SUCH UNCERTAINTIES. INEVITABLY, SOME ASSUMPTIONS USED TO DEVELOP THE PROJECTIONS WILL NOT BE REALIZED AND UNANTICIPATED EVENTS AND CIRCUMSTANCES WILL OCCUR. THEREFORE, IT CAN BE EXPECTED THAT THERE WILL BE DIFFERENCES BETWEEN FORWARD-LOOKING STATEMENTS AND ACTUAL RESULTS, AND THOSE DIFFERENCES MAY BE MATERIAL.

THE SERIES 2025 BONDS

Description of the Series 2025 Bonds

The Series 2025 Bonds are special and limited obligations of the City, acting by and through the Enterprise, and are issued for the purpose of financing a portion of the Series 2025 Capital Project. The Series 2025 Bonds are in the denominations, bear interest, mature, and are subject to the other terms and conditions stated on the cover page hereof.

Authority for Issuance

The Series 2025 Bonds are issued under authority of the Charter and Title 20, Chapter 2, Section 20-24 of the Greeley Municipal Code (the “Enterprise Ordinance”). Under the Enterprise Ordinance, the City has designated its sewer and sanitary sewer activities as an “enterprise” for purposes of Article X, Section 20 of the Colorado Constitution. See “THE ENTERPRISE.” As bonds of an enterprise, the Series 2025 Bonds are authorized to be issued without approval by the electors of the City. See “CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING.”

Registration and Payment

The Series 2025 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), as securities depository for the Series 2025 Bonds. For so long as the Series 2025 Bonds are in book-entry form, the principal of and interest on the Series 2025 Bonds will be payable at the office of Zions Bancorporation, National Association, or its successors, as Paying Agent and Registrar (the “Paying Agent”). Interest on the Series 2025 Bonds is payable by wire transfer to Cede & Co. upon written instruction or by check or draft mailed by the Paying Agent to the registered owners of the Series 2025 Bonds whose names and addresses appear in the registration books of the City on the Regular Record Date, i.e., the fifteenth day, whether or not a business day, of the calendar month preceding the interest payment date. Under certain circumstances a Special Record Date may be fixed by the Paying Agent to determine ownership of the Series 2025 Bonds for the purpose of paying interest not paid when due or interest accruing after maturity.

Book-Entry-Only System

DTC will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Series 2025 Bond will be issued for each maturity of the Series 2025 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. For information regarding DTC, see “APPENDIX F—INFORMATION RELATED TO BOOK-ENTRY-ONLY SYSTEM.”

Redemption

The Series 2025 Bonds are subject to redemption prior to maturity as follows:

Optional Redemption. Series 2025 Bonds maturing on August 1, 20__ and thereafter are subject to optional redemption, at the option of the City, prior to maturity, on August 1, 20__ or any date thereafter, in whole or in part, and if in part in such order of maturity as the City shall determine and by lot within maturities, at a redemption price of par plus accrued interest to the redemption date, without redemption premium.

Notice of Redemption. Notice of redemption of any Series 2025 Bonds is to be given by the Paying Agent by sending a copy of such notice by electronic means or first-class mail, postage prepaid, at least 30 days prior to the redemption date, to the Underwriter and to the registered owner of each Series 2025 Bond all or a portion of which is called for prior redemption, at his or her address as it last appears on the registration records kept by the Paying Agent. For so long as the Series 2025 Bonds are in book-entry form, any such redemption notice may be given, in lieu of such mailing, by sending a copy thereof by electronic means to DTC or its designee. Failure, as to any Series 2025 Bond, to send such notice as provided above, or any defect therein, does not affect the validity of the proceedings for the redemption of any other Series 2025 Bonds. Any failure of DTC to advise any Participant, or of any Participant or in direct participant to notify the Beneficial Owner, of any such notice and its content or effect does not affect the validity of the redemption of the Series 2025 Bonds called for redemption or any other action premised on that notice.

In the event of a call for redemption, the City’s notification to DTC initiates DTC’s standard call procedure. In the event of a partial call, DTC’s practice is to determine by lot the amount of the interest of each Participant in the Series 2025 Bonds to be redeemed, and each such Participant then selects by lot the ownership interest in such Series 2025 Bonds to be redeemed. When DTC and Participants allocate the call, the Beneficial Owners of the book-entry interests called are to be notified by the broker or other

organization responsible for maintaining the records of those interests and subsequently credited by that organization with the proceeds once the Series 2025 Bonds are redeemed.

Continuing Disclosure Undertaking

In order to facilitate compliance by the Underwriter with Securities and Exchange Commission Rule 15c2 12 (the “Rule”), the City will enter into an undertaking (in substantially the form set forth in APPENDIX E hereto) (the “Continuing Disclosure Undertaking”) to provide certain information, including audited financial results, on an annual basis, and to provide notice of certain specified events contemplated by the Rule. Such information is to be uploaded to the Electronic Municipal Market Access system (“EMMA”) of the Municipal Securities Rulemaking Board. The specific information required to be provided by the City under the Continuing Disclosure Undertaking includes: (a) notice of the occurrence of any of the events enumerated in the Rule; (b) annual audited financial statements (each an “Audit”); and (c) annual operating results with respect to the data provided in Tables VI, VII, IX and X herein.

The City has entered into numerous continuing disclosure undertakings (the “Previous Undertakings”) in connection with other financings. During the past five years, the City has been subject to the requirements of such Previous Undertakings. In connection with the preparation of a previous Official Statement, it came to the attention of the City that certain operating data required to be filed under the City’s Previous Undertaking for its outstanding Water Revenue Bonds, Series 2018 had been inadvertently omitted. The omitted information, as well as the required failure to file notice related thereto, was filed on November 22, 2019. Additionally, while the City’s Audits have been uploaded and are currently available on EMMA, the Audit for fiscal year ended December 31, 2020 and the 2020 operating data were not timely filed in accordance with the terms of the Previous Undertakings, and the City did not timely file a notice of failure to file related thereto, as required by the Previous Undertakings. Finally, certain operating data required by the Previous Undertakings in connection with certain of the City’s outstanding bonds and certificates of participation were omitted from the City’s previous filings. The omitted operating data were filed on EMMA on February 11, 2022, along with the required failure to file notice. The February 11, 2022 failure to file notice also provided notice of the late 2020 Audit and 2020 operating data. The City has modified its procedures to ensure compliance with the requirements of its continuing disclosure undertakings.

Failure to perform the Continuing Disclosure Undertaking does not constitute an Event of Default under the Bond Ordinance, but any such failure may materially and adversely affect secondary market trading in the Series 2025 Bonds.

SECURITY FOR THE SERIES 2025 BONDS

Security and Flow of Funds

The General Ordinance and the Series Ordinance. The Series 2025 Bonds are to be issued pursuant to a Sewer System General Revenue Bond Ordinance (the “General Ordinance”) and a Series 2025 First-Lien Sewer Improvement Revenue Bond Ordinance (the “Series Ordinance”), adopted by the Council, acting as such and as the governing body of the Enterprise, supplemented, as to certain final terms of the Series 2025 Bonds, by a final terms certificate executed by the Chief Financial Officer (the “Final Terms Certificate” and, together with the General Ordinance and the Series Ordinance, the “Bond Ordinances”). The Bond Ordinances provide for the security and sources of payment of the Series 2025 Bonds and direct the application of the proceeds of the Series 2025 Bonds as follows: (a) a portion of the Series 2025 Bond proceeds is to be deposited in the Series 2025 Capital Project Account (the “Series 2025 Capital Project Account”) for the purpose of financing the Series 2025 Capital Project described under the caption “USE OF PROCEEDS—Sources and Uses of Funds”; and (b) a portion of the Series 2025 Bond proceeds is to

be applied to the payment of the costs of issuance of the Series 2025 Bonds. The Bond Ordinances provide that they are irrevocable until the Series 2025 Bonds and the interest thereon are fully paid. There follow brief summaries of certain material provisions of the Bond Ordinances.

Pledged Revenues and Flow of Funds. The General Ordinance defines the System to include the System presently owned and operated by the City, acting by and through the Enterprise, together with all Equipment and Improvements to the System (but excluding Special Facilities) and any other property or facilities specifically added to the System by ordinance of the Council. The Income of the System is defined in the General Ordinance to include all rates, fees, or charges for services furnished by, or the direct or indirect use of the System, together with any interest income of the System attributable to the investment of moneys in the accounts created in the General Ordinance and not specifically excluded from the lien of the General Ordinance, and subject to certain exclusions enumerated in the full text of the definition of “Income” in APPENDIX B hereto. See “THE SYSTEM—Sources of Revenue.”

The General Ordinance establishes a special account (the “Income Account”) into which is to be deposited all Income. The Income Account may be maintained as a subfund, account or subaccount of the Sewer Enterprise Fund.

The Income on deposit in the Income Account is to be deposited and applied in the following order of priority:

FIRST, to the payment of necessary and proper costs of operating and maintaining the System (“Operation and Maintenance Expenses”) as they become due (the Income less such Operation and Maintenance Expenses being referred to as the “Net Pledged Revenues”);

SECOND, to the Debt Service Account in monthly installments sufficient to pay any interest accrued and due on the next interest payment date and a ratable portion of the next installment of principal, if any, on the Series 2025 Bonds and similar installments with respect to any outstanding parity securities;

THIRD, to the payment of the Debt Service Requirements of obligations having a lien on the Net Pledged Revenues subordinate to the lien of the Series 2025 Bonds and other outstanding First Lien Revenue Obligations; and

FOURTH, to any other lawful purpose determined by the Council, acting as the governing body of the Enterprise.

Moneys in any or all of the foregoing accounts may, to the extent provided by the Final Terms Certificate, be made subject to transfer to an Excess Investment Earnings Account. In order to give effect to the requirements of both the Greeley Municipal Code and the General Ordinance, the City may, to the extent necessary, advance, subject to reimbursement, moneys required for the payment of Operation and Maintenance Expenses from funds earmarked for Improvements or Capital Projects, and may also, to the extent necessary, advance, subject to reimbursement, Net Pledged Revenues required for the payment of Debt Service Requirements of Obligations from funds earmarked for Operation and Maintenance Expenses. Nothing in the General Ordinance prevents the City from creating subfunds or subaccounts for the purpose of recording payments and accumulations in a manner consistent with the accounting principles which may be employed by the City from time to time.

Rate Maintenance. In the General Ordinance, the City covenants, among other things, to prescribe, revise and collect fair and reasonable rates, fees and charges for use of the System which shall produce Income sufficient, together with any other moneys legally available therefor and credited to the Income

Account, to make the payments and accumulations required by the Ordinances; and which shall produce Net Pledged Revenues in each ensuing Fiscal Year at least equal to the sum of 125% of the Combined Annual Debt Service Requirements of all Outstanding First-Lien Revenue Obligations and 105% of the Combined Annual Debt Service Requirements of all Outstanding Subordinate Revenue Obligations, plus any amounts required to meet then existing deficiencies pertaining to any fund or account relating to the Net Pledged Revenues or any securities payable therefrom. For purposes of compliance with the Ordinances, including the Rate Maintenance Covenant, there may be counted as Income any funds contributed to the System by the City.

First-Lien Bonds. Pursuant to the General Ordinance, the Series 2025 Bonds and any Additional First-Lien Revenue Obligations constitute a first and prior (but not necessarily exclusive) lien on the Net Pledged Revenues. The Series 2025 Bonds are secured on a parity-lien basis with the Parity Obligations, which currently includes the Series 2015 Bonds, the Series 2018 Bonds, and the Series 2022 Bonds.

Additional Obligations. Additional Obligations may be issued, subject to certain provisions of the Bond Ordinances.

The General Ordinance prohibits the issuance of Obligations having a claim to the Income prior or superior to that of the Series 2025 Bonds. Subordinate securities may be issued at any time.

The Series 2025 Bonds are being issued on a parity with the Parity Obligations. Additional First-Lien Revenue Obligations may be issued provided that, at the time of their issuance: (a) the City is not in default under the provisions of the Bond Ordinances; and (b) the Net Pledged Revenues for the last complete Fiscal Year or any 12 consecutive whole months out of the last 18 prior to the issuance of the proposed Additional First-Lien Revenue Obligations, as certified by the City Manager or a Consulting Engineer or Independent Accountant, must have been equal to at least 125% of the Maximum Annual Debt Service Requirements of the Series 2025 Bonds and Additional First-Lien Revenue Obligations then Outstanding and the Additional First-Lien Revenue Obligations proposed to be issued. If any adjustment in System rates or fees is to be effective during or prior to any Fiscal Year in which the Maximum Annual Debt Service Requirements occur, the Net Pledged Revenues may be adjusted to reflect the Net Pledged Revenues which would have been produced had the modified rates been in effect throughout such Fiscal Year.

For a more detailed description of the Bond Ordinances, see APPENDIX B hereto.

[Remainder of Page Intentionally Left Blank]

Debt Service Requirements

The following table shows the debt service requirements of the Series 2025 Bonds and the debt service requirements of the Parity Obligations, including the First-Lien Sewer Improvement Revenue Bonds, Series 2015 (the “Series 2015 Bonds”), the First-Lien Sewer Improvement Revenue Bonds, Series 2018 (the “Series 2018 Bonds”), and the First-Lien Sewer Improvement Revenue Bonds, Series 2022 (the “Series 2022 Bonds”).

Debt Service Coverage

For the years 2019-2024 (the City’s fiscal year being the calendar year), the following table shows Net Pledged Revenues (see “APPENDIX B—SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL ORDINANCE AND THE SERIES ORDINANCE—Definitions”) and coverage ratios (i) with respect to historic actual debt service in each such year on Parity Obligations and (ii) with respect to projected maximum annual debt service on the Series 2025 Bonds and Parity Obligations (“Projected Maximum Annual Debt Service”). Outstanding Parity Obligations include the Series 2015 Bonds, Series 2018 Bonds, and Series 2022 Bonds. See “SECURITY FOR THE SERIES 2025 BONDS—Security and Flow of Funds—*Additional Obligations*.”

¹ Operating Expenses, as defined in the Bond Ordinance and for purposes of computing Net Revenues, do not include depreciation.

² Due to a change in accounting presentation in 2021, 2022, and 2023, the City’s audited financial statements for 2021 and 2022 included plant investment fees with fixed assets and other non-cash capital contributions. This table reflects only cash that would otherwise be available for the payment of debt service.

³ Does not include unrealized gains or losses on investments or gains or losses on the sale of fixed assets. Includes certain investment income, rents, oil and gas royalties and other non-operating revenue.

⁴ Includes historical debt service on the Series 2015, Series 2018 Bonds, and Series 2022 Bonds (as applicable) actually paid in each fiscal year.

The Series 2025 Capital Project

The proceeds of the Series 2025 Bonds are to be used to pay expenses of issuance of the Series 2025 Bonds and to finance the Series 2025 Capital Project.

The Series 2025 Capital Project represents a portion of a comprehensive program of additions and improvements to the System being carried out with a combination of Series 2025 Bond proceeds and other funds for the purpose of increasing the System's reliability, replacing older components of the System, and adding capacity to serve customers. The Series 2025 Capital Project includes expenditures for replacing and upgrading various components of the Wastewater Treatment and Reclamation Facility, expanding trunk sewer lines, and investing in regional wastewater treatment capacity.

THE ENTERPRISE

The Enterprise is not a separate corporate entity from the City but operates as a self-supporting business owned by the City and managed by the Council and the Board, as provided in the City Charter and the Greeley Municipal Code.

The Board

The Charter establishes the Board and provides that the Board has the power and duty to (i) annually establish minimum sewer rates (which may not be lowered by the Council) sufficient to pay for all operation and maintenance of the System, all debt service requirements, and any additions to a reserve account to offset depreciation, and (ii) acquire, develop, convey, lease and protect the City's sewer assets, supplies and facilities.

The Charter provides that all funds received from sewer rates are to be used only for the operation, maintenance, replacement of and additions to the System. The Board recommends a separate annual System budget to the City Manager, and also submits long-term capital plans for the System to the Council. The Charter expressly authorizes the conduct of the System as an "enterprise" within the meaning of Article X, Section 20 of the Colorado Constitution; see "CONSTITUTIONAL LIMITATIONS ON TAXES,

REVENUES, BORROWING AND SPENDING.” (The Charter contains similar provisions, and the Board has similar powers and duties with respect to the City’s water system, which is a separate enterprise.)

The Board has ten members, seven of whom are appointed by the Council for five-year terms. The other three members are the Mayor, the City Manager, and the Director of Finance, who are nonvoting members. The Board annually elects an appointed member as its chairman. The present appointed Board members, their respective terms of office, length of service on the Board, and principal occupations are as follows:

Board Member	Present Term Expires (June)	Years on the Board	Principal Occupation
Harold Evans, Chairman	2027	28	Builder/Developer
Mick Todd, Vice Chairman	2028	27	President—Real Estate Management Company
Matt Anderson	2029	-- ¹	General Contractor
Tony Miller	2028	12	Banker
Joe Murphy	2025	15	Real Estate Agent
Fred Otis	2029	20	Attorney
Cheri Witt-Brown	2026	4	Non-Profit Executive

¹ Matt Anderson was appointed June 2024.

The Board is advised by the Office of the City Attorney, including City Attorney Stacey Aurzada, Deputy City Attorney Jerrae Swanson, Senior Environmental and Water Resources Attorney Dan Biwer, and is also represented in certain matters by independent legal counselors Jim Noble and Carolyn Burr.

The Water and Sewer Department

Director of the Water and Sewer Department. The Director of the Water and Sewer Department oversees the operation and maintenance of the City’s separate water and sanitary sewer systems, and coordinates and guides the Water and Sewer Department’s advocacy on rule makings and legislative positions. Sean Chambers is the Director of the Water and Sewer Department. Mr. Chambers has been employed by the City since 2018. Mr. Chambers is also the Chair of the South Platte Basin Roundtable, a regional water planning and advocacy body organized by the Colorado Water Conservation Board. Prior to his joining the City of Greeley, he was President of the Pikes Peak Regional Water Authority, managed two special district water providers, and worked as a water resource planning and economic consultant. Mr. Chambers earned his Bachelor of Science in agricultural and natural resource economics from Colorado State University and has more than 20 years of professional experience developing and managing municipal water utilities, utility operations teams and water rights portfolios in the State. Mr. Chambers is a 2013 alumnus of the Colorado Foundation for Water Education’s Water Leaders, and he is an experienced leader in the municipal water utility sector.

Deputy Director of Water Resources. Leah Hubbard serves as Deputy Director of Water Resources for the City, where she oversees a team responsible for long range water supply planning, raw water operations, water acquisition, and non-potable water for the Water and Sewer Department. Ms. Hubbard holds a Bachelor of Science in watershed science from Colorado State University and a Master of Science in legal studies from Arizona State University. She is dedicated to municipal water supply and has worked for water utilities in Arizona and Colorado. Ms. Hubbard has worked for Greeley Water and Sewer since 2019.

Deputy Director of Water and Wastewater Operations. Rebecca Andrus is the Deputy Director of Operations and Maintenance of the Water and Sewer Department. In her position, Ms. Andrus oversees an operations and maintenance team with more than 110 full-time employees. Under her leadership, the team manages the Department's instrumentation and industrial controls, two water treatment plants, the wastewater treatment plant, collection/distribution facilities, water quality, and regulatory compliance. Ms. Andrus is a professional engineer with experience in both the public and private sector in some of the most difficult water quantity and quality areas in the country including Central Valley California, the Chesapeake Bay Watershed, Arizona, Utah, and Colorado. For the past 14 years, Ms. Andrus has been working for municipal government to plan, design, construct, and operate water and wastewater facilities. She has a Bachelor of Science degree in Biological and Agricultural engineering from Utah State University and has worked for Greeley's Water and Sewer Department since February of 2023.

Chief Engineer. Adam Prior is the Chief Engineer of the Water and Sewer Department and is responsible for managing a team of engineers that completes capital and rehabilitation projects across the different water and wastewater systems owned and operated by the City. Mr. Prior has managed this team as the chief engineer for nine years and has performed or managed engineering and projects for the City's infrastructures that includes six raw water reservoirs, three treatment plants, 643 miles of water mains, 365 miles of collection lines, 10 sewer lift stations, three potable storage facilities, and two water pump stations. Mr. Prior has a Bachelor of Science in physics from Doane University, a Bachelor of Science and Master of Science in civil engineering from Colorado State University, and his professional engineering license which primarily focused on different aspects of water system design, construction, and management. Mr. Prior has 22 years of diverse engineering experience that includes private industrial engineering and operations management, consulting engineering, public sector construction management, and facility construction. These experiences allow him to research, plan, innovate, and implement projects in a timely, accurate, economic and detailed manner for the benefit of the City and community.

Utility Finance and Business Manager. Erik Dial is the Deputy Director of Utility Finance and Customer Service for the Water and Sewer Department. He oversees the water and sewer department's financial management, rate setting, utility billing/customer service, meter services, development review, and water conservation efforts. Mr. Dial previously worked 10 years at a municipality in Arizona in utility and community development roles. Mr. Dial earned a Bachelor of Science degree in forestry from Northern Arizona University and a Master of public administration and policy degree from the University of Arizona. Mr. Dial has 25 years of municipal utility and finance experience and has worked for Greeley Water and Sewer since 2010.

Water and Sewer Utility Finance Manager. Dr. Virgil Pierce is the Utility Finance Manager for the Water and Sewer Department. His unit is responsible for day-to-day financial operations of the department, annual budget and rate setting activities, key accounts customer service and other revenue protection activities, and long-range financial planning. He has worked for the department since 2022. Dr. Pierce joined the city following an 18-year career with public universities having served as a researcher, professor, department chair, and associate dean. He earned a Bachelor of Arts in mathematics from Boston University and a Doctor of Philosophy in mathematics from the University of Arizona.

Employees. The Water and Sewer Department is currently staffed with 184 full time equivalent employees, with approximately 45 of those employees allocated to the System. All wastewater plant operators and personnel have the appropriate levels of certification as required by the State Plant Operators Certification Board.

THE SYSTEM

General

The City provides wastewater services to a population of approximately 112,609. The wastewater collection and treatment facilities, which are operated as an enterprise, provide sanitary sewer facilities and services to persons and property within the City and to certain persons and property outside the City. These facilities are operated on a fee-for-service basis under a uniform system of rates designed to charge System customers for their relative share of the cost of sanitary sewer services and facilities.

Wastewater Collection System. The wastewater collection system comprises 398.15 miles of pipes and force mains ranging in size from 4-inch to 54-inch in diameter and contains 8,576 manholes. There are also 11 lift stations associated with flow conveyance with capacities ranging from 80 gallons per minute (“gpm”) to 1,700 gpm. There is a wide range of pipe materials within the collection system consisting of vitrified clay, reinforced concrete, ductile iron, cast iron, polyvinyl chloride, and high-density polyethylene.

The City is an older city, with some of the collection system dating back to 1889. The average age of the System is 38 years, with 60% of the System being more than 50 years old, and 7% of the System being more than 100 years old.

The City follows a continuing program providing extensive rehabilitation of the wastewater collection system on an on-going basis. Since 1988, 60 miles of the collection system have been rehabilitated using various trenchless technologies, such as cured-in-place pipe (“CIPP”) and sliplining. During the past three years the amount of line rehabilitated using CIPP has increased by 2.8 miles. In addition, 23,000 linear feet of lines have been replaced since 1980, with an average replacement value of 1,000 linear feet over the last three years. The status of development of the Wastewater Collection System during the past five years is reflected in the following table:

TABLE III
Wastewater Collection System Development

Year	Total Sewer Connections	Total Miles of Sewage Collection Lines
2020	26,827	370.29
2021	27,039	375.53
2022	27,587	384.70
2023	27,807	389.73
2024	28,021	398.10

Source: The City

Wastewater Treatment and Reclamation Facility (Treatment Plant). Flows collected within the wastewater collection system are conveyed to the System’s Wastewater Treatment and Reclamation Facility (“WTRF”). It is a secondary treatment facility containing a conventional activated sludge treatment system. The annual average flow treated is approximately 7.4 million gallons per day (“MGD”) with the plant having a design flow capacity of 14.7 MGD. Disinfection is provided utilizing an ultraviolet system prior to discharge to the Cache La Poudre River. Solids are anaerobically digested, and land applied following dewatering. A master plan that addressed the future needs of the liquid processes of the WTRF was initiated in 2018 and completed in 2019. The master plan outlined a capital improvement plan intended

to ensure the WTRF can meet new treatment regulations expected to become effective over the next 20 years as well as aging infrastructure replacement. The first phase of the master plan was completed in 2023, addressing certain requirements under Water Quality Control Commission Regulation 5 CCR 1002-85, Nutrients Management Control Regulation (“Regulation 85”). Construction of the second phase of the master plan began in early 2025. The current capital improvement plan for the WTRF reflects the remaining recommendations from the master plan. A master plan to address future needs of the solids treatment process and long-term planning was initiated in early 2025.

Capital Improvement Program

The wastewater collection and treatment facilities have a five-year Capital Improvement Plan (the “Capital Improvement Plan”) which is updated and revised annually. The Capital Improvement Plan includes a list of projects designed to meet the needs of current customers and provide for future development. The 2024-2029 Capital Improvement Plan includes \$144 million for various facility improvements. Approximately \$44 million of such amount is expected to be funded from proceeds of the Series 2025 Bonds. The remaining portion would be funded from System revenues and an additional debt issuance of approximately \$43.5 million expected in 2027 and 2029.

TABLE IV
Five-Year Projected System Capital Improvements

	2025	2026	2027	2028	2029	Total
Expansion	\$ 8,257,460	\$ 6,010,349	\$ 3,025,136	\$ 2,925,136	\$12,959,000	\$ 33,177,081
Replacement	<u>24,260,956</u>	<u>40,567,181</u>	<u>25,911,388</u>	<u>12,314,563</u>	<u>7,799,747</u>	<u>110,853,835</u>
Total:	<u>\$32,518,416</u>	<u>\$46,577,530</u>	<u>\$28,936,524</u>	<u>\$15,239,699</u>	<u>\$20,758,747</u>	<u>\$144,030,916</u>

Source: The City

WTRF Regulation 85 Nutrient Removal Capital Improvements. The City spent roughly \$35 million to invest in the capital improvements needed to meet Regulation 85 requirements. The budget included upgrades to the WTRF’s four aeration basins to provide for enhanced biological nutrient reduction. Additionally, the Regulation 85-related work included significant new pumping and mixing equipment, instrumentation, and controls improvements, and 3 additional basins to aid in phosphorus and nitrogen removal. Design of these improvements was completed in early 2021 and construction was completed in late 2023.

Regulation 85 upgrades have successfully improved the WTRF’s ability to remove nitrogen and phosphorus in preparation for future regulatory requirements. The City is enrolled in a voluntary nutrient incentive program through the Colorado Department of Public Health and Environment that will grant up to an additional 10-years’ worth of credit to comply with discharge requirements of the first permit issued beyond 2027. These credits are granted based on data collected from the start of 2018 through the end of 2027. Prior to the Regulation 85 upgrades, the City had received 27 months’ worth of compliance extension via this nutrient incentive program from 2018 through 2023. Following the completion of Regulation 85 upgrades, the City gained an additional 22 months’ worth of compliance extension in 2024 alone. These upgrades have successfully provided improvements to water quality, and with them the City is now on pace to receive between 9- and 10-years’ worth of additional compliance extension to meet future permit conditions.

WTRF Primary Treatment Phase II. The City completed design for the WTRF Primary Treatment Phase II upgrades in 2024 with construction beginning in early 2025 and anticipated to be completed at the end of 2027. This phase of the work will replace aging infrastructure including the influent pumps, the bar screens, grit chambers, headworks gates, primary clarifier mechanisms, primary sludge pumps, piping,

valves and associated electrical components. In addition to replacing aging infrastructure, a new emergency generator will be installed for site-wide backup power as required by State regulations. A phosphorus side stream treatment process will also be added to aid in achieving nutrients Voluntary Incentive Program (“VIP”) credits. The existing ammonia side stream treatment process will be upgraded, in conjunction with the Primary Treatment Phase II project, also aiding in the achievement of VIP credits.

WTRF Odor Control. The city has completed an odor control study and will be entering the design phase to plan for odor mitigation installation and improvements to the WTRF facility in late 2025. This will address areas on the plant that have the potential to cause nuisance odors that could travel offsite. Further odor control projects are in the 2031-2034 timeframe.

Poudre Trunk Line and North Greeley Sewer Phase IIA. In the latest sanitary sewer system master plan, the City had planned two extensions to the trunk sewer system that would expand the City’s ability to serve areas that are expected to develop in the near future. The Poudre Trunk Line, which was completed in 2023, now provides service to the region of the City generally from 83rd Avenue west, north of 10th Street, and south of the Poudre River. The line was constructed by development in the area and the City’s portion of the project cost was for oversizing the pipe to serve neighboring areas. The North Greeley Sewer Phase IIA project will complete a section of the existing trunk sewer system in northeast Greeley. The current sanitary sewer system does not have the capacity to extend to the west, along O Street, and serve any future growth north of the Poudre River. As a result, no significant growth can occur along the O Street corridor, between 23rd and 95th Avenues until this trunk line is constructed. A portion of the project was constructed in 2018-2019, the remainder of the construction is planned to begin in October 2025 and is projected to be completed in the summer of 2026. The project is currently under contract with Connell Resources. \

East Greeley Sanitary Sewer System Expansion. The City is planning the replacement and relocation of Lift Station #9 on the East side of the City. Design on the lift station, force main, and trunk line extensions to the east, from existing to proposed locations, are tentatively slated for 2028 to 2029. The existing lift station will be abandoned, with its replacement being built approximately two miles to the east and north. This project will open sanitary sewer service to a large portion of east Greeley currently unable to connect to the system.

West Greeley Expansion. The City is currently in the planning phases of a potential project on the west side of Greeley, north of U.S. 34 between Weld County Road 17 and State HWY 257. This project would require the construction of a new sanitary sewer collections system and trunk mains. The project will be completed in multiple phases, but the construction of a portion of the collection system and offsite trunk mains is required for the first phase of the new development in 2025-2026.

Sanitary Sewer System Rehabilitation. As discussed in “THE SYSTEM—Wastewater Collection System,” the City rehabilitates thousands of linear feet of sewer mains each year through trenchless technologies, typically with cured in place pipe. In 2025, the City is beginning construction of a few rehabilitation projects in the central parts of Greeley, between 47th Avenue and 35th Avenue. Starting in July 2025, construction will commence on sewer main upgrades to alleviate undersized mains in 47th Avenue. Over the next three to five years, two similar projects will begin, to address capacity concerns and aged and failing sewer mains and manholes tributary to the 35th Avenue trunk line, which flows north to the Poudre Trunk Line. As parts of the City build-out and connect to older infrastructure, upgrades of this nature have become a priority.

Environmental Concerns

The operation of the System is subject to substantial environmental regulation under both state and federal law. Although System management believes it is in compliance with all material regulations affecting the System, there can be no assurance that future compliance with such requirements would not frustrate otherwise feasible projects or result in increased capital or operating expenses for the System.

Customers of the System

The following table sets forth the ten largest customers of the System for 2024.

TABLE V
2024 Ten Largest Customers of the System

Customer	Total User Charge Revenue Collected	Percent of Total Service Charges Collected ¹
Food Manufacturer	\$ 433,185	2.22%
University	401,459	2.06
Pet Food Manufacturer	331,830	1.70
Hospital	287,514	1.47
Industrial Laundry	261,721	1.34
County Government	200,346	1.03
School District	188,197	0.96
Mobile Home Park	130,397	0.67
Mobile Home Park	98,910	0.51
Mobile Home Park	91,311	0.47
Total	<u>\$2,424,870</u>	<u>12.42%</u>

¹ Based on total sewer service billings of \$19,528,560 in 2024.
Source: The City

Sources of Revenue

The Sewer Fund. The Enterprise maintains the Sewer Fund, which accounts for the revenues and expenses of the System. Moneys derived from one-time Plant Investment Fees and monthly fees are credited to the Sewer Fund. In general, monthly fees are allocated to operating and system improvement projects while connection fees are allocated to growth-related projects. All of these fees are Income and part of the pledged revenues securing the Series 2025 Bonds and Parity Bonds.

System Billing Practices and Collection Procedure. Customers of the System are billed for monthly service charges and usage fees for water, sanitary sewer and storm drainage services in the same bill. For delinquent accounts, the City may disconnect sewer service until the bill, plus a reconnection fee, has been paid. A final notice and a shutoff notice are given before services are terminated. The Water and Sewer Department reports that an insignificant number of sewer service charges have been written off as bad debt in recent years. The Greeley Municipal Code provides that bills for sewer service constitute a charge and lien upon the premises from which the sewage is taken.

Plant Investment Fees. The primary sources of revenue of the System include Plant Investment Fees, which are one-time fees imposed for the privilege of tapping or connecting to the System, and Sewer Service Charges, which are the monthly fees and usage amounts charged to the customers of the System (see “Sewer Service Charges” below).

Plant Investment Fees have been charged by the City to System customers at the following rates during the years 2020 through 2025:

TABLE VI
Wastewater Plant Investment Fees

	2020	2021	2022	2023	2024	2025 ¹
Single Family Detached (per unit)	\$ 6,000	\$ 6,800	\$ 6,800	\$ 6,900	\$ 7,500	\$ 8,650

Wastewater Plant Investment Fee revenues have been as follows:

TABLE VII
Wastewater Plant Investment Fee Revenues

Year	Connection Fee Revenue
2020	\$ 979,155
2021	2,202,104
2022	5,796,600
2023	2,237,285
2024 ¹	2,024,715

¹ Estimated figures as of December 31, 2024 (unaudited).

Source: The City

Sewer Service Charges. Service charges for single-family and multifamily users of the System are assessed based upon the user's average monthly water consumption computed from meter readings taken during the winter period. The City recently reduced the assumed usage per single family home from 3,900 gallons per month to 3,500 gallons per month to reflect an overall reduction in sewer flows from these customers over the last ten years; a change driven by improved fixture and appliance efficiencies. Service charges for commercial users are assessed based upon the user's total water consumption each month while charges for industrial users are based upon the user's monthly metered sewer flow. The current Sewer volume charge for a single-family user is \$4.66 per 1,000 gallons of water consumed by the user and a monthly service charge of \$19.00. In its most recent study of average monthly sewer bills at the single-family residential rate across 27 Front Range municipalities, the average residential System sewer customer's bill was in the lowest third of the comparison sewer providers (assuming 3,500 gallons per month). Recent rate increases were 5.0% for 2025, 10.0% for 2024, 18.0% for 2023, and 18.0% for 2022.

Industrial sewer customers are required to participate in a pretreatment monitoring program that measures the concentration of regulated nutrient in their discharge to the system. Their annual rates are then set at the level of each customer to recover the costs to the system of the infrastructure required to treat and remove their nutrient loading.

[Remainder of Page Intentionally Left Blank]

The rates charged by the City to Sewer customers, based upon the type of user, are as follows:

Management’s Discussion and Analysis of Trends in Operations of the Sewer Fund

Operating revenues of the System increased 81% from 2020 to 2024 while System operating expenses (other than depreciation) increased 14%. The number of System employees increased by 3 from 2020 to 2024.

Development in the City has varied with the economic conditions. The number of new housing units has varied from a low of 42 in 2011 to a high of 2,070 in 2022. The mix of new housing units has been approximately 24% single family and 76% multi-family from 2020 to 2024, which reflects a common shift towards multi-family in the bigger metropolitan areas in Colorado. The City has approved multiple metropolitan districts to fund public improvements in developing areas which are expected to contribute to the pace of development in upcoming years.

The City has historically budgeted the accumulation of working capital reserves within the Sewer Fund. Reserves are accumulated from a variety of sources including: Plant Investment Fee revenues; and that portion of the City’s rates and charges which are imposed to offset depreciation. The City reported working capital reserves within the Sewer Fund of \$31,211,814 as of December 31, 2023 and \$28,820,144 as of December 31, 2024 (unaudited).

THE CITY

General

The City was incorporated as a municipal corporation in 1886 and adopted its home rule charter in 1958. The City is located in central Weld County approximately 52 miles north of the Denver metropolitan area. The City covers approximately 50 square miles, has an estimated 2023 population of 112,462, and is the county seat of Weld County. See “APPENDIX D—ECONOMIC AND DEMOGRAPHIC INFORMATION.”

Governing Body

Under its Charter, the City has a Council-Manager form of government. Pursuant to the Charter, and the Colorado Constitution, the City has all powers of local self-government. The governing body of the City is the six-member City Council (the “Council”) and the Mayor. The Council has all legislative powers and all other powers of the City not otherwise conferred by the Charter. Four Council members are elected by ward and two are elected at large. The Council members serve four-year overlapping terms of office and are limited to a maximum of two consecutive terms. The Mayor serves a two-year term and is limited to a maximum of four consecutive two-year terms.

The Council meets on the first and third Tuesdays of the month, with the Mayor participating as a voting member and as the presiding officer. A Mayor Pro Tem is appointed from the Council membership to serve in the event of absence or disability of the Mayor. As compensation for their services, the Council members receive salaries of \$1,050 per month, and the Mayor receives \$1,500 per month. The present Council and their principal occupations and terms of office are as follows:

City Council Member	Present Term Expires (November) ¹	Principal Occupation
John Gates, Mayor	2025	Retired
Dale Hall, Ward IV, Mayor Pro Tem	2027	Owner Property Management Company
Tommy Butler, Ward I	2027	City Council Member
Deb Deboutez, Ward II	2025	Retired
Johnny Olson, Ward III	2025	Engineer
Melissa McDonald, At Large	2027	Insurance Agent
Brett Payton, At Large	2025	Attorney

The Council effects its decisions through the passage of ordinances, resolutions and motions. All legislative acts of a permanent nature must be in the form of ordinances. Certain acts of the Council also are required by the Charter to be in the form of ordinances, including, among others, those acts making appropriations, authorizing the borrowing of money, levying taxes or establishing a rule or regulation for the violation of which a penalty is imposed. All other actions, except as provided in the Charter, may be in the form of resolutions or motions.

Except as otherwise provided in the Charter, all ordinances must pass two readings by the affirmative vote of the majority of the Council members in office at that time. Adoption of emergency ordinances requires approval by the affirmative vote of two-thirds of the entire Council. An emergency ordinance may be in effect for no more than 90 days after its passage. The Council also may submit any proposed ordinance to a vote of the people. Unless otherwise prescribed in the ordinance, all ordinances take effect five days after final publication.

The Charter reserves to the City's electors the right to propose ordinances to the Council by means of an initiative procedure and to subject certain ordinances to reconsideration by the Council and a referendum vote; appropriations and tax levy authorizations are excluded from both the initiative and the referendum.

Administration and Management

The council-manager form of government vests responsibility for day-to-day City operations in the City Manager and the City's staff. The City Manager is appointed by the Council and serves for an indefinite term at the pleasure of the Council. The staff functions through the City's various departments which are under the direction of the City Manager.

The administrative and management personnel of the City most directly involved in the issuance of the Series 2025 Bonds are the City Manager, the Chief Financial Officer, and the City Attorney. These individuals' duties in City government and their relevant experience are summarized below.

City Manager. The City Manager is the chief administrative officer of the City. The City Manager is responsible to the Council for proper administration of all City affairs placed in his or her charge by the Charter or by law, including the direction and supervision of all administrative departments of the City (with the exception of those under the direction of the City Attorney and the municipal court). The City Manager is also required to annually prepare and administer the City budget and to perform such other duties as requested by the Council.

Raymond C. Lee III was appointed City Manager on January 4, 2022. Mr. Lee joined the City in January of 2021 as Deputy City Manager prior to his appointment as City Manager. Mr. Lee has extensive experience in municipal government, having previously worked in leadership roles in the Public Works

department for the City of Amarillo and the Street Services department for the City of Dallas. Mr. Lee has also previously worked in other departments for the City of Dallas, including library services, city secretary's office, human resources and risk management. Mr. Lee has also been responsible for the organization's operations in fleet services, stormwater utilities, solid waste services, and traffic. Mr. Lee received his Bachelor's and Master's degrees in public administration from Henderson State University and the University of Kansas, respectively.

Deputy City Manager/Chief Financial Officer. This position acts under the direction of the City Manager in the administration and management of the financial affairs of the City. The Chief Financial Officer is the Ex-officio City Treasurer. The responsibilities of the Chief Financial Officer include, among others, oversight of the day-to-day financial activity, annual budget, and the preparation of annual financial statements.

Allena Portis is the Deputy City Manager/Chief Financial Officer. Ms. Portis's professional background spans over twenty years in local government roles. Her experience includes Assistant City Manager/Chief Financial Officer for Missouri City, Texas, and previously the Director of Finance for League City, Texas. In her most recent role as Assistant City Manager/Chief Financial Officer for Missouri City, Ms. Portis oversaw the day-to-day operations of the city with oversight of the finance, human resources and development services departments. She was responsible for the functions of accounting, budgeting, treasury, debt management, and revenue collection, among others. Ms. Portis received her Master of Public Administration from Golden Gate University, her Master of Urban Planning from the University of Southern California and her Bachelor of Science in Accounting from the University of Phoenix.

City Attorney. The City Attorney is the chief legal officer of the City. The City Attorney is responsible for all the legal affairs of the City, except with respect to certain limited legal matters for the Water and Sewer Department, for which that department retains special legal counsel.

Stacey Aurzada was appointed City Attorney in June 2024. Ms. Aurzada has been employed by the City since 2005, after previously serving as the Deputy City Attorney for 11 years, as the interim City Clerk, and, most recently, as the Senior Assistant City Attorney. Ms. Aurzada's background in municipal law spans over 27 years and includes experience in navigating complex legal issues and a dedication to upholding the highest ethical standards. Ms. Aurzada holds a Bachelor of Social Work degree from New Mexico State University and a Juris Doctorate from the University of Wyoming.

City Employees

For 2025, the City has budgeted a total of 1,213.25 full-time regular equivalents who are eligible for benefits. City employees are granted vacation and sick leave, or paid time off in varying amounts. The Charter expressly grants collective bargaining rights to the City's police officers and firefighters; none of the City's other employees have collective bargaining rights. The City believes its relationship with its employees is satisfactory.

Pension Plans and Other Post-Employment Benefits

The City provides five pension plans for eligible employees, including the City of Greeley Money Purchase Plan (a defined contribution plan), the Greeley Police Department Personal Defined Contribution Pension Plan, the Fire New-Hire Plan (a cost-sharing multiple-employer statewide defined benefit plan administered by the Colorado Fire and Police Pension Association (FPPA)), the Police Old-Hire Pension Plan (an affiliated local plan of the Public Employee Retirement System, an agent multiple-employer defined benefit pension plan administered by the FPPA), and the Fire Old-Hire Pension Plan (an affiliated

local plan of the Public Employee Retirement System, an agent multiple-employer defined benefit pension plan administered by the FPPA). A description of the City's pension plan obligations is included in Note 15 to the City's 2023 audited financial statements in APPENDIX C hereto.

City Insurance Coverage

The City's insurance program includes a combination of self-insurance and commercial insurance coverage. The City presently has a \$500,000 blanket insurance policy with Travelers, RSUI (excess), and Chubb Bermuda (excess) covering all of its structures and their contents, with a \$250,000 deductible per occurrence. The City is partially self-insuring general liability and automobile liability and public officials' liability insurance programs. In addition, the City has a \$10,000,000 excess policy underwritten by Genesis Insurance and Chubb (excess) with a \$750,000 SIR (self-insured retention). The City also carries certain stop loss policies for its employee self-insured health plan and excess workers compensation coverage.

The City budgeted \$21,549,188 for health premiums, \$795,739 for dental premiums, and \$430,638 for a total deposit to its Health Fund of \$22,775,565 for 2025. The Health Fund accounts for allowable medical claims of City employees and their covered dependents. Self-insurance is in effect for claims up to \$225,000 per employee per year. Claims greater than \$225,000 per employee per year, and those in excess of \$22,561,245 (for 2025) aggregate stop loss coverage, are insured by private insurance companies. The fund balance in the Health Fund as of December 31, 2024 was \$3,894,502 (unaudited).

The City budgeted \$3,193,984 for deposit to its Liability Fund for 2025, which fund accounts for the costs associated with providing a self-insurance fund for liability claims against the City. The Liability Fund had a balance of \$5,039,638 (unaudited) as of December 31, 2024.

The City has budgeted \$133,200 for deposit in its Workers Compensation Fund in 2025, which fund accounts for the financing of costs associated with self-insuring the City's workers compensation expenses. The Workers Compensation Fund had a fund balance of \$4,570,523 (unaudited) as of December 31, 2024.

For additional information concerning the City's risk management and self-insurance programs, see Note 11 to the City's financial statements in APPENDIX C hereto.

Current Financial Obligations

The City's financial obligations are summarized in detail in Notes 8 and 9 to the audited financial statements attached as APPENDIX C to this Official Statement. With the exception of lease-purchase obligations subject to annual appropriation, enterprise revenue bonds and refunding obligations issued at a lower interest rate, the issuance of multi-year financial obligations by the City generally requires voter approval as described under the caption "CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING."

City Services

The City is a full-service city, providing water and sewer service, storm drainage, police protection, fire protection, a municipal court system, street and road maintenance, cultural facilities and parks and recreation facilities throughout the City. Other facilities and services such as public transit, public schools, hospital, telephone, and power utilities are available to City residents through third-party providers.

CONSTITUTIONAL LIMITATIONS ON TAXES, REVENUES, BORROWING AND SPENDING

At the general election held November 3, 1992, the voters of the State approved an amendment to the Colorado Constitution, constituting Section 20 of Article X of the Colorado Constitution (“TABOR”) limiting the ability of the State and local governments such as the City to increase revenues, debt and spending and restricting property, income and other taxes. Generally, TABOR limits the percentage increases in spending and tax revenues to the prior year’s amounts, adjusted for inflation, local growth and voter approved changes, requires the maintenance of certain reserves, and prohibits the imposition of new real estate transfer taxes. In addition, TABOR requires that the State and local governments obtain voter approval for certain tax or tax rate increases or to keep or spend revenues received in excess of TABOR limits, and to create any “multiple fiscal year direct or indirect debt or other financial obligation whatsoever without adequate present cash reserves pledged irrevocably and held for payments in all future fiscal years,” except for refinancing debt at a lower interest rate or adding new employees to existing pension plans.

In 1999, the City’s electorate voted to exempt the City from the TABOR revenue and spending limits. However, the City remains subject to TABOR’s restrictions on new and increased taxes, mill levy increases and creation of financial obligations.

Many of the provisions of TABOR are ambiguous and TABOR is expected to require continued judicial interpretation. The application of TABOR, particularly during periods of reduced or negative growth, may adversely affect the financial condition and operations of the City and other State local governments to an extent which cannot be predicted.

TABOR excepts from its restrictions the borrowings and fiscal operations of “enterprises,” which term is defined to include government owned businesses authorized to issue their own revenue bonds and receiving under 10% of their annual revenues in grants from all State and local governments combined. In a 1995 decision, the Colorado Supreme Court held that a governmental entity with taxing power was not itself an “enterprise.” The Enterprise has no taxing power and receives no material portion of its revenues from governmental sources, and the Series 2025 Bonds are not payable in whole or in part from the proceeds of general property taxes or any other form of taxation. The City therefore treats the Enterprise as an “enterprise” within the meaning of TABOR. See “THE ENTERPRISE.”

RATING

S&P Global Ratings (“S&P”) has assigned a rating of “[]” to the Series 2025 Bonds. Such rating reflects only the view of the rating agency, and does not constitute a recommendation to buy, sell or hold securities. An explanation of the significance of such rating may be obtained from the rating agency.

The rating is subject to revision or withdrawal at any time by the rating agency and there is no assurance that the rating will continue for any period of time or that it will not be revised or withdrawn. The Underwriter has undertaken no responsibility either to bring to the attention of the holders of the Series 2025 Bonds any proposed revision or withdrawal of the rating of the Series 2025 Bonds or to oppose any such proposed revision or withdrawal. Any downward revision or withdrawal of such rating could have an adverse effect on the market price of the Series 2025 Bonds.

LITIGATION

There is no litigation now pending or, to the knowledge of the City officials responsible for the issuance of the Series 2025 Bonds, threatened which questions the validity of the Series 2025 Bonds or of any proceedings of the City taken with respect to issuance or sale thereof.

TAX MATTERS

General

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Series 2025 Bonds (including any original issue discount properly allocable to the owner of a Bond) is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. The opinion described above assumes the accuracy of certain representations and compliance by the City with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2025 Bonds. Failure to comply with such requirements could cause interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2025 Bonds. The City has covenanted to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Series 2025 Bonds. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations.

The accrual or receipt of interest on the Series 2025 Bonds may otherwise affect the federal income tax liability of the owners of the Series 2025 Bonds. The extent of these other tax consequences will depend upon such owner's particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences.

Purchasers of the Series 2025 Bonds, particularly purchasers that are corporations (including S corporations, foreign corporations operating branches in the United States of America, and certain corporations subject to the alternative minimum tax imposed on corporations), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers entitled to claim the earned income credit, taxpayers entitled to claim the refundable credit in Section 36B of the Code for coverage under a qualified health plan or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Series 2025 Bonds.

Bond Counsel is also of the opinion that, under existing State of Colorado statutes, the Series 2025 Bonds and the income therefrom are exempt from State of Colorado taxation, except inheritance, estate and transfer taxes. Bond Counsel has expressed no opinion regarding other tax consequences arising with respect to the Series 2025 Bonds under the laws of the State of Colorado or any other state or jurisdiction.

Original Issue Discount.

The Series 2025 Bonds that have an original yield above their respective interest rates, as shown on the inside cover page of this Official Statement (collectively, the "Discount Bonds"), are being sold at an original issue discount. The difference between the initial public offering prices of such Discount Bonds and their stated amounts to be paid at maturity (excluding "qualified stated interest" within the meaning of Section 1.1273-1 of the Treasury Regulations) constitutes original issue discount treated in the same manner for federal income tax purposes as interest, as described above.

The amount of original issue discount that is treated as having accrued with respect to a Discount Bond is added to the cost basis of the owner of the bond in determining, for federal income tax purposes, gain or loss upon disposition of such Discount Bond (including its sale, redemption or payment at maturity). Amounts received on disposition of such Discount Bond that are attributable to accrued original issue discount will be treated as tax-exempt interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual Discount Bond, on days that are determined by reference to the maturity date of such Discount Bond. The amount treated as original issue discount on such Discount Bond for a particular semiannual accrual period is equal to (a) the product of (i) the yield to maturity for such Discount Bond (determined by compounding at the close of each accrual period) and (ii) the amount that would have been the tax basis of such Discount Bond at the beginning of the particular accrual period if held by the original purchaser, less (b) the amount of any interest payable for such Discount Bond during the accrual period. The tax basis for purposes of the preceding sentence is determined by adding to the initial public offering price on such Discount Bond the sum of the amounts that have been treated as original issue discount for such purposes during all prior periods. If such Discount Bond is sold between semiannual compounding dates, original issue discount that would have been accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Owners of Discount Bonds should consult their tax advisors with respect to the determination and treatment of original issue discount accrued as of any date and with respect to the state and local tax consequences of owning a Discount Bond. Subsequent purchasers of Discount Bonds that purchase such bonds for a price that is higher or lower than the “adjusted issue price” of the bonds at the time of purchase should consult their tax advisors as to the effect on the accrual of original issue discount.

Original Issue Premium.

The Series 2025 Bonds that have an original yield below their respective interest rates, as shown on the cover of this Official Statement (collectively, the “Premium Bonds”), are being sold at a premium. An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, generally by amortizing the premium to the call date, based on the purchaser’s yield to the call date and giving effect to any call premium). As premium is amortized, the amount of the amortization offsets a corresponding amount of interest for the period, and the purchaser’s basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis may be reduced, no federal income tax deduction is allowed. Purchasers of the Premium Bonds should consult their tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

Backup Withholding.

An owner of a Bond may be subject to backup withholding at the applicable rate determined by statute with respect to interest paid with respect to the Series 2025 Bonds if such owner fails to provide to any person required to collect such information pursuant to Section 6049 of the Code with such owner’s taxpayer identification number, furnishes an incorrect taxpayer identification number, fails to report interest, dividends or other “reportable payments” (as defined in the Code) properly, or, under certain circumstances, fails to provide such persons with a certified statement, under penalty of perjury, that such owner is not subject to backup withholding.

Changes in Federal and State Tax Law.

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to under this heading “TAX MATTERS” or adversely affect the market value of the Series 2025 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Series 2025 Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series 2025 Bonds or the market value thereof would be impacted thereby. Purchasers of the Series 2025 Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series 2025 Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

PROSPECTIVE PURCHASERS OF THE SERIES 2025 BONDS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS PRIOR TO ANY PURCHASE OF THE SERIES 2025 BONDS AS TO THE IMPACT OF THE CODE UPON THEIR ACQUISITION, HOLDING OR DISPOSITION OF THE SERIES 2025 BONDS.

FINANCIAL ADVISOR

Hilltop Securities Inc. (the “Financial Advisor”) is employed as financial advisor to the City to render certain professional services including advising the City concerning the structuring and competitive sale of the Series 2025 Bonds and assisting in the preparation of this Official Statement. In its role as financial advisor to the City, the Financial Advisor has not undertaken either to make an independent verification of or to assume responsibility for the accuracy or completeness of the information contained in this Official Statement and the appendices hereto and is not permitted to underwrite the Series 2025 Bonds.

UNDERWRITING

[UNDERWRITER] (the “Underwriter”) has agreed to purchase the Series 2025 Bonds from the City at competitive sale, for an aggregate purchase price of \$ _____ (consisting of the aggregate principal amount of the Series 2025 Bonds of \$ _____ plus premium in the amount of \$ _____ less an underwriting discount in the amount of \$ _____). The Underwriter is committed to take and pay for all of the Series 2025 Bonds if any are taken.

LEGAL MATTERS

Legal matters incident to the authorization and issuance of the Series 2025 Bonds are subject to approval by Kutak Rock LLP, Bond Counsel, whose opinion is expected to be delivered in substantially the form set forth in APPENDIX A hereto. In addition to acting as Bond Counsel, Kutak Rock LLP has also been retained to advise the City concerning, and has assisted in, the preparation of this Official Statement. Certain legal matters will be passed upon for the City by the Office of the City Attorney.

FINANCIAL STATEMENTS

The basic financial statements of the City for the fiscal year ended December 31, 2023, which are included here as APPENDIX C, have been audited by independent auditors, Plante Moran, PLLC, Detroit, Michigan, as stated in their report appearing therein. Plante Moran, PLLC has not been engaged to perform, and has not performed, since the date of their report included therein, any procedures on the financial statements addressed in that report. Plante Moran, PLLC has also not performed any procedures relating to this Official Statement.

MISCELLANEOUS

Any statements made in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact, and no representation is made that any such estimates will be realized. This Official Statement shall not be construed as a contract between the City and any person.

The execution and delivery of this Official Statement have been duly authorized by the Council.

CITY OF GREELEY, COLORADO

By /s/ _____
Mayor

APPENDIX A

FORM OF OPINION OF BOND COUNSEL

July __, 2025

City of Greeley
1000 10th Street
Greeley, CO 80631

[UNDERWRITER]

\$ _____^{*}
City of Greeley, Colorado
acting by and through its Sanitary Water Enterprise
First-Lien Sewer Improvement Revenue Bonds
Series 2025

Ladies and Gentlemen,

We have been engaged by the City of Greeley, Colorado (the “City”) to act as bond counsel in connection with the issuance of the above bonds (the “Series 2025 Bonds”). The Series 2025 Bonds are being issued by the City, acting by and through its Sanitary Water Enterprise (the “Enterprise”), pursuant to Ordinance No. 10, 2015 and Ordinance No. [__], 2025 (collectively, the “Bond Ordinance”), as supplemented by a Final Terms Certificate dated July __, 2025 (the “Final Terms Certificate”). The Bond Ordinance, as supplemented by the Final Terms Certificate, is referred to herein as the “Ordinance.” Capitalized terms used but not otherwise defined herein have the meanings assigned to them in the Ordinance.

In our capacity as bond counsel, we have examined the Constitution and the laws of the State of Colorado (the “State”), the home rule charter (the “Charter”) of the City, and the regulations, rulings and judicial decisions relevant to the opinions set forth in paragraph 2 below; the transcript of the proceedings relating to the issuance of the Series 2025 Bonds; the Ordinance, and such other certificates, documents, opinions and papers as we deem necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the certifications in the transcript of proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon and in reliance on the foregoing, we are of the opinion, under existing law and as of the date hereof, that:

1. The Series 2025 Bonds have been duly authorized, executed and delivered by the City under the laws of the State of Colorado now in force and are valid and binding special and limited obligations of the City, acting by and through the Enterprise, payable on the terms, and subject to the conditions, stated in the Ordinance, and enforceable according to their terms except to the extent such enforcement is limited by the bankruptcy laws of the United States of America, by the reasonable exercise

^{*} Preliminary; subject to change.

of the sovereign police power of the State of Colorado, and by the exercise of the powers delegated to the United States of America by the federal constitution.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. We express no opinion regarding other federal tax consequences arising with respect to the Series 2025 Bonds. Interest on the Series 2025 Bonds may affect the federal alternative minimum tax imposed on certain corporations.

3. Under Colorado statutes existing on the date hereof, to the extent interest on the Series 2025 Bonds is excludable from gross income for federal income tax purposes, interest on the Series 2025 Bonds is excludable from gross income for State of Colorado income tax purposes and from the calculation of Colorado alternative minimum tax.

The opinions expressed in numbered paragraphs (2) and (3) assume the accuracy of the City's representations and continuing compliance by the City with certain covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2025 Bonds. Failure to comply with such requirements could cause such interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes or could otherwise adversely affect such opinions, retroactive to the date of issuance of the Series 2025 Bonds. The City has covenanted in the Bond Ordinance and in the Tax Compliance Certificate executed and delivered in connection with the issuance of the Series 2025 Bonds to comply with such requirements. We express no opinion regarding other federal or state tax consequences arising with respect to the Series 2025 Bonds.

We express no opinion herein with respect to the accuracy, completeness or sufficiency of any documents prepared or used or statements made in connection with the offering or sale of the Series 2025 Bonds.

This opinion is delivered based and in reliance upon our examination of the laws, documents and other items specifically described in the second unnumbered paragraph hereof on the date hereof and we have no obligation to supplement or update this opinion based on or with respect to changes in such laws, documents or other items or with respect to any other event that occurs after the date hereof. The opinions expressed in this letter are given as of the date hereof, and we assume no obligation to update, revise or supplement this letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX B

SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL ORDINANCE AND THE SERIES ORDINANCE

The following is a summary of certain provisions of the General Ordinance and the Series Ordinance adopted with respect to the Series 2025 Bonds, which summary does not purport to be complete and is qualified in its entirety by reference to the complete provisions thereof, copies of which are available from the City or the Underwriter named on the Cover Page hereof during the period of the initial offering of the Series 2025 Bonds.

APPENDIX C
AUDITED FINANCIAL STATEMENTS OF THE CITY
AS OF DECEMBER 31, 2023

APPENDIX D

ECONOMIC AND DEMOGRAPHIC INFORMATION

This portion of the Official Statement contains general information concerning historic economic and demographic conditions in the City of Greeley (the “City”) and surrounding Weld County (the “County”). It is intended only to provide prospective investors with general information regarding the City’s community. The information was obtained from the sources indicated and is limited to the time periods indicated. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future. The City makes no representation as to the accuracy or completeness of data obtained from parties other than the City.

Population

The following table sets forth population statistics for the City, the County, and the State of Colorado (the “State”).

Population						
Year	The City	Percent Change	The County	Percent Change	The State	Percent Change
1980	53,006	--	123,438	--	2,889,735	--
1990	60,536	14.21%	131,821	6.79%	3,294,473	14.01%
2000	76,930	27.08	180,936	37.26	4,302,015	30.58
2010	92,889	20.74	252,825	39.73	5,029,196	16.90
2020	108,795	17.12	331,184	30.99	5,783,168	14.99

Foreclosure Activity

Foreclosure actions are commenced when a default on a deed of trust has occurred, usually when buyers fail to make timely payments in accordance with a promissory note. Set forth below is a history of the number of foreclosure actions filed by the County Public Trustee's Office over the past five years.

History of Foreclosures

Year	Number of Foreclosures Filed	Percent Change
2020 ¹	116	--
2021 ¹	55	(52.59)%
2022	415	654.55
2023	367	(11.57)
2024	414	12.81
2025 ²	180	--

¹ The decrease in the number of foreclosures filed in 2020 and 2021 was the result of the State imposed restrictions in place regarding foreclosures.

² Foreclosures filed through April 23, 2025. *[To be updated prior to posting]*

Education

Educational facilities are provided for students in the City primarily by Weld County School District RE-6, which operates 11 traditional elementary schools (K-5), five K-8 schools, four middle schools, one alternative middle school, three traditional high schools, two alternative high schools, one high school of innovation and five charter schools. For fiscal year 2024/2025, student enrollment for Weld County School District RE-6 was 23,124. Weld County School District No. Re-2 (Eaton), No. Re-4 (Windsor), and No. Re-5J (Johnstown) are also partially located within the City's boundaries. In addition, several private schools have educational facilities in the City. Higher education facilities in the City include

the University of Northern Colorado and Aims Community College. The following table sets forth enrollment information for Weld County School District RE-6, the primary school district serving the City.

2024/2025	23,124	2.10

Source: Colorado Department of Education

Transportation

Major roadways serving Weld County and the City include U.S. (Bypass) Highways 85 and 34. Roads 257, 60, 52 and 14 provide access to outlying areas of the City. Burlington Northern Railroad and Union Pacific Railroad provide freight rail service through the County. General aviation airports include the Greeley/Weld County Airport, the Erie Airport and the Fort Collins/Loveland Airport. Denver International Airport is located in unincorporated Adams County, approximately 58 miles from the City. Greeley-Evans transit provides fixed-route service in the City, Evans, and Garden City, as well as origin-to-destination paratransit and after-hours service.

Agriculture

The County is largely an agricultural county. This focus is reflected in the agricultural nature of many of the County's manufacturing and retail trade businesses. According to the Weld County Department of Planning Services, the County is the State's leading producer of beef cattle, grain, sugar beets, and dairy, and is the top Colorado county for value of agricultural products sold.

Oil and Gas

According to the Colorado Legislative Council Staff's December 2021 Economic and Revenue Forecast, dated as of December 2024, Larimer and Weld counties comprised diverse economies of the northern region. Larimer County's economy has continued to perform above most regions in the State, supported by population growth, while the County's economic activity, driven largely by the oil and gas and agricultural industries, has experienced fluctuation.

Following the pandemic recession, U.S. crude oil production rebounded, while the State's production experienced a larger pull-back and a slower recovery that stalled in the latter half of 2022. Production in the state improved modestly in 2023 and ended the year up 3.9%, versus 8.5% for the U.S. over the same period. The outlook for Colorado's oil production is similar to the forecast in September, with declining production expected through the forecast period after remaining flat in 2024. The State's production is still expected to trend opposite U.S. production, which is expected to grow at a moderate pace. The State's production is expected to decline in 2025, by 1.6%, then decline further, by 0.6% in 2026. As of November 2024, the State had 12 active drilling rigs, down from 22 in December 2022, and from a monthly average of 30 active rigs in 2019. Based on revised price expectations and current data, the State's natural gas production is now expected to increase just 0.9% over 2024, down from 3.4% projected in September. The outlook for the State's natural gas production is also revised down, and production is

expected to decline moderately during the forecast period. In 2025, the State's production is expected to fall by 1.1% before declining another 0.6% in 2026.

Only a small portion of the oil and gas exploration and production activity in the County occurs within the limits of the City. Because the City is the largest city in the County, rail and highway infrastructure in the City is used in the marketing and distribution of a significant part of the resources produced in the County and the economy of the City is impacted by oil and gas exploration and production activity in the County. However, because of its relatively diverse local economy, the City has historically experienced mostly secondary effects from fluctuations in oil and gas prices, with its economy and employment typically reflecting general economic conditions more than those occurring in any single industry. No assurance is given that the present oil and gas prices and production levels of oil and gas properties in the region will continue.

Utilities

Xcel Energy provides electricity to customers in the City and parts of the County; United Power, Inc. provides electricity to southern Weld County, and western and northern Weld County customers are provided electricity by Poudre Rural Electric Association, Inc. Natural gas is provided to Weld County customers and City customers by both Atmos Energy and Xcel Energy. Qwest Communications International Inc. is the major provider of local telephone service to County and City customers.

APPENDIX E

PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING

This Undertaking (the “Continuing Disclosure Undertaking” or the “Undertaking”) is executed and delivered by the City of Greeley, Colorado, acting by and through its Sanitary Water Enterprise (the “City”), in connection with the issuance by the City of \$ _____ * aggregate principal amount of First-Lien Sewer Improvement Revenue Bonds, Series 2025 (the “Series 2025 Bonds”). The Series 2025 Bonds are being issued under City Ordinance No. 10, 2015 and Ordinance No. [], 2025 (collectively, the “Ordinances”) adopted by the City Council (the “Council”), supplemented, as to certain details of the Series 2025 Bonds, by a Final Terms Certificate executed by the City’s Chief Financial Officer (the “Final Terms Certificate”) and, collectively with the Ordinances, the “Bond Ordinance”). The City covenants and agrees as follows:

Section 1. Purpose of this Undertaking. This Undertaking is being executed and delivered by the City for the benefit of the owners, both registered and beneficial, of the Series 2025 Bonds, in consideration of the purchase of the Series 2025 Bonds by the original purchasers thereof.

Section 2. Definitions. Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Bond Ordinance. The terms set forth below shall have the following meanings in this Undertaking, unless the context clearly otherwise requires.

“*Annual Financial Information*” means the financial information and operating data described in Exhibit I.

“*Annual Financial Information Disclosure*” means the dissemination of disclosure concerning Annual Financial Information and the dissemination of the Audited Financial Statements as set forth in Section 4 hereof.

“*Audited Financial Statements*” means the audited consolidated financial statements of the City, prepared pursuant to the standards and as described in Exhibit I.

“*Commission*” means the Securities and Exchange Commission.

“*Dissemination Agent*” means, initially the City, or any successor agent designated as such in writing by the City and which has filed with the City a written acceptance of such designation, and such agent’s successors and assigns.

“*EMMA*” means the Electronic Municipal Market Access facility for municipal securities disclosure of the MSRB.

“*Exchange Act*” means the Securities Exchange Act of 1934, as amended.

“*Material Event*” means the occurrence of any of the events with respect to the Series 2025 Bonds set forth in Exhibit II.

“*Material Events Disclosure*” means dissemination of a notice of a Material Event as set forth in Section 6.

* Preliminary; subject to change.

“MSRB” means the Municipal Securities Rulemaking Board.

“*Participating Underwriter*” means each broker, dealer or municipal securities dealer acting as an underwriter in any primary offering of the Series 2025 Bonds.

“*Prescribed Form*” means, with regard to the filing of Annual Financial Information, Audited Financial Statements and notices of Material Events with the MSRB at www.emma.msrb.org (or such other address or addresses as the MSRB may from time to time specify), such electronic format, accompanied by such identifying information, as shall have been prescribed by the MSRB and which shall be in effect on the date of filing of such information.

“*Rule*” means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

“*State*” means the State of Colorado.

Section 3. Final Official Statement. The final Official Statement (the “Final Official Statement”) relating to the Series 2025 Bonds is dated July __, 2025.

Section 4. Annual Financial Information Disclosure. Subject to Section 9 of this Undertaking, the City hereby covenants that it will disseminate the Annual Financial Information and the Audited Financial Statements (in the form and by the dates set forth below and in Exhibit I) by the City’s delivery of such Annual Financial Information and Audited Financial Statements to the MSRB within 270 days of the completion date of the City’s fiscal year.

The City is required to deliver such information in Prescribed Form and by such time so that the MSRB receives the information by the dates specified.

If any part of the Annual Financial Information can no longer be generated because the operations to which it is related have been materially changed or discontinued, the City will disseminate a statement to such effect as part of its Annual Financial Information for the year in which such event first occurs.

If any amendment is made to this Undertaking, the Annual Financial Information for the year in which such amendment is made (or in any notice or supplement provided to the MSRB) shall contain a narrative description of the reasons for such amendment and its impact on the type of information being provided.

Section 5. Material Events Disclosure. Subject to Section 9 of this Undertaking, the City hereby covenants that it will disseminate in a timely manner, not in excess of 10 Business Days after the occurrence of the event, Material Events Disclosure to the MSRB in Prescribed Form. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Series 2025 Bonds or defeasance of any Series 2025 Bonds need not be given under this Undertaking any earlier than the notice (if any) of such redemption or defeasance is given to the owners of the Series 2025 Bonds pursuant to the Bond Ordinance.

Section 6. Duty to Update EMMA/MSRB. The City shall determine, in the manner it deems appropriate, whether there has occurred a change in the MSRB’s e-mail address or filing procedures and requirements under EMMA each time it is required to file information with the MSRB.

Section 7. Consequences of Failure of the City to Provide Information. The City shall give notice in a timely manner, not in excess of 10 Business Days after the occurrence of the event, to the MSRB

in Prescribed Form of any failure to provide Annual Financial Information Disclosure when the same is due hereunder.

In the event of a failure of the City to comply with any provision of this Undertaking, the owner of any Series 2025 Bond may seek specific performance by court order to cause the City to comply with its obligations under this Undertaking. A default under this Undertaking shall not be deemed an Event of Default under the Bond Ordinance or any other agreement, and the sole remedy under this Undertaking in the event of any failure of the City to comply with this Undertaking shall be an action to compel performance.

Section 8. Amendments; Waiver. Notwithstanding any other provision of this Undertaking, the City may amend this Undertaking, and any provision of this Undertaking may be waived, if:

(i) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the City or type of business conducted;

(ii) This Undertaking, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(iii) The amendment or waiver does not materially impair the interests of the owners of the Series 2025 Bonds, as determined either by parties unaffiliated with the City (such as the Paying Agent) or by an approving vote of the owners of the Series 2025 Bonds holding a majority of the aggregate principal amount of the Series 2025 Bonds (excluding Series 2025 Bonds held by or on behalf of the City or its affiliates) at the time of the amendment, pursuant to the terms of the Bond Ordinance; or

(iv) The amendment or waiver is otherwise permitted by the Rule.

Section 9. Termination of Undertaking. The Undertaking of the City shall be terminated hereunder when the City shall no longer have any legal liability under the terms of the Bond Ordinance pursuant to the terms of the Bond Ordinance for any obligation on or relating to the repayment of the Series 2025 Bonds. The City shall give notice to the MSRB in a timely manner and in Prescribed Form if this Section is applicable.

Section 10. Dissemination Agent. The Dissemination Agent shall transmit all information delivered to it by the City hereunder to the MSRB as provided in this Undertaking. The City may, from time to time, appoint or engage a substitute Dissemination Agent to assist it in carrying out its obligations under this Undertaking, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

Section 11. Additional Information. Nothing in this Undertaking shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Undertaking or any other means of communication, or including any other information in any Annual Financial Information Disclosure or notice of occurrence of a Material Event, in addition to that which is required by this Undertaking. If the City chooses to include any information from any document or notice of occurrence of a Material Event in addition to that which is specifically required by this Undertaking, the City shall not have any obligation under this Undertaking to update such information or include it in any future disclosure or notice of the occurrence of a Material Event.

Section 12. Beneficiaries. This Undertaking has been executed in order to assist the Participating Underwriter in complying with the Rule; however, this Undertaking shall inure solely to the benefit of the City, the Dissemination Agent, if any, and the owners of the Series 2025 Bonds, and shall create no rights in any other person or entity.

Section 13. Recordkeeping. The City shall maintain records of all Annual Financial Information Disclosure and Material Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.

Section 14. Assignment. The City shall not transfer its obligations under the Bond Ordinance unless the transferee agrees to assume all obligations of the City under this Undertaking or to execute a continuing disclosure agreement under the Rule.

Section 15. Governing Law. This Undertaking shall be governed by the laws of the State.

Dates as of the date first written above.

CITY OF GREELEY, COLORADO

By _____
Chief Financial Officer

EXHIBIT I

ANNUAL FINANCIAL INFORMATION AND TIMING AND AUDITED FINANCIAL STATEMENTS

“Annual Financial Information” means statistical and tabular material of the type contained in Tables VI, VII, IX and X of the Final Official Statement pertaining to the Series 2025 Bonds.

All or a portion of the Annual Financial Information and the Audited Financial Statements as set forth below may be included by reference to other documents which have been submitted to the MSRB or filed with the Commission, and such information need not be provided in the exact format as shown in the Final Official Statement. The City shall clearly identify each such item of information included by reference.

Annual Financial Information will be provided to the MSRB within 270 days after the last day of the City’s fiscal year. Audited Financial Statements as described below should be filed at the same time as the Annual Financial Information. If Audited Financial Statements are not available when the Annual Financial Information is filed, unaudited financial statements shall be included, and Audited Financial Statements will be provided to the MSRB within 10 Business Days after availability to the City.

Audited Financial Statements will be prepared in accordance with generally accepted accounting principles in the United States as in effect from time to time.

If any change is made to the Annual Financial Information as permitted by Section 4 of the Undertaking, including for this purpose a change made to the fiscal year end of the City, the City will disseminate a notice to the MSRB of such change in Prescribed Form as required by such Section 4.

EXHIBIT II

EVENTS WITH RESPECT TO THE SERIES 2025 BONDS FOR WHICH MATERIAL EVENTS DISCLOSURE IS REQUIRED

1. Principal and interest payment delinquencies
2. Nonpayment-related defaults, if material
3. Unscheduled draws on debt service reserves reflecting financial difficulties
4. Unscheduled draws on credit enhancements reflecting financial difficulties
5. Substitution of credit or liquidity providers, or their failure to perform
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security
7. Modifications to rights of security holders, if material
8. Bond calls, if material, and tender offers
9. Defeasances
10. Release, substitution or sale of property securing repayment of the securities, if material
11. Rating changes
12. Bankruptcy, insolvency, receivership or similar event of the City*
13. The consummation of a merger, consolidation or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
14. Appointment of a successor or additional Paying Agent or the change of name of a Paying Agent, if material
15. Incurrence of a Financial Obligation¹ of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any of which affect security holders, if material
16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the Financial Obligation of the City, any of which reflect financial difficulties

* This event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the City in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City.

¹ “Financial Obligation” shall mean a (i) debt obligation; (ii) derivative instrument entered into, in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

APPENDIX F

INFORMATION RELATED TO BOOK-ENTRY-ONLY SYSTEM

The information in this Appendix concerning The Depository Trust Company (“DTC”) and DTC’s book entry-only system has been obtained from DTC, and the City and the Underwriter take no responsibility for the accuracy thereof.

DTC will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for the Series 2025 Bonds, as set forth on the cover page hereof, in the aggregate principal amount of each maturity of the Series 2025 Bonds and deposited with DTC.

DTC, the world’s largest securities depository, is a limited purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation, (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others both as U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: “AAA.” The rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Series 2025 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2025 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2025 Certificate (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2025 Bonds, except in the event that use of the book entry system for the Series 2025 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2025 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2025 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of Series 2025 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2025 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants remain responsible for keeping accounts of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Series 2025 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2025 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2025 Certificate documents. For example, Beneficial Owners of the Series 2025 Bonds may wish to ascertain that the nominee holding the Series 2025 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2025 Bonds within the issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2025 Bonds unless authorized by a Direct Participant on accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2025 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series 2025 Bonds are to be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners are governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other name as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2025 Bonds at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

PAYING AGENT AND REGISTRAR AGREEMENT

In consideration of the mutual promises and covenants and subject to the terms, conditions, and covenants hereinafter recited, the **CITY OF GREELEY, COLORADO**, acting by and through its Sanitary Water Enterprise (the “City”), hereby appoints **ZIONS BANCORPORATION, NATIONAL ASSOCIATION** (the “Bank”), and the Bank accepts such appointment, as Paying Agent (the “Paying Agent”) for the City’s First-Lien Sewer Improvement Revenue Bonds, Series 2025, issued in the principal amount of \$[_____] and dated July __, 2025 (the “Bonds”). The City also appoints the Bank, and the Bank accepts such appointment, as the authenticating registrar (the “Registrar”) for the Bonds.

Section 1. The Bank hereby accepts all duties and responsibilities required or permitted to be performed by the Registrar and/or Paying Agent as provided in Series Ordinance No. [____], 2025 authorizing the issuance of the Bonds adopted on second reading on June [____], 2025 by the City Council of the City (the “Ordinance”), and shall be subject to the provisions and limitations thereof. Such Ordinance is incorporated herein by reference and capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed in the Ordinance.

Section 2. The Bank understands and acknowledges that, by reason of the execution hereof, it has assumed a role of agent with respect to the disbursements of funds received from the City for the purpose of paying the principal of, premium, if any, and interest due on the Bonds. The Bank shall receive and disburse such funds solely in accordance with the terms and provisions hereof, and shall remit to the City the funds not necessary for the purpose of making the aforesaid payments on the Bonds after any particular Due Date, as defined in Section 5 hereof.

Section 3. The Bank shall establish the registration books for the Bonds and thereafter maintain such books in accordance with the provisions of the Ordinance. The City shall be permitted to review the registration books at any time during the regular business hours of the Bank and, upon written request to the Bank, shall be provided a copy of the list of registered owners of the Bonds.

Section 4. The Bank shall establish and maintain the Series 2025 Costs of Issuance Account (the “Costs of Issuance Account”) in order to pay costs of issuance associated with the issuance of the Bonds. Funds shall be disbursed by the Bank from the Costs of Issuance Account upon written direction from the City. The Bank may rely conclusively on any such direction and shall not be required to make any independent investigation in connection therewith. Any amounts remaining in the Costs of Issuance Account after 60 days from the date of this Agreement shall be transferred to the City for deposit into the Project Account created under the Ordinance, to be used in accordance with the terms of the Ordinance.

Section 5. The Bank shall make payments of principal, premium, if any, and interest on the Bonds on each date established for payment thereof (the “Due Date”). Prior to a Due Date, the City shall furnish funds to the Bank in amounts sufficient to pay all amounts due. Such funds shall be used by the Bank solely for the purpose of paying the principal of, premium, if any, and interest on the Bonds in accordance with its terms and the provisions of the Ordinance and the Final Terms Certificate. The Bank shall have no duty to make any payments prior to any Due Date or until funds necessary to cover all payments due on the Due Date have been deposited with it. The Bank

shall not be required to advance its own funds for any payments in connection with the Bonds. The Bank shall not be required to invest or to pay interest on any funds of the City for any period during which such funds are held by the Bank awaiting the presentation of the Bonds for payment.

Section 6. The Bank shall be entitled to payments from the City of its fees and reasonable expenses for acting as Paying Agent and Registrar in accordance with the fee schedule attached hereto as Exhibit A, and such fees and expenses shall be paid notwithstanding that the Bonds have been refunded or otherwise refinanced at the time the payment is due.

Section 7. Within one year after the final maturity date of the Bonds, the Bank shall present a final statement and shall return any unclaimed funds to the City. Any cancelled portion of the Bonds and blank, unused certificates retained by the Bank shall be cancelled in accordance with the customary practices of the Bank and applicable retention laws.

Section 8. The Bank shall have no duty to disseminate or disclose information about the City or the Bonds pursuant to any statute, rule or regulation of the United States government, any of its agencies, or any statute, rule or regulation enacted by any state or political subdivision.

Section 9. The Bank may resign at any time by giving prior written notice of such resignation to the City at its last known address, and thereupon such duties as Paying Agent shall cease not sooner than thirty (30) days following the City's receipt of such notice. The City shall appoint a successor agent and, upon such successor appointment, the Paying Agent shall deliver to the successor agent all its funds, documents, files and records relating to the Bonds. In the event the City does not appoint a successor agent within 60 days following the giving of any such notice of removal, the removed Bank may petition any appropriate court having jurisdiction to appoint a successor escrow agent. The successor agent shall notify the Owner of the Bonds of any change in agents as soon as the successor agent is appointed.

Section 10. This Agreement shall terminate upon delivery of the final statement described in Section 7 hereof or upon removal of the Paying Agent as provided in the Ordinance.

Section 11. The terms and conditions of this Agreement may be amended only by written agreement between the City and the Bank adopted in the same manner as this Agreement. The City shall file with the Bank certified copies of all future amendments to the Ordinance or other documents pertaining to the Bonds after the date of this Agreement.

Section 12. Any company or national banking association into which the Bank may be merged or converted or with which it may be consolidated or any company or national banking association resulting from any merger, conversion or consolidation to which it shall be a party or any company or national banking association to which the Bank may sell or transfer all or substantially all of its corporate trust business, provided such company shall be eligible, shall be successor to such Bank without the execution of filing of any paper or further act, anything herein to the contrary notwithstanding.

Section 13. The parties hereto agree that the transactions described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies, facsimiles, electronic files, and other reproductions of original executed documents shall be

deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action, or suit in the appropriate court of law.

Section 14. The Bank hereby notifies the City that, pursuant to the requirements of the Patriot Act, the Bank is required to obtain, verify and record information that identifies the City, which information includes the name and address of the City and other information that will allow the Bank to identify the City in accordance with the Patriot Act. The City hereby agrees that it shall promptly provide such information upon request by the Bank.

Section 15. This Agreement is executed in Colorado and shall be construed and enforced in accordance with the laws of Colorado.

Section 16. This Agreement shall be dated as of the date of the Bonds set forth above.

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, the City and the Paying Agent and Registrar have hereunto set their hands to this Paying Agent and Registrar Agreement as of the date first written above.

Council Agenda Summary

June 17, 2025

Key Staff Contact: William Jones, Deputy Public Works Director

Title:

Public hearing and second reading of an ordinance amending Title 8, Chapter 11 of the Greeley Municipal Code Relating to Refuse Service Providers

Summary:

During the April 22, 2025 Work Session waste diversion options within the City were discussed. City Council gave direction to staff to update the Municipal Code to require trash and refuse service providers to provide annual reporting regarding their operations (i.e., amount of trash and recycling collected in Greeley). This data will help demonstrate the city's commitment to sustainable waste management, making it more eligible for grant funding under Colorado's Extended Producer Responsibility Bill (HB22-1355). Additionally, the reporting requirements will improve transparency and data related to how residents of Greeley manage their trash and recycling services, which will facilitate improved data-driven decisions for our community.

The item was introduced on June 3, 2025, and by a majority vote the public hearing and second reading was scheduled for June 17, 2025.

Fiscal Impact:

No Impact: Code change only requires reporting from refuse service providers.

Legal Issues:

Consideration of this matter is a legislative process which includes the following public hearing steps:

1. City staff presentation (if requested)
2. Council questions of staff
3. Public input (hearing opened, testimony - up to three minutes per person, hearing closed)
4. Council discussion
5. Council decision

Other issues and Considerations:

N/A

Strategic Focus Area:

Community Vitality
High-Performance Government
Infrastructure and Mobility
Quality of Life
Safe and Secure Communities

Decision Options:

1. Adopt the ordinance as presented; or
2. Amend the ordinance and adopt as amended; or
3. Deny the ordinance; or
4. Continue consideration of the ordinance to a date certain.

Council's Recommended Action:

A motion to adopt the ordinance and publish with reference to title only.

CITY OF GREELEY, COLORADO
ORDINANCE NO. 19, 2025

**AN ORDINANCE AMENDING TITLE 8, CHAPTER 11 OF THE GREELEY
MUNICIPAL CODE RELATING TO REFUSE HAULERS**

WHEREAS, the City of Greeley, Colorado (“City”) is a home rule municipality, and pursuant to Article XX, Section 6 of the Colorado constitution has the right to enact, administer and enforce ordinances; and

WHEREAS, the City received grant funding to complete a Waste Diversion and Waste Characterization Study to evaluate options related to recycling; and

WHEREAS, on April 22nd, 2025, city staff presented an update to City Council on the results of the Study; and

WHEREAS, based on the findings of the Study, City Council has determined that refuse service providers should submit annual reports on the services provided in the City and on the amount of trash and recycling collected within the City of Greeley.

**NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF GREELEY,
COLORADO:**

Section 1. That the Title of Chapter 11, Refuse Haulers, of Title 8, Business Taxes, Licensing and Regulations, of the Greeley Municipal Code shall be amended to Refuse Service Providers.

Section 2. That Sections 8-372 and 8-373 of Chapter 11, Refuse Service Providers, of Title 8, Business Taxes, Licensing and Regulations, of the Greeley Municipal Code shall be added to read as follows:

Sec. 8-372. Record keeping and reporting requirements.

(a) Each refuse service provider must accurately and completely account for, record, and report to the City by January 31 of each year. The reports must be in the format provided by the City. The annual reports shall include the following information:

(1) The specific manner in which trash collection, recycling services and collection of food scraps and yard trimmings have been delivered in compliance with this Chapter, including, but not limited to:

a. List showing average of all rate schedules by customer category used to charge for services, including those offered to individual customers and those offered to group accounts

b. Frequency of collection;

c. A description of any system used to impose and verify charges for volumes in excess of customer subscription levels;

d. For refuse haulers, addresses of individual residential, multi-family and commercial customers, and any other customer category, who received collection services from the collector,

by category, together with the number of group accounts within each category and the number of any such customer category that received services through a group account; and

e. For refuse haulers, the number of customers within each category that subscribe to each level of solid waste, recycling, yard trimmings, or food scrap collection services, and the number of containers provided to residential customers, by size.

(2) Weight (in tons) of the following categories. For the weight for loads that contain materials originating in part from outside the City or on routes that service different customer categories, the collector should make its best estimate for the percent by volume in each load that is attributable to collections within City limits. Weight estimates using volume-to-weight conversion factors provided by the City are also acceptable for reporting purposes under this subsection.

a. Solid waste collected in the City from all residential, multi-family and commercial customers, and any other customer category, reported by category of customer. The weight of solid waste collected shall be documented and verified based on actual load weight measurements;

b. Each type of recyclables collected from all residential, commercial and multi-family, and any other customer category, reported by category of customer.

c. Food scraps collected in the City from any customer category, reported by category of customer.

d. Yard trimmings collected in the City from any customer category, including group accounts, reported by category of customer.

e. Other information deemed necessary as waste diversion is further developed.

(b) If a refuse service provider fails to submit accurate and complete annual reports, the license may be suspended or revoked.

(3) Documentation of all rejected loads of recyclables, food scraps, and yard trimmings.

Sec. 8-373. Violations.

(a) It shall be unlawful for any person to fail or refuse to file any record, report, application or other document required to be made or filed by this Chapter or this Title or to make any false or fraudulent record or report or any false or fraudulent statement in any such document.

(b) It is unlawful for any person to operate as a refuse hauler without the license required by this Chapter or to continue to do business during a period of suspension of such license or after such license is revoked.

Secs. 8-3724 - 8-400. Reserved.

Section 3. This Ordinance shall take effect on the fifth day following its final publication, as provided by Section 3-16 of the Greeley City Charter.

PASSED AND ADOPTED, SIGNED AND APPROVED ON THIS ____ DAY OF _____, 2025.

City Council Discussion and Data Driven
Staff Recommendation on Trash and
Recycling

Thank you

City Council Ordinance for second reading 17 June 2025

**Title 8, Chapter 11 of the Greeley Municipal
Code Relating to Refuse Service Providers**

“To require reporting of their operations to demonstrate the city's commitment to sustainable waste management, making it more eligible for grant funding under Colorado's Extended Producer Responsibility Bill (HB22-1355), and to collect data to make decisions regarding how residents can manage their trash and recycling services.”

During November 2023 Speak Up Greeley contained a Waste Diversion survey—a preliminary for this ordinance. The questions in the survey made me aware that the City of Greeley once again is considering the creation of a monopoly or single carrier responsible for trash hauling for residents. The nature of the questions in the survey displays a disconnect from the economic reality of recycling and waste disposal in the rural West, including metropolitan but suburban areas like Greeley. While I understand the desire to minimize wear and tear to the streets and to shrink the amount of waste sent to the landfill, the suggestions reflect a common misunderstanding of western recycling programs. Many of the questions include the words “require” and “at no additional cost”. Unfortunately, both of those sentiments cannot occur simultaneously. Now that we can read the proposed ordinance, the City might consider some of its perhaps unintended consequences as well as citizen concerns.

This ordinance would require haulers to gather information which they cannot obtain within their current business model. Because customers (residents) may choose not to, are not required to, and have no incentive to separate refuse into the categories listed in the ordinance (*“trash collection, recycling services and collection of food scraps and yard trimmings”*) — especially *“each type of recyclables collected”*—how should haulers be expected to comply with the ordinance as written?

What consideration has the City given to the cost to the trash haulers to obtain and report this information?

What precise mechanism has the City created to sort and measure the refuse piled into dumpsters and containers by residents who cannot tell the difference among recyclables and refuse, compost and yard waste?

What will happen to the rates for all customers who will need to pay for haulers to comply with this ordinance?

Colorado's state funding mechanism to define and separate as well as provide an actual method to extract recyclables and recycle economically does not yet exist, and does not provide funding yet to create the incentives the City of Greeley will need to cover the difference between current charges to “producers” (residents) and necessary charges to implement so-called recycling of as-yet-unnamed commodities.

This proposed ordinance is entirely premature.

If the City means to create an ordinance so it won't miss out on grant funding from the State, I encourage City Council to reread the CEPR Bill HB22-1355 and note the lack of specifics, especially in the definitions of recyclables and waste categories. The additional costs to all haulers to cover the expense of calculating, reporting, and obtaining the raw data required by this proposed ordinance is onerous and unsustainable to the current trash hauling model. Haulers must increase rates to customers/residents to meet the demands of the ordinance.

When the cost to dispose of waste civilly becomes out of reach for residents, they will not stop producing it, rather they will seek cheaper and much less sustainable ways to dispose of it. For a preview of unintended consequences, observe the number of mattresses scattered about the local ditches and roadsides.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Caleb Jackson, Interim Chief Planner, Donald Threewitt, Deputy Director of Community Development

Title:

Public hearing and second reading of an ordinance to amend the Development Code to rename the General Improvement District (GID) zoning overlay to Downtown Overlay District, adjust the boundaries to include properties with proximity to 8th Avenue from 11th Street to 17th Street, as well as from 5th Street to 6th Street, and clarify the standards, file number CU2024-0004

Summary:

The City of Greeley is considering a Development Code text amendment to rename the General Improvement District (GID) zoning overlay to Downtown Overlay District 1, adjust the boundaries to include properties with proximity to 8th Avenue from 11th Street to 17th Street, as well as from 5th Street to 6th Street, and clarify the standards.

The existing General Improvement District Overlay currently applies to the historic core of Downtown Greeley. This overlay waives requirements for setbacks, building height, on-site parking, and open space.

The overlay's purpose is to:

1. Allow development that reflects historic Downtown Greeley's patterns.
2. Complement the scale, mass, form, and design of existing buildings.
3. Promote the unique character of Downtown Greeley.
4. Coordinate development with investments in public spaces, such as streets and civic spaces.

The Greeley City Council adopted the Downtown 2032 – The Path Forward plan, which outlines numerous action items, including the creation of guidelines for Downtown that promote consistent treatment of the public realm, streetscape, building frontages, and character. Additionally, the Imagine Greeley Comprehensive Plan emphasizes facilitating the rebirth of Downtown Greeley as a regional multi-use activity area while preserving and promoting its cultural aspects.

To align with the goals of the Downtown 2032 plan and the Imagine Greeley Comprehensive Plan, staff proposes expanding the overlay district to include the 8th Avenue Corridor. The expansion aims to:

- Foster development that is consistent with Downtown Greeley's urban fabric.
- Promote a walkable environment along the 8th Avenue Corridor.
- Strengthen the connection between the Downtown core and the University of Northern Colorado campus.

The amendment would also rename the General Improvement District Overlay to Downtown Overlay District 1, reflecting its updated purpose and reducing confusion.

The Planning Commission voted to recommend approval with a 6-0 vote on May 13, 2025. Please visit the following link for more information on the [May 13, 2025, Planning Commission Meeting](#).

The item was introduced on June 3, 2025, and by a majority vote the public hearing and second reading was scheduled for June 17, 2025.

Fiscal Impact:

No Impact: The proposal is a Development Code text amendment that does not affect the budget.

Does this action have potential long-term fiscal implications? No.

Legal Issues:

Consideration of this matter is a legislative process which includes the following public hearing steps:

1. City staff presentation (if requested)
2. Council questions of staff
3. Public input (hearing opened, testimony - up to three minutes per person, hearing closed)
4. Council discussion
5. Council decision

Other issues and Considerations:

Strategic Focus Area:

Community Vitality

Decision Options:

1. Adopt the ordinance as presented; or
2. Amend the ordinance and adopt as amended; or
3. Deny the ordinance; or
4. Continue consideration of the ordinance to a date certain.

Council's Recommended Action:

A motion to adopt the ordinance and publish with reference to title only.

3. Downtown Overlay Code Update
4. Downtown Overlay Boundary Map
5. Item 20 - Presentation

**CITY OF GREELEY, COLORADO
ORDINANCE NO. 20, 2025**

**AN ORDINANCE AMENDING TITLE 24 OF THE GREELEY MUNICIPAL
CODE RELATING TO THE GREELEY DEVELOPMENT CODE TO RENAME THE
GENERAL IMPROVEMENT DISTRICT (GID) ZONING OVERLAY TO DOWNTOWN
OVERLAY DISTRICT 1, ADJUST THE BOUNDARIES, AND CLARIFY THE
STANDARDS**

WHEREAS, an amendment to the Development Code is needed to rename the General Improvement District (GID) zoning overlay to Downtown Overlay 1, adjust the boundaries to include properties with proximity to 8th Avenue from 11th Street to 17th Street as well as 5th Street to 6th Street, and clarify the standards; and

WHEREAS, the existing General Improvement District Overlay currently applies to the historic core of Downtown Greeley and waives requirements for setbacks, building height, on-site parking, and open space to promote urban style development; and

WHEREAS, renaming the Development Code's General Improvement District Overlay to Downtown Overlay 1 reflects its updated purpose and provides clarity; and

WHEREAS, expanding the overlay district to include the 8th Avenue Corridor aligns with the goals of the Downtown 2032 plan and the Imagine Greeley Comprehensive Plan; and

WHEREAS, expanding the overlay district fosters development that is consistent with Downtown Greeley's urban fabric, promotes a walkable environment along the 8th Avenue Corridor, and strengthens the connection between the Downtown core and the University of Northern Colorado campus.

**NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF GREELEY,
COLORADO:**

Section 1. Section 24-703.c.1. of the Greeley Municipal Code shall be amended to read as follows:

1. *Downtown Overlay 1.* See Section 24-1005. ~~GID-exempt. No parking is required in the general improvement (GID) overlay district, except that any residential uses shall meet the parking requirements for that building type, and the required spaces shall be located with 400 feet of the residential building. The director may require parking for any nonresidential use over 10,000 square feet provided the location, accessibility, and design of the parking is consistent with the overall planning and urban design objectives of the downtown area.~~

Section 2. Section 24-801.b.3. of the Greeley Municipal Code shall be amended to read as follows:

~~*Exemptions.* These standards do not apply to rehabilitation or adaptive reuse projects in the general improvement district (GID) and the redevelopment district (RD). Projects that involve a~~

complete redevelopment of the property shall comply; development within Downtown Overlay 1 and the Redevelopment District.

Section 3. Section 24-1005 of the Greeley Municipal Code shall be repealed and replaced to read as follows:

Sec. 24-1005. - Downtown Overlay 1.

a. *Intent.* The intent of this section is to provide standards for the use and development of land in the core of downtown Greeley. The specific intent is to:

1. Allow development that reflects the historic development patterns of downtown Greeley.
2. Complement the scale, mass, form, and design of buildings.
3. Promote the unique character of downtown Greeley.
4. Coordinate development in the downtown area with the design and investments in public spaces, including streets, civic spaces, and other gathering places.
5. Implement the planning and urban design policies for downtown reflected in the comprehensive plan, or any specific plan for any parts of the downtown area.

b. *Applicability.* The provisions herein shall apply to all land shown in Figure 24-10-1:

Figure 24-10-1: Downtown Overlay 1

c. District regulations. Land in the Downtown Overlay 1 is subject to the following:

1. Uses are exempt from providing off-street parking for automobiles otherwise required by the Development Code. Bicycle parking is required at the rate required of the subject uses. Any automobile or bicycle parking provided must meet Development Code standards for allowable dimensions, locations, design, ADA accessibility, access, lighting, landscaping, setbacks, and other applicable standards.

2. Development within this overlay is exempt from all limits on density, maximum number of dwelling units, building height, and minimum setbacks.

3. For nonresidential and mixed-use development, Frontage A (Table 24-6-5) is preferred. For residential development, Terrace Frontage (Table 24-5-7) is preferred. Other frontage types may be approved subject to the Director of Community Development's approval of an alternative compliance request.

4. Development within the overlay is exempt from providing on-site open space otherwise required in the Development Code. Right-of-way landscaping is required in accordance with Development Code standards. Any open space provided must meet applicable lot open space design standards and landscaping standards.

Section 5. That the existing sections of the Greeley Municipal Code to be amended in this Ordinance are attached hereto in Appendix A.

Section 6. This Ordinance shall become effective on the fifth day following final publication, as provided in Section 3-16 of the Greeley City Charter.

**PASSED AND ADOPTED, SIGNED AND APPROVED ON THIS ____ DAY OF _____,
20__.**

APPENDIX A

EXISTING SECTIONS 24-703, 24-801, 24-1005 OF TITLE 24 OF THE GREELEY MUNICIPAL CODE

Sec. 24-703. Required parking.

- a. *Vehicle parking rates.* Table 24-7-3 provides minimum parking requirements, and general categories apply to all similar uses not specifically listed. Where a use is not similar to a general use in the table or could meet more than one category, the director shall determine the appropriate classification based on industry guides and the most similar use in terms of scale, format, and operation. The following criteria shall be used in interpreting the table:
1. Employee rates shall consider the maximum number of employees likely to be on site at one time.
 2. Square footage rates shall consider leasable floor area or active area dedicated to the particular use. Where this number is not easily or readily determined, 85 percent of gross floor area may be used.
 3. A seating or capacity rate shall consider the total number of seats based on industry standards for typical layouts of buildings or building codes, where actual seating is not yet known.
 4. Where uses or sites have components of different uses (i.e., hotel with a restaurant), each component shall be calculated and apportioned under the most applicable rate.

Table 24-7-3: Required Parking	
Use Category/ Specific Use	Minimum Parking Rate
Residential	
<i>Secondary dwelling</i>	1/per bedroom
<i>Dwellings (detached, manufactured)</i>	2/unit Blocks without on-street parking may require guest parking within 250' of units.
<i>Dwellings (attached, multiple, or mixed)</i>	1.25/unit (studio/efficiency) 1.5/unit (1 bedroom) 1.75/unit (2 bedroom) 2/unit (3 bedroom) 3/unit (4+ bedrooms) + 1 additional space per 10 required spaces for guest parking
<i>Senior living (independent)</i>	Same as dwellings (attached, multiple or mixed)
<i>Senior living (assisted or nursing)</i>	1 / 4 beds + 2 per 3 employees
<i>Group home (up to 8 units)</i>	Same as dwellings (detached, manufactured) + 2 per 3 employees
<i>Group home (more than 8 units)</i>	1 / 2 beds + 2 per 3 employees
Public/Civic	
<i>Assembly</i>	1 / 3 seats
<i>Public safety/services</i>	1 per employee + 1 per company vehicle
<i>Hospital</i>	1 / 2 beds + 2 per 3 employees
<i>Library</i>	1 / 300 s.f.
<i>Museum</i>	1 / 1,000 s.f.
<i>School</i>	2/class (elementary or junior) + 1 per 10 students 1 / 4 students + 1/employee (senior or higher education) OR 1 / 4 seats of all auditorium or event space, whichever is greater
Commercial	

<i>Retail — Small (under 3K))</i>	1 / 500 s.f.
<i>Retail — General (3K +)</i>	1 / 250 s.f.
<i>Retail — Outdoor display area (generally)</i>	1 / 300 s.f.
<i>Retail — Outdoor display area (large equipment)</i>	1 / 1,000 s.f.
<i>Drive-through (restaurant)</i>	100' of stacking (5 cars) per service areas, but subject to use-specific performance criteria
<i>Drive-up services (service bays or non-food services)</i>	30' of stacking space (3 cars) per service area
<i>Lodging — B&B</i>	2 spaces + 1/guest room
<i>Lodging — Hotel/motel</i>	1/guest room + 1 / 200 s.f. of restaurant
<i>Medical care</i>	1 / 300 for all general office and service areas + 1 / 2 beds (admittance permitted)
<i>Office & services</i>	1 / 300 s.f. generally 1 / 200 s.f. or 1 per patron station, whichever is greater, for any uses with frequent customer visits (i.e., salon, barber, etc.)
<i>Restaurant, general</i>	1 / 100 s.f.
<i>Restaurant — quick-serve, or bar or nightclub</i>	1 / 75 s.f.
<i>Health and fitness center</i>	1 / 200 s.f.
<i>Recreation and entertainment</i>	1 / 200 s.f. generally — indoor) 1 / 500 s.f.(large-scale — indoor (i.e., skating ring, dance hall) 1 / 4 seats for uses with fixed seating areas 1 / 2 active patron station (i.e., 2 per lane bowling; 2 per hole golf course; etc.) 1 / 100 s.f. for food and beverage service areas with seating
Industrial	
<i>Manufacturing</i>	1 / 400 s.f. (artisan/limited or light) 1 / 1,000 or 2 / 3 employees, whichever is greater (all others)
Agriculture	
<i>All uses</i>	Use combination of residential, public/civic commercial and industrial rates based on type and general nature of agriculture activities.

- b. *Maximum parking.* Nonresidential uses shall not provide more than 125 percent of the minimum required vehicle parking without documented evidence of actual parking demand based on studies of similar uses in similar contexts. In addition, any parking permitted over 125 percent of the minimum shall require mitigating potential impacts of additional parking through one or more of the following strategies, based on the director's discretion:
1. Utilize all eligible parking reductions permitted by section 24-703.c.
 2. Provide shared parking for other uses on the block or adjacent blocks according to this chapter.
 3. Utilize alternative surfaces designed to infiltrate stormwater, approved by the director, and subject to installation, maintenance, and performance assurances.
 4. Provide additional landscape to screen parking with at least a ten percent increase in the required parking landscape area and at least a 25 percent increase in the amount of landscape material required for the parking.

6. Increase the lot open space required for the building and site in section 24-503 or section 24-603 by an amount equal to the area of parking that exceeds the 100 percent minimum parking requirement, and locate this open space to limit the impact and visibility of parking.
- c. **Parking reductions.** The parking required by table 24-7-3 may be reduced depending on context and according to the following strategies. Reductions beyond those provided in this subsection may only be approved according to an alternative parking and access plan in [section 24-707]:
1. **GID exempt.** No parking is required in the general improvement (GID) overlay district, except that any residential uses shall meet the parking requirements for that building type, and the required spaces shall be located with 400 feet of the residential building. The director may require parking for any nonresidential use over 10,000 square feet provided the location, accessibility, and design of the parking is consistent with the overall planning and urban design objectives of the downtown area.
 2. **Administrative reduction.** The director may reduce the required parking for any use that requires more than ten spaces by up to 15 percent of the required spaces due to the nature of a particular use or any unique circumstances on the site.
 3. **On-street parking credit.** All on-street parking within 300 feet of any lot frontage shall count towards the parking requirement at a rate of 0.25 spaces for every on-street space not on the lot boundary and 0.75 spaces for every space on the lot boundary.
 4. **Bicycle parking credit.** All bicycle parking designed and located according to section 24-703.d may reduce the required vehicle parking at a rate of one space for every four bicycle parking spaces up to a maximum of 15 percent of the required vehicle parking spaces. To be eligible for this credit, the applicant must demonstrate that it is practical to expect significant bicycle access to the site based on the location and proximity to the city-wide bicycle transportation network, the design of the site, and the nature of the use and anticipated patrons.
 5. **Public parking credit.** Any site within 1,320 feet of a public parking area may reduce the required vehicle parking at a rate of one space for every two parking spaces, except that if the public parking is part of a managed district, the district policies and management may establish a different allocation of spaces.
 6. **Transit credit.** The director may reduce the parking requirement up to 25 percent for any development within 1,320 feet of a transit stop. In making a determination on the eligibility for and amount of the credit, the director may consider the nature of the use, the likelihood that it generates transit trip origins and destinations, and the level of transit service at the stop.
 7. **Shared parking.** Required parking may be reduced for any site containing multiple uses or for adjacent sites with different uses according to table 24-7-4. Any shared parking arrangement shall require an agreement among all landowners participating in the agreement to ensure access, joint use, maintenance, and other operational issues. The agreement shall be recorded for each participating property with the office of the applicable county clerk and recorder. The agreement shall state that it cannot be changed or modified without the approval and signature of the director. A shared agreement that differs from this table may also be approved based on a joint parking study for the sites and uses demonstrating adequate parking during peak hours for all parties to the agreement.
 8. **Affordable housing.** When an applicant provides an executed and recorded deed restriction that a proposed dwelling unit will be reserved for affordable housing for no less than 15 years, the applicant may reduce the required parking for the affordable dwelling unit. All other uses on the site, including market rate dwelling units, do not qualify for this parking reduction. The applicant must provide evidence that the property will adhere to income limits and maximum rents published annually by the department of housing and urban development. The applicant must list each dwelling unit subject to the deed restriction, the number of bedrooms in the dwelling unit, and the area median income for which the dwelling unit is reserved. Upon fulfilling the above-mentioned requirements, the applicant may reduce the required parking as follows:
 - a. Up to a 75 percent reduction for dwelling units that are affordable to households that earn up to 30 percent of area median income.

Table 24-7-4: Shared Parking

	Percentage of Required Parking by Time Period
--	---

	Weekday		Weekend		All
Use	6:00 a.m. to 5:00 p.m.	5:00 p.m. to 1:00 a.m.	6:00 a.m. to 5:00 p.m.	5:00 p.m. to 1:00 a.m.	1:00 a.m. to 6:00 a.m.
Employment	100%	10%	5%	5%	5%
Retail or service	75%	75%	100%	90%	5%
Restaurant	50%	100%	75%	100%	10%
Entertainment & recreation	30%	100%	75%	100%	5%
Place of worship	5%	25%	100%	50%	5%
School	100%	10%	10%	10%	5%
Dwellings	25%	75%	50%	75%	90%
Lodging	50%	90%	75%	100%	100%

- d. *Bicycle parking.* All nonresidential or multifamily development shall provide bicycle parking spaces according to table 24-7-5.

Table 24-7-5: Bicycle Parking	
Activity	Required Spaces
Primary or secondary school	10% of the student capacity + 3% of employees
Retail or office uses	10% of the required vehicle spaces
Recreation and community facilities	15% of the required vehicle spaces
Other institutional, employment, industrial or entertainment uses	5% of the required vehicle spaces
Multi-unit residential buildings	0.5 per 1 bedroom dwelling unit; 1.5 per dwelling unit with 2 or more bedrooms

Bicycle parking shall be designed according to the following standards:

1. A structure shall be securely anchored to the ground and usable for both U-locks and cable locks, support a bike at two points of contact to prevent damage to wheels or frames, and have two feet by six feet clearance for each bicycle.
2. Structures that serve another primary function but are designed to meet these standards may count toward this requirement.
3. Bicycle parking shall be located in a well-lit area with convenient and safe pedestrian access and be on pavement or all-weather, dust-free, stabilized surface.
4. Bicycle parking for nonresidential uses shall be located within 100 feet of and visible from the primary entrance.
5. At least 50 percent of required bicycle parking for residential uses, employment uses, or other similar uses where bicycles are likely to be parked for longer than four hours, shall be located within the building or other all-weather and secure enclosure.
6. Short-term bicycle parking facilities may be located in the right-of-way subject to streetscape design plans and the director's approval. Structures shall be designed for some other primary purpose meeting the streetscape standards or be designed with artistic or ornamentation enhancements compatible with the streetscape character at the specific location.
7. Alternative standards and specifications based on recognized industry guidance or best practices for bicycle parking may be approved by the director through site plan review.

- e *Accessible parking.* Accessible vehicle parking spaces shall be provided in accordance with the applicable building codes and the Americans with Disabilities Act (ADA) standards and guidelines for quantity, design, and location.
- f. *Alternative compliance.* Alternative compliance to the required parking standards in this section may be authorized according to the process and criteria in section 24-208, and as provided in section 24-707.
(Ord. No. 36, 2021, § 2(app. A, § 2), 9-21-2021; Ord. No. 14, 2024, § 2(app. A), 6-4-2024)

Sec. 24-801. Intent and applicability.

- a. *Intent.* The intent of the landscape standards is to:
 1. Protect natural landscapes, Greeley's agriculture traditions, and "Tree City USA" designation to strengthen the city's identity as growth occurs.
 2. Improve city's image and build value with a well-designed public realm, coordinating landscape design for streetscapes, open spaces, civic places.
 3. Promote quality private investment that corresponds with investments in the public realm, and emphasize distinct areas throughout the city with natural landscape materials.
 4. Coordinate landscape and design amenities across multiple sites with special attention to the relationship of public and private frontages.
 5. Encourage site and landscape design that allows spaces to serve multiple aesthetic, screening, environmental, recreational, or social functions.
 6. Provide comfort, spatial definition, and visual interest to active spaces including streetscapes, walkways, civic spaces, parks, trails, or other similar outdoor gathering places.
 7. Conserve energy and limited resources through landscape design, and protect and integrate established natural amenities rather than plant or design new ones.
 8. Screen and mitigate the visual, noise, or other impacts of high-intensity areas of sites and buildings, or where the scale and pattern of development changes.
 9. Implement the city's landscape policy plan for water efficiency, conserve water, and shift to water-conscious landscape design that is regionally appropriate and specific to the arid front range climate.
- b. *Applicability.* The standards of this section shall apply to all new development as follows:
 1. *Minor development.* Minor development shall meet the landscape standards to the extent of any work or improvement on the site, however, are not required to upgrade landscape areas or nonconformances where no work is being done. Minor development includes:
 - (a) Expansion by five percent to 25 percent of an existing multifamily or nonresidential building footprint or associated impervious surface;
 - (b) Detached house or multi-unit house projects involving five or fewer new buildings or occurring in association with a minor subdivision in section 24-205.
 2. *Major development.* Major development shall require full compliance with all standards of this chapter for the entire site, any public streets and frontages, and any common areas. Major development includes:
 - (a) Any new nonresidential or multifamily building;
 - (b) Expansion of more than 25 percent of any existing nonresidential or multifamily building footprint or associated impervious surface;
 - (c) Any detached house or multi-unit house project involving more than five new buildings, or occurring through a major subdivision in section 24-203.

For major development, the intent is to bring the site into full compliance with these standards, except that the director may prorate the requirements to the extent of new development on the site where full compliance is not possible or practical.
 3. *Exemptions.* These standards do not apply to rehabilitation or adaptive reuse projects in the general improvement district (GID) and the redevelopment district (RD). Projects that involve a complete redevelopment of the property shall comply.
 4. *Landscape plan.* Construction or development of a site shall not be undertaken until a landscape plan has been approved by the director.

- (a) The landscape plan shall be designed in conjunction with the drainage plan for the subject property in such a manner as to maximize stormwater runoff absorption.
 - (b) Landscape plans shall be prepared and stamped by a Colorado registered landscape architect unless waived by the community development director or the director's designee.
 - (c) For phased development, a proportionate share of landscaping acceptable to the city, as outlined in an approved subdivision improvement agreement, development agreement or planned unit development (PUD) plan, shall be installed and maintained with each phase based on the size of the proposed phase and shall be considered completed for the purposes of these regulations when such proportionate share of landscaping has been installed prior to issuance of a building permit.
5. *Inspection and approval.* Installation of approved landscape plans shall occur in the following manner:
- (a) Minor development shall require an inspection by the city prior to a certificate of occupancy. If not previously installed, all required on-lot and rights-of-way landscaping for detached houses and multi-unit houses shall be installed within one year of the issuance of the certificate of occupancy.
 - (b) Major development shall require a letter of substantial completion of the landscape plan, stamped by a landscape architect or certified irrigation auditor, and city inspection prior to certificate of occupancy, or as otherwise approved in the subdivision improvement agreement, development agreement, or planned unit development.
 - (c) If weather prevents the required landscaping from being installed, collateral in the form of a financial security agreement, acceptable to the city, in the amount of 125 percent of the cost of materials and installation is to be provided to the city and approved prior to issuance of the certificate of occupancy.

(Ord. No. 36, 2021, § 3(app. A, § 3), 9-21-2021)

Sec. 24-1005. General improvement district overlay.

- a. *Intent.* The intent of this section is to provide standards for the use and development of land in the General Improvement District (GID) #1. The specific intent is to:
 - 1. Allow development that reflects the historic development patterns of downtown Greeley.
 - 2. Compliment the scale, mass, form and design of buildings, and promotes the unique character of downtown Greeley.
 - 3. Coordinate development in the downtown area with the design and investments in public spaces, including streets, civic spaces and other gathering places.
 - 4. Implement the planning and urban design policies for downtown reflected in the comprehensive plan, or any specific plan for any parts of the downtown area.
- b. *Applicability.* The provisions herein shall apply to all land located within the General Improvement District (GID) #1, which is bounded by 6th Street to the north, 11th Avenue to the west, 11th Street to the south and 7th Avenue to the east, excluding City Block 35.
- c. *District regulations.* Land in the General Improvement District #1 shall be exempt from:
 - 1. The zoning district development standards in chapter 4 of this title, or the corresponding development standards in chapters 5 and 6 of this title applicable to the district in which the property is located;
 - 2. The landscape design standards in chapter 8 of this title; and
 - 3. The off-street parking and loading standards in chapter 7 of this title; however if parking is provided, any applicable landscape standards shall apply to the parking that is provided.

(Ord. No. 36, 2021, § 5(app. A, § 5), 9-21-2021)

PLANNING COMMISSION SUMMARY

ITEM: Code amendments to the Greeley Development Code to rename the General Improvement District (GID) zoning overlay to Downtown Overlay District 1, adjust the boundaries, and clarify the standards

FILE NUMBER: CU2024-0004

PROJECT: Code Amendments: Downtown Overlay

APPLICANT: City of Greeley, Community Development Department

CASE PLANNER: Doug May, AICP | Planner III

PLANNING COMMISSION HEARING DATE: May 13, 2025

PLANNING COMMISSION FUNCTION:

Review the proposed code amendment for compliance with Section 24-211.b of the Greeley Development Code and make a recommendation to City Council.

EXECUTIVE SUMMARY

The City of Greeley is considering a Development Code text amendment to rename the General Improvement District (GID) zoning overlay to Downtown Overlay District 1, adjust the boundaries to include properties with proximity to 8th Avenue from 11th Street to 17th Street, as well as from 5th Street to 6th Street, and clarify the standards.

A. REQUEST

The Community Development Department requests recommendation of approval for a code amendment renaming the General Improvement District (GID) zoning overlay to Downtown Overlay District 1, adjusting the boundaries, and clarifying the standards.

B. STAFF RECOMMENDATION

Approval

C. BACKGROUND

The existing General Improvement District Overlay currently applies to the historic core of Downtown Greeley. This overlay waives requirements for setbacks, building height, on-site parking, and open space. The overlay's purpose is to:

1. Allow development that reflects historic Downtown Greeley's patterns.
2. Complement the scale, mass, form, and design of existing buildings.
3. Promote the unique character of Downtown Greeley.
4. Coordinate development with investments in public spaces, such as streets and civic spaces.

5. Implement the planning and urban design policies in the Comprehensive Plan and related documents.

The Greeley City Council adopted the Downtown 2032 – The Path Forward plan, which outlines numerous action items, including the creation of guidelines for Downtown that promote consistent treatment of the public realm, streetscape, building frontages, and character. Additionally, the Imagine Greeley Comprehensive Plan emphasizes facilitating the rebirth of Downtown Greeley as a regional multi-use activity area while preserving and promoting its cultural aspects. It notes:

“...special care should be given towards ensuring new development is designed in a manner that is compatible with surrounding buildings and uses...”

The 8th Avenue Corridor serves as a gateway to and major thoroughfare through Downtown Greeley. The corridor functions as a main street, connecting the downtown core to the University of Northern Colorado campus. Redevelopment along this corridor has been active, with notable projects like the Maddie Apartment buildings and 55 Resort. However, feedback from the development community has indicated challenges in the development review process for projects within this area.

Most of downtown Greeley is zoned C-H (Commercial High Intensity), which includes “preferred frontage types” in the Greeley Development Code. These frontage types, however, are suburban in design, requiring buildings to be set back from the lot with parking in front. This standard conflicts with the urban character envisioned for both Downtown Greeley and the 8th Avenue Corridor. Recent development along the corridor has been more urban in nature, with buildings constructed at the front property line and parking placed behind the buildings. However, this design requires Alternative Compliance, an administrative variance process. To address this, the amendment proposes changing the preferred frontage type from Frontage C to Frontage A within Downtown Overlay 1.

Figure 24-6-1 Frontage Design

Frontage types are differentiated based on the location of the front building line (FBL), the extent of the front building line occupied by the building (Required FBL), access widths, and parking location and extent along frontage. Coordinating frontage design of multiple buildings and sites along a block impacts the character of the streetscape and the block.

To align with the goals of the Downtown 2032 plan and the Imagine Greeley Comprehensive Plan, staff proposes expanding the overlay district to include the 8th Avenue Corridor. The expansion aims to:

- Foster development that is consistent with Downtown Greeley’s urban fabric.
- Promote a walkable environment along the 8th Avenue Corridor.
- Strengthen the connection between the Downtown core and the University of Northern Colorado campus.

The amendment would also rename the General Improvement District Overlay to Downtown Overlay, reflecting its updated purpose and reducing confusion.

D. REVIEW CRITERIA

The Commission shall consider comment from review agencies and offices, staff recommendation, public comments, and the following criteria in making a recommendation to City Council.

1. The amendment furthers the purposes of these regulations in Section 24-101.c.

Staff Comment: The proposed code amendment is intended to implement objectives of the Comprehensive Plan and ensure new development reflects the area’s historic patterns, enhances the pedestrian experience, and supports the broader vision for Downtown Greeley as a vibrant, multi-use activity center.

The request complies with this criterion.

2. The amendment is in accordance with the Comprehensive Plan and has been considered for both its long-range affects as well as immediate impacts.

Staff Comment: The following objectives from the Comprehensive Plan are applicable to the proposed code amendment.

Objective GC-1.2 Form of Growth: Encourage a compact urban form over sprawl or leap-frog development.

Objective GC-4.1 Priority Infill/Redevelopment Areas: Encourages infill development and redevelopment in priority locations, such as Downtown Center and Downtown Neighborhoods.

Objective GC-4.2 Reinvestment/Adaptive Reuse: Promotes reinvestment in established areas, encouraging the revitalization of underutilized structures.

Objective GC-4.3 Infill Compatibility: Supports designs that enhance the character of neighborhoods, ensuring compatibility with surrounding areas.

Objective GC-5.1 Historic Preservation: Encourages historic preservation in Downtown through incentives, aligning with efforts to maintain the historic urban fabric.

Objective GC-5.7 Downtown Transportation: Advocates for a pedestrian-friendly Downtown transportation system to meet mobility needs and enhance the area's accessibility.

GC-5.8 Downtown Linkages: Improves linkages between Downtown and nearby areas, enhancing connectivity and promoting pedestrian-oriented land uses.

Objective GC-6.1 Complete Neighborhoods: Aims to foster neighborhoods with mixed uses and multi-modal connectivity, aligning with the walkability and urban connectivity goals

The request complies with this criterion.

3. The amendment promotes the public safety, health and general welfare of the citizens of Greeley.

The amendment promotes walkable urban development, minimizing pedestrian-vehicle conflicts and enhancing street safety, particularly along the 8th Avenue Corridor. This corridor acts as a vital link between Downtown and the University of Northern Colorado campus, improving access to services. By prioritizing infill development, the amendment makes the most of existing infrastructure while curbing the need for expensive suburban sprawl. Additionally, mixed-use development reduces car dependence, lowering emissions and fostering a healthier environment for residents.

The request complies with this criterion.

4. The amendment improves the effectiveness and efficiency of administering the Land Development Code.

Staff Comment: The proposed amendment improves the effectiveness of the Development Code by creating a more consistent regulatory framework. This reduces ambiguity in development requirements and clarifies how properties along the corridor should be developed, making the review process faster and more predictable for developers and city staff.

The request complies with this criterion.

E. PUBLIC NOTICE AND COMMENT

Notice was published on the City of Greeley's website on April 11, 2025, pursuant to the

City's notification requirements for code amendments to the Development Code. Courtesy mailed notice was also sent to all property owners within the boundaries of the existing GID and expanded Downtown Overlay. No objection or support has been received by staff.

A meeting with property owners in the area was held on November 21, 2024, where 10 people attended.

F. PLANNING COMMISSION MOTIONS

Recommended (Approval)

Based on the preceding analysis, the Planning Commission finds that the proposed code amendments to the Greeley Municipal Code are consistent with the Development Code criteria of Section 24-211.b (Items 1 through 4) and therefore recommends that the City Council approves the code amendments to the Greeley Municipal Code as submitted.

Alternative (Denial)

Based on the preceding analysis, the Planning Commission finds that the proposed code amendments to the Greeley Municipal Code are not consistent with the Development Code criteria of Section 24-211.b (Items 1 through 4) and therefore recommends that the City Council denies the code amendments to the Greeley Municipal Code as submitted.

24-1009 Hillside Development Standards

Sec. 24-1005. – Downtown Overlay 1.

- a) *Intent.* The intent of this section is to provide standards for the use and development of land in the core of downtown Greeley. The specific intent is to:
1. Allow development that reflects the historic development patterns of downtown Greeley.
 2. Complement the scale, mass, form, and design of buildings.
 3. Promote the unique character of downtown Greeley.
 4. Coordinate development in the downtown area with the design and investments in public spaces, including streets, civic spaces, and other gathering places.
 5. Implement the planning and urban design policies for downtown reflected in the comprehensive plan, or any specific plan for any parts of the downtown area.
- b) *Applicability.* The provisions herein shall apply to all land shown in Figure 24-1005-1:

[Insert map, label:] Figure 24-1005-1: Downtown Overlay 1

- c) *District regulations.* Land in the Downtown Overlay 1 is subject to the following:
1. Uses are exempt from providing off-street parking for automobiles required by the Development Code. Bicycle parking is still required at the rate required of the subject uses. Any automobile or bicycle parking provided must meet Development Code standards for allowable dimensions, locations, design, ADA accessibility, access, lighting, landscaping, setbacks, and other applicable standards.
 2. Development within the overlay is exempt from all limits on density, maximum number of dwelling units, building height, and minimum setbacks.
 3. For nonresidential and mixed-use development, Frontage A (Table 24-6-5) is preferred. For residential development, Terrace Frontage (Table 24-5-7) is preferred. Other frontage types are only allowed subject to the Community Development Director's approval of an alternative compliance request.
 4. Development within the overlay is exempt from providing on-site open space otherwise required in the Development Code. Right-of-way landscaping is required in accordance with Development Code standards. Any open space provided must meet applicable lot open space design standards and landscaping standards.

Council Agenda Summary

June 17, 2025

Key Staff Contact: Heidi Leatherwood, City Clerk

Title:

Appointments to Boards and Commissions - Commission on Disabilities, Construction Trades Advisory and Appeals Board, Downtown Development Authority, Union Colony Civic Center Advisory Board and Water and Sewer Board

Summary:

Council appointments are needed due to vacancies and expiring terms for the Commission on Disabilities, Construction Trades Advisory and Appeals Board, Downtown Development Authority, Union Colony Civic Center Advisory Board and Water and Sewer Board.

New applicants were interviewed by two council members on June 2nd.

Fiscal Impact:

1. Does this item create a fiscal impact on the City of Greeley? No

Legal Issues:

The City Attorney's Office reviewed the applications and advised of potential conflicts of interest. It should be noted that there is a possibility that the applicants currently serve as a volunteer on a board or commission besides the one they are applying to. It is also important to point out to the applicants that there are always potential conflicts that exist with business and investments, current jobs or relatives and family members coming before the Board or Commission. Should such conflicts arise, the Board or Commission member simply recuses themselves from that particular item. Such a potential conflict does not preclude anyone from serving on a Board or Commission in general, just that particular agenda item.

Other issues and Considerations:

None

Strategic Focus Area:

Business Growth
Community Vitality
High-Performance Government
Housing For All
Infrastructure and Mobility
Quality of Life
Safe and Secure Communities

Decision Options:

1. Appoint or reappoint the individuals to serve on an applicable board or commission
2. Direct staff to re-advertise applicable vacancy

Council's Recommended Action:

No motion is necessary. The City Council's Policies and Protocol authorize appointment of Board and Commission members by written ballot, which can be used in lieu of a motion or voice vote for individual or multiple appointments. This policy was adopted by Council as a time-savings measure. Accordingly, a ballot is attached for Council's use in making appointments. Candidates receiving a majority vote (at least 4 votes) are appointed with no further action needed by Council.

Attachments:

1. Ballot
2. B&C Transmittal

Applicants for the boards and/or commissions listed below are in alphabetical order and recommendations from the interview team are shown in bold. Virtual interviews are customarily held on the second week of each month, and appointments are decided during the second City Council meeting (third week of the month).

- **Construction Trades Advisory and Appeals Board**
- **Downtown Development Authority**
- **Union Colony Civic Center Advisory Board**
- **Water and Sewer Board**

Council's Recruitment and Qualifications Policy

General recruitment efforts shall be made with special measures being taken to balance ward representation and attract minority and special population applicants. Generally, volunteers will be limited to serving on one board or commission at a time. (14.2. (c)(2) City Council, Policies and Protocol).

Demographic information of existing board members and any specialty requirements are contained within the attached Membership Rosters.

Legal Issues

The City Attorney's Office reviewed the applications and the attached memorandum addresses any potential conflicts of interest.

It should be noted that there is a possibility that the applicants currently serve as a volunteer on a board or commission besides the one they are applying to. It is also important to point out to the applicants that there are always potential conflicts that exist with business and investments, current jobs or relatives and family members coming before the Board or Commission.

Should such conflicts arise, the Board or Commission member simply excuses themselves from that particular item but such a potential conflict does not preclude anyone from serving on a Board or Commission in general, just that particular agenda item.

Applicable Council Goal or Objective

Infrastructure & Growth – Establish the capital & human infrastructure to support & maintain a safe, competitive, appealing, and dynamic community.

Decision Options

1. Recommend candidates for appointment; or
2. Direct staff to re-advertise applicable vacancy.
